Iowa Waste Reduction Center Newsletter, June 2020

University of Northern Iowa. Iowa Waste Reduction Center.
Help Us Help You
These are unprecedented times. As small businesses across the state are reopening and figuring out how to operate under these strange new circumstances, we want all Iowa business owners to know that WE ARE HERE FOR YOU!

At the IWRC, we have always taken great pride in providing the best possible services to meet the diverse environmental needs of Iowa's small businesses. Now, more than ever, we want to make sure we are providing you with the services that you absolutely need moving forward.

We have put together a short survey to ask you just that. Please take a moment (seriously, it shouldn't take more than three minutes) to complete it and HELP US HELP YOU.

Survey Link: IWRC Assistance Survey

Thank you in advance for taking the time to fill out this survey and we look forward to continuing to provide the best services possible to Iowa's great small businesses.

Stay strong....we're Iowans...we've got this!

**Iowa Strategic Goals Program Webinars for June**
This year, the Iowa Waste Reduction Center is continuing the Iowa Strategic Goals Program workshop series by offering weekly webinars on June 11, 18 & 25, 2020! The first two webinars of the series have been met with great participation and learning opportunities. The final webinar of this series will take place this Thursday, June 25th. To find out more information and register, follow the link below.

- June 25 - [Wetland Delineation, Permitting and Stormwater Planning](#)
