Perceptions of Transgender Populations: An Educational Module to Increase Knowledge and Reduce Negative Attitudes [poster]

University of Northern Iowa. Women's and Gender Studies Program
PERCEPTIONS OF TRANSGENDER POPULATIONS: AN EDUCATIONAL MODULE TO INCREASE KNOWLEDGE AND REDUCE NEGATIVE ATTITUDES

Dacia Oberhelman is a graduate student in the Clinical Science MA Program from the CSBS. Her presentation will be based on the literature review and results of her thesis and hopes that her research will make the issues faced by the transgender community more known.
