-
- A UNIFI “certificate” is a cluster of three or four courses that bring liberal arts approaches to a topic that doesn’t fall within a single discipline or domain. This tier is intended to convey to students that the world’s complexity cannot be understood solely from the perspective of any one discipline, and that different approaches can complement one another to build more complete understanding. The certificates also give students a chance to further develop key skills of critical thinking, writing, and oral communication, in addition to two other SLOs chosen by the designers.
