TABLE D

FULL-TIME EQUIVALENCY ENROLLMENT

Computation is based upon an agreement between the three state universities and the Board of Regents, State of Iowa. The total hours for which all students are enrolled at the end of the second week (effective Fall 2004) of Fall and Spring semesters and the final enrollment of the summer session are determined. These are added together to determine the total hours for the year. Undergraduate hours are divided by 30 (effective 2004/05) and graduate hours by 18 to determine a full-time equivalent.
