June 1985

Dear Classmates,

I was glad to hear that a reunion was being planned and I'm looking forward to seeing a lot of old high school friends.

After graduating from "Campus School" I enlisted in the army and served with the 88th Division in Italy, being discharged in November 1947. I attended Iowa State Teachers College from December 1947 until December 1949. My brother, Roger, and I then went to the University of Denver where I graduated with a BSBA in December 1950.

Due to my father's health, I came back to the farm in January 1951, and have farmed since that time. I presently farm 200 acres raising corn and soybeans, and have hogs for a livestock enterprise. Over the years I also had cattle, sheep, and chickens.

In December 1961 I met a widow, Caryl Brock, in Cedar Falls, who at that time was a nurse at Allen Hospital in Waterloo. We were married in April 1962. I was suddenly the father of two children, Charlotte who was three, and Jeffery who was one and a half years old. Caryl and I have two children; Kimberly who was born in April 1963 and Eric who was born in February 1965.

The first year of our marriage we lived in Cedar Falls. My parents built a new house on the farm, and we remodeled the old house and moved to the farm in February of 1963.

Charlotte lives in Waterloo, and works at the Ravenwood Care Centre. Jeffery graduated from the University of Northern Iowa with a degree in finance and is now loan officer at Cedar Falls Trust and Savings Bank. Jeffery and his wife Beth have two sons; Jeffery who is four and William who is one year old. Kimberly will graduate from UNI in August with a degree in production management and a certificate of international studies. She will start to work for Maytag Co. in Newton, Iowa, in September. Our "baby" Eric will be a junior at UNI majoring in Economics Education.

My wife Caryl is the head nurse at the student health centre at UNI. I'm farming in a depressed farm economy and hoping all the pieces stay together.

Greetings and best wishes to all--

Merlin 'Smitty' Nielsen

HERBERT DELMAR BELZ

Address: Storm Lake, Iowa
Phone:
Occupation: Dairy Products Inspector, State of Iowa
Spouse: Carma
Children: Four sons and one daughter. Seven grandchildren
(. . .and expecting more)

Upon graduation in May 1947, I worked on the farm until November when I started with the Benson Creamery. In 1949 I started work with the Hudson Co-op Creamery as receiving dock foreman. In February of 1951 I married Carma Andersen of Hudson. I was drafted into the U.S. Army in March of 1951 and served two years in the 196th Regimental Combat Team. Returning home in 1953, I moved to Newhall, Iowa to work with the Newhall Creamery. In 1957, we moved to Slater, Iowa where I became 2nd Buttermaker at the Slater Co-op Creamery. Due to health reasons, I left the Creamery business and started work with Standard Oil as a bulk petroleum jobber. In April of 1983, this business was closed and I became employed by the Department of Agriculture, State of Iowa, as a Dairy Products Inspector. I work 19 counties in Northwest Iowa, and we now live at Storm Lake, Iowa. As for hobbies, I enjoy woodworking, fishing, and gardening. Fondest memories? Drake Relays. . .breaking the high jump record.

CLARENCE E. BREES

Address: Aurora, Colorado
Phone:
Occupation: IBM Corporation
Spouse: Arlene
Children: One daughter and three sons

Dear classmates and friends: I regret that I cannot be with you for the class reunion. My high school days were some of the best of my life. I have thought about you and wondered many times how you are and what you have been doing. I wish I could be there to reminisce with you. Life has been kind to me. I am married for the second time. We will celebrate our 30th anniversary in July. My children include a daughter with my first wife and three sons with my present wife. All are grown and have left home to pursue their own careers. We have one grandson born in January. I have worked for the IBM Corporation for the last 30 years. The first 10 years were in Oakland, California, repairing computers; the

CLARENCE E. BREES (Cont.)

last 20 years have been in Colorado. I have had several positions here. Next spring I plan to retire. We will have a house built on our lot on Lake Norfolk near Mountain Home, Arkansas. We plan to do some traveling until the house is finished. Then it is fishing every day for me, making sawdust in the shop and growing sweetcorn. My wife, Arlene, plans on lots of flower gardening, painting, and several other as yet untried hobbies. I wish all of you the best of everything, and I wish I could be with you today. If you are ever in Colorado or Arkansas, please give us a call. P.S. I am the one who ran around with John Young.

SHIRLEY L. LUND WINKEY

I have lived in Shell Rock all of my married life, although I taught in Shell Rock prior to marriage. After our youngest daughter was born, I became a substitute teacher and taught for 10-12 years. Next, I began working parttime at the Waverly Sales Barn, and from 1981 on I have been a full-time employee at WSB. Although living on a farm was the last thing I thought I would do, I have truly enjoyed our farm and the farm way of life. Reading has always been a special interest, and I like to cook and bake. Dale maintains his interest in working with Palomino horses. My fondest memories of TCHS: Dances in the gym, with Lester Bundy playing the piano, May Day and the Maypole dance, school plays with Miss Divalbess, my quality education as TC High.

Children: Scott (Graduated Akron U., married), Beth (Graduated Ohio U., married), and Cindy (Senior, St. Vincent-St. Mary's High School). One grandchild, Cory, daughter of Linda & Brad Ulrey.

I certainly am pleased to hear of the plans for a class reunion. For a couple of reasons (?) I was hoping it would take place sooner. Seems that our class was larger than is indicated on the Commencement Bulletin, but I can't think of any other names. Did Bill Cleveland move away before we graduated? Marion and I are looking forward to seeing everyone. My fondest TCHS memories? Sports. . .and seeing Berdena Nelson blush!

graduate degrees. Following an internship in Des Moines, 1981, I toured Europe for six weeks and then settled back in Cedar Falls to enter into a business partnership and to begin my private practice in individual, couple, and family counseling. Summer of 1984 I took part in a professional study tour of Russia (intriguing!). This May-June I am joining a People to People International study tour of mental facilities in China and Russia. Also, last year I entered a new business venture - Arabian horse breeding. I am active in professional organizations, have recently returned to golfing, and I continue to like digging in the dirt and tending flowers. I also like to read, walk, and bike. . .and, of course, I treasure family times. Life has been good and it continues to be an adventure. TCHS memories? Classmates, teachers, and some of our classes (remember when we "walked out" of algebra or geometry?), Cheerleading, dances, ball games, the WAVES and the AAF Cadets, Palmer's Model T, Oleson's Model A, etc.

Talks to "Creeping Terror"

Cedar Falls—"Stevie" Palmer, owner, talks persuasion to the wheel of the "Creeping Terror" while Dick Peterson, son of H. E. Peterson, West 20th street, keeps one leg out and Garth McHenry, son of Mr. and Mrs. Charles McHenry, 1216 West 22nd street, sits on the top, ready to jump, just in case "Creepy" decides to buck.

(Courier Special Service)

Cedar Falls—Out from the limbo of Time, product of the "Roaring 20's," this grandmother of the "Leaping Lena," driven by the GI Joe's before they went to war, this "Creeping Terror" has come forth to haunt the streets of Cedar Falls.

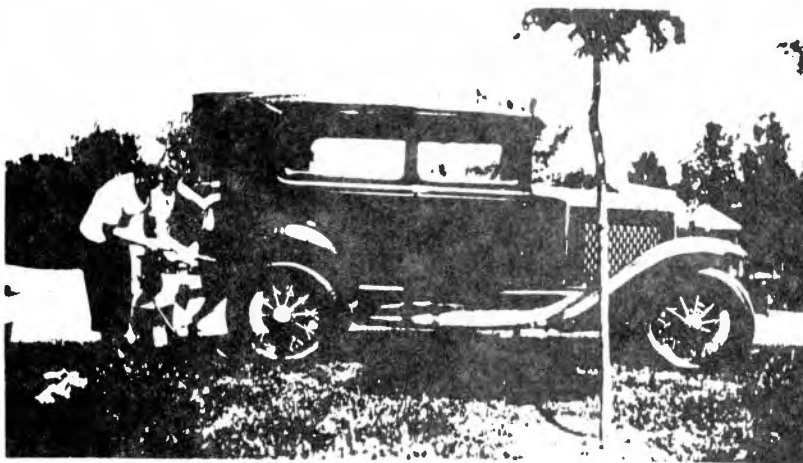

With the scarcity of cars with mobile inclinations, former "Leaping Lenas" have undergone new paint jobs, after being carefully scraped and sandpapered, and are being driven to work by the parents of the GIs who once fondly loaded them with pals on the inside and cute sayings on the outside. They have taken on dignity with their years.

Not so the "Creeping Terror," (age 25 years). . . It snorts and prances up hill and down hill for its owner, Steven Palmer, 15-

year-old son of Mr. and Mrs. Harold Palmer, 1621 Olive street. The car has full accoutrements, including the latest in tops, which is an awning cloth and was once a "welcome" banner, contribution of a Cedar Falls merchant.

The body of the car was purchased at Sherwood park, Waterloo of a discouraged owner. The engine is a product of a Waterloo junk yard and the wheels of a Cedar Falls junk yard.

The four doors are solid, at least on the outside, and with a bit of persuasion even latch. Unduly persuaded, your reporter rode three blocks in the "Creep" (for short), while her heart dribbled out one ear and the wind whistled through the other, but once on terra firma again, decided it had been fun.

Class of 1949 - Wanda I. (Stukenberg) Wallace

We may well be the only class, in all of reunion history, to attempt a 36th year get-together!

John and I have been married thirty-three years now. We had that wonderful experience of being married on the then popular "Bride and Groom Show" in New York City. We had met several years earlier at I. S. T. C. in Cedar Falls.

Our family consists of four children, three of them married, and one "perfect" grandson, David. A second grandchild is on the way for us to enjoy by this Fall. Our children live in Georgia, Missouri, Kansas and Colorado.

My husband is currently a Radiological Physicist in the Oncology Department of Decatur Memorial Hospital here in central Illinois. We've lived in Rolfe, IA; Cedar Falls, IA; Rochester, NY; Columbia and Kansas City, MO; and now Decatur, IL.

I've held Accounting and Gift Shop jobs over the years. Traveling, skiing in the Colorado Mountains, tennis, bridge, walking and hiking are some of our current hobbies. There is a large lake in Decatur so we boat and do some water skiing. We never seem to find the time for fishing!

Our lives have been very blessed over the years. We treasure our family and our many dear friends.

The welcome mat is out at our home should some of you find Decatur on your way "somewhere".

After graduation in May of 1949 I worked on my Father's farm until Jan., 1950. I enrolled at Iowa State for the Winter quarter and remained through the Spring quarter of 1950 studying agriculture. The Korean War broke out in June of 1950. I enlisted in the U.S. Navy just after Christmas of that year. I was inducted Feb. 7, 1951, and went to Great Lakes Illinois. After Boot Camp, I was sent to Jacksonville Florida for basic aviation school. I was then sent to Olathe, Kansas for air traffic control tower school. After tower school, I was assigned to the Naval Air Station at Quonset Point, Rhode Island and remained there for 39 months until I was discharged in Feb. 1955. I returned to my Father's farm where I thought I wanted to take up that vocation.

Airplanes had sort of gotten into my blood and could not forget the tower work so I applied with the federal government for a job since they were the ones that employed civilian air traffic controllers. I was offered a job at the Chicago Air Route Traffic Control Center. I started work with the CAA on Oct. 5, 1955. I transferred to Chicago's O'Hare Control Tower Feb. 26, 1956. I was at O'Hare until June 12, 1982. While at O'Hare, I was a controller, first line supervisor and the facility's Planning & Procedures Officer. June 13, 1982, I was transferred to the Waterloo Control Tower where I am the Air Traffic Manager.

While in Chicago, I sang with The Lutheran Choir of Chicago for a little over 10 years. This was a group of 50 to 60 singers. I am presently residing with my sister Eldora Sturm. Eldora's son, Craig, and son-in-law, Reed Hunemuller, are in the process of building a house for me. This is one thing I have wanted to do for many years.

HOW TO KNOW YOU ARE GETTING OLDER

Everything hurts and what doesn't hurt, doesn't work.

The gleam in your eyes is from the sun hitting your bifocals.

You feel like "the night before" and you haven't been anywhere.

Your little black book contains only names ending in M.D.

You join a health club and don't go.

Your mind makes contracts your body can't keep.

You look forward to a dull evening.

You turn out the lights for economic rather than romantic reasons.

You walk with your head held high--trying to get used to your bifocals.

You sit in a rocking chair and can't get it going.

Your knees buckle and your belt won't.

After painting the town red, you have to take a long rest before
applying the second coat.

You're 17 around the neck, 42 around the waist, and 96 around the
golfcourse.

Dialing long distance wears you out.

You remember today that yesterday was your anniversary.

Your back goes out more than you do.

A fortune teller offers to read your face.

The little gray-haired lady you help across the street is your wife.

You have too much room in the house and not enough in the medicine chest.

You sink your teeth in a steak and they stay there.

You decide to procrastinate and then never get around to it.
