Alternates: M. Chin/J. Gerrath, T. Fogarty/D. Dahms, L. Terlip/K. Mitchell
Absent: D. Douglas, M. Fahmy, B. Hawbaker, A. Mitra
Guests: H. Barnes, R. Featherstone, G. Lundgren, K. MacLin, R. Martin, P. Pease, K. Sandstrom

The meeting was called to order by Chair Victoria DeFrancisco at 12:05 in Lang 365.

I. Welcome and Introduction

DeFrancisco welcomed all present, and members and guests introduced themselves.

II. Approval of Minutes

Chair DeFrancisco asked members to review GCCC Minutes #019, October 17, 2007.

Terlip moved, Fogarty seconded to approve minutes. Motion carried.

III. Review of Curriculum Review Procedures

DeFrancisco stated College curriculum packet would be reviewed by department as follows: Motion to approve the specified department, a second to that motion, discussion, and vote.

IV. Review of Social and Behavioral Sciences Curriculum Packet (Graduate)

Editorial Notes:

- < Per Graduate Council decision, all "g" courses must have "junior standing" designated as a prerequisite (but **not** "junior standing **or** consent of instructor"). D. Wallace will handle this editorially, and no specific changes in the abstract relative to this will be noted in the minutes.
- < Course numbers which have changed and are denoted in abstract under the old number (as well as those not in abstract but in catalog) will be edited by D. Wallace throughout the curriculum review and catalog process. No specific changes in the abstract relative to this will be noted in the minutes.

DeFrancisco asked Fogarty to present the College of Social and Behavioral Sciences graduate curriculum packet.

A. Design, Textiles, Gerontology, and Family Studies Department

Fogarty moved, Terlip seconded to approve Design, Textiles, Gerontology, and Family Studies Department graduate curriculum packet. Fogarty summarized pertinent graduate curriculum questions/issues within the Department of Design, Textiles, Gerontology, and Family Studies curriculum packet, confirmed consultations had been done with no unresolved issues, and motions, discussion, and voting was as follows:

- < 31F:1xxg[160g] *Family Assessment and Intervention* (new course)
- < 31F:191g *Advanced Research Methods in Family Science* (change title, description, and prerequisites)

< 31T:115g *Apparel Product Development, Merchandising, and Buying* (change prerequisites)
Terlip inquired as to the basis for the new course being proposed as 100g-level, and what would be required of graduates in this course. Barnes responded graduate students have expressed interest in a course of this nature and Barnes stated graduate students enrolled in this course would do extra work/assignments.

Members expressed no further questions/concerns regarding these courses.

Question was called on the motion to approve. **Motion carried and Department of Design, Textiles, Gerontology, and Family Studies graduate curriculum was approved.**

B. Geography Department

Fogarty moved, Terlip seconded to approve Geography Department graduate curriculum packet. Fogarty summarized pertinent graduate curriculum questions/issues within the Department of Geography graduate curriculum packet, confirmed consultations had been done with no unresolved issues, and motions, discussion, and voting was as follows:

< 970:129g *Rivers* (change description)

< 970:168g *Regional Analysis and Planning* (change prerequisites)

Members expressed no questions/concerns regarding these courses.

Question was called on the motion to approve. **Motion carried and Department of Geography graduate curriculum was approved.**

C. History Department

Fogarty moved, Terlip seconded to approve History Department graduate curriculum packet. Fogarty summarized pertinent graduate curriculum questions/issues within the Department of History curriculum packet, confirmed consultations had been done with no unresolved issues, and motion, discussion, and voting was as follows:

< 963:1xxg *Modern Mediterranean Europe: History and Culture* (new course)

Terlip inquired as to the basis for the new course being proposed as 100g-level, and what would be required of graduate students in this course. Pease responded this course had been offered three times as an experimental course with graduate students enrolled. Pease indicated graduate students enrolled in this course would do extra work through research/assignments.

Members expressed no further questions/concerns regarding this course.

< M.A. Major in History (restatement)

R. Martin indicated the information regarding the Public History Emphasis/thesis is something that is already being done but had been omitted from current catalog. Members expressed no questions/concerns regarding this restatement.

Question was called on the motion to approve. **Motion carried and History Department graduate curriculum packet was approved.**

D. Psychology Department

Fogarty moved, Terlip seconded to approve Psychology Department graduate curriculum packet. Fogarty summarized pertinent graduate curriculum questions/issues within the Psychology graduate curriculum packet, confirmed consultations had been done with no unresolved issues, and motion, discussion, and voting was as follows:

< 400:2xx[285] *Readings in Psychology* (new course)

Terlip questioned since "285" was a common course number for a Readings course, why the department was listing this course. Mackay indicated that although "285" is a common course number, it is not unusual for a department to be more restrictive and specifically list a common course number in their department's course section of the catalog.

< 400:2xx[292] *Graduate Practicum in Teaching Psychology* (new course)

< 400:2xx[293] *Research In Psychology* (new course)

< 400:2xx[294] *Advances and Developments in Social Psychology*

J. Marshall indicated the library had not been consulted regarding these three courses, and stated the Library's ability to support these courses will vary based on topic.

Terlip questioned why the common course number "297" was not being used for the new practicum course. Mackay indicated other departments have used another number in addition to the common course number for a specific practicum.

< 400:1xxg[164g] *Psychological Anthropology* (new course)

< 400:106g *Psychology of Human Differences* (change prerequisites)

< 400:127g *Introduction to Neurology* (change prerequisites)

< 400:132g *Psychology of Music* (drop g, change/increase hours, prerequisites)

< 400:150g *Conditioning and Learning* (change prerequisites)

< 400:152g *Sensation and Perception* (change prerequisites)

< 400:154g *Health Psychology* (change prerequisites)

< 400:157g *Personnel Psychology* (change title)

< 400:166g *Clinical Psychology* (drop g, change prerequisites)

< 400:192g *Practicum in Teaching Psychology* (change hours, description, and prerequisites)

< 400:210 *Organizational Consulting and Change Management* (change/increase hours, prerequisites)

< 400:220 *Developmental Psychology* (change title and description)

< 400:241 *Research Design* (change prerequisites)

< 400:270 *Theories, Research, and Practice of Psychological Treatment* (change title)

< 400:272 *Empirically Supported Psychological Treatments* (change title and prerequisite)

Members expressed no questions/concerns regarding these courses.

< M.A. Major in Psychology (restatement to include Fifth Year option)

It was confirmed this restatement had already been approved by appropriate curriculum bodies and Faculty Senate in the off-cycle last year and was being included in this abstract so it could be documented for inclusion in the catalog.

< Certificate in Psychology of Employee Development (new graduate certificate)

Terlip indicated this graduate certificate had gone back and forth through the curriculum process, and questioned whether the Department of Management/College of Business had been consulted regarding the title indicated in the abstract. MacLin could not confirm that a consultation had been done with Department of Management/College of Business. Members concurred this consultation should be done, and the remainder of the certificate could be approved, with the exception of the title pending consultation with College of Business.

Fogarty amended his original motion as follows: "to approve the Department of Psychology graduate curriculum, with the exception of the title for the graduate Certificate in Psychology of Employee Development." Question was called on the amended motion. **Motion carried and the Department of Psychology graduate curriculum was approved, with the exception of the title for the graduate Certificate in Psychology of Employee Development.**

The results of this consultation with College of Business regarding the certificate title is to be brought back to the GCCC November 7 meeting.

E. Political Science Department

Fogarty moved, Terlip seconded to approve Political Science Department graduate curriculum packet. Fogarty summarized pertinent graduate curriculum questions/issues within the Political Science curriculum packet, confirmed consultations had been done with no unresolved issues, and motion, discussion, and voting was as follows:

< 942:1xxg *Citizen Participation and Civic Engagement* (new course)

Terlip inquired about consultations since those responses could not be seen online. A representative from Political Science Department was not present at this meeting. Mackay indicated this course could be used in the Master of Public Policy. Since the instructor of this new proposed course is Al Hayes who is also the Director of the Master of Public Policy program, the department may have not felt any further consultation was necessary. Members expressed no further questions/concerns regarding this course.

< 943:119g *Politics of the Global Economy* (change description)

< 944:149g *Comparative Administration* (drop)

Members expressed no questions/concerns regarding these courses.

< 990:164g *Psychological Anthropology* (change description, cross listed as 400:164g)
 It was confirmed consultation had occurred with Psychology Department after last curriculum cycle, and originally this course was to be cross listed last cycle. Inadvertently the curriculum form had not been completed for this course to be cross listed in the catalog. Members expressed no further questions/concerns regarding this course.

< 980:1xxg *Health, Illness, and Dying* (new course)
 Terlip inquired who was consulted regarding this new course since it seemed this course was very similar to a course taught or which could be taught in Health Education. K. Sandstrom responded this course contained a sociology perspective rather than a health education perspective, but would consult with HPELS if the GCCC determined that should be done.

After a brief discussion, Terlip amended her original motion as follows: "to approve the Sociology, Anthropology, and Criminology Department graduate curriculum packet with the exception of 980:1xxg *Health, Illness, and Dying* pending consultation with HPELS/Health Education", and members concurred with this motion. This course and pending consultation will be brought back to the GCCC November 7 meeting.

- < M.A. Major in Criminology (restatement)
 - < M.A. Major in Sociology (restatement)
- Members expressed no questions/concerns regarding these restatements.

Question was called on the amended motion. **The amended motion carried and Department of Sociology, Anthropology, and Criminology graduate curriculum packet was approved, with the exception of 980:1xxg *Health, Illness, and Dying* which will be brought back to the GCCC November 7 meeting.**
