Joslyn indicated that according to curriculum procedures, response time had been given and no response can be considered the same as no objection.

IV. Review of Curriculum Review Procedures

Joslyn stated College curriculum packets would be reviewed by department as follows: Motion to approve the specified department, a second to that motion, discussion, and vote.

Joslyn indicated discussion would be limited to evaluating university-wide impact and compliance with curriculum policies and procedures. Gladden also indicated GCCC does not need to address budgetary issues if the Dean of the college has approved.

V. Review of College of Social and Behavioral Sciences Curriculum Packet (Graduate)

Editorial Notes:

- < Per Graduate Council decision, all "g" courses must have "junior standing" designated as a prerequisite (but **not** "junior standing **or** consent of instructor"). D. Wallace will handle this editorially, and no specific changes in the abstract relative to this will be noted in the minutes.
- < Course numbers which have changed and are denoted in abstract under the old number (as well as those not in abstract but in catalog) will be edited by D. Wallace throughout the curriculum review and catalog process. No specific changes in the abstract relative to this will be noted in the minutes.

A. Design, Textiles, Gerontology, & Family Studies Department (formerly Design, Family & Consumer Sciences Department - new title approved by BOR Summer 2005)

B. Geography Department

Dahms moved, Gerrath seconded to approve Geography Department graduate curriculum packet. Dahms summarized pertinent graduate curriculum questions/issues within the Geography Department curriculum packet, and motions, discussion, and voting was as follows:

< Major in Geography (change in paragraph description for MA in Geography)
Dave May indicated the only change was the addition of the sentence "Any 200-level course offered as a graded class must be taken on a graded basis." May indicated the mainframe system allows a graduate student to register for a 200-level on a non-graded basis, and so Geography felt the need to insert this statement so they could enforce this policy for their MA program.

A brief discussion followed regarding a graduate student even being allowed to take a 200-level course for ungraded credit when it is offered on credit basis, and the need for an inclusive graduate statement to preclude this from happening in graduate programs. Joslyn indicated she would forward this issue to Graduate Council.

Question was called on the motion to approve Geography. Motion carried and **Geography Department graduate curriculum was approved.**
