Sky-High Entertainment

Broad subject collection
Iowa is one of the few states that does NOT currently have a “hub” on DPLA.

- A hub provides a state (or multi-state) portal to specific state resources
- A hub also serves as a way to coordinate and govern state participation in DPLA, providing technical support for ingest of records, hub website hosting, outreach, marketing, and training
A group of Iowa librarians has been investigating ways to get Iowa into DPLA. Our goals include:

- Support K-12 education in Iowa
- Support rural sustainability and pride
- Amplify marginalized voices in the state

MoHub (Missouri’s DPLA hub) is Heartland Hub including Iowa and Missouri

Gillian Gremmels (Drake) and Janet Brennan Croft (UNI) are up for election to the Heartland Hub board and will represent Iowa as we work out details, including costs and responsibilities
