DEADLY MEDICINE

CREATING THE MASTER RACE

A provocative exhibition exploring the Nazi regime’s “science of race” and its implications for medical ethics and social responsibility today

April 14–June 6, 2015
Grout Museum of History & Science

This exhibition has been made possible by The Lerner Foundation and Eric F. and Lore Ross, with additional support from the Lester Robbins and Sheila Johnson Robbins Traveling and Special Exhibitions Fund established in 1990.

This installation sponsored by the University of Northern Iowa Center for Holocaust and Genocide Education
