## Graduate College

All graduate degree candidates are listed under the college of their academic major.

# The Academic Procession

The procession begins with the entrance of the candidates for degrees. Led by faculty marshals, the candidates for the degree of Bachelor of Arts, both the Teaching Program and the Liberal Arts Program, Bachelor of Fine Arts, Bachelor of Liberal Studies, Bachelor of Music, Bachelor of Science and Bachelor of Technology enter in groups, representing each of the undergraduate colleges. They are followed by the candidates for the highest degrees.

The banners which are carried with the candidates' procession were first used in 1977. They were designed by Bekka Lindstrom, at that time a sophomore majoring in Art. The banners were fashioned by Phillip Elliott.

Students wearing a bronze medallion are those graduating summa cum laude (with highest honors), which represent the top three percent of each college by grade point average; or those graduating students receiving a Purple and Old Gold Award, given to those students who have excelled in scholarship or who have shown conspicuous achievement in particular areas. The procession continues with representatives of the faculty.

The President's Party forms the final section of the academic procession. Headed by the commencement marshal, it includes the president; members of the Board of Regents, state of Iowa; administrative officers; the academic deans; and honored guests.

The commencement marshal carries the University Mace, designed and fashioned for the Centennial Commencement in 1976 by Randall Swanson, at that time a freshman majoring in Industrial Arts. A traditional symbol of authority, the mace is a carved wood rod capped with ends of cast bronze, with the top carrying the seal of the university. The sterling silver chain worn by the president was also created for the Centennial Commencement. It was designed and constructed by Martin Peterson, then a junior majoring in Art, and it memorializes the historical evolution of the university by carrying the seals of the Iowa State Normal School, the Iowa State Teachers College, the State College of Iowa, and the University of Northern Iowa.

The academic costumes worn trace their origin to the Middle Ages when long-sleeved hooded gowns were necessary for warmth in the unheated stone colleges. Over the centuries, much diversity occurred, and to bring some order, in the United States in 1894 an intercollegiate system of academic costume was agreed on, now adhered to by American institutions. According to this code, both the styling and colors of the regalia have significance.

The design of the gown indicates the degree. The bachelor's is a simple gown with a full sleeve. The master's gown is much like it except for the long sleeve which hangs loose. The doctoral gown is fuller and more elaborate. It has velvet edging and three velvet stripes on the full sleeve. The color of this velvet may be black or in the color appropriate to the degree.

Hoods, which are worn over the gowns, are similar for all degrees, although differing slightly in length. The candidates for the bachelor's degrees usually do not wear the hood. The hood has a velvet edging which indicates the area of the degree, and the inside or lining of the hood is satin in the colors of the college or university granting the degree.

A partial list of the degree colors to be found on the edge of the hood or the trimming on the doctoral gown is as follows:

Apricot - Nursing	Drab - Business	Orange - Engineering
Blue, dark - Philosophy	Green - Medicine	Pink - Music
Blue, light - Education	Green Sage - Physical Education	Purple - Law
Brown - Fine Arts	Lemon - Library Science	Scarlet - Theology
Citron - Social Science	Maize - Agriculture	White - Arts and Letters
Copper - Economics	Maroon - Family and Consumer Sciences	Yellow, Golden - Science

## Banner Design

1. The education symbol used for the Doctor of Education, the Specialist in Education and the Bachelor of Arts in Education degrees, as well as the College of Education, represents the teacher-student communication.
2. The symbol for the Master's degree represents further study beyond the first four years.
3. The four circles for the Bachelor of Arts degree denote four years of study.
4. The Bachelor of Music and Master of Music degrees are represented on a musical staff.
5. The symbol for the Doctor of Technology incorporates an industrial and mechanical motif.
6. The area of Business is symbolized by circles in a chain of growth and development.
7. The design of circles in a test tube represents the Sciences.
8. The symbol for the Fine Arts evolved from a color wheel and developed into a representation of all the arts and their common unity.
9. A symbol of the human mind represents the field of Social and Behavioral Sciences.
10. The centering represents the campus and the four circles represent all campus study for the Bachelor of Liberal Studies degree.
11. The symbol for the Specialist degree represents further study beyond the Master's level.
12. The symbol for Continuing Education and Special Programs represents campus outreach and educational growth.
