Volume 56

OLD GOLD
YEAR OF TRANSITION
1962
In 1873 a Blackhawk County farmer, Senator Edward G. Miller, began the lengthy process in the Legislature to establish a normal school at Cedar Falls in a state-owned building. Not until March 17, 1876, was the bill approved. In June James C. Gilchrist, Superintendent of Mason City schools, was elected Principal of the new institution.

On Wednesday, September 6, 1876, twenty-seven students and five faculty members met for recitation in North Hall, known today as Central. This was the beginning of Iowa State Normal School.
Campus expansion puts giants like these to work.
College still amounts to one long line taking one long walk.
Enrollment increased, faculty members were added, and the need for additional equipment and space was apparent at the beginning of the second year of instruction. Legislative appropriations were granted and in 1882 South Hall, now Gilchrist, was built. This new building contained women’s housing, recitation rooms, a chapel and a Model School.
By 1909, sufficient revisions had been made in the curriculum to warrant legislative approval of the change in name to Iowa State Teachers College. Its concern for improvements in teaching methods earned national recognition for the institution. In 1961 the State College of Iowa was established with power to grant the B.A. degree in Liberal Arts.

Dates aren't important — just remember when it happened.

This doesn't apply to maintenance trucks.
What do you mean, freshmen can't take courses numbered 200g?
THROUGH seemingly endless faculty meetings, administrative meetings, student meetings and combinations of these, curriculum is revised, activities organized, laws are made and enforced. Only through such cooperation can an institution operate smoothly and according to plan.
Look both ways and proceed with caution.
We have entered a new era, a time when one small spark in international affairs could ignite conditions from which the world could never recover. It is our responsibility to future generations to present them with a normal life in a peaceful world. We should be especially careful in our own educational preparation, so that we can participate actively and intelligently in meeting this obligation.
Knowledge is a combination of many different ideas.

Here is where we realize what the methods courses were really about.
As teachers we must remember not to squelch thought, but to encourage it. We must be ready to advise, to guide and especially to listen, for in this we will learn of the need for our own improvement. Learning may take place in a nursery, a classroom, a laboratory, in industry or in informal talk. The location is not as important as the fact that someone has experienced something new and profited by it.

Education is something deeper than mere reflected portions of knowledge.

In some seasons the weather is too nice for people to spend all of their time studying.

Church night introduces new students to their respective religious organizations.
When I grow up, I'd like to wear a big hat like that and lead a band in a parade.

Sometimes even coffee doesn't help.
Each year brings us closer to the time when we will be on the other side of the fence.
THE YEAR
Here is where the new student first feels he has begun to lose his individuality.

Fall Orientation

Fall orientation—the annual inundation of new students, parents, counselors and frustrated dormitory directors. This year’s students were different from other year’s—they were members of SCI’s first class, but they faced the age-old freshman problems. After the first few hectic days of form-filling, testing, campus touring, and adjusting to dormitory rooms, roommates, and near-capacity housing, the freshmen settled down to the serious task of getting acquainted. Their job was eased by the Chuck-Wagon dinner and the all-college mixer, moved indoors by the weather. By the time classes started all began to feel nearly at home.
I wonder where my toothpaste is....

We know all this—where's Playboy?
Dr. George Poage discusses publicity plans for the spring ACCIA.

Dr. Norman Graebner, Chairman of the History Department at the University of Illinois, was the keynote speaker of the conference.

Many students became acquainted with ACCIA representatives over Commons lunch.
“Neutralism, a Positive or Negative Force for World Peace” was the theme of the 4th annual All-College Conference on International Affairs. Representatives from Russia, Nigeria, Tunisia, Jordan and the United States visited the campus to present a stimulating series of lectures on this vital question in present world affairs. Students participating in the conference not only heard the various addresses, but were free to question the speakers and talk with them at the many discussion groups following the sessions. “To the average African, independence means freedom to do business with both sides,” was one comment of Dr. David Dankaro, Nigeria’s representative, while Vladimir Petrovsky, the Russian delegate, emphasized the need for peaceful co-existence. Many of the delegates were guests in the homes of Cedar Falls families during their visit.

The conference over, Dr. Page hurries the last of the ACCIA delegates to the waiting plane.

**ACCIA**
Greek Week

Greeks on campus rollicked through a lively week as they held their "Hellenic Holidays" during last spring's Greek Week. Carol Lester, Delta Delta Phi, and Don Murphy, Alpha Chi Epsilon, reigned as queen and king of the week while Kay Kaiser and Gil Huseman, pledges of Delta Delta Phi and Alpha Chi Epsilon respectively, were crowned princess and prince. Joe Will, alias "the Laughing Idiot," of Alpha Chi Epsilon, received the title of Ugliest Man on Campus and the proceeds from this event were donated to the Cedar Valley Service Center. Despite the rain, fraternities and sororities labored at the Cedar Falls Lutheran Home on their service project. They displayed their talents in the fun-filled variety show which featured Dave Cox and Ann Hawn as master and mistress of ceremonies and exhibited their athletic prowess at the often hilarious, ever-popular Olympics. The all-Greek chorus was a bright spot in the week. Many dinners and a dance at the Waterloo Elks Club brought the active week to a close.
Comedienne Sandy Phillips gyrates through another of her pantomimes.

Naughty Nu Sigs add an exotic wiggle to the strains of "Peter Gunn."
A lone SCI student contemplates the "downward path to wisdom."

Campus Life

Pledges turn up in the oddest "predicament!"
Two thousand fans watched as six records were set and another tied in the 38th running of the TC relays. To the already “beautiful day for the races” was added the beauty of bright-eyed Jan Magel, crowned queen of the event. Teachers’ 440-yard relay team tied the record in that event with a time of :43.1. The freshmen set a record time of 1:31.0 in the 880-yard relay.

See, I told you that was Number 43.
Mother’s Day

And then it was performance night and suddenly the long practice sessions which had meant almost constantly damp hair for weeks beforehand seemed well worth all the work they had taken. The Marlins’ presentation of their precision-swimming show “Postmarked Paree” was excellent entertainment for the visiting mothers and their families during the 1961 Mother’s Day weekend. Because of her daughter, Joy’s outstanding accomplishments and contributions to campus life, Mrs. Russell Tubaugh, Belle Plain, was chosen to reign as Mother of the Day for 1961. She and the other mothers were royally entertained by a round of teas, luncheons and the annual style show.
Spring Activities

At last, winter gave way to spring and then summer. It felt like summer, at least, but there were still the demands of courses to be met, finals to be studied for and term papers to be written. There were those, however, who could find spare hours for the sunbathing courts and others who preferred the exercise of the tennis courts. The temperate weather stirred the Hawaiian Club to plan a Luau, which meant an evening of food, dancing and ukulele music for their group. The rest of us looked hopefully forward to summer.

But Mommy, I can't wait!

This position forces observers to watch the hands.

Was that a tennis ball or a low flying pigeon?
Summer Activities

Fireworks doubled the meaning of the 4th of July in 1961 as the name change of Iowa State Teachers College became effective. Students, interested people and the Cedar Falls Chamber of Commerce helped put up new signs displaying the name State College of Iowa. This highlight of summer activities was only part of the excitement of summer. On campus the students enjoyed the informal atmosphere that comes with summer school. Art classes moved outside and classroom wear became casual. Movies, art exhibits, picnics, tennis, studying on the lawn: all this was summer atmosphere at SCI.
A study in modern art.

Quick-change artists pull a fast job.
A six-day trans-Atlantic cruise, a two-week study session at Oxford, travel through Holland, Germany and Austria, with a study period at Vienna, seven days behind the Iron Curtain, tours of Moscow, Italy, Switzerland and France: what a wonderful way to spend the summer and yet earn college credit. The fifty-two members of the ISTC Social Science Seminar in Europe found that they had much to learn about our neighbors in Western Europe and so took full advantage of the many lectures, tours and sight-seeing opportunities that their trip afforded them. The group, headed by Dr. and Mrs. Louis Bultena and Dr. and Mrs. Howard Jones, on the study tour planned by the Social Science Department, spent ten new-experience-filled weeks in Western Europe. Back in Cedar Falls, Iowa, summer session at ISTC-SCI went on as usual in the warm summer months and there was much to be learned here, too.
Proudly we hail...
Where's a chair? My feet hurt.

Fall Activities

I've been here a week—I wanna go home!
Watch it fellas! You're stretching my necktie.

You don't suppose he forgot us again?

Fall Activities

The re-orientation to campus life was over—the long, lazy days of summer forgotten in the whirl of fall activities on campus. The freshman soon came to feel a part of it all and week-end trips home slowly dwindled as the fall schedule became more and more filled with Panther football games, lectures, meetings, concerts, assignments, coke dates and long walks or bicycle rides on streets lined with brilliant autumn color.

Sigma Alpha Iota actives discuss a skit they are about to present to prospective pledges.
AWS-MU Style Show

Several possibilities for answers to the often perplexing problem of what to wear where were offered to the student body at the fall AWS-MU Style Show held in the Auditorium. Student models showed the latest in appropriate campus wear for dress, sport, and classroom. Men’s suits tended toward simple lines, natural shoulders and rich, warm shades of brown and green, while matching skirts and sweaters and basic slim-lined sheaths remain popular for women. Colleen Shea and Tom Johnson acted as style commentators for the show.
Dad's Day

Dads were guests of the campus for the thirty-first annual Dad's Day and were honored by coffee hours given by residence halls and social groups, special dinners, and an evening football game. Mr. Bruce Farley of Clinton, Iowa, was selected by the Dad's Day Committee to be Dad of the Day on the basis of the achievements of his son, Erik, a senior social science major.

ERIK FARLEY

The Nu Sigs mobilize their forces.

Jim Crowder seems to approve the college choice of Homecoming Queen.

SCI fires up for Homecoming.
Clear blue skies and vibrant autumn colors formed the backdrop for the staging of the first SCI Homecoming. "The SCI's the Limit" was the theme and enthusiasm showed strong from the flaming SCI pep rally to the "SCI-Rocketing" dance. Over 6,500 fans, including Governor Norman Erbe, cheered the team to victory over Augustana and applauded the half-time show in honor of previous ISTC graduates. The Gamma Delta float, "Soaring Spirit of SCI," won first place in the colorful parade. Seated on the throne of the queen's float was the reigning queen Bonnie Van Zandt, a sophomore from Muscatine, who was selected by the student body. Attending the queen were Dee Azeline, Rowan; Gerri Fox, Waterloo; Kay Kaiser, Dubuque, and Barb Schmicher, Cedar Falls.
The coronation climaxes an exciting evening at the AMRH Beauty and Talent Show.

AMRH Beauty and Talent

Gently swaying Spanish moss and graceful white columns furnished a romantic setting for the fourth annual AMRH Beauty Pageant and Talent Show. The sixteen lovely contestants representing each of the houses in the men's residence halls and varied talent entries afforded the audience an entertaining evening. Mary Sue Edgerton of Rockwell City was selected by the panel of judges and crowned by last year's Miss AMRH, Georgia Wiedemeyer Waller.

According to the boys from Carpenter House, "There's Nothing Like a Dame.

Queen Mary Sue flashes a regal smile.
Winter Activities

No sooner does the last golden leaf fall from the last golden tree than the first hesitant snow flake of the year appears on the scene. From then on until some time too much later toward spring, SCI undergoes a period called Winter. This year Winter was made memorable by the Big Snow of February and spiced by occasional snow-balling melees, stalled or buried cars and those invigorating walks up the diagonal walk toward Campbell. Knee-deep in snow surging across campus we tried hard to believe that there is no California.

"We're comin', we're comin', our brave little band . . ."

Because the evergreen trees sheltered the little bird, Jack Frost let them keep their leaves.
This body of individuals performed as one, a part of the SCI tradition.

**Messiah**

Dr. Myron Russell conducts orchestra and chorus in Bach's "Christmas Oratorio" which was presented with the "Messiah."
Christmas

Christmas came suddenly to the campus this year, almost with the first real snow, and just as suddenly everyone found himself engaged in the gay round of pre-Christmas activities on campus. George F. Handel's inspiring "Messiah," the traditional tree lighting ceremony with carillon concert and hot chocolate and caroling in the Commons officially opened the season.

Santa?
Lawther had its Christmas in the Commons one night after the boys had been shooed home.

Carolimg

“Christmas comes but twice a year, once at home and once up here” read the sign on the door and all through that and other residence halls was the gay bustle of decorating, package wrapping, impromptu parties and sometimes maybe even studying, if it was remembered that finals come shortly after Christmas. There were so many things to do — go with that group of children to the Children’s Theater, carol for various community members, decorate the Commons and the lounges and find time to spend sitting in front of a crackling fire chatting with friends and drinking Christmas wassail.

If you concentrate very hard on the mistletoe, perhaps a fair prince will appear beneath it.
Dance

With a fresh sparkling snowfall and the pungent fragrance of wood smoke in the air, couples headed for the Commons ballroom for the annual Christmas Formal whose theme this year was "Roses in the Snow." Mistletoe, roses and pine boughs provided the setting for Preston Love's orchestra, and this year the Twist managed to find its place among the traditional dances.
Dr. Verlin Lee, Emcee, presented Bunny with the queen's bouquet.

Old Gold Week

The application of liquid cement holds the coif securely.

The drive was on. Old Gold salesmen showed up in the most unlikely places; posters sprouted out of all bulletin boards. Both spoke a similar message—Buy your Old Gold this week—or else! And we scraped together enough of last month's allowance and bought. Super-saleswoman, Alice Kuntz, won the sales contest during this active week filled with contests. First came the beauty pageant preliminaries which selected fifteen lovely girls to appear in the finals. And when the big night was over, Brenda Jean (Bunny) Geiger was crowned Old Gold Beauty queen for 1962. Her attendants were Peggy DeShon, Dianne Denk, Vicki Schultz, and Maureen Allison. The Old Gold Popularity favorites were Sandy Phillips, Myrna Spurling, Carroll Englehardt and Barry Geise.
Feminine ingenuity?

Perhaps only one girl knows how this got here and how it disappeared after her stage presentation.
This is for the benefit of any nearsighted people who left their opera glasses at home that night.

Dr. Lee, Emcee of the final pageant, seems to have enjoyed the program.

Pageant director Jim Pettit assists in the presentation of gifts to popularity winners.
Adjustment for the college student is a problem that is overcome without too many battle scars. But for the foreign student it is an even greater problem as our society is completely unfamiliar to him. Here at SCI, foreign students encounter this problem. To help them, a group has been formed called Foreign Students. This informal group meets over cokes and coffee to discuss their college life. They are interested primarily in their education at this school and by meeting together they have the opportunity to discuss American education. They are representatives of the International Education movement which brings thousands of foreign students to the United States for higher education. They are sponsored by Dr. Alden Hanson.

Houshang Bozorgzadeh, table-tennis champ battles between halves of an SCI basketball game.
Four years of struggle and they spelled my name wrong!
Commencement

Approximately 400 ISTC students were awarded their bachelor of arts in education degrees at commencement exercises in June. These were the last of the graduates from ISTC. After receiving their degrees from President Maucker, they went out to teach and continue their learning. The Varsity Men’s Glee Club and Philip Hahn provided music for the occasion.

At summer commencement in August 200 students graduated. The first graduates of the new era received diplomas bearing the name of State College of Iowa. All left with mixed emotions: sadness because of the life they must leave behind and anticipations for the one they face.
Sunset — an interpretation through glass.

Man writes sonnets on the flower's beauty, but the humble bee finds the nectar more to his liking.
So close and yet so far from the bright light of fame and glory.

Be it board, hedge, post or wire, a fence is a fence is a fence.
Maple fingers comb the unruly winds.

Reflections of the finer things of life.
President and Board of Regents
President’s Message

To SCI Students:

Our first year as the State College of Iowa is well under way as I greet you through the Old Gold. What can we say of it?

Three comments seem pertinent:

1. Students whipped up a good deal of general enthusiasm in the fall with practically every event being a “first” (first time as SCI). The weather man and Stan Sheriff and Company helped make Homecoming a near perfect celebration.

2. Crowding was more evident — in large classes, residence halls, and the Commons — as we opened the year with an enrollment in excess of 4,000 for the first time. We all felt the pressure to push for additional facilities.

3. The underlying drive for higher quality of academic performance made itself felt as our general education program, new Honors sections and theme groups, TV instruction, and the proposed honor system of examinations came under scrutiny by staff and students.

Best wishes to you all.

Sincerely yours,

J. W. Maucker,
President
To provide individuals who are professionally competent and socially fit to teach the youth of our state remains the primary objective of State College of Iowa. Dean Lang, Dean of Instruction, by encouraging selection of a competent faculty, creative student body, and dynamic curriculum, contributes to the finest quality of education. Dean Holmes, Associate Dean of Students, helps women students to understand themselves as women, to interpret their roles in society, and to develop their personalities in light of the expectations involved in these roles.

DR. PAUL BENDER
Dean of Students

DR. MAVIS HOLMES
Associate Dean of Students
The office familiar to students gainfully employed on campus as the place to which they flock the first of each month for monetary inspiration is the Business Office. Under the management of Mr. Philip Jennings, this office performs duties of accounting, auditing, reporting, and budgetary control and purchasing for the entire college, including residence halls, food service, laundry, mimeograph and the Physical Plant. Mr. Eldon Cole as Director of the Physical Plant is responsible for much more than cutting the grass, raking the leaves and trimming the shrubs! Areas administered and supervised by the Physical Plant are heating and power plant; various shops; janitorial service; transportation service; campus gardens and grounds; campus policing; building maintenance, repair and remodeling; supervision of new construction. New construction of building and parking lots have expanded the responsibility of this department, now the largest system of full-time employment on campus.
Field Services

Daryl Pendergraft is Director of Field Services. He has supervision of Off Campus Activities, which includes the Extension Service, Placement Bureau, Public School Relations, Alumni Affairs and Radio and Television. He also serves as assistant to the President. Dr. Raymond Schlicher is Director of Extension and Placement. The Placement Bureau provides positions for all graduates of this college. Among Dr. Schlicher’s extension service duties are administration of the car fleet, consultant service, state-wide college extension classes, non-credit local community classes, speaker’s bureau, correspondence study and aid to schools with problems. Ernest Fossum is Assistant Director of Placement. As Public School Relations Counselor, Jack Wielenga visited prospective SCI students at high schools on Prospective Teachers Days. Herbert Hake, Director of Radio and Television, produced radio and television programs in public schools of Iowa and closed circuit television college courses. Milo Lawton, as Director of Alumni Affairs, maintained contact with alumni and administrated the loan fund and scholarships.
Instruction and Research

Dean Lang, as supervisor of the Division of Instruction and Research, has several assistants who work in specific areas of responsibility. The Assistants to the Dean of Instruction are primarily responsible for the development of the curriculum, graduate programs, and the summer session. The Coordinator of Research also serves as an assistant to the Dean. He encourages institutional, faculty and graduate student research. The primary concerns of the Office of the Registrar are the admission, retention and graduation of students. It keeps complete records of student progress, approves advance standing of transfer students, issues transcripts and recommendations, plans class scheduling and handles registration procedures. The Bureau of Research, headed by the Director of Research, is responsible for all group testing programs, such as placement, sophomore and graduate examinations. It also serves instructors in evaluating individual testing. This office conducts research and experimental projects in institutional and administrative problems and directs co-operative research projects with other similar Midwest institutions.
Assistance and consultation for other college offices in problems of public relations and the interpretation of the college to its various publics is the main function of the College Relations Office. As part of this work the office prepares news releases, brochures and photographs for newspapers and radio and TV stations as well as booklets and bulletins addressed to prospective students, public school personnel and alumni. All official college publications are processed under the direction of Mr. Jack Hols, Publications Assistant. These include such publications as the Alumnus magazine, college catalog, summer bulletin, general information bulletin, departmental leaflets, folders and programs. Mr. Hols also serves as advisor of the Old Gold. Mr. George Wine, Sports Information Assistant, and Mrs. Loree Wilson, General News Assistant, report daily news releases to newspapers, radio and TV.
Dr. Paul Kelso, Coordinator of Student Counseling, offers vocational counseling. Through such methods as interest tests, he aids students in re-evaluating their programs. He officially serves as director of the college counseling program, supervisor of the faculty-advisor program for new students, and chairman of orientation activities.

Four major areas involve Mr. Jensen, Assistant to the Dean of Students: student government, guidance and counseling, housing and federal loans. Responsibilities connected with married student housing, off-campus men, Men’s Union and organizations committees, orientation, and revision of the Guidebook accompany his position.

Dr. Harold E. Bernhard, Director of Religious Activities and Professor of Religious Literature, seeks to develop the religious life of the student. He is advisor of the Student Council of Religious Activities; director of conferences and lectures; coordinator of student religious centers; and professor in the Department of Languages, Speech, and Literature, teaching courses in religion.
Health Center

This year the new Student Health Center provided improved services with its laboratory, X-ray room, emergency room, and sixteen-bed hospital.

Dr. S. C. Henn, Medical Director, and Miss Maude Haines, supervisor, headed the staff.

Curriculum Laboratory

Rather than being a "Tom Thumb" library, the Curriculum Laboratory is a workshop for both students and in-service teachers. The Audio-Visual Center is a branch of this office.
Behind the iron bars.
An art show in the making.

Creative minds in action?

Art Department

To expose students to original contemporary works of art and artists is the obligation felt by the Art Department. Films and film strips in classes, exhibitions by students and agencies, special speakers, and television programs are efforts made toward this goal. This year the college's permanent collection of paintings was displayed in the Commons. It is a departmental policy to hire instructors who, besides being vitally concerned with teaching, are creatively active in their subject area. These teacher-producers, in displaying their works competitively, are recognized prominently and have designed building decorations on campus and in surrounding cities.

In conjunction with the change to State College of Iowa, the number of new students and the graduate program have both expanded. Also, a course in Oriental art was added in the spring. The department sponsors Art Club and Kappa Pi, an honorary art fraternity.
Is it possible to find one's identity through work?

Termite paradise

Creature from the Black Lagoon
Industrial Arts Department

The Industrial Arts Department has as its main goal education through practical experiences with tools, processes, and materials which are related to production in modern industry. In carrying out this objective, the Industrial Arts Department together with the Industrial Arts Club and the Majors' Wives Club has enjoyed one of its most successful years. Highlighting this year's program of activities was the winter Industrial Arts Conference which was held January 19-20. The guest speaker was Dr. Raymond H. Larson of the St. Cloud State College, St. Cloud, Minnesota. The conference was followed by a week of student exhibits during which time the public had the opportunity of seeing displays in metal work, electrical work, radio construction and architectural drawing. Two new additions to the Industrial Arts Building this year were the drafting room and the expansion of the metal shop.

This very versatile object can be used for anything from a shepherd's staff to a pogo stick.

DR. HOWARD O. REED
Department Head
The addition of four specialization courses which provided for a non-teaching degree was the main point of interest in the business program this year. Now, for the first time, the department offered such courses as general business, accounting, marketing and secretarial training to those students who do not wish to become business instructors. Students planning to major in business education had the opportunity to take an office education course. The State College of Iowa is one of the few schools in the nation to offer such a course. The Department of Business Education, under the supervision of Dr. Lloyd Douglas, sponsored the Pi Omega Pi and the Future Business Leaders of America.
Dear Mom,

If it's legible, there's something wrong with it.

Home Economics Department

The Home Economics Department provides education concerning the well-being of individuals and families and the values significant in home life. This spring the department, under the supervision of Miss Margaret Sjolander, sponsored a High School Day. Many junior and senior high school students came to the campus to see the home economics exhibit and tour the department. Theta Theta Epsilon and the Ellen Richards Club are sponsored by the department.
Picture a fragrant apple pie with its spicy fruit filling bubbling out onto the golden crust. Its perfectly fluted edges are crisp and brown and the top and bottom crust are flaky and fork-tender. Doesn't it give you the urge to bake one?

Not Dior, but original.

Miss Margaret Sjolander, Department Head
But on the other hand, if the test is put off until Monday you'll spend Sunday night studying.

Education and Psychology Department

This year the Department of Education and Psychology completed several of the research and experimental projects which it had instituted in the past few years. Dr. Nellie Hampton finished her three-year study of the rapid learner. The revised junior high curriculum plan was put into use for the first time this year. In addition to these accomplishments, Dr. A. E. Brown successfully completed his research project on the history of the department. The Education Department was host to the fall Elementary Education Conference and to the Elementary Leaders Conference held in the spring. During the past two summers the U. S. Office of Education sponsored a guidance institute under the direction of Dr. Calvin Daane. The General Psychology Laboratory was new to the department this year. Kappa Delta Pi, Kappa Pi Beta Alpha, Beta Alpha Epsilon, Student Iowa State Education Association, and Elementary Ki were sponsored by the department.
Now where were we before that photographer came in?
Teaching Department

Now that State College of Iowa carries a liberal arts curriculum, the Teaching Department will no longer be meeting all the students before graduation. This department provides student teaching for undergraduates. Opportunities to student teach are open at Fort Dodge, Mason City, Waterloo, Newton, Lab School and the Iowa Braille and Sight Saving School at Vinton. Other duties of the department are to provide education for some six hundred pupils from nursery through twelfth grade, individual and group observation, participation in experiences prior to student teaching, experimentation with new methods and materials, and to furnish personnel for extension work throughout the state. Our school lab tries to keep in the forefront of educational progress so that we can show in practice any forward-looking and sound theories in education. For instance, an extensive program in foreign languages in the elementary grades is being carried on, starting with the third grade.
Music Department

The long-awaited occupation of the newly-constructed one million dollar music building south of the Men's Gym became a reality this spring. Dr. William Latham composed the work for the dedication and Dr. James Hearst of the English Department wrote the words. The department moved in at the beginning of the second semester. Productions this year included "The Messiah," Bach's "Christmas Oratorio," and two operas, "The Telephone" and "The Medium." The department sponsored Marching Band, Orchestra, Concert Band, instrumental ensembles, College Chorus, Varsity Men's Glee Club and a Cappella choir. Also, Sigma Alpha Iota Fraternity for women, Phi Mu Alpha Fraternity for men, and Music Educators National Conference, a professional organization, are sponsored by this department.
The sound of the Noehren.

Polished brass reflects the football heroes.

One Prince Charming . . . coming right up.

This is all Greek to me.

DR. JOHN COWLEY, Acting Department Head
Languages, Speech and Literature Department

Dr. H. W. Reninger, head of the department, has been teaching American literature in India during the year. In his absence, Dr. John Cowley has assumed his responsibilities. Growth of interest in foreign languages continued in the Department of Languages, Speech and Literature this year with the addition of a new French instructor, Mr. Chabert. Four English instructors, Mr. Joseph Bohme, Mr. John Golubowich, Mr. Vernon Harmelink, Mr. Ira Johnson and one speech instructor, Mr. Robert Wesley, joined the department staff. An experiment with the teaching of composition to large groups by means of television and specially trained student assistants has been undertaken this year under the direction of Mr. Ross Jewell. The department continued to sponsor the College Players, Speech Activities Club, English Club and Sigma Alpha Eta, speech correction club.
The taller you grow the better they get.

Rat sounds like cat sounds like hat sounds like sat...

Put a little fun in learning; try cards.
Sometimes a picture is worth a thousand words.

Educational Clinic

Laying a foundation for future learning.

One of the remaining teacher training facilities on our campus is the Educational Clinic. It is a training clinic as opposed to a service clinic through which children having problems receive corrective instruction. Advantages of remedial reading as a lab course, clinical experience in diagnosing and prescribing specialized education for the retarded or gifted child, and student guidance are available to the prospective teacher. Individual testing to college students is also offered.
By the 1962-63 college year, all general mathematics students will be using a new textbook revised by Drs. Trimble, Hamilton and Silvey. With this book students will learn what has been determined about how others learn math. An additional instructor, Dr. Karl Wehner, joined the staff. Dr. G. Gibb conducted a research on the use of special teachers of science and math in fifth and sixth grade. Dr. Hamilton also kept studies of student comprehension and morale in larger and smaller size classes. In general he found little difference in the amount of learning. Instructors of large television classes provided help sessions for individual work. Several national journals edited by members of the math department included the *Arithmetic Teacher*, *The Pentagonal*, and *School Science and Mathematics*. The Math Club, which is the oldest departmental club on campus, and Kappa Mu Epsilon, honorary fraternity, are sponsored by this department.
One box divided into four equal parts equals one box divided into four equal parts.

Science Department

This year the Science Department had a noticeable increase in enrollees of the junior and senior classes. Physical chemistry was added to the curriculum with the change from Iowa State Teachers College to State College of Iowa. The fourth Academic Year Institute for high school teachers of math and science was held. It was sponsored by the National Science Foundation. The Annual Northeast Iowa Science Fair was held in April. Last summer, the department, together with the State Conservation Department, co-sponsored the Iowa Teachers' Conservation Camp. Several television and radio programs were produced, including Dr. Verlin Lee's "Let's Explore Science" over WOI-TV, the weekly "Science Forum," and Dr. Abbot's "Everyday Science." Beta Beta Beta, honorary biology fraternity, and Lambda Delta Lambda, honorary physical science fraternity, are sponsored by the department.
Four, three, two, one...

To focus in an air bubble just right takes real skill.

DR. CLIFFORD G. McCOLLUM, Department Head
Is it my fault someone forgot to stamp that book?
Library Science Department

Unknown to many students, the term "library" refers not to just one department, but to two very distinct departments—the library itself and the Department of Library Science, located in the library. The division between the two terms was made eight years ago, and classes are now held in the library. The Library Science Department has many hopes for the near future. Among these are a graduate program and a new library building which is to be completed in the fall of 1962. According to Dr. Rod, Head Librarian, plans for the new million and a half dollar building have taken up most efforts of the committee, consisting of both faculty and students. This building has the best new plans possible and will be in the heart of the campus in an area bounded by Wright Hall and the Women's Gym. Ground for the new library was broken in the spring. The Library Science Department sponsors Alpha Beta Alpha which is a national undergraduate fraternity for library science majors.

There is always someone in the crowd who can't resist adding his two cents worth to a printed sign.

Would all those who are sleeping in class please rise.
Due to the addition of a liberal arts program, the Social Science Department now offers three non-teaching majors: one in the broad area of social science, one in geography, and one in history. The department hopes to soon develop a sixth-year program. The department believes that the study of the social sciences—man, his environment, and his society—makes one a better citizen and a richer individual. The department also deals with problems presented by the natural and physical sciences and teaches the student to solve, or at least to live with, such problems. It sponsors an honor society, Phi Gamma Mu, joins with other college departments in bringing to the campus the All-College Conference on International Affairs, supports the International Relations Club and provides study tours in this hemisphere and on the European continent.
Men's Physical Education Department

In their program the Men's Physical Education Department stresses the importance of physical fitness in everyday life. The Physical Education program consisted not only of training Physical Education instructors and coaches but also of arranging activities for all men students, including a program for the handicapped, the intramural program, and the athletic program. Historically, the sports previously offered were fundamental sports such as football, basketball, baseball and track. Now, the emphasis is upon a broader field of recreation activity useful to the individual throughout his life. The major and minor in this field presents the whys, hows and the whats of physical education. In the future, the department hopes to have a graduate program. In addition to the varsity teams, the "I" Club comes under the direction of this department.
Makes being a petite junior a priceless asset.

I think I can!

Many students do not realize the interesting historical background concerning the Women's Physical Education Building. It was built in 1903 and contained the first swimming pool west of the Mississippi River. The first gym classes were held in the basement of the Administration Building and were taught by an instructor of English and physics. Both men's and women's classes were held in the same building until 1928. For the added convenience of our students, the locker rooms and shower facilities were completely remodeled this summer.

The purpose of the Women's Physical Education Department is threefold: preparing Physical Education majors, preparing elementary teachers for physical education activities, and meeting the four semester activity requirement for all girls. The department sponsors Physical Education Club, Marlins, Orchestra, and the Women's Recreational Association.
"It only hurts for a little while."

Women's Physical Education Department

I'm wet — now what?

DR. JEAN BONTZ, Department Head
Purple Key

Twenty-eight members of the graduating class of 1962 earned the honor of Purple Key Recognition. These people have been outstanding in scholarship, leadership and extra-curricular activities during their years at SCI. To be eligible for the highest award an SCI student can receive, it is necessary to have a cumulative grade-point of no less than 2.6. The Student League Board established the fraternity in 1952. Not pictured are Barbara Mann and Cecil Shaw.
The "Pirates of Penzance"... a delightful, zany production!

Jerome Hines... "leading basso of the Metropolitan Opera Company" gives a magnificent performance.

With a massive guitar and the varied richness of her voice, Odetta captivates.
Lecture Concert Series

Cosmopolitan New York is far distant, but SCI does bring culture to this area of landlocked Iowa through the scintillating Lecture-Concert Series. Dr. Howard Jones, chairman of the Lecture Concert Committee, is at least the fourth person to inherit the directorship of this some twenty-year-old SCI fine arts promotion. Working with Dr. Jones in the selection of entertainment are Mr. Stanley Wood and four students appointed to the Student League Board. Out of a budget of $16,000, four to five brilliant selections are offered in a season. In the past, each attraction had a one-night stand. Due to the auditorium’s small seating capacity and to the greater number of culture mongers, the committee set a precedent this year by extending each performance to two evenings. Because of this addition, Dr. Jones is confident that next year’s sale of season tickets will reach a pleasurable high and all SCI culture patrons will be easily accommodated and placated.

Michael MacLiamoor lectured on Oscar Wilde.

To further oriental-occidental relationship, many of the Ceylonese dancers were entertained in local homes.
The North stood waiting while the South continued its aura of aristocracy.

Don't worry, the John Birch society will never succeed.

Plays

Bernard Shaw's comedy, "Candida," came to life amidst an authentically created Victorian parlor scene. The eternal triangle comprised of the Rev. Morrell, his wife, Candida, and her young poet admirer is finally resolved when Candida declares that "She will love the man who needs her most—her husband."

"From a hundred visions I make one"... Stephen Benet's words describe the Pulitzer Prize winning lyric production of his epic poem, "John Brown's Body." A panorama of the Civil War, Harper's Ferry to General Lee's surrender, the scenes are of the great and the common people caught in this struggle—all touched somehow, somewhere by this great war.
Between Two Thieves . . . an unusual combination of intellect and emotion.

With an air of startling truth, the play re-examines the trial of Jesus by present-day court.
An excellent production of Menotti's strangely beautiful and chilling opera.

**Opera and Childrens Theater**

The seance that backfired was the startling, suspenseful topic of "The Medium," a short opera presented in "An Evening with Menotti." In a lighter vein, "The Telephone" portrayed the trials of a young man unable to make a proposal of marriage because of the telephone's constant interruption.

The annual Children's Theater production was "The Princess and the Swineherd." The adult members of the audience became children again as they enjoyed the story through the eyes of the children around them.
"The traditional Children's Theatre is the gift of SCI students to the children in the Cedar Falls area," said Stanley Wood.

The children rapturously watched the good Prince Dominic, who scorned artificiality, pose as a lowly swineherd in order to teach his bride-to-be the necessity of humility.

Gee, he makes me feel funny!
Dimensions In Jazz

You and I are losing ourselves in darkness. The darkness vibrates under the hypnotizing swish of brushes across taut skins; this is the pulse. A throaty wail of an alto sax breathes life into the air, heavy with the staleness of a jammed audience.

It’s spontaneous, restless, wistful, poignant, rhythmic, brassy, racy blues, a little bitter around the edges, maybe. You can play it hot, lukewarm, or cool . . . and it’s called JAZZ.

SCI’s got JAZZ . . . the 13th annual Phi Mu Alpha JAZZ Concert—re-established this fact on November 20th and 21st. SCI’s JAZZ-MANIA began in 1950 and this yearly fling has been covered in Down Beat, Cosmopolitan, Mademoiselle, and Playboy. This year Buddy De Franco, “top world JAZZ clarinetist,” filled the bill in the roles of a carelessly casual MC and as a dizzy fingered, brilliant guest soloist. Most of this year’s numbers were either arranged or composed by SCI graduates or students.
Tiny Nancy Hammond, a former SCI student who is now professional, was a featured soloist. A nice relaxer came from Rod Mitchell, an SCI footballer who also sings professionally. A sophisticated, close-harmony vocal quintet gave the dash of spice.

SCI’s got JAZZ and it’s not difficult to understand why. JAZZ reflects us... the massiveness, chaos, conflict, frantic pace and fragmentary nature of our lives. A Jazzman squeezes loneliness out of a horn and that loneliness is often an echo of ourselves.
The scene behind the scene.

If they'd let us use nails in the first place we wouldn't have to rehang these things.

Did you vote on the dress code.
This dance was probably invented by some poor sap that couldn't keep a hula hoop up.

Commons

The social, recreational and cultural center of SCI is the Commons, which houses the dining rooms, the ballroom, several lounges and the fountain room. The remodeled mezzanine and additional hours for the fountain room have given the local proprietors a run for the student's shekels.

Activities sponsored by the Commons Program Committee throughout the year included formal and informal dances, movies, All-College Forums, art exhibits and concert previews. There has been a gradual change in the Commons' program during the last few years from the idea that the Commons is to provide only fun to the idea that it is to be used for intellectual enjoyment. This is shown in its innovations, among which is the new "Book of the Year" program.

Miriam Makeba appeared on the first Commons Concert of the season.
Miss Norma M. Prehm, left, was director of Bartlett, and Miss Joan Meyer was assistant director.

Homecoming spirit even invades a Bartlett smoker.

OFFICERS

President . . . . . RUTH MILLER
Vice-President . . . . BARBARA HIRONAKA
Secretary . . . . . JANEANE TJADEN
AWS Representative . . MARY KAY GEORGE
It's a good thing fellas aren't allowed at corridor meetings.

Bartlett Hall

The oldest but liveliest dormitory on campus is Bartlett Hall for freshman women. These proselyte women's activities included feverish ping-pong tournaments, dances with various houses in the men's dormitories and gala pajama parties. One off-beat party was the "D-letter Party" in which the corridor with the most D-letters was host to the corridor with the fewest.

Elections were held during the winter and installations of officers took place during the latter part of January. Prior to this time, counselors acted as dorm and social regulations officers.

The enterprising dormsters also launched social service projects such as sending Christmas cards to homes for the aged and entertaining at a convalescent home.
Campbell Hall

Where Campbell Hall is . . . isn't where the boys are. Most of the young women wouldn't give up their "hall of gracious living" just to wine and dine in the Commons with the gentlemen, anyway. Each cool room harbors a telephone, spacious built-in closets and drawers. One can converse or wait in a large, serene main lounge. A charming patio also adds to the refined setting.

Comfortable TV and recreation rooms and family style dinners are features of Campbell. The women, besides being allowed personal dinner guests, often are hostesses to the faculty, foreign students and Bartlett counselors.

During the year, Campbell Hall is the scene of vivid activity, industrious racket and gaiety . . . where plans are plotted for Homecoming decorations, the Wassail, Halloween parties and exchanges with different houses in the men's dorms.

Christmas dinner at Campbell was by candlelight, or when the flame reached the decorations, torchlight.
OFFICERS

President . . . . . Chris Swanson
Vice-president . . . . Ginny Gunderson
Secretary . . . . . Jan Van Sant
AWS Representative . . . . Carol Kelly

One of the conveniences of Campbell is a private phone.

Miss Ruth Jones, left, was assistant director of Campbell and Miss Barbara Elsbury was director.
Miss Carol Nemitz, left, was director of Lawther Hall and Miss Shirley Martinson was assistant director.

This is a short-cut to the music buildings, at least for the girls of Lawther.

OFFICERS

President . . . . . . Judy Leggett
Vice-president . . . . . Pat Watson
Secretary . . . . . . Jean Meyers
AWS Representative . . . . Veta Smith
Lawther Hall

Worry-wart mothers should be consoled that their daughters are very safe living in Lawther Hall... if there is safety in numbers, Lawther is the safest place on campus. Due to the crammed conditions in the other girls' dorms, Lawther is now a sanctuary for both sophomore and junior girls. For leisure, Lawther holds a recreation room and several lounges. The novelty of a new stereo and discs often results in the music's being "above the pitch, out of tune, and off the hinges." The social agenda this year included residence hall dinners, mixers with various men's houses, numerous coffee klatches and robe-de-chamber parties. A visit to a children's hospital was a highlighting social service project for the Lawtherites.
Baker Hall

The bombastic boys of each house of Baker Hall are governed by a head resident and a governing board. The houses are united through the AMRH senate which also sponsors an annual girlie show. The men had many highlights during the year, besides the AMRH beauty and talent show. There were assorted house parties, exchanges with the women’s dormitories, coffee hours and the annual Public Relations Day. A study group was organized and a new dorm library stimulated the process of raising grade points. The men in the dorm also participated in the program which included such sports as football, basketball, softball and shower-squirting.

Look sharp, feel sharp, be sharp. Ouch!

Cecil Shaw, left, was senior head resident and Lowe MacLean was director of the men's residence halls.
Fred Swartz was the graduate resident advisor to the men of Regent's Hall.

While Regents was being finished, fifty men lived in its recreation room.
Sometimes one has the feeling that one has no privacy at all.

Regents Hall

Regents, the sleekest, newest flop-house on campus, now houses the displaced cellar-dwellers of Stadium. Each of the eight houses has its own den equipped with such exotic equipment as lounging chairs and card tables. Billiards, pool and ping-pong may be played in an enormous recreation room which also doubles as a TV room. Regents boasts a handy new parking area for the expanding number of heaps, crates and limousines. Mixers, movies, and social service projects sponsored by Regents all contribute to Joe College's sagacity.

College Courts & Sunset Village

Providing homes for the harried married students and their families is Sunset Village, composed of seventy-two quonset and barrack-type domiciles and College Courts, consisting of twenty-four well-constructed cement block duplexes. The two housing units work together planning their party activities. The annual Christmas party was attended by over two hundred children whose parents live in either the Village or Courts. Other festivities were a spring dance and a picnic. Government for these married students is provided by a village council which serves as an intermediary between the college and the two housing units. One of the main activities of the council was the repair and maintenance of the playground equipment.

COLLEGE COURTS COUNCIL
Oh-oh, peace and quiet. Can't keep this up!

OFFICERS
President  .  .  .  Duane Campbell.
Vice-president .  .  .  John Regnier.
Student League Board

JALAA DOMER, President

Student League Board is the highest student governmental body on the SCI campus. It is composed of three executive officers, the presidents of AWS, MU, and the housing units as well as five chairman of the standing committees. The meetings, which are held twice monthly, are open to any member of the student body who is interested in student government and wishes to voice his opinion. Committees are set up which look into the various problems proposed at SLB meetings and report their findings to the board. The standing committees plan such school-wide activities as Homecoming, Dad’s Day, Mother’s Day, movies, dances and forums. Relations between the student body and the faculty are maintained by another standing committee.
COMMONS PROGRAMS COUNCIL

ORGANIZATIONS COMMITTEE
Men's Union

JOHN SHANNON, President

Men's Union was organized for the manifold purpose of enriching the lives of all the men students of SCI through the giving of assistance, information and opportunities for social pleasure.

To accomplish one aspect of this purpose, MU has sponsored a program to inform the men students of this college of their military obligations. Co-sponsoring with AWS on "Sex Education in the College" was another of the organization's activities.

Further activities of the Men's Union were a combo night and the rendition of a new and better system for students to find rides or riders. The association was able to obtain permission to have the men's gym open on Saturday mornings and to refurbish the Off-Campus Men's Lounge.
Association of Men's Residence Halls

The Association of Men's Residence Halls is the representative body for all men living in residence halls on the SCI campus. AMRH works to provide for social as well as recreational growth of the men included in its membership. Through this group on-campus men obtain a chance to voice their opinions in the campus government.

The AMRH Senate is composed of the executive officers, the members of four standing committees and the president of each house. This year, with the addition of Regents Hall, the number of house presidents has increased from eleven to fifteen.

Every year each house chooses a girl to represent it in the AMRH Beauty Pageant. Miss AMRH is chosen for her beauty and poise by judges from Waterloo and Cedar Falls.

RODNEY DIXON, President

The purpose of Associated Women Students is to provide effective self-government for all women at SCI, to provide opportunities for social and intellectual development, and to promote unity among AWS members and within the entire college community.

The organization sponsored many activities during the year. In the Fall, AWS, with the help of the women's honoraries, held a candlelight ceremony for all freshmen and transfer girls to initiate them into AWS. They also sponsored the AWS Tea and a trip to view Mantovani in Des Moines.

AWS co-sponsored several activities with Men's Union, including the MU-AWS Style Show for freshmen students and a convocation.

During the Spring AWS held a training session for all women who served organizations of the campus as officers. They also sponsored the Women Pay All Week and Women's Day.
Students in the Cedar Falls-Waterloo area who do not live in the college dormitories are represented in student government by the organizations known as Off-Campus Women and Off-Campus Men. Through these groups an attempt is made to stimulate a greater interest among off-campus students in campus activities and to serve as a coordinating body with the on-campus students. The officers of Off-Campus Men were not able to be present when this picture was taken.

Row 1: Barbara Schmicher, Pat Shannon. Row 2: Carol Van Deventer, Faith Meisner.

Counselors and Guides
Board of Control of Student Publications

The Board of Control of Student Publications is the governing department for all student publications on the SCI campus. This controlling body selects the staff for the College Eye and Old Gold each year. The controlling board sees that these two student publications function adequately. Student representatives fulfill the necessity of liaison between the publications staffs and board. Student members of the publications board included John Peterson, Andrea Zeck, Dick Worm and John Engel. Faculty members affiliated with the board were George Holmes, James Bailey, David Delafield and Francis Smith.

Board of Control of Student Broadcasting

The student radio station, KYTC, is governed by the Board of Control of Student Broadcasting. This controlling board makes the appointments for the executive staff of the radio station and acts as a regulator for the station in regard to funds and program selection. The controlling board also acts as a policy determiner for KYTC. Student members on the board this year were Jim Pratt, Bill Kortemeyer and Darrell Wheaton. Faculty members included Herbert Hake, James Bailey and Ray Mataia. Mr. Hake is the permanent chairman of the organization. The Station Manager, Carl Jenkins, chosen by the board, also attended meetings.
“If it’s on campus, it’s on KYTC!” is the motto of the student radio station, KYTC. The station carried out this slogan with a wide variety of programs by offering complete coverage of all SCI football games, both home and away, with the aid of KXEL in Waterloo. The initiation of an open air policy meant free time to publicize all coming events which various clubs, organizations, or committees may have planned for the future. Other features offered by the student radio station were top name recording artists, live, weekly jam sessions and some drama productions. An expanded staff enabled KYTC to provide more and better coverage of newsworthy campus activities. Various weekly programs included “The Speaker’s Choice,” a program of talks on subjects of interest; “Campus Sports”; “The Jazz Showcase” and “Show Time.” During the year KYTC worked to present more original programming and more listening hours.

KYTC boasts lady engineers.
Every Friday morning the results of a hard week's work reach a climax as the College Eye is distributed. The newspaper contains news about current activities that are of interest to the students. Approximately thirty college students gather, write and publish the news of the campus. The editorial page is always kept lively by various views and controversies presented each week. The sports section is very complete and keeps the students who did not get to the games informed on their teams' progress. Advertisements from Cedar Falls and Waterloo business establishments help to pay for some of the costs of publishing the weekly newspaper. The Eye staff is quite proud of the fact that both semesters last year the College Eye earned a Class I rating from Associated Collegiate Press. Connie Stimpson was editor of the newspaper. All in all, the College Eye is a beneficial addition to the student body, the faculty and the entire college.
Maneuvering type for a long period of time as Roger and Connie have, teaches one to read rapidly upside down, at least.

The weekly theses of news editor Joy Drennen are popular reading with her reporters.

The approach of spring aroused varied emotions in SCI students: relief at the passing of winter, dread at impending final exams and joy at the arrival of the diary of their school year, the Old Gold.

This publication gives recognition to a number of worthy campus organizations and teams, but to one team in particular it represents not only a treasured album of achievements and fun, but an embodiment of hours of hard labor. Photographers with loaded cameras dashing to darkrooms from vital performances and games, copywriters collecting the facts and highlights to be molded into captions and headlines to submit to the editors for editing and layout—these are the roles and goals of editor Ilajean Hewicker and her team—the Old Gold staff.

Highlighting the Old Gold year, Old Gold Week found staff members waging a final sales campaign. The week culminated in the festivities of the Old Gold Popularity Contest and the Old Gold Beauty Pageant.

Determination triumphs over machine and curfew.

Why didn't I just stay home?
A Capella Choir

The Tree Lighting Ceremony December 5 was the first appearance of the A Cappella Choir this year on the SCI campus. They appeared previously at the MENC meeting in Des Moines at Thanksgiving. The choir also participated in the annual presentation of the “Messiah” in December. Another activity of this choral group was the annual tour to various Iowa towns in the latter part of February. On their return, they presented their yearly concert and appeared in the spring music festival.

The mixed choir is composed of approximately fifty to sixty members and is directed by Charles Matheson. The group is proud of its new appearance . . . new burnished gold robes for daytime use and formal evening dress of black floor length gowns and tuxedos.
Mixed Chorus

The members of the Mixed Chorus were busy all fall working diligently on the oratorios for the yearly presentation of the "Messiah" which they performed at Christmas time with other musical groups including Women's Chorus, A Cappella Choir and Symphony Orchestra. Following the December performance, the group met to practice on the music for their performance in the annual spring festival of the Music Department. During the year, Mixed Chorus met once a week to work on their music. The group is directed by John Mitchell of the Music Department. It is open especially to the members of the student body who enjoy singing in choruses, but who are not majoring in music.
Chapel Choir

Chapel Choir was organized to give pleasure and stimulation and to provide a challenge for the chapel congregation to become interested in beneficial music. The group sang weekly for the Chapel Service at the College Hill Interdenominational Church. Dr. David Bluhm officiated at this Sunday morning service. Another function of the choir was to provide music for the Baccalaureate service in the spring. Approximately fifteen to twenty students composed Chapel Choir this year. The group was under the supervision and direction of Miss Jane Mauck during the first semester. Mr. Philip Hahn directed the group second semester.

Performing at the annual "Messiah" along with A Cappella Choir, College Chorus and Symphony Orchestra was the first important activity of the Women’s Chorus in the 1961-62 school year. They were seen by residents of this area when they appeared again this year on television with their special Christmas performance. A concert in the spring was another major activity of the year in which the members of Women’s Chorus participated. The group met once a week during the year to work on varied pieces of music for their presentations. The group worked under the capable directorship of Miss Jane Mauck during the first semester. One credit hour a year is given to the women who participate in this group for the entire year.
Varsity Men's Glee Club

The newest singing organization on the SCI campus, Varsity Men's Glee Club, is in its second year. Among their performances were appearances in the Homecoming Varieties Show and the faculty dance in January. Varsity Men's Glee Club presents an opportunity for the men on campus who have an interest in music but who are not music majors, and can carry a tune, to have their own musical group. The group, organized and directed by Les Hale, has increased its membership and has acquired a new appearance this year by the purchase of blazers.
SCl spectators attending the Dad's Day home football game saw a smart Marching Band breeze onto the field at the half. The band tooled and blew its way through a series of sparkling half routines and then through a parade on Homecoming Day. On annual Band Day, the members of the Marching Band played hosts and guide to numerous high school marching bands from the area. Everybody loves a parade, but the Band Day's march was shortened due to rain. Later in the football season, the band made the mad migration to Des Moines for the Drake game. Our President Maucker honored the organization at the annual Band Dinner. Don Wendt directs this group of colorful brass players. High stepping it out in front are Jim Crowder as drum major and saucy Bonnie Dostal.
Concert Band

February snows forced the Concert Band to postpone its annual college concert in the absence of Mr. Karl Holvik, director, and Sigurd and Karin Rascher, guest soloists, who were snowed out of the Cedar Falls-Waterloo area.

The annual Iowa tour was not hampered by the snows and concerts were played at Belle Plaine, Fairfield, Marion, Millersburg, Monticello, Mt. Pleasant, Ottumwa, Tipton and Washington.

Other events the concert band participated in were the Tall Corn Music Conference and the spring music festival.

Dr. Myron E. Russell's hands raise, the audience hushes and the fifty musicians are poised as one. The conductor's hands drop slightly . . . and suddenly, out of the pulseless void, the SCI Symphony Orchestra and its leader create a lush, vibrant, melodic concinnity. The SCI Symphony is composed of both students and faculty members and has as its basic aim to perform the best in music literature. This year's agenda included a fall concert and participation in the sumptuous "Messiah." The winter season passed with more music . . . another concert and two operas. Spring climaxed the year for the SCI Symphony Orchestra when, in a final performance, student soloists made their bow to the art world.
FAVORITES
“Bunny, you will wear a crown that represents one of the most friendly student bodies I have met and because of this, wear your crown with the highest honor, the deepest pride and the biggest smile because you are their queen!” These were the parting words of 1961 Old Gold Beauty Queen Miss Dee Azeltine as she relinquished her reign to Miss Brenda Jean Geiger, 1962 Beauty Queen. Bunny and fifty-seven other girls competed for this title in two beauty pageants where beauty and poise were of chief importance to a panel of distinguished judges. On announcement of the winner, tearful Bunny was accompanied down the ramp by the applause of the crowd.

Dan Boals puts that extra punch in every step.
Panthers Share Football Title

SCI's Panthers finished the 1961 football season sharing the North Central Conference title. The Panthers led the league up to the last game when South Dakota came from nowhere to grab a share of the crown by beating SCI 36-12. The only other loss SCI had was 21-6 by rival Drake University. This defeat snapped the Panthers' regular season winning streak at 13 games, five more games than the longest previous string by the 1927 SCI team. The Panthers outscored all other opponents, 218-61, shutting out Mankato State and North Dakota State and holding three other teams to one touchdown each. 6,500 fans saw SCI beat Augustana to highlight homecoming activities, and a Dad's Day crowd of 6,000 turned out for the evening game with North Dakota. The major migration of the season was to the Drake game, and many fans followed the Panthers to South Dakota State as spectator interest remained high. Graduating seniors on the football squad were Wendell Williams, Al Sonnenberg, John Raffensperger, Howard Becker, Gary Wilcox, Hurley Hanley, Carl Bowman, Bob Crane, Gene Doyle, Bob Andrews, and Ken Kroemer.

Coach Stan Sheriff advises quarterback Dave Cox on the finer points of the game.
Boals, Cox Set Records

Dan Boals led the rushing department and Dave Cox took charge of passing as the Panthers set and tied many records this season. Boals charged 1003 yards to set a new SCI record in rushing yardage. His 738 yards in league play set a North Central Conference record, but he fell five points short of the scoring record. Dan’s place-kicking in the Morningside game let him tie the school record of five conversions in one game. The team record for rushing yardage set in 1946 also fell this season when the Panthers’ offense totaled 2276 yards. Cox tossed four touchdown passes in the opening game against Bradley to tie Ralph Capitani’s individual and team record. Dave toppled another Capitani mark by passing for 14 touchdowns during the season. Fifteen touchdown passes this season were good for a new team record in this department.
The Panther attack!

Peppy the Panther and the cheerleaders fire up the crowd as they dance to a tune by the band.
Williams Named All-America

SCI's Wendell Williams and Dan Boals earned national recognition by the Associated Press for the 1961 season. Williams was named first team guard on the Little All-America team, and Boals was given honorable mention.

Williams called defensive signals for the Panthers in his third season as a starter. He and Boals were two of SCI's co-captains for 1961. Williams was a first team selection on the All-North Central Conference team both in 1960 and 1961.

Boals, a junior, also was named first team all-NCC in 1961. He completed the season ranked second in rushing on the NCAA small-college standings and first in the conference.

The Freshman football team easily won its first two games and came from behind to win a third for an undefeated season. Dick Oliphant and Dave Stead led the passing attack in the first two games, while Phil Minnick was the leading ground-gainer.

Standouts on defense were Dennis Bahr, Paul Krommenhoek, Dennis Mullen and Rod Mitchell.

Sid Sickels moved from an end position to fullback to rush 133 yards and score two touchdowns against the Mankato State freshmen. Ray Shipanik’s kick after the first touchdown was the difference in the victory that yielded an unbeaten season for Coach Warren Hansen’s freshmen.

*Tall Corn Tournament  
‡NCC Playoff  
**NCAA Regional Tournament

Pete Spoden shows the jumping form that brought him the conference rebounding title.
SCI Ties Augie In Basketball Race

The North Central Conference championship and a bid to the NCAA regional basketball tournament completed coach Norm Stewart’s first year as SCI head basketball coach. After winning the first four games and the Tall Corn Tournament, the Panthers dropped their three opening conference games. Not until SCI met Augustana nine games later did the Panthers lose again. SCI finished the rest of the conference schedule without a defeat to finish in a tie for first place with Augustana. In the playoff game to decide the conference representative to the NCAA regional tournament, SCI beat Augustana, 81-78. The Panthers won their first game in the regional, but their busy schedule told on them as they dropped the final round game to Nebraska Wesleyan by one point. The season’s record, 19 wins and 5 losses, held the most victories ever scored by a Panther basketball team in one season.

Coach Norm Stewart prepares Dick Christy for the game.

Spoden, Holbrook
Pace Panthers

Jerry Holbrook and Pete Spoden earned honorable mention on the Associated Press All-America team. Both were named to the All-Tall Corn tournament team along with Bob McCool, and Spoden was named the tournament's most valuable player. Holbrook and Spoden also placed on the All-NCAA regional tournament team, with Spoden again winning the most valuable player award. Spoden, Holbrook and Bob Waller were selected for the All-NCC team.

Spoden grabbed 178 rebounds in NCC play for first place, while Holbrook's .828 captured the free throw shooting crown. Spoden's 486 points and 189 field goals won him SCI records. In his three-year career, Holbrook scored 1,045 points for another SCI record. Holbrook, Spoden, and Bob Waller became the first three players on an SCI team to score over 300 points each in one season.

A wide stance and sharp elbows help Pete Spoden get at the basket.
Paul Balcom leaves the Loras defenders flat-footed as he helps SCI win.
Jerry Holbrook takes his favorite shot at Morningside.

SCI Offense Tops NCC

Three Loras cagers can't stop Bob Waller as he breaks through for the shot.

Paul Balcom deflects a Morningside player to grab his rebound.
Freshmen Post
Winning Record

Herb Justmann waits for the rebound as Dick Lowe drives for a layup.

Coach Mon Whitford’s freshman basketball squad had a tough schedule, but it earned a respectable 7-5 record. Iowa Junior College champ, Creston, won two games from the Junior Panthers; Waterloo’s Titus Airfoils, runnerup in the State AAU Tourney, took one and the freshmen from Drake of the Missouri Valley Conference, won another. SCI freshmen split a pair of tight games with the Wartburg freshmen, neither one winning at home.

Top scorer for SCI freshmen this year was Herb Justmann with 182 points. Dick Lowe was second with 172, and Ron Jessen scored 165 points for third high. Dennis Przychodzin and Dave Rowray rounded out the top five after Dick Savage and Larry Dusanek became eligible for varsity competition.

The Panthers managed only five wins against nine losses in what Coach Bill Koll termed "the toughest schedule in the nation." But SCI was impressive in the quadrangular meet at the University of Minnesota as Frank Freeman, Dave Jensen and Bob Stevens won titles in competition with Iowa State, South Dakota State and Minnesota. Jim Sanford and Bill Dotson followed the pattern by taking individual championships on the home mat in the SCI invitational tournament.

Injuries became fatal to the Panthers early in dual competition when Freeman and Stevens were sidelined with injuries after winning in the first meets. Coach Koll juggled the lineups, trying to find winning combinations among the reserves, but the Panthers lost to two Big Ten schools and dropped meets to three more schools on a rugged road trip West.

Jensen and Don Wilson were instrumental in securing the victory by beating tough opponents of Mankato State. Freeman rejoined the team for the Iowa State meet and scored a decision as did Dotson when he wrestled twenty pounds overweight at 167. Jensen drew 5-5 in his match, but no other Panthers could put together points in front of the sizable number of fans from both Iowa schools. The top effort of the year came when the Panthers met the Cowpokes of Oklahoma State before an enthusiastic home crowd. SCI lost the battle, 19-7, but the number one team in the nation had to fight for their victory as they met an inspired Panther squad.
Grapplers Rank High In Tourneys

Bill Dotson nears a pin while referee tries to make a decision.
SCI Finishes Strong

The tough competition SCI faced in the regular season paid off in the NCAA tournament as the Panthers ranked fifth, their best showing since 1953. Frank Freeman took second at 123 pounds, Bill Dotson was runner-up at 137 and Dave Jensen picked up fourth place among 130 pounders. Freeman lost, 7-4, to Oklahoma State's Masaaki Hatta, who had beaten Freeman in a dual meet this season. Dotson lost to his opponent, Bill Carter of Oklahoma, 6-4, in the final minute. After wrestling to a 4-4 tie in regulation time, Jensen bowed out in a 3-0 overtime.

SCI maintained its domination of North Central Conference wrestling by winning six titles and placing second in two more divisions. Jensen, Freeman, Dotson, Jim Sanford, Don Wilson and Bob Stevens won their final round matches, while Wayne Cormack and Wendell Williams got second place honors. Jensen was named outstanding wrestler of the tournament.

*North Central Conference
**Conference Play-off
†NCAA District Five Play-off
Panther Nine Rules League

The ISTC baseball team captured their second North Central Conference baseball championship in four seasons in 1961. The 1961 Panthers were 7-0 in conference play as they swept North Dakota University in the play-offs for the crown. TC’s offense totalled 59 runs against 10 runs gained by conference opponents. The Cedar Falls nine led the league in hitting with a .333 average and in fielding with a .969 average.

Pitcher Ed Watt, First Baseman Larry Kehoe, shortstop Ed Ware, and outfielders Jim Steiert and Lyle Thomson all were named to the All-North Central Conference baseball team. Norm Blake, Dave Ray, Darrell Bunge and Jack Heaton gained honorable mention. Kehoe led the league in batting with a .588 conference play average, led in RBI’s with eight and tied for first in home runs with teammates Watt, Ware and Steiert, each slamming two. Panther pitchers Watt and Ray each had 2-0 records for a second place tie in the league, followed by Bunge in fourth place with one victory. Both Watt and Bunge had 0.00 earned run averages in league play.
Panthers
Double-up
Visitors

A visiting baserunner pounds the path to second as Norm Blake laughs off the "threat" and throws to ... L. W. (Mon) Whitford, in his 35th year at ISTC, produced a Panther baseball team with an impressive record of 11 wins and four defeats. The 4-4 non-conference record included two defeats at the hands of Oklahoma State in the NCAA District Five play-offs. ISTC was an at-large representative in the best-of-three series against the Big Eight school. The winner gained a berth in the College World Series.

This season Panthers slugged out a .291 batting average and defensively they produced a .950 fielding average. Lyle Thomson led the team in hitting with .421, followed by Larry Kehoe at .415. Darrell Bunge led the pitchers with a 3-0 record, but Ed Watt with a 5-1 record posted a 1.98 ERA to top the Panthers in that department. Dave Ray pitched the Panthers to three victories and two defeats.

... Panther Larry Kehoe, standing alone at first with the base coach, who poses no threat at all.
The Panther bench takes the game seriously in a successful season in which they gained a berth in the district five NCAA play-offs. Some of the leading players pondering the situation are, from left: Ed Watt, Larry Kehoe, Dennis Olejniczak, Jerry Holbrook, and Dave Cox.

**Track**
Trackmen Undefeated In Dual Meets

Coach Art Dickinson's trackmen won all four of their dual meets and all three of their triangulars in the 1961 track season. The Panthers finished first in the Iowa College Indoor Relays and showed well in the Cornell, TC, and Drake Relays. In the Southhalf North Central Conference meet, TC won with 77 points, its nearest contender being South Dakota University at 35 ½ points. In the North Central Conference meet TC placed second to SDU by the narrow margin of 69 to 66. South Dakota State presented the only other serious competition with 58 points.

In the Southhalf Conference meet Max Huffman set a new meet record of 22'-1½" in the broad jump, and a team of Dennis Weyrauch, Larry Markley, John Raffensperger, and Hal Byram sped to a record 3:20.4 in the 8-lap relay. Raffensperger's :06.6 tied the Iowa College Indoor Relays 50-yard low hurdle time. In the Drake Relays, Markley, Weyrauch, Byram and Raffensperger teamed again to establish a new mark of 3:21.9 in the Iowa College Mile Relay. Bob Crane joined Markley, Weyrauch, and Raffensperger for the 880-yard relay team to top the Iowa Colleges in that event.

Panthers Strong in TC Relays

The judges look on as Hal Byram pumps into the finish line leading the Northeast Missouri runner on the anchor line of the 880-yard relay.

Bill Kaufman soars over the bar as opponents look on in the TC Relays.
Two School Records Fall
In 1961

Two ISTC indoor track records fell in 1961. In a dual meet with Cornell, Max Huffman topped the 1950 school record of 22'-4" in the broad jump by leaping 22'-9". Dick Dotson rewrote both the school and the Iowa College Indoor Relays pole vault records by vaulting 13'-4½" to better the 13'-2" mark set only last year by Jim Duea.

The Panthers captured their share of events in the TC Relays by winning the college division 440- and 880-yard relays. Max Huffman, Bob Crane, John Raffensperger and Hal Byram fought off a strong Northeast Missouri bid for a repeat victory in the 440-yard relay. The Panthers won by a mere tenth of a second to tie Northeast Missouri's 1960 record of 43.1. The freshman 880-yard relay team of Mike Long, Bob Theisen, Bob Glasener, and Dave Suntken wrote a record of 1:31.0 in the books.
Netmen Take North Central Title

The Iowa State Teachers College tennis team won their third North Central Conference tennis championship in the last four tournaments. Jim Baker and Roger Ditzenberger teamed for the conference doubles title without dropping a set. Mike Schaumberg gained the final round of the individual matches and won second place. Doug Foley reached the semi-final round, but lost to the champion also. ISTC totalled 10 points in the tournament to give them a three-point margin over North Dakota State. The Panthers tallied 5 wins against 3 losses in the 1961 season. The Baker-Ditzenberger combination led in doubles for the season with a 5-2 record, and the Foley-Schaumberg team posted a 4-3 season record.

Golfers Turn in 4-1 Record

The Panther golf team had a winning season with a 4-1 record. Their sole loss in dual play was to Dubuque University by a single point. In the Drake tournament the Panthers finished seventh in a field of eighteen and in the North Central Conference meet, they ranked third.

Chuck Patten led the golfers this season with an 3-0 record, followed by Bill Westphal and Jim Daman, each posting a 4-1 mark.

Intramural Races Are Close

Competition in men's intramurals was keen with a new point system and more participation. Men's dormitory house teams competed in their own league this year and they met off-campus and fraternity teams only at the end of the playing season for each sport to decide all-campus championships.

Stone House and Lowe House took the two house league football championships and in the playoff Lowe House won. Tau Kappa Epsilon, fraternity off-campus league champ, beat the men from Lowe in a rugged game, 16-14.

The Stone House swimmers and the TKE swimmers finished strong again in the swimming tournament. Each finished high in its league, winning five of eight contests, but no all-campus scores were kept.

Phi Sigma Epsilon took on Hemstead House in the championship game for basketball. The Phi Sigs won handily, 55-38.

Interest was high as several former high school stars met in the wrestling tournament. Sherman House took first place over all with 24 points. Boies House was second at 21, and the Phi Sigs had 20 for third place.
Chapter 7
ORGANIZATIONS
Alpha Phi Gamma

OFFICERS
President: JOHN BURRITT
Vice-president: MARY MAPES
Secretary-Treasurer: JO KROB

Alpha Phi Gamma, a national honorary journalism fraternity, endeavored to promote journalism at SCI. The central activity of the year was the Gridiron banquet held in the spring to honor the participants in journalism at SCI during the year. Membership in Alpha Phi Gamma requires a year of service on either the Old Gold or the C and S staff. The organization was founded on campus in 1948 and is currently sponsored by Bernard DeHoff.
Beta Beta Beta

OFFICERS

President . . . . LINDA ERHAROT
Vice-president . . . . KARL RINEHART
Secretary . . . . ANNETTE KNUDSON
Historian . . . . ROBERT YOUNG

Beta Beta Beta, honor society for students of the biological sciences, attempted to stimulate sound scholarship, to promote the dissemination of scientific truth and to encourage investigation in the life sciences. To carry out these goals, programs were composed of student-faculty discussions, films and a November field trip. Members attended the Cedar Falls Audubon Screen Tours and took part in the local Audubon Christmas Bird Census. The Gamma Upsilon Chapter of Beta Beta Beta sent a delegation to the national convention which was held in May. Sponsors were Dr. Charles Allegre and Dr. Virgil Dowell.

The I club at the State College is an organization which honors athletes in all sports. Mr. Larry Bitcon and Mr. Norman Stewart were the co-sponsors of the club. Activities for the I club included the selection of the finalists for the Homecoming Queen and selection of the SCI Relays Queen. At the football and basketball games, members of the I club were seen selling programs and food during intermissions. It was the duty of the I club to arrange the display in the Men's Gym of all pictures, trophies and maps telling of the success of recent and old graduates. To encourage scholarship, the I club sponsored the alumni scholarship to help a deserving member through school. The club sponsored the annual I club dance held in the special club room.
Phi Mu Alpha Sinfonia

OFFICERS

President: DICK SCOTT
Vice-president: STEVE SIMONS
Secretary: HOMER GARTZ
Treasurer: SAM LOGSDON

Beta Nu chapter of Phi Mu Alpha Sinfonia, a professional music fraternity, sponsored several important musical events. The annual "Dimensions in Jazz" program was expanded to include a dance band clinic with 400 high school students participating. Other activities included a winter solo recital, the American Composers Concert, and the Student Composers Concert of the May Music Festival. Frank Hill, as faculty advisor, helped plan the social functions, and suggested ways in which the Sinfonians could assist the music department.
Delta Sigma Rho

Delta Sigma Rho is the United States' oldest national honorary organization for students interested in debate, oratory, discussion and other forensic activities. It was founded in 1906 and in 1913 affiliated with the national organization. Members are selected from upperclassmen who show scholastic ability and excellence in forensic activities. Members take charge of arrangements for debates between SCI and foreign universities held every other year on campus. In the past, they have debated teams from England, Sweden and Scotland. The group also sponsored a Christmas party and a dinner in the spring. Dr. L. R. Wagner was sponsor.
Kappa Delta Pi

Kappa Delta Pi, an honor society in education, encourages high professional, intellectual and personal standards among its members and recognizes outstanding contributions to education. The Psi chapter at SCI has in the past fulfilled this purpose only among its own members. With the change in function of the college, this chapter will endeavor to encourage these standards of education among the entire student body. Kappa Delta Pi was asked by the Education Department to help in the study of possible building plans. The Department values the opinion of students, as they will be utilizing any new facilities decided upon. Members gave their ideas on requirements for general education to the committee which studied this problem. Dr. Merritt E. Melberg served as the group's sponsor.
Kappa Mu Epsilon

The national honorary mathematics fraternity, Kappa Mu Epsilon, furthers interest in mathematics and develops an appreciation of its beauty. This society provides for the recognition of students in mathematics and brings them together in a professional and social relationship. Requirements for membership include a 2.5 grade average, a theme on some subject in mathematics and 64 semester hours of college credit, 13 of them in mathematics. Students meeting the qualifications for membership are invited to join each fall and spring. In addition to a social program of oral reports and faculty guests, discussions considered everyday mathematic problems. Mr. Robert Yount served as faculty sponsor of the group. Highlighting the year was the national Kappa Mu Convention held in the spring.
Chimes

Last Mother's Day morning a group of sophomore girls were pleasantly surprised by the sound of tinkling bells approaching their rooms. These girls were chosen as members of Chimes, a junior women's honorary, on the basis of scholarship and leadership. Dr. Lillian Wagner is the sponsor for Chimes. Activities this year included setting up an information booth at Homecoming and sponsoring a "chat 'n nibble" in Lawther to inspire the girls to strive toward the goals of Chimes. Also, the girls helped the Association of Women Students with their annual tea by serving as hostesses. With the sophomore and senior honoraries, Chimes presented the freshman girls with an aspect of college life very essential to each girl—studying. The goals of Chimes are to encourage scholarship, leadership and service.
Lambda Delta Lambda

OFFICERS

President . . . . . JOHN SCHLICHER
Vice-president . . . . . BOB KOOB
Secretary-Treasurer . . . CAROLYN TIETZ

One of the first societies established on the campus of the State College of Iowa was Lambda Delta Lambda, an honor society for students in physical science. In order to be selected for membership, a 3.0 or above grade point average in 14 semester hours of physical science is required. The object of Lambda Delta Lambda is to promote interest in the study of chemistry and physics and to encourage and recognize a high standard of scholarship in these subjects. This organization has revised its constitution with the help of their sponsor, Dr. J. W. Kercheval.
Phi Delta Kappa

OFFICERS

President . . . . CARYL MIDDLETON
Vice-president . . . GORDON RHUM
Secretary-Treasurer . . . CECIL PHILLIPS

Phi Delta Kappa, an honorary international fraternity, promotes free public education as essential to the development of a democracy through the continuing interpretations of the ideals of research, science and leadership. This fraternity holds high professional, fraternal and honorary standards. To become a member of the Delta Beta chapter, an individual must be a graduate student with a 3.0 scholastic average, a faculty member or a non-resident who has been engaged in five or more years of successful educational work and holds a Master's Degree. Speakers and discussions were the basis of the monthly meetings where members found fellowship based on common interests and ideals making possible group action for the promotion of free public education.

Kappa Pi

OFFICERS

President . . . . BARBARA SANBORN
Vice-president . . . . NELL LEMON
Secretary . . . . KAY MORSE
Treasurer . . . . DENNIS HENDRICKSON

Kappa Pi is an honorary fraternity in art, whose membership includes only those of outstanding scholarship and ability in the field of art. The aim of this fraternity was to provide opportunity for professional growth not usually available to the student as well as stimulation of leadership through special projects, scholarship awards and professional opportunities. The sponsor for Kappa Pi is Mr. Paul Smith.

Sigma Alpha Iota

OFFICERS

President................. ELEANOR BOOS
Vice-president........... ELEANOR BRINDLE
Secretary................ KAREN WEBER
Treasurer............... JUDY HENRIKSEN

Sigma Alpha Iota, national honorary fraternity for music, requires that members must have music as their major, minor or subject matter field and have a cumulative grade point of 2.8 on eight hours of music courses. Also members must have faculty recommendations and successful audition. Among the many activities held during the year were a Homecoming tea, monthly musicals, Patroness Dinner, joint musical with the Waterloo Alums, the American Composers Concert, Mother's Day Tea and the Performance Award Competition. One of the highlights of the year was the SAI State Day held this year on our campus. This event was attended by other chapters of the state and by national officials. Sponsors for the group were Mrs. Mary Beckman, Mrs. Jvone Maxwell and Miss Joyce Gault.
Pi Gamma Mu

Pi Gamma Mu attempts to learn the importance of the social sciences in solving the many problems of our complex society. Junior and senior students with a 3.0 average in 20 hours of social science are eligible for this national social science honor organization. Dr. Howard Wohl was sponsor for the group. Meetings were primarily group discussions with both faculty and students striving to discover new methods to improve human relations through intelligent application of the social sciences. Members enjoyed the down-the-line dinners as another opportunity for discussion. In May, a picnic was held, with the families of all the members invited.
Theta Alpha Phi

Theta Alpha Phi is the national honorary fraternity of drama for alumni interested in theater, who have worked in theater and who wish to continue and keep in contact with others who have similar interests. New members are initiated when they are juniors or seniors.

The Homecoming Dinner is an annual occurrence to honor alumni. Publications of Theta Alpha Phi include the local chapter's newsletter to its members and CUE, the national publication.

Sponsors for the group this year were Mr. Joseph Zender and Mr. Stanley Wood.
Sigma Alpha Eta

OFFICERS

President . . . . . . Nancy Gross
Vice-president . . . . Kathy Flitsch
Secretary . . . . . . Anita Daniels
Treasurer . . . . . . Connie Heaton

The objectives of Sigma Alpha Eta, the professional speech and hearing fraternity, are to foster a spirit of unity by co-ordinating the interests and efforts of persons with a common goal by offering opportunities for social and professional fellowship and by providing situations in which students and faculty may work together as a team to advance the profession as a whole. The fraternity sponsored the annual Homecoming Tea, Christmas Party, various field trips and the spring banquet. Several members of Sigma Alpha Eta, as well as Dr. Elliot Schaffer, the sponsor, were able to attend the national meeting in Chicago of the American Speech and Hearing Association.

The first major activity of Pi Omega Pi this year was co-sponsoring with Phi Beta Lambda a Homecoming Tea in the Business Education Department. Later during the year other projects included selling Christmas cards as a money-making project, co-sponsoring Business Education Recognition Night, and publishing the biennial publication for alumni, Gamma Progress. Mrs. Katherine Humphrey was the faculty advisor for this education honorary.
Theta Theta Epsilon

Theta Theta Epsilon is the honorary home economics organization on the SCI campus. Junior or senior women are eligible for membership if they have a 2.8 average in home economics work and a 2.5 average in all other college work. Theta Theta Epsilon works to increase interest in the field of home economics, promote scholarship and encourage leadership. Miss Margaret Sjolander sponsored this organization. Members served as official hostesses at all functions of the home economics department. During the spring Theta Theta Epsilon sponsored a Mother's Day Tea and the Senior Home Economics Dinner honoring all senior home economics majors.
Purple Arrow

Purple Arrow, women's honorary organization, recognizes all freshman and sophomore women who have established a 3.0 cumulative grade average, who have shown leadership and citizenship in encouraging and promoting high standards in individual and community living and who have furthered the best interests of the State College of Iowa. This year Purple Arrow carried out its theme, "Expanding Horizons," by inviting appropriate speakers to discuss any aspect of the theme the speaker chose.

The meetings varied from dessert parties and down-the-line dinners to initiation of new members at a Mother's Day Tea. Purple Arrow helped the Associated Women Students with the freshman party as well as jointly sponsoring the Book Exchange with the Student League Board. Miss Betts Ann Roth and Miss Marshall Schools sponsored the group.

OFFICERS

President . . . . . . . Barbara Vogt
Vice-president . . . . Kay Sattizahn
Secretary . . . . . . . Merna Harl
Treasurer . . . . . . . Betty Wisner

Non-Greek sophomores were eligible to join Tomahawk, national honorary-service organization. New members were nominated for the organization by the presidents of other campus organizations on the basis of academic achievement and active participation in some campus activity. Members are initiated at the beginning of the second semester of their sophomore year and remain active until the second semester of their junior year. Each new pledge class selects a special service project for the year, including ushering for chapel services, conducting tours for prospective students and building the Homecoming queen’s float. Tomahawk celebrated its third year on the campus and its second as a recognized organization. Mr. Dennis P. Jensen was the faculty advisor.
Torch and Tassel

OFFICERS

President . . . . Suzanne Winslow
Vice-president . . . . Ann Hawn
Secretary . . . . Marie Thompson
Treasurer . . . . Carol Breeding

It is a very special moment in the college life of a junior woman as she is tapped for membership into the senior women's honorary organization, Torch and Tassel, during the evening convocation on Women's Day. Because of the increasing number of girls going through school in three years, a mid-year ceremony was held in Campbell Hall where six girls were tapped for membership. Torch and Tassel recognizes senior women outstanding in leadership ability, scholastic achievement and participation in honor and interest organizations. Serving as sponsors were Dean Mavis Holmes and Dr. Elaine McDavitt. This year's program included emphasis on student attendance at campus functions having an intellectual basis.
Alpha Beta Alpha

Students of any classification who plan to major or minor in library science may become members of Alpha Beta Alpha. This organization is an attempt to further the professional knowledge of its members, to promote fellowship and is a recruiting agency for librarians. Alpha Beta Alpha is a chapter of the National Undergraduate Library Science fraternity.

Guest speakers, panel discussions and other activities concerned with the field of library science help the members become more familiar with their field. Mr. Wendell H. Alford and Miss Helen Noonan sponsored the group this year.
Phi Beta Lambda

Phi Beta Lambda, the college organization for all business majors or minors interested in business, presented monthly meetings on topics of interest to the business student. These included discussions of marketing in the Cedar Falls-Waterloo area, sales techniques, advantages acquired through graduate school and practical uses of accounting. Also, the organization held a Homecoming Tea for members and for alumni, a Christmas party for members and a picnic in the spring. Mr. Kenneth L. Hansen, as sponsor, was very active in keeping the interest of the group by presenting news from other chapters. Every year, Alpha chapter sponsors the Annual Future Business Leaders of America convention where high schools and colleges in Iowa come to the State College of Iowa and participate in the contests, general business meetings and banquet.

OFFICERS

President . . . . Michael McBride
Secretary . . . . Carol Kelly
Treasurer . . . . Donna Edwards

Campus 4-H

OFFICERS

President . . . . . . . JUDY HARMs
Secretary-Treasurer . . . DIANE MATTOCKS
Historian . . . . . . . MARY BENNING

Campus 4-H brings its members on campus closer together in campus activities and creates interest on the part of members toward their local county 4-H clubs. Membership is open to any student at the State College of Iowa interested and willing to help in the club. Several functioning committees planned the activities for the Campus 4-H during the year. Projects, week-end camp-outs, student speakers who have attended the national conventions, and faculty panel discussions helped the members gain knowledge in the field of 4-H. Miss Olive Holliday, sponsor of the group, helped the members to plan many of their parties. Also, in the spring several picnics and exchanges with other college campus 4-H clubs were held.
Industrial Arts Club

OFFICERS

President . . . . RICHARD JUSTICE
Vice-president . . WAYNE TJELMELAND
Secretary . . . . LEROY PICKLES
Treasurer . . . . WILLIAM KELLEY

The Industrial Arts Club is composed of students who are interested in the industrial arts field. The club promotes professional growth and fellowship through its functions, which this year included many informative field trips, talks, demonstrations and social functions. Dr. L. S. Wright serves as sponsor for the group. Some of the highlights of the year were: discussion on radioactive fallout and radiation, Thermofax demonstration, and the annual Industrial Arts Banquet.
Art Club

Art Club offers pleasure and relaxation, through creative activity, to majors and minors in this field. At Halloween, a masquerade party complete with prizes for the most original costume, was held at the home of the organization's sponsor, Mr. Don Finnegan. One of the biggest projects for the year was the trip to the Art Institute at Chicago. The Art Club lent its services during the Christmas season by decorating the Commons. The Club was in return invited to the Christmas Tree-Decorating Party sponsored by the Commons Programs Council. Each spring, the club sponsors an art display on the sidewalks leading from the campus to the Hill. This is done to create student and faculty interest in art and to lend a gay note to springtime activities.
Ellen H. Richards Club

OFFICERS

President . . . . . BETTY LACOSTE
Vice-president . . . MARLYS BENNING
Secretary . . . . . DORIS PFAFF
Treasurer . . . . . TERRY McFERREN

The Ellen H. Richards Club helps its members become better acquainted with the field of home economics. The organization met twice a month, presenting a program related to some area of this field at each meeting. Highlights of the year included High School Home Economics Day and Home Economics College Clubs' State Day. The sponsors are Miss Josephine Yeager and Mrs. Lena P. Buckingham.

College Players

College Players seek to promote an interest in drama through active participation in drama productions throughout the year. Members helped behind the scenes and sometimes appeared on stage. An open house was held for freshmen and transfer students to acquaint them with the organization and its function. This year the organization was further publicized by the appearance of its members in the freshmen dorms to recruit new members. College Players sponsored a tea at Homecoming and planned a Christmas get-together. In the spring, a down-the-line dinner was held and officers were elected to serve for the following year. There were no meetings as such because of the time required working on the four major productions of the drama department throughout the year. Mr. and Mrs. Joseph Zender sponsored the group.
Pep Council

OFFICERS

President . . . . JOHN SHANNON
Vice-president . . . STEVE HOEMANN
Secretary-Treasurer . . . WENDY FOOTE

Pep Council sponsored a very successful migration this fall to Drake University in Des Moines. Three buses and many cars made the trip to see the Panther football team. The migration helped Pep Council create and encourage campus spirit in athletics and other campus activities. Pep rallies during the fall and winter for the football, basketball and wrestling teams were also sponsored by the Pep Council. Members were elected or appointed from the various dormitories and other campus organizations. Miss Mardelle Mohn sponsored the group.
International Affairs Organization

International Affairs Organization, a club composed of people interested in understanding international relations, helped the student body gain a better knowledge of the social, cultural, political and international affairs of the world. IAO is a part of the national organization, the Collegiate Committee of the United Nations. IAO's big project each year is to help with the All College Conference on International Affairs held in the spring. Members of IAO met monthly to discuss various aspects of foreign problems with their faculty sponsor, Dr. George Poage, and numerous guest professors. The organization aided the foreign students on campus by providing opportunities for them to meet with students and discuss problems common to both countries.
Hawaiian Club

OFFICERS

President . . . . Mildred Higashi
Vice-president . . . . Pearl Kimata
Secretary . . . . Ellen Tsugawa
Treasurer . . . . Jerold Matsui

The Hawaiian Club of the State College of Iowa was officially recognized by the Student League Board after the Club's two years on campus. The club was formed to bring the students of Hawaiian heritage into a common union. The club meetings provided opportunities for the members to get together socially and participate in college life at SCI by having picnics, parties, visits to faculty homes and down-the-line dinners. Through the Hawaiian club the students develop an interest in and an understanding of Hawaiian culture. With the spirit of the islands, members presented a Spring Show which brought SCI a wonderful picture of Hawaii. Other activities of the year included ushering at Chapel and honoring their seniors with an Hawaiian luau party. Mr. and Mrs. H. Nelson and Miss Mary Mortell sponsored the club.

Young Democrats

OFFICERS

President . . . . . . Bud Dow
Vice-president . . . . Dick Classey
Secretary . . . . . . Pat Paris
Treasurer . . . . . . Elaine Harkmeyer

Young Democrats is a political organization on the SCI campus designed to interest students in the democratic form of government. This is accomplished through various field trips to the state legislature, discussion groups, and speeches by qualified people. Other activities include work for charity, the state Y.D. convention, joint programs with other Y.D. clubs in the area, the annual Christmas party, and the spring picnic. Dr. Erma Plaehn and Dr. Edwin Mauer serve as sponsors.

Young Republicans was established as a club at the State College of Iowa in the spring of 1956. The group attempted to interest all students at SCI in the Republican Party and to provide an opportunity for them to find a place for political expression and recognition. Also, the organization attempted to finish a meeting place for Republican office-holders to visit and discuss with the students on campus. Young Republicans participated in the Organizations Sign-up Night in the Commons Ballroom by presenting their display of activities planned for the year. The club, sponsored by Dr. George Robinson, worked to foster and encourage activities of the Republican Party, to promote its ideal and to collect, analyze, discuss and disseminate information concerning political affairs.
The English Club is a social-professional organization open to all English majors and minors. The club, a junior affiliate of the National Council of Teachers of English, has as its aims the encouragement of professional attitudes, furtherance of interest and knowledge in the major field and the promotion of fellowship among students who share this common purpose. The English Club participated in a student-faculty coffee hour and planned a regional dinner for all members of the club and English teachers of this section of the state. A major program for the year was a lecture-discussion conducted by Dr. H. Wohl dealing with the culture of the “beat generation.” The advisors are Dr. John Cowley, Dr. Norman Stageberg, and Dr. Howard Vander Beek.
The Speech Activities Club was organized on the State College of Iowa campus during the spring of 1953. Since that time, the club has tried to encourage students interested in speech work of any kind to develop that interest and use it. The club promotes debate tournaments, discussions between students and members of the faculty connected with the department, extemporaneous speaking, interpretative readings and short plays. The Speech Activities Club also helped conduct three forensic tournaments on campus. A banquet was held in the fall and another in the spring. Dr. Wagner and Dr. Townsend sponsored the group and helped them plan and conduct their monthly meetings.
The Homer Seerley chapter of the Student Iowa State Education Association is the largest in the state, and ranks among national leaders in size of membership. SISEA is a professional organization for all education students. It is affiliated with the Iowa State Education Association as well as the National Education Association. Monthly meetings are held on topics of interest in many phases of education. This year's program included a program on the honor system, talks by faculty members and foreign students, and a program on placement. Through the TEPS program, students from SCI travel to surrounding high schools and answer questions concerning college life. The SISEA sponsors Prospective Teacher's Day each fall for students from around the state. Faculty sponsors are Dr. Walter DeKock and Russell Euchner.
The kindergarten-primary professional fraternity for junior and senior women is Kappa Pi Beta Alpha. KPBA sponsored a variety of programs which increased the personal and professional growth of its members and better prepared them for teaching at this level. These programs included a visit from Mr. Kenneth Gogel and Miss Mary Eakin who described how illustrations for children's books are made more meaningful to the children. Also, the members participated in a workshop on puppets which was designed to show how to incorporate use of puppets into the classroom. A project for the Christmas season and a student presentation of slides and experiences in Europe this summer with the social science tour completed the program for the year.
Elementa Ki

Elementa Ki, an organization for all upper elementary majors, was organized to acquaint the members with new ideas and other areas of interest to the upper elementary curriculum. Meetings were held twice a month. A welcome party was given at the first of the year to acquaint new upper elementary majors with the organization and its purpose. Other programs included a discussion of the individualized reading program, a Christmas party for some upper elementary school children and a mock interview between a superintendent and a prospective teacher. Dr. Julia Sparrow is the sponsor.
Ki Prima Ki

Ki Prima Ki is a freshman and sophomore professional and social organization for lower elementary majors which provides information to help members prepare for elementary teaching. Programs for the fall and spring semesters included a discussion by a panel of four student teachers. Faculty members were invited to speak on the uses of creative dramatics and reading helps for the beginning reader. A special feature was the Christmas party planned for underprivileged children. The members made stuffed toys for the children, played games with them and sang Christmas carols to them and with them. Also, the organization had a Mother's Day Luncheon to acquaint the mothers with the aspects of the teaching profession as related to the lower elementary field. Sponsor for the group was Margaret Buswell Nelson.

OFFICERS

President . . . . . . . . DEBBIE NOLAND
Vice-president . . . . MARILYN SCHOEMAN
Secretary . . . . . . . . DONNA SANDVIG
Treasurer . . . . . . . . JEAN PURRINGTON
The Music Educators National Conference held open meetings with alumni, members and teachers. Delegates from the group attended the National Convention in Chicago in the spring. Dr. John Mitchell sponsored this organization which works to improve the music education in our public schools.
Math Club

The Math Club, the oldest organization on campus, is now in its 52nd year of existence. The group furthers the mathematical interests of the students at the State College of Iowa. All mathematics majors and minors and people interested in the study or theory of mathematics were eligible for membership. Meetings were held each month to discuss mathematical topics. Each of these discussions was led by a professor in the mathematics field. Guest professors and townspeople were also asked to participate in the monthly sessions. Sponsoring the group were Mr. John Bruha and Mr. Jens Jensen.
Marlins

Marlins is the synchronized swimming club at the State College of Iowa. In order to promote synchronized swimming, a junior organization, Minnows, teaches girls who can swim various skills required for membership in Marlins. This year the faculty sponsor was Miss Mary Groves. The club's main goal was to raise the skill level of the organization through weekly practices and testing sessions. Movies were used in an attempt to help acquire the skills that the club felt necessary. Each year Marlins sponsors a Homecoming display, and this year the group won second prize with their theme, "Sail over the Vikings." A trip to Ames to view the performance of ISU's swimming club was planned for both Marlins and Minnows. On Mother's Day Weekend, a show for mothers and guests was presented.
Orchesis is the campus organization for those students interested in creative modern dance. All students are eligible for membership in the group. Tryouts are held at the beginning of the fall and spring semesters and members are chosen on the basis of adequacy in performing various dance techniques and locomotor movements. Miss Barbara Darling is the group's sponsor. Members enjoy learning the freedom and range of the body movements and the expression of feeling in motion. This year's spring production showed those attending the results of an interest group's hard work.
The Women's Recreation Association offers the women of the State College of Iowa the best use of all recreational facilities available to them. WRA organized the following intramurals—basketball, volleyball, softball, archery, tennis, hockey, golf, badminton, trampoline and riflery. All-College play-days were sponsored by this organization. WRA planned several outing activities including fall horseback riding. A winter campout was also held. In the spring, WRA offered an opportunity for all college women to participate in a canoe trip. Several delegates from WRA were sent to the regional convention held in Lincoln, Nebraska. Dr. Elinor Crawford sponsored the group.
Physial Education Club

This year the Physical Education Club planned programs in an attempt to realize its two purposes: bringing discussion of topics of general and professional interest to the club; and creating greater unity among the members through social affairs and group projects. Physical Education Club held a senior banquet where underclassmen provided entertainment. Guest speakers prominent in physical education were invited to speak and to participate in discussions. Films and panel discussions utilizing students were beneficial to the members. Professional topics were explored in order that the members might better decide the area in which they would be most satisfied. Dr. Jean Bontz was the faculty sponsor. The Christmas party and Fun Night also helped keep all members busy during the year.
Revered by some, renounced by others.
OFFICERS

President . . . . DENNIS GODFREY
Vice-president . . . NORMAN JEWELL
Secretary . . . . SUSAN MOGENSEN
Member at Large . . CAROLYN WHITE
Member at Large . . DAVID GREEN

The Student Council of Religious Activities provided the campus with opportunities for thought and discussion on religious topics. Through SCRA lectures, films, brotherhood trips, and student-led chapel services, students became more aware of religion in their lives and developed it further. In the all-college elections the campus chose five members of SCRA: two members representing the women students and the men students, the president, the vice-president, and the secretary. These members and representatives from campus religious groups presented the wants and needs of the campus regarding religion to the council. Committee chairmen on religion in life, worship, and publicity aided the council in presenting a meaningful program of religion to the campus.
Evangelical United Brethren

Evangelical United Brethren is the student organization of the Cedar Falls church of the same name. Through fellowship and working together the group has seen more closely the true meaning of Christianity. In the fall they had a hayride and met for Sunday evening services at Riverview Park. During the Christmas season they painted a Christmas scene on the window in the downtown Cedar Falls business district and went caroling. Bowling and tobogganing were additional activities. Sponsor for the group was Dave Jepsen.

OFFICERS

President . . . . Charles Theirman
Vice-president . . . . John Shield
Secretary-Treasurer . . Nanette Theirman

Newman Club

The Newman Club is the Catholic Student Organization on secular campuses. It provides educational opportunities for people interested in finding out more about the Catholic faith. It also provides social gatherings for the Catholic student, enabling him to meet and make friends with other Catholics. Activities include retreats at the American Martyrs House in Cedar Falls, national and state conventions, and lectures at the Newman Club meetings. Sponsor and Resident Chaplain for the group is Father Gregory.
Canterbury Association

Canterbury Association, an official college faculty-student organization of the Episcopal Church, attempts to create an understanding of the spiritual realm. It is hoped that through Bible studies, faculty-student discussions, lectures, and various other means, such spiritual knowledge can be obtained. The highlight for the group this year was the second annual retreat to the 4-H camp in Madrid, Iowa, sponsored by the Episcopal Diocese of Iowa. Father William Bagby of St. Luke's Parish of Cedar Falls is the advisor to the club and chaplain to Episcopal students.
The Christian Student Center enables the young people from Christian Church homes to meet together for fellowship, worship, and recreation. Regular Sunday morning services are attended at the Cedar Falls Church. The Center helped the church in the financing of the new building, which was completed in the fall. Activities included retreats, parties, dinners, banquets, meetings with other student groups, and deputation work in various churches. Discussions, speakers, and movies supplemented the Sunday evening programs which followed the evening meal and worship service. Reverend Lewis Crase and the Center Director, Mrs. Cindy Kuyper, helped the students in all the various activities.

American Baptist Center

The American Baptist Campus Center aspires to be an extension of the Church of Jesus Christ, redemptively present in and intimately involved with the life of the campus. Here is provided a focus for Christian worship, witness, fellowship and intellectual adventure set in the context of our growing understanding of the gospel and the constant awareness of our responsibility to the world of which we are a part.

In September of 1962 a new facility should be ready for occupancy affording an enlarged area of service and ministry for our Center.

Theta Epsilon

Theta Epsilon is the women's service organization affiliated with the American Baptist Student Center. Service projects this year have included various hospitals and homes for the aged, escorting a group of children to the SCI Children's Theater production and communicating with an orphan in one of the Baptist orphanages.

Through study and discussion Theta Epsilon provides its members with a program fitted to their age and interest group.
United Student Fellowship

United Student Fellowship is for college students of Congregational Christian and Evangelical Reformed churches. USF is affiliated with the Iowa-Nebraska United Campus Christian Fellowship. With their sponsor, Mrs. Clifford Parry, USF conducted regional and state retreats and rallies, group discussion, student led programs, joint meetings with the Christian Student Center, outside speakers, parties and scheduled play nights.

Sigma Eta Chi

Sigma Eta Chi is the service sorority of the Congregational Christian and Evangelical Reformed Churches which strives to coordinate Christian experiences with the intellectual and social growth of its members. Activities during the year included ushering at Chapel, a service project for the Black Hawk County Home, an Alumni Tea, Christmas Dinner, and a Mothers' Day Breakfast. Mrs. Clifford Parry is the sponsor.
Inter-Varsity

Inter-Varsity Christian Fellowship is a member of an international student movement among Christians, the Inter-National Fellowship of Evangelical Students. There are groups similar to IVCF in over twenty countries affiliated with the IFES. Inter-Varsity was begun in 1877 in England and was later brought to Canada and the United States. At the present time there are chapters in over 400 colleges in the United States. IVCF is an inter-denominational student organization on campus which seeks to investigate the claims of Jesus Christ and to consider His challenge to today’s college and university students. Any student or faculty member, regardless of race or religion, is invited to attend. Activities for the year included Tuesday evening meetings, weekly dorm discussions, daily prayer meetings and fall and spring statewide retreats. Dr. Middleton and Mr. Eshelman served as sponsors.
The Christian Science Organization at the State College of Iowa is organized and maintained under Article 23, Section 8 of the Manual of The Mother Church, the First Church of Christ Scientist in Boston, Massachusetts. The organization provides an opportunity to learn the truth of Christian Science, to welcome new students interested in Christian Science, to unite Christian Scientists at the college in closer fellowship, and to consecrate anew the members. Each year the organization sponsors a lecture on Christian Science given by a member of the Board of Lectureship of The Mother Church. The organization also handles subscriptions to the Christian Science Monitor, an international daily newspaper. The advisor was Mrs. Miriam Damsgaard.

OFFICERS

President . . . . CAROLYN GREGG
Vice-president . . . . RAY LUTZ
Secretary-Treasurer . . SHARON RUTHSTROM
This year Gamma Delta did very well in the Homecoming festivities by winning first place with their float. Gamma Delta is the student organization of the College Hill Lutheran Church under the counselorship of Pastor Edgar A. Brammer. The program for the school year was planned by and for the students. Its aim was to strengthen the students' faith through worship, service, Bible study, and recreation. Some of Gamma Delta's projects and activities included religious discussion programs, banquets, choir, Wednesday morning meetings and a cost supper every Sunday evening with vespers at 7 o'clock.
The aim of the Lutheran Student Association is to provide an opportunity for its members to grow spiritually, intellectually and socially. LSA proposes to be a Christian example to the entire academic community. To fulfill this purpose, a varied program was offered: weekly vespers, study groups, contact committees, Sunday night suppers and programs. LSA sponsored other activities during the year such as coffee hours, parties, a local retreat and an annual fall banquet.
Wesley Foundation

To acquaint the students with their role in the campus community, Wesley sponsored fall and spring retreats, parties, discussions and services for its members. Each Sunday evening, the members ate together and held a program afterwards for the purpose of discussion and fellowship. Rev. R. Spaine is director of the center and Miss Judith LaFrombois serves as assistant.

Kappa Phi Club

Kappa Phi is the Methodist women’s service group at SCI. Striving to attain their aim, “Every Methodist woman in the University today is a leader in the church tomorrow,” the group chose to help the Waterloo chapter of Multiple Sclerosis as their year’s project. Kappa Phi also donated to the national chapter to help with the work of the national organization.
Presbyterian Student Center

Monthly trips to the day school at the Meskwaki Indian Reservation at Tama to instruct the boys and girls there in a unique project of the Presbyterian Student Center. Study groups were popular at the Center. Some of the subjects included contemporary literature and questions on this age of nuclear weapons. Coffee hours, Sunday evening programs and visiting art shows completed the year at the Center. Rev. Dick Nelson was the sponsor for the group.

Phi Chi Delta

Phi Chi Delta, the Presbyterian women's service sorority, is a study and service organization that attempted to provide its members with opportunities to gain leadership and to share in fun and fellowship with other young women. Meeting in conjunction with the Presbyterian Student Center, their service projects included Christmas chocolate hours, redecoration projects at the center and ushering at the Interdenominational Chapel. Guided by Mrs. Dick Nelson the students worked together, studied together and enjoyed the benefits of their Christian life together.
Intorsorority Council

Intorsorority Council consists of elected representatives from each of the sororities on campus, plus three executive officers and the editor and assistant editor of Who’s Who, a booklet published in the spring to acquaint women students with sororities. The council’s function is to join together all sororities on campus and to encourage high sorority standards and increased cooperation among the groups. A few of the new “standards” this year are the sorority counselor project, boycott of Bartlett during rush fall activation, the raising of grade point to 2.2 for girls to join.

In addition to working with campus organizations, the council also sponsors many activities for its members such as coke-dates, teas and social service projects. This year Intorsorority and Interfraternity Councils adopted an orphan for one year through the Foster Parents Plan. These two organizations also co-sponsor Greek Week. Intorsorority advisers are Dean Mavis Holmes and Miss Barbara Elsbury.
Interfraternity Council

OFFICERS

President . . . . . DAVE APPLEBY
Vice-president . . . ROBERT STEVENS
Secretary-Treasurer . . . BILL REAMS

Interfraternity Council, consisting of three elected representatives from each fraternity, governs matters affecting the fraternity system of SCI and studies the various campus fraternity problems, working for the best development of the Greek system. This year IFC and ISC sponsored a child through the Foster Parents Adoption Plan and participated in Thanksgiving and Christmas projects and in Greek Week. Faculty Advisors are Dean Bender and Mr. Sandy MacLean.

MEMBERS

Delta Delta Phi

Potato chips and dip, hair curlers and other numerous articles can be found in the Lawther Loft at the Delta Delta Phi sorority slumber parties. Homecoming also found the Delts active as they worked on their float with their brothers of Alpha Chi Epsilon. Their tea was held at the home of Mrs. Nordly. With fall over, the Delts engaged in a Snowball Party. Other winter activities included Christmas caroling and a December Dinner. Rush season found the Delts busily planning and presenting their parties for prospective rushees. After all this was achieved, enjoyable work awaited them as their pledges began an orientation period.

“Panthers, It’s Time to Strike,” was the theme of the Kappa Theta Psi Sorority Homecoming float. They combined their talents with Nu Sigma Phi Sorority to capture third place. Also on Homecoming Day the Kappas held a tea for their alumnai. Another weekend found the Kappas honoring their dads with a Dad’s Day Dinner. Parties and picnics with the fraternities on campus are further accentuated by special events such as the Spring Dinner-Dance. In the spring the Kappas enthusiastically worked on their social service projects. An unusual activity held at Christmas time is Secret Sister Week. At this time the girls draw names and secretly give each other inexpensive gifts. The climax of this event occurs by the Christmas tree where these humorous items are substituted with real gifts.

Nu Sigma Phi

Nu Sigma Phi devoted most of its time during the past year to the reorganization of the group. In February of 1961, twenty-three girls were activated en masse and began work with former members to create a completely new organization with the aid of Dean Mavis Holmes and Miss Barbara Elsbury. New officers were elected, the constitution revised, goals formulated and work began. Some of the year’s activities included Secret Sister Week and a Mother’s Day luncheon. Informal rush in the fall featured Nu Sig Deb Days, a replacement for Hell Week. Nu Sigma Phi also received the scholarship award for the spring 1961 semester. The sponsors were Miss Mary Mortell, Dr. and Mrs. Manford Sonstegard and Mrs. Howard Jones.

"We build for character and not for fame." This is the goal of Phi Sigma Phi sorority. Individuals in the group were honored for holding high this sorority goal at the Phi Sigma Phi Dinner-Dance in the spring. The Phi Sigs do many things with their brothers, Phi Sigma Epsilon. To start the year they had a date party at the Waterloo Boat Club. At Christmas time they again got together at a party where they sponsored a "Mitten Tree" for needy children. The fathers of members were honored at the Dad's Day Banquet. Dr. Basil Repass, Miss Margaret Sjolander, Dr. and Mrs. Caryl Middleton and Dr. and Mrs. George Ball were sponsors.

Early this year Pi Tau Phi Social Sorority celebrated its thirty-fifth anniversary as an organization on the SCI campus. Many alumnae returned for this special dinner. The Pi Taus started early this year—before school started, in fact, when they had a weekend party at Clear Lake. The Pi Taus have a unique service project in which they eagerly and actively participate. This is their work with the handicapped children at the Cedar Falls Recreation Center. Socially, the girls have many parties throughout the year with the fraternities on campus and also with other sororities. Seniors in the sorority are honored at the Grad's Dinner held annually in the spring. This and their dinner-dance end the social season for the Pi Taus. Sponsors for the group are Miss Mary Eakin, Mrs. Perry Grier, Mrs. Glen Heckroth and Mrs. Zatha Weems.
Pi Theta Pi

Fall activities for the Pi Theta Pi sorority began with a party with their brother fraternity, Sigma Tau Gamma. This was followed by coke dates and parties with other sororities. At Homecoming, activities included a float and the traditional Homecoming Sip. The Pi Thet’s, along with other Greeks, helped with the adoption project, a worthwhile endeavor for needy children. Some of the special events planned were Secret Sister Week, Mother’s Day Brunch and the publishing of the Alumnae Newsletter. In the spring the annual dinner-dance and the Graduates Dinner were held. The sponsors are Dr. and Mrs. Richard Crumley, Dr. and Mrs. Merritt Melberg, Mr. and Mrs. Robert Goss and Miss Jo Yeager.

Building the Homecoming Float with their brother fraternity, Tau Kappa Epsilon, and giving a Homecoming tea for the alumnae were superb ways of getting the year off to an active start for Tau Sigma Delta. The Dad's Day Coffee Hour honoring members' fathers, coke dates, exchanges with other fraternities and a Christmas party were enjoyable events of the fall semester. The Mother's Day Luncheon and the "Moonlight Mist" dinner-dance were the main highlights of the spring. A Graduation Dinner was held in honor of the graduating seniors and a tea was given for the sponsors. The Tau Sigs won the Scholarship Plaque for fall, 1961, and spent long hours preparing their spring alumnae newsletter.

The Greek communication system leaves something to be desired.
"The cake that Stan baked!" This was the item that Theta Gamma Nu sorority offered as an auction item in the All-College Benefit Auction. Homecoming found the Theta Gamma Nu sorority winning second place in the float division. For the alumnae a Brunch was planned. This year they held their first Dad's Day Dinner honoring their fathers. The Theta Gams also participated in Secret Sister Week and at Christmas time enjoyed a party with their sponsors. The Yuletide festive spirit was there as they worked during the holidays in the children's ward at Sartori Hospital. The Mother's Day Weekend was a significant event because the mothers were not only honored but the Outstanding Theta Gamma Nu and the winner of the annual scholarship traveling pin were recognized. The year was climaxed with a Sweetheart-Graduate Party.

Alpha Chi Epsilon

"You're the sweetheart of Alpha Chi!" was heard many times this year as the girls of many Chi's were honored. The traditional pinning ceremony is a highlight for the Chi's and is held at the Campanile or the girl's dorm. Alpha Chi Epsilon boasts other traditions, the most recent being Pledge Pebble. This is a huge rock out in the country with the fraternity crest painted on it, courtesy of the fall 1960 pledge class. Pledge Pebble is a sequel to the old monument, Chi Rock, founded by Chi alums back in 1920. Chi Rock is in the heart of the new housing district off College Street and has so far successfully avoided the cities' aim of removing it. A girl can become a Chi coed at either rock. Perhaps a bit more humorous tradition is the Bumblebee Bomb which can be heard driving around campus during fall and spring. It is not easy to finance such an oddity as the license plate alone costs two dollars. Sponsors are Dr. Howard Jones, Dr. Edward Thorne, Dr. Emmett Cable, and Mr. Milo Lawton. Their sisters are Delta Delta Phi Sorority.

Take ten pledges. Add one Bumblebee Bomb, a Pledge Pebble and mix slightly. Yield, one prank, well done.
Phi Sigma Epsilon

The Homecoming Dinner and Dance with the alumni highlighted the fall semester for Phi Sigma Epsilon National Fraternity. Other important events during the first semester were parties with their sisters, Phi Sigma Phi Sorority and other sororities. The Phi Sigs engage actively in the Greek intramural sports program. The White Rose Formal is the social event of the spring where the White Rose Queen is chosen. With the return of spring the Phi Sigs can be found picnicking with the sororities. The sponsors for the group are Dr. William Dee and Dr. Charles Allegre.

MEMBERS

MEMBERS

Sigma Tau Gamma

Sigma Tau Gamma social fraternity enjoyed a spirited Homecoming by having the annual Homecoming Dinner-Dance with the alumni. They sponsored a Halloween Party with their sisters, the Pi Thets. In addition they also had parties with other sororities. Yule season was celebrated with Christmas dinner and dance attended by their sisters. In intramurals the Sig Taus began the year with a second place in football. The biggest social highlight of the year was the White Rose Formal held in the spring. Sponsoring this program are Dr. Harold Bernhard and Dr. James Blanford.

OFFICERS

President
JOHN SHANNON

Vice-president
BILL REAMS

Secretary
JERRY RISDAHL

Treasurer
JACK CARAWAY

Will SCI ever have fraternity houses again? The Sig Taus are optimistic.
Fall Rush, followed closely by Homecoming activities, were social events that started the year for Tau Kappa Epsilon Fraternity. These activities included their Homecoming float, co-sponsored with Tau Sigma Delta, and their Alumni Homecoming Banquet. In December, the fraternity went Christmas caroling with the Tau Sigma Delta sorority. They also held a Christmas party for the students of Rainbow Drive School for Exceptional Children at Waterloo. The next event of the year was a French Underground Party. The fraternity placed first in intramural football and swimming. Spring activities began with Spring Rush, followed by a Mother’s Day Banquet and a Suppressed Desire Party. Coke dates throughout the year kept the activities going, with the highlight or spring being the Red Carnation Ball.

Bolin, David A., Cedar Falls, 231

322
A yearbook is a vast beehive; staff members, instructors, professionals and students hurry along like bees, each on his own separate mission in the creation of the final product.

A publication staff member is a special type of person, endowed with a strong concern for campus affairs, interest in the people around them, and an extraordinary amount of reserve energy, enthusiasm and vitality that survives even deadlines, finals and illness and thrives on success.

There is no better way to meet SCI than through its communications—the Old Gold, the College Eye and KYTC. A person is not educated if he has pursued only paper and ink during his college term. Much of education is experience, and this comes only in exploration.

An editor is not editor for prestige or glory, but because he has a viewpoint, a philosophy or an interpretation to present. This staff has attempted to present SCI as a growing institution, transitional in purpose, ideals and appearance.

To all of you who have helped with the 1962 Old Gold, I would like to express my personal appreciation and gratitude. You have done a task that no staff after you can claim. You have created the first yearbook of the State College of Iowa.

Ilajean Hewicker
Editor, 1962 Old Gold
