## TYPE OF INSTITUTION

The University of Northern Iowa is a fully accredited university offering preparation for teaching at all levels and programs in liberal and vocational arts. Degrees offered include the Bachelor of Arts and Bachelor of Technology for teaching and liberal and vocational arts, and the degree of Bachelor of Music. The university offers both a Master of Arts and a Master of Arts in Education in a wide range of majors. It offers a sixth-year program leading to the Specialist in Education degree for school administrators and business managers, curriculum consultants, school service personnel in guidance and counseling, industrial arts teachers and supervisors, and teachers and supervisors of business education at the high school, post-high school, and higher education levels. The sixth-year Specialist Degree for Science Education is offered for educational personnel as science consultants and supervisors in teaching.

## ACCREDITATION

Accredited and approved by the North Central Association of Colleges and Secondary Schools, by the National Council for the Accreditation of Teacher Education, the National Association of Schools of Music, and the National University Extension Association. Programs in chemistry are accredited by the American Chemical Society, and in speech pathology by the American Speech and Hearing Association. UNI is a member of the Council of Graduate Schools of the United States.

## LOCATION AND SIZE OF CAMPUS

The campus is located on highways 57 and 58, near the southwestern limits of Cedar Falls, Iowa. To reach the University from the Cedar Falls business district, go about 1½ miles south on Main Street, turn west on Seerley Boulevard or on University Avenue and keep driving west until you reach the University. The 721-acre campus includes campus gardens and a recreational park. Buildings are set off by wide areas of lawn, numerous arching elm trees, shrubs and hedges.

## ATHLETIC AND PHYSICAL EDUCATION FACILITIES

A 166-acre physical education plant includes three gymnasiums, three swimming pools, 30 tennis courts, eight outdoor three-wall handball courts, two tracks, stadium seating 7,200, and a 9-hole golf course. Unit I of a new Physical Education Building for both men and women is surrounded by 87 acres of playing fields.

Two years of recent and significant trade experience in desired trade is required in addition to course work.

## TYPES OF EDUCATION OFFERED (Cont'd)

3. **Industrial Technology major** -- 127 semester hours -- prepares persons for supervisory and leadership positions that are auxiliary to the field of engineering; more specifically, graduates from these programs may be employed in one of the following divisions of industry: engineering, design and development, production and manufacturing, field service and produce utilization, and sales and distribution. The degree program requires one year of recent and significant technical experience in industry in the major area in addition to the required course.

**Bachelor of Music** -- 130 semester hours -- Majors on this degree program have a choice of five areas: voice, piano, organ, orchestral instruments, and theory-composition. Students are prepared as: performers, college teachers, and all areas where a high degree of musical knowledge or performing skill is required.

**Graduate Curricula** -- Programs leading to the Master of Arts degree provide advanced preparation for elementary, secondary, or college teaching or for students planning to pursue careers in fields other than teaching. Graduate level courses are offered in all departments of the University, with the following majors available: art, audiology, biology, business, business education, chemistry, communications media, counseling, earth science, English, English linguistics, French, geography, German, history, home economics education, industrial arts, library science, mathematics, mathematics for elementary schools, music, physical education, physics, political science, school business management, science, science education, social science, sociology, Spanish, speech, speech pathology, teaching English as a foreign language, and technology.

The Master of Arts in Education degree program is designed to prepare professionally competent teachers, administrators, supervisors, school psychologists, and guidance counselors. Majors are available in the areas of developmental and remedial reading, educational media, educational psychology, elementary education, school administration and supervision, school business management, special education, student personnel service, and teaching.

The Specialist in Education degree (a sixth-year degree requiring 30 semester hours past the master's degree) prepares students for positions as school administrators and business managers, curriculum consultants and supervisors, school service personnel in guidance and counseling, and teachers and supervisors in business education and industrial arts at the high school, post-high school, and higher education levels.

The Specialist degree with the major in Science Education (a sixth-year degree requiring 30 semester hours past the master's degree) is designed to fill the needs of educational personnel who have professional roles as science consultants and science supervisors in school systems of all sizes and at all levels.

**Degrees Awarded** -- The Bachelor of Arts, Bachelor of Technology and Bachelor of Music degrees are awarded for the completion of four years of standard university work. The eight semesters of work for these degrees may be completed in three calendar years by attending summer sessions as well as the regular academic year, late-August through mid-May, sessions.

## TYPES OF EDUCATION OFFERED (Cont'd)

The Master of Arts or the Master of Arts in Education degree requires a minimum of 30 semester hours, and may be awarded at the completion of at least one year of graduate work beyond the bachelor's degree. The Master of Arts in Education degree program began in 1952, with the first degree awarded in 1953; the Master of Arts degree program began in 1965.

The Specialist in Education and the Specialist (for Science Education) degrees are based on at least six years of university work. The Specialist in Education was offered for the first time at UNI in 1960-61 with the first students enrolled in this curriculum in June, 1960, and the first degree awarded in August, 1961. The Specialist Degree for Science Education was added in 1970.

Teachers' Certificates -- Graduates may receive teachers' certification upon application to the State Department of Public Instruction as follows:

1. For the completion of the four-year curriculum with appropriate majors, the Professional Certificate with endorsement in the appropriate areas for either the elementary or the secondary level. These certificates may also have special endorsements in the fields of art, music, physical education, or industrial arts which permit teaching the special subject from kindergarten through grade fourteen.
2. Graduates are eligible for certificates to teach in the state of their choice.
3. For students with an Iowa Professional Certificate, the master's degree and four years of successful teaching experience entitle the student to an Iowa Permanent Professional Certificate with appropriate endorsements. These include the endorsements of paragraph 1 and, in addition, special endorsements for administrative or supervisory service or special work in speech pathology or library science as appropriate.

## SPECIAL SERVICES

### EXTENSION SERVICE

Consultant Service - The University provides its staff to assist with much in-service work in the public schools of Iowa. Staff members are chosen from the various departments and devote their time to assisting teachers, administrators, and school boards in improving instruction. Consultant visits were made in a total of 93 towns and cities and in 35 counties in the school year 1973-74. A total of 232 days of services was rendered.

Extension Classes - These classes fall into four categories -- those taught during the academic year by staff members, those taught by instructors not on the extension staff, those taught by coordinators of student teaching in their respective towns, and community classes. During the year 1973-74, 88 classes were taught by on-campus staff, 16 classes were taught by the extension staff, and 23 classes were taught by coordinators of student teaching. In these courses 2,080 students were enrolled. Two non-credit community classes were offered with an enrollment of 28.

Correspondence Study - The University offers an opportunity to earn credit by correspondence study to the student who does not find it convenient to attend class in residence or who wishes to work independently at his own pace. During the 1973-74 school year, there were 442 new enrollees in correspondence study.

## **SPECIAL SERVICES (Cont'd)**

**Educational Service Publications** - As of June 30, 1974 39 different publications prepared by members of the University staff were available to supplement educational concepts and methods of teachers in the schools.

**Educational Conferences** - The Extension Service assists with nearly all educational conferences held on the campus. 42 conferences were scheduled through the office during 1973-74 with attendance totaling over 13,415.

**Speakers Bureau Service** - Information on staff members available as speakers is made available to schools, educational organizations, and service clubs upon request.

**Pre-School and In-Service Institutes** - The Extension Service provides personnel for institutes and workshops to the public schools.

**Programs for High School Students** - During the summer many campus programs for high school students are sponsored by the Extension Service. Included are such activities as the Audio-Visual Workshop, Cheerleading Clinics, Drill Team Workshop, Forensic Workshop, Girls State and Student Council Workshop. Programs in general sports camp, gymnastics and swimming are sponsored for elementary and junior high age children. Participants in such activities attract more than 1,000 students each summer.

**Continuing Education Programs** - Montessori Education, nursing and secretarial work attract adults interested in professional improvement. Approximately 500 were enrolled in such programs in 1973-74.

## **PLACEMENT OF GRADUATES**

The Office of Career Planning and Placement is available to assist all graduating students and alumni in examining career directions and obtaining employment. All graduating students and alumni are encouraged to utilize the broad range of office services, which include career counseling, maintaining and mailing credentials, arranging interviews, disseminating vacancy notices and actively assisting registrants in all phases of their job hunting campaign.

Recruiters visit the campus throughout the year to interview students and alumni for positions in a broad variety of businesses, government agencies, non-profit institutions and school systems.

## **COUNSELING PROGRAM**

The Counseling Center is located on the lower floor of the New Administration Building. Professional counselors are available to assist students in developing a better understanding of themselves and their relationships with other people. In addition to individual personal counseling, opportunities are available for participation in personal growth groups. Career counseling is available for those desiring assistance in the choice of a major field of study or an occupation. Study skills seminars are conducted each semester. Referral relationships are maintained with private psychiatrists for those desiring additional personal counseling.

## ORIENTATION AND NEW STUDENT ADVISORY PROGRAM

The Coordinator of Orientation and New Student Advising is located in the Office of Academic Affairs, Room 200, Administration Building. Orientation programs are developed to assist the student in becoming a part of the University community and aware of the educational opportunities at UNI. Orientation and academic advising are viewed as a phase of career planning and, therefore, exist to aid the student in planning the best academic program to meet his vocational and educational goals. Each student has an assigned adviser. The advising system utilizes a group of special orientation advisers, residence hall staff members and faculty advisers.

## RELIGIOUS ACTIVITIES

Formerly the Bureau of Religious Activities, Religious Activities are under the jurisdiction of Dr. Thomas Hansmeier, vice president for student services.

Religious Activities are designed to provide a service to UNI students in relation to religious matters through planned religious activities and counseling.

Courses in religion are part of the University curriculum and are offered for credit through the Department of Philosophy and Religion.

Campus Religious Foundations and Organizations -- Foundations and organizations supported by various religious bodies minister within the academic community in areas of worship, counseling, study, and programming.

A limited number of graduate assistantships are available for graduate students who are in residence through the academic year. The C.B. McDonald Scholarship (undergraduate) was added in 1961. Waterloo-Cedar Falls area scholarships were initiated in 1962 when scholarships were granted by industrial, business, religious and social organizations to students from the local area. The Mary Jensen Shackelford Award of \$500, established in 1968, is available to UNI graduate students with preference given to applicants seeking a Master of Arts in Education degree.

Purple and Old Gold Awards are presented to certain seniors who have shown meritorious scholarship in their particular areas of study and to others who have shown achievement in various fields of activity. Each of these carries a cash award.

Student Loans -- Loan funds are available for both graduate and undergraduate students in need of assistance. Entering students may qualify for a National Direct Student Loan for a Federally Insured Loan. The Seerley Loan is available to students after they have reached junior standing.

Supplemental Educational Opportunity Grants - High school graduates with exceptional financial need may qualify for an outright grant of funds. The amount of financial assistance a student may receive depends upon his need, with grants ranging from \$200 to \$1,000. Grants cannot exceed one-half of the student's total need.

## EDUCATIONAL MEDIA CENTER

The primary function of the Educational Media Center is to provide a variety of media, equipment, and services for the total university. The Educational Media Center consists of seven closely related areas—the Audio Production Services, the Audio-Visual Services (including the Audio Listening Center), the Communication Center (Education Center Building), Graphics and Photographic Services, the Media Laboratories, Motion Picture Production Services, and Television Services.

Audio Production Services provides opportunities for professional sound recording, mixing, and editing in studio or on location. Located on the third floor of the Auditorium, this service is equipped to produce high quality master tapes in both reel-to-reel and cassette formats.

Audio-Visual Services, located on the first floor of the Commons, is the university-wide service agency charged with the responsibility of obtaining, distributing, and coordinating media software and equipment. The A-V Center provides a complement of audio-visual equipment in each instructional building and also maintains a variety of media equipment which is available for check-out in the Commons. The Audio-Visual Center also maintains a library of media software consisting of 8 and 16mm films, regular and sound filmstrips, slides, audio tapes, and records. Fifty-five carrels are available for previewing media software.

The Communication Center, in the basement of the Education Center Building, utilizes a unique color television system to distribute all types of audio-visual media to every classroom and laboratory in the building. The Center also contains a color television studio and control room for the origination of professional color television programming. The five large lecture halls are equipped with multiple rear screens and remotely controlled multi-media equipment.

Graphic and Photographic Services, located on the ground floor of the Commons (west), provides diverse systems for the design and production of media materials. Almost any type of audio-visual material can be produced locally to assist faculty and staff in implementing instruction. Examples of these materials are overhead transparencies, posters, charts, reproduction copy for offset, printed learning packages, three-dimensional models, displays, photographs, and slides.

## EDUCATIONAL MEDIA CENTER (Cont'd)

The Media Laboratories, located on the second floor of the Commons, provide facilities, equipment, and self-instructional programs for all students and faculty who want to produce their own instructional materials or learn the operation of a wide variety of audio-visual equipment. In addition, a media supply room houses materials available for purchase.

Motion Picture Production provides a university-wide service in super 8mm and 16mm filmmaking, including budgeting, production planning, filming, titling, limited animation, and sound recording. Two studios and an editing room have been established in the Commons for on-campus production activities.

Television Services provides four-fold capabilities to the university community. A professional television studio, located on the third floor of the Auditorium building, is connected to five large classrooms, all equipped with high quality television monitoring facilities. A smaller classroom-studio, with all equipment remotely controlled, can be scheduled for recording of student-teacher performance and other classroom activities. Two previewing areas, for both small-and large-group viewing of prerecorded video tapes, are also available in the same building.

### RADIO AND TELEVISION STUDIOS

Radio Studios are located on the second floor of the Old Administration Building and the third floor of the Auditorium Building. Regular programs of instruction and information are recorded in the university studios and are broadcast daily. The radio studios are also used as training facilities for the Radio and TV offerings of the UNI Department of Speech.

Public Radio Stations KHKE and KUNI are licensed to the university as non commercial educational stations and are operated by the Broadcasting Services department. KHKE serves the Waterloo-Cedar Falls community with fine arts and public affairs programming and can be tuned in at 88.1 on the FM dial. KUNI serves all of Eastern Iowa with 18 hours of cultural, educational and informational programming in stereo at 90.9 F.M.

Campus-carrier Station KCRS, a student-operated commercial radio station, serves the students in the University dwellings and local area merchants. The KCRS studios occupy a suite in the UNI Union. KCRS can be tuned in at 970 on the AM dial.

Closed-circuit TV studios are also located on the third floor of the Auditorium Building. They are used for multiple-class instruction and are connected by coaxial cable with five classrooms, each of which is equipped with receiving sets. Instructional material may be preserved on video tape or kinescope recordings. The TV studios are used as training facilities for the Radio and TV offerings of the speech department.

Open-circuit TV programs -- Weekly programs on Iowa history for in-school viewing have been recorded on film for distribution to TV stations throughout the state.

### STUDENT LEADERSHIP ORGANIZATIONS

UNI Student Association -- UNISA is the supreme student governing body, empowered to regulate, implement, and coordinate all matters of student affairs, to act as the voice of the students, and to supervise student body activity in order that it may be conducted for the best interest of the student body as a whole.

Graduate Student Council provides communication between graduate students and faculty and is represented on the Graduate Faculty Council as well as UNISA government bodies.

## STUDENT LEADERSHIP ORGANIZATIONS (Cont'd)

Residence Hall Association provides a common government for the residence halls, coordinates their activities, and develops communication between the residence system and the campus community.

Panhellenic and Inter-Fraternity Councils -- These groups are the coordinating bodies for the six social sororities and five social fraternities on campus. The councils are comprised of elected representatives from each group.

First floor: work room, supply rooms, office and laboratory; basement: bulb room, service rooms, animal housing for biological studies, and biological laboratory. End units used for display purposes and for growing campus flowers. A wing, 58 ft. by 28 ft., was added to the west of the service house in 1961 and is now being used by the Department of Earth Science as a shop and classroom.

## WOMEN'S SWIMMING POOL

Erected in 1938, \$125,000, pool 90 ft. by 36 ft., contains one-meter and three-meter diving boards, seating capacity of 700, dressing rooms, offices and lounges.

## STADIUM

First unit open concrete bleachers erected in 1936, second unit added in 1939, total structure 300 ft. by 76 ft., total investment \$172,486. Bleacher capacity 7,200 (including new stadium) with enclosed press and broadcasting booths, lighting for football field installed in 1948. Stadium's ground floor houses indoor running track, two large locker rooms, coaches' room, equipment and training rooms. An east stadium was completed in 1963 and 1965. It also houses two modern concession stands and a visitors' dressing room.

## ARTS AND INDUSTRIES BUILDING

Erected in 1949, addition in 1961, total cost \$635,000. Houses Industrial Arts and Technology Department on the ground floor, the Department of Art on the second level. Large display areas are located on both floors. A small auditorium-visual aids room on the second floor includes sound and production equipment. The ground floor includes an amateur short wave transmitter, industrial arts shops, drawing room and offices. The two-level addition houses safety education training facilities, a drafting room, classrooms, art laboratory, art office and staff rooms, storage facilities and conference room.

## MALCOLM PRICE LABORATORY SCHOOL

Named in honor of the fourth president of the University, the school was dedicated in 1959. Total cost of the structure was \$2,330,000.

Section A of the school housing the elementary wing is on the north campus at 19th Street and Campus Street. L-shaped, the wing faces the east with 336-foot frontage on Campus Street and 154-foot frontage on 19th Street. The basement houses the kitchen, lunch and service rooms, and a classroom for the educable mentally handicapped. On the first and second floors are rooms for nursery school, kindergarten, and two rooms each for grades one through six; offices, auditorium, library, health office, and consultant rooms, language arts classrooms, and an electronic foreign language laboratory.

Section B housing the high school was occupied in 1955. Adjoining the west end of Section A (elementary school), the west wing extends 120 ft. to the west and houses classrooms for home economics, mathematics, social studies, and business education. The south wing extends 170 ft. to the south and houses classrooms for art, industrial arts, sciences, stagecraft, languages and an audio-visual center.

Section C occupied in 1957, houses physical education facilities for elementary and secondary students, including regulation and training-sized swimming pools, basketball floor, indoor track and field area, bleachers, dressing and locker rooms, temperature-controlled wrestling rooms and staff offices.

## RUSSELL HALL

Constructed at a cost of \$1,071,360 and occupied in February, 1962, the combination one-and-two story structure includes 63,000 sq. ft. of floor space. Cost per square foot including equipment was \$17.04. A small auditorium seating 606 includes a new Noehren pipe organ with 3,900 pipes and movable console. The building also houses 30 student practice rooms, 18 private studios, 7 offices, 4 general and 3 specialty classrooms, 2 ensemble rooms, chorus and rehearsal room, band rehearsal room, 3 storage rooms, lounge, music library, and an outdoor bandshell. Formerly called the Music Hall, the building was named in 1972 for Dr. Myron E. Russell, head of the music department for 21 years.

## LIBRARY, UNIT I

The first phase of this building was occupied in September, 1964. It is on the central campus east of the Campanile. Total budget, including partial equipment was \$1,541,189, a cost of \$14.68 per square foot. The structure encompasses 92,500 sq. ft., houses approximately 300,000 volumes, and seats 1,100 persons. It is one of the first collegiate libraries in the U.S. to have polarized fluorescent lighting which virtually eliminates glare. With temperature and humidity control throughout, the building includes a browsing room, faculty studies, individual and group study rooms, micro-materials room and record listening facilities. One-half of one per cent of the project budget was allocated to art work, part of which was designed by the late UNI artist Ralph Haskell. Some 3,500 persons use the building each weekday. It is open for service 108½ hours per week. The Department of Library Science is also housed in this building. Phase II, costing \$3,000,000, was started in May, 1973, with completion anticipated in December, 1974.

## NEW SCIENCE BUILDING, UNIT I

The Science Building was completed in the summer of 1968 at a cost of \$3,581,067. Located south of Seerley Hall, the building is 102,040 square feet. It is air-conditioned and fire resistant, the three-story building contains five elevated lecture rooms with seating capacity for 500 students, 26 laboratories, and office space for more than 30 staff members. The new building houses the Departments of Biology and Chemistry.

## BAKER HALL

This building was built in three units in 1936, 1938, and 1956, at a total cost of \$686,909 as a part of the residence hall system. Due to its location with relationship to the instructional area of the campus and to the need for instructional space it is now used for instructional uses. It houses the department of English Language & Literature, Earth Science, Philosophy and Religion, Foreign Languages, and Psychology. It also houses other instructional and administrative units, including the Credit Union, Stenographic Pool, Office of Staff Personnel and Computation Services.

## ART ANNEX (Former Physical Plant Office Building)

Erected in 1932 with additions in 1948 and 1951 at a cost of \$46,105. Beginning in 1970 this building has been converted to use by the Department of Art having offices and studios for sculpture, painting and photography.

## PSYCHOLOGY I

Erected in 1936, 58 ft. by 42 ft., 4,914 sq. ft., and remodeled in 1970. Original cost of \$15,000. This building was built for the Campus Laundry which operation was phased out in 1969 and serves as a Psychology Laboratory.

## PHYSICAL EDUCATION CENTER, PHASE I

Phase I was opened in 1971. It is the first of what is hoped to be a complete center to take all physical education for both men and women out of the center campus. It is located in an area west of Highway 57 and O.R. Latham Stadium. Phase I has two large gymnasiums, each having four playing floors, and locker and dressing rooms for students using this building and the new playing fields.

## EDUCATION CENTER

Construction on Unit I, which opened in September, 1972, was begun in June, 1970. The first phase of this \$5,000,000 Education Center, houses the Departments of Curriculum and Instruction, Educational Psychology and Foundations, and School Administration and Personnel Services. The Dean of the College of

## EDUCATION CENTER (Continued)

Education and appropriate clinics are also located here. Unit II was begun in 1971 and opened in September, 1973. Unit II provides large lecture rooms on the second floor. Clinic areas are available on the first floor for the Educational Clinic and the Special Education Division of the Department of Curriculum and Instruction.

## BIOLOGY RESEARCH COMPLEX

Construction was begun in July, 1972, on this building which serves biological research dealing with plants and small animals. Opened in the fall of 1973, it has growing rooms and associated facilities, research stations and a small number of offices and instructional space. This building replaces space lost when the Biology Annex was destroyed by fire.

## INDUSTRIAL ARTS AND TECHNOLOGY BUILDING

Construction started on this building in June, 1974. It will provide classrooms, laboratories and offices for the Department of Industrial Arts and Technology. A total of \$1,700,000 was allocated for this project by the 65th General Assembly. Completion is anticipated in December, 1975.

## ADMINISTRATIVE & PLANT FACILITIES

### HEATING AND POWER PLANT

Erected in 1932, four additions, total investment \$1,477,364. Supplies University with power, heat and lights. Boiler room contains two stoker-fired boilers capable of producing 30,000 lbs. of steam per hour with mechanical conveyor equipment for unloading coal and disposing of cinders, with storage bins. Turbine room contains one 600 kilowatt steam turbo generating unit installed in 1940. Plant also includes a circular concrete smoke stack 195 ft. high. Plant facilities were enlarged in 1951 with the addition of one 60,000 lb. boiler with accessories and a 1,500 KVA condensing turbine with accessories. Natural gas was installed in 1954 as a fuel for the new boiler only, which can be fired with gas or coal. Major improvements in 1961 included another 60,000 lb. steam generator and coal handling equipment, stoker and gas firing equipment and structural alterations to accommodate new equipment, new combustion controls, piping and additions to ash handling equipment.

A new auxiliary power plant on the western edge of the campus operates on gas with oil as a standby. This will serve for the present as a supplement to the main plant but the long range plans call for the auxiliary to be extended and the main plant to be phased out over a 20-year period.

### PLANT SERVICES BUILDING

Located west of Highway 57. Completed in 1966, and added to in 1970, at a cost of about \$264,300, the building includes the physical plant facilities and temporarily houses the University Museum.

### STUDENT HEALTH SERVICE CENTER

Completed in September 1961, at a cost of \$386,000. Includes consultation rooms, eight double hospital rooms for 16 patients, x-ray room, drug and laboratory on the first floor.

### ADMINISTRATION BUILDING

The first unit of this building was completed in 1965 at a cost of \$860,000. The first floor houses the Coordinator of Counseling, Public Information Services, University Mail Center, Alumni, Financial Aids, Admissions, Extension, the Bureau of Research, Security and the Physical Plant Offices. The office of the President, office of Academic Affairs, Business Office, Planning Office, Registrar's Office, Data Processing Center and the Board Room are located on the second floor. Construction of the \$693,000 addition to the building was completed in August, 1968.

## STUDENT HOUSING AND FOOD SERVICES

All residence and food service units are built from non-tax funds

### BARTLETT HALL

Erected in 1914, second unit in 1924, total cost \$485,000, 41 ft. by 525 ft., with four wings each 41 ft. by 125 ft., 300 rooms. Originally constructed as a women's dormitory, it housed 543 women in single and double rooms. It is now being used as a coeducational graduate dorm and for conference housing. Approximate student occupancy, fall of 1974, is 105.

### ANNA B. LAWTHER HALL FOR WOMEN

Erected in 1939, total cost \$832,728, including 1948 addition. Includes three lounges off the main lobby, second floor informal living rooms, library, recreation room, kitchenette, three guest suites, and three resident director suites. Normal capacity is 467 in double and single rooms; approximately occupancy, fall of 1974, 395.

### COMMONS

Erected in 1933, 134 ft. by 178 ft., \$189,000. Ground floor: three large student dining rooms, kitchen, production and storage facilities; first floor: student lounge, multiple-purpose ballroom used for dances and large served dinners, lobby lounge, offices of director of dining service and administrative dietitian, and several meeting rooms; second floor: mezzanine lounge. Two new food serving lines were added in ground floor dining area in 1963. This building underwent a major remodeling and enlargement in 1966 at a cost of \$900,000. The Commons serves as the dining lounge for students in Bartlett and Lawther Hall and in addition serves all-university social functions. Following the Gilchrist Hall fire in May, 1972, the major portion of the Educational Media Center operations, including the Audio-Visual Center, was moved to the Commons.

### SADIE B. CAMPBELL HALL FOR WOMEN

Erected in 1951 at a cost of \$1,000,000. Includes a dining hall for residents on the ground floor, service rooms, director's suite, office, living and recreational rooms. The hall was dedicated in December, 1954, in honor of former Dean of Women Sadie B. Campbell. Additions to the dining service in 1963 and the residence hall in 1964, were completed at a cost of \$950,000. Intended capacity is 593 women housed in single and double rooms. Approximate occupancy, fall of 1974, is 543 women.

### REGENTS COMPLEX

This is composed of five buildings, four residence halls and a dining and lounge area, connected by overhead corridors, and having its own parking areas. This unit was financed by bonding to be paid from revenues from the halls and food service.

RIDER HALL -- Completed in 1961 at a cost of \$1,200,000. It was named for Dwight G. Rider, Fort Dodge, who was president of the State Board of Regents from 1951 to 1956. Intended capacity 416 with approximate occupancy, fall of 1974, 381 men students.

## REGENTS COMPLEX (Cont'd)

SHULL HALL -- Completed in 1964 at a cost of \$1,265,000. It was named for Henry C. Shull, Sioux City, who was president of the Regents from 1940-51. The hall's intended capacity is 426 men. Approximate occupancy, fall of 1974, is 360.

HAGEMANN HALL -- Completed in 1965 at a cost of \$1,254,000 and has a normal capacity of 408 students. It was named for Harry H. Hagemann, Waverly, who was president of the Regents from 1957-63. Approximately 361 women occupy the hall in the fall of 1974.

NOEHREN HALL -- Completed in 1966 and 1967 at a cost of \$2,235,000 and has a normal capacity of 724 students. This hall is so designed as to permit either men or women to use 200 of the rooms. Approximately 472 women and 130 men will occupy the dorm in the fall of 1974. It was named for Alfred N. Noehren, Spencer, who was president of the Regents from 1963-65.

REDEKER DINING AND LOUNGE AREA -- This unit provides the major lounges and recreation area for the four halls in the Regents Complex. It also provides all of the food service for students living in the four halls. In addition, it can provide for extra dining service for special groups. This was built in two units, the first completed in 1965 at a cost of \$1,181,000 and the second completed in 1966 at a cost of \$625,000. The addition to the building provided a central food storage facility for all dining units on campus as well as two private dining rooms and a recreation room. In 1974, it was named for Stanley Redeker, former president of the State Board of Regents.

## TOWERS COMPLEX

TOWERS DINING AND LOUNGE AREA -- This building together with Bender and Dancer Halls is known as the Towers Complex. The dining lounge was completed in 1969 at a cost of \$1,700,952. It provides for the dining service of students living in these two residence halls, and also provides for the reception and social space of a general nature for the students in the two halls. This social space is in addition to that found in each of the halls.

BENDER HALL -- This is one of two 13-story residence halls opened in 1969 and built at a cost of \$2,071,067. It is designed to house 606 men, but can be used for either men or women. It is named for Dr. Paul F. Bender former UNI Professor and Dean of Students. Approximate occupancy, fall of 1974 is 549 men.

DANCER HALL -- This is one of two 13-story residence halls opened in 1969 and built at a cost of \$2,071,067. It is designed to house 604 women, but can be used for either women or men. It is named for David A. Dancer, former secretary of the State Board of Regents from 1940 through 1967. A coeducational housing plan is in effect on two floors during the academic year, with men occupying the rooms on one corridor of the floors and women occupying those on the other corridors. Approximate occupancy, fall of 1974, is 502 women and 34 men.

## MAUCKER UNIVERSITY UNION

Completed in the spring of 1969, the tri-level building is constructed almost entirely underground with a plaza or walking area on the surface. Due to the slope of the land, the south portion of the building has one level above ground. The upper levels of the building include a main coffee-house, seating 500, a lounge area, dining rooms, kitchen, administrative offices and meeting rooms. The lower levels are devoted to a large ballroom, recreation areas, more meeting rooms, and student offices. It was named for former President J.W. Maucker in 1974.

## MARRIED STUDENT HOUSING

### HILLSIDE COURTS

The 278 units of Hillside Courts were completed in July of 1972. Hillside Courts includes one and two story apartments, built in two story buildings on a matrix system composed of a grid of courtyards surrounded by housing units.

### COLLEGE COURTS

Twenty-four two-family units for married students, the first section of 12 first occupied in December, 1956, the second section completed in 1958 at a total cost of \$383,000. Each cement-block apartment has four rooms and a bathroom, with refrigerator and kitchen stove furnished. Occupancy is in order of application.

### SOUTH COURTS

Mobile housing units for married students were installed in 1963 and 1967 on the south campus. The court includes 99 mobile homes with concrete block foundations, permanent steps and skirting, utilities, sidewalks, and a laundry house. Occupancy is limited to families with no more than two children. The total cost of the units was \$415,950.

## MISCELLANEOUS & OTHER BUILDINGS

### HOME MANAGEMENT HOUSE

Erected in 1906, \$6,800, seven rooms.

### PRESIDENT'S HOME

Erected in 1908, \$18,000, 14 rooms.

### ETHNIC MINORITY CULTURAL AND EDUCATIONAL CENTER (EMCEC)

Erected in 1890, \$10,000, eleven rooms. The former home of the vice-president of academic affairs, the building was turned over to EMCEC in July, 1970. The formal opening of the Cultural Center was in February, 1971, following redecorating of several rooms.

## CAMPANILE

Erected in 1926, 20 ft. square and 100 ft. high, \$60,000, donated by alumni, faculty, students and friends of the University as a memorial to the founders and builders of the University. Originally housed 15 bells of the Campanile chimes ranging in weight from 225 pounds to 5,000 pounds; Fasoldt clock presented to the institution in 1925. Chimes sound on the hour; Campanile clock synchronized and electrically controlled by a master clock of the university time system. A campaign was started in 1966 to raise funds to add an additional 32 bells to the present 15 to make it a complete 47-bell carillon. The new bells were installed in June, 1968, making the Campanile a complete musical instrument.
