McGlade confirmed there would be a December 3 Graduate Curriculum Committee.

McGlade announced she will be gone for the GCC meeting November 19, but that Gladden has offered to chair that meeting for McGlade in her absence.

III. Approval of Minutes

Chair McGlade asked members to review GCC Minutes #004, November 5, 2003.

Gladden moved, Dahms seconded to approve minutes. Motion carried.

Dolgener stated on page 7, V.I.E., 2nd paragraph, 1st sentence should be corrected as follows: "Barry Wilson stated one section of existing course 250:180g *Statistical Methods in Education* is taught each semester by HPELS faculty for their HPELS majors."

Alper stated Deborah Gallagher had also commented on new courses 440:[210] and 440:[215] and the following statement should be added to the minutes after 2nd paragraph corrected above: "Deborah Gallagher commented that if that is the case, that is the choice of the department."

Editorial Note: Old Business should reflect the following concerning new course 800:1xxg *Statistical Methods in Bioinformatics*: "McGlade distributed communication from the Mathematics Department regarding new course 800:1xxg *Statistical Methods in Bioinformatics* which was tabled until revised form was completed and approved. McGlade stated information had been received.

Question was called on the motion to approve as amended. Motion carried and minutes were approved as amended.

IV. Old Business

McGlade distributed forms/information regarding curricular items which had been postponed/pending (referred to below).

A. 770:101g *Advanced Russian I* and 770:103g *Advanced Russian II*

(Tabled at October 29 meeting pending clarification on renumbering.)

McGlade stated she had not heard anything further from Maria Basom. These two courses remained tabled.

B. 560:161g *Opera Performance* and 560:162g *Advanced Opera*

(Tabled at October 29 meeting pending further consideration of title by School of Music)

McGlade stated per Susan Koch, Philip Patton, and Doug Koschmeder, the use of "workshop" in the title for these two specific courses was acceptable.

**C. New course 810:248 *Topics in Computer Systems*
New course 810:278 *Topics in Software Engineering***

(Returned courses for Computer Science Department approval regarding addition of statement concerning repeating courses.) McGlade distributed revised forms.

M.S. Computer Science Major

(Approved pending Computer Science language revision regarding oral defense.) McGlade indicated this information has been received.

D. 440:210 *Quantitative Methods in HPELS*

(Tabled at November 5 pending resolution of objections.)

(McGlade distributed "Expanded Rationale for HPELS Statistics Course" from Larry Hensley) Dahms moved, Gladden seconded to approve 440:210 *Quantitative Methods in HPELS*.

Gable stated this course and 440:215 had been tabled pending consultation and consultation had not taken place.

Edginton stated consultation by phone had taken place with Barry Wilson. Edginton stated consultation had been attempted with Special Education but was referred to Deborah Gallagher who could not be reached.

Alper stated as department head she did not want to negotiate for a course which a senior faculty member teaches.

Dolgener stated this was passed by COE Senate by a 5-3 vote, and commented he did not feel further consultation would resolve this issue.

McGlade moved for GCC to go to Executive Session.

GCC returned from Executive Session.

Marshall stated the Library had not been consulted on this new course, and indicated that the library owns many resources on the general topic of quantitative research, but few of these focus on research in the HPELS subject areas.

Question was called on the motion to approve 440:210 *Quantitative Methods in HPELS*. Motion carried.

E. 440:215 *Qualitative Methods in HPELS*

Alper stated the Special Education Department had objected to this course, and had read through the expanded rationale from Larry Hensley. Alper indicated HPELS had stated 220:293 *Qualitative Research in Special Education* was not very contextual, and she clarified that this course was never intended to be only for special education settings. She stated Deborah Gallagher was unable to be present at this GCC meeting due to illness. Alper stated with lack of consultation with senior faculty person and without her presence for internal discussion at GCC, the objection from Special Education Department stands.

Question was called on the motion to approve 440:215 *Qualitative Methods in HPELS*. Motion carried.
