## COVID-19 Testing Now Available on Campus

---

Testing for COVID-19 is now available for UNI students, faculty and staff through the Student Health Clinic. The testing is for people with [symptoms of COVID-19](#) or who have had close contact (less than 6 feet for longer than 15 minutes) with an individual with confirmed or suspected COVID-19.

We request that you call ahead to be evaluated by phone so clinic staff can determine if testing is appropriate. Please call 319-273-2009 option#1 Monday-Friday 8:00-4:30. In addition to utilizing the Student Health Clinic, you also have options to access care through your primary care provider or the [Testlowa](#) site.

Remember to stay home if you have symptoms of COVID-19, including a fever, headache, loss of taste or smell, cough, shortness of breath or others listed on the [CDC symptoms of COVID-19 website](#). Wearing a face covering and staying at least 6 feet apart from others are important actions we all can take to help stop the spread of coronavirus.

Thank you for your help in keeping our campus healthy and safe.

Shelley O'Connell  
Executive Director, Student Health and Well-being Services
