FOREWORD

Four years of college life have flitted magically away. As we sit and meditate we think of the many and varied changes which have helped us to better enjoy these years. The good times, the hard work, and the true friendships we have made pass before us and another of life's cycles is completed.

To you who remain behind, we throw the torch of success. Be it yours to carry to greater achievements for your college.

May this book bring back to you the happy times you have had at your Alma Mater.

DEDICATION

Our mothers and fathers have long held high the torch of an educational vision. It has illuminated their dreams, made easy the difficulties of fatiguing labor and lighted the paths of sacrifice. They have given cheerfully and unstintingly that we might partake more freely of cultural and educational advantages. May our success be the reward of their sacrifice and the justification of their trust. To them and their unfaltering love and inspiration we dedicate this record of our achievements.

With the appearance of this volume of the Old Gold the achievements of another year of academic and social education at Iowa State Teachers College are recorded. We congratulate the Staff of 1931 upon their accomplishment. In the pages which follow they have clearly and vividly portrayed the vibrant and enthusiastic spirit of work and play which has pervaded the activities of the campus this year. The value of their work to the individual student is commensurate with the degree in which he has entered into the life of the college. The value of their work to alumni, faculty, and student body is measured in terms of the increased feelings of loyalty for an alma mater so rich in memories of happy living. We commend the 1931 Old Gold to all friends of the Iowa State Teachers College.
The administration of a college is charged with the problem of setting up a machinery that will make for the greatest efficiency in attaining the objectives and aims of that college. To set up this machinery and to keep it in the best of running order requires a personnel trained and experienced in working with materials and in working with people. Every attempt has been made at Iowa State Teachers College to provide such an administrative personnel.
DEPARTMENT OF EDUCATION

It is the aim of the Department of Education to acquaint the student with the techniques of instruction and with the psychology and philosophy underlying the educative process. In order to further this aim, courses are offered in psychology; in methods of instruction, supervision, and administration; in the history of educational movements; and in methods of measuring pupil progress. As education moves forward to take on the aspects of an exact science, it is imperative that every teacher become imbued with the scientific attitude.

The members of the Department of Education are aware of their responsibility for the extension of knowledge as to what constitutes the best procedure in education. For this reason members of the staff are engaged in making studies of various types which have for their aim the improvement of teaching in the elementary school, in the high school, or in the college.

Middle Row—Goetch, Kiebe, Todd, Wilcox, Walters.
DEPARTMENT OF ENGLISH

There are three chief purposes of the English department in this college. In the first place, it is desired that students acquire while in college a more extensive and accurate knowledge of our native language and literature than they would probably acquire in a much longer period of time outside of school; more, perhaps, than most people, without a college education, acquire in a whole lifetime. Secondly, we attempt to set up and maintain a higher standard of accuracy, fitness, and effectiveness in both speaking and writing English than that which usually prevails in life outside of the college. Our graduates should be skillful in the use of English that will unquestionably win the approval of educated people in any community. How can they, otherwise, be exemplars for the children of such people? Finally and chiefly, we endeavor by example and precept to suggest how children in the public schools may be taught to appreciate the value of English literature in the enrichment of their lives and also the range, power, flexibility, and beauty of their mother tongue in the expression of their thoughts and feelings in all phases of their experience.

DEPARTMENT OF SOCIAL SCIENCE

The Department of Social Science, since its organization in 1922, includes three major lines of study, history, government, and economics and sociology. While history claims a majority of the major, the total enrollment is well distributed in the three fields. These social studies are concerned with the interests and problems of society which are of utmost importance to every individual. The underlying purpose of these studies is to develop clear thinking upon our social, political, and economic problems. The increasing complexity and rapidity of change in our social institutions makes specific instruction increasingly necessary to enable the individual to adjust himself to new situations constantly arising and to cooperate in securing maximum progress for the individual and the group. The social studies should enable youthful citizens to discover their places in organized society and to function efficiently for its improvement. Good citizenship in a democracy requires a broad understanding of social relations and institutions, and the lack of such understanding constitutes the greatest obstacle to social progress today.
DEPARTMENT OF MATHEMATICS AND COMMERCIAL EDUCATION

I MATHEMATICS

Mathematics occupies a prominent place among the physical sciences because of its basic nature and its use in establishing definite relationships with the world about us.

In the courses offered by this division of the department are found both pure and applied mathematics as demanded by the best educational procedure.

The objectives are knowledge of essential subject matter, appreciation of mathematics as a part of a liberal education, habits of efficient dealing with problem situations and skill in computation and in the use of mathematical language.

We consider the attainment of these objectives essential to the success of the teachers of mathematics for whom the courses are planned.

II COMMERCIAL EDUCATION

Commercial Education deals with subjects which increase people's ability in selling, management, and control. There are two general groups. The first group is specialized or vocational, and includes subjects like shorthand, typewriting, penmanship, and bookkeeping, in which we aim to teach students to do specific things. The second group is general or non-vocational and includes subjects such as commercial law, history of commerce, and business organization.

Top Row—Condit, Wester, Cummins, Skar, Mach, Daugherty.
Bottom Row—Lambert, Gaffin, Davis, Myers, Watson.

IRA S. CONDIT
Head
DEPARTMENT OF NATURAL SCIENCE

The Natural Science Department has a staff of highly trained teachers who possess a thorough knowledge of the range and scope of their respective fields.

Three major lines of work are offered: Earth Science, Biological Science, and Agriculture. Each major line offers to students sufficient selection for proper specialization.

The laboratories are equipped with the most modern apparatus in order to acquaint students with the best scientific investigation.

The aim of the department is to train men and women adequately to become first-class teachers of these sciences in our public schools.
The Department of Physics and Chemistry offers four different lines of work. In the first place it tries to lay the foundation of a good general training in the subjects of Physics and Chemistry. It offers sufficient courses in these subjects so that the successful student, in case he does not care to teach, would be abundantly equipped to pursue these studies on a graduate basis in a University. While this is true, the department always keeps in view what constitutes the best training for a teacher in a high school.

Second, the department offers a number of courses, like that of Every Day Physical Science, which are of direct vocational value to the teacher in the elementary school.

Third, the department supplies the basic training in chemistry for the students pursuing the Home Economics curriculum.

Fourth, the department is at present offering two courses in applied pedagogy: one in physics and the other in chemistry. These courses can be substituted as educational credits when physics or chemistry is the major line of the student.
DEPARTMENT OF LATIN, GREEK, AND GERMAN

One aim of the work in Latin and Greek is to provide for students of every type special opportunities to master the classical element in the vocabulary of English and to develop precision in thinking and accuracy and taste in expression. Its particular vocational aim is to meet the demand for high school teachers of Latin by courses for advanced training in translation, interpretation, and composition, for the historical study of forms and syntax, for the investigation and application of the principles of language instruction, and for the review and advanced study of the actual material to be used in teaching Latin in secondary schools. The elementary and advanced courses in German constitute an introduction to the study of a language and literature important in every field of teaching.

Anna Doffing, Edna O. Miller, F. I. Merchant, Joseph Schaeffer
DEPARTMENT OF ROMANCE LANGUAGES

The Department of Romance Languages offers courses in French, Spanish, and Italian. French and Spanish constitute the major lines. The department aims to prepare high school teachers in these two languages. Students are carefully drilled in grammar and pronunciation. Much attention is given to conversation in the language studied. Advanced literary courses are offered particularly in French. Voice students, who desire to sing in Italian, French or Spanish, are aided both in and out of regular classes. And finally, an earnest effort is made to broaden and deepen the culture of the students by bringing them into vital contact with another language and another literature.

INGEBRIGT LILLEHEI
Head

Homer C. Haddox, Mary A. Short, Isabel Thomas, Mildred Dyer, I. L. Lillehei
Two major lines are represented in the Department of Art and Manual Arts.

Students who major in art are assumed to be preparing to serve as teachers or supervisors of art in the public schools of the state. To provide the special training needed by such students a variety of courses is offered in design, drawing, craftsmanship, interior decoration, commercial illustration, and methods and organization of art work in the schools.

Students who major in manual arts are preparing to become teachers and supervisors of manual arts in the public schools. For their special preparation, courses are offered in wood-working, drafting, sheet metal working, home mechanics, industrial arts design, wood finishing, wood turning, automobile mechanics, methods of teaching manual arts, and organization of manual arts.

Students who major in other lines may elect courses in either art or manual arts and thus broaden their contacts with school activities and gain information and experience helpful in supervisory positions.
DEPARTMENT OF HOME ECONOMICS

To be community minded, serving to the best of one's ability, leading where leadership is needed, following where followship is essential is the aim of home economists in making an ideal home for the average family on the average income that good citizens can be trained to carry on, and at the same time bring the unappreciated subjects of poetry, music, and art into the everyday life of the American home.

Anna Lee Leggett
Head

Luella Overn, Anna L. Leggett, Louise Whitchurch
DEPARTMENT OF PHYSICAL EDUCATION FOR WOMEN

"To play generously, to live wholesomely, to work faithfully ... are worthy ideals of physical education."—Williams.

With the spaciousness of our well-equipped gymnasium and the adequate expanses of our playing fields the Physical Education Department for Women should live up to its unequalled opportunities for making through physical education, its unique contribution toward the development of that splendidly co-ordinated, highly animated body that thinks, feels, and acts with integrity, purpose, and altruism.

For this inspiring task the Physical Education Department is mobilizing its energies. It is actuated by a conviction that through sound well-directed big-muscle activity of the play type, there can be achieved an integration of organic and motor forces, with emotional and thought resources into a wholesome, useful and happy personality.

This conviction further stimulates the Department to endeavor to lead the student toward a realization of the significance of joyous participation in physical exercise and toward a zealous interest in learning how she as a teacher can use children’s play activities as a valuable means of developing in them worthy traits of character. The Department aims to lead those students who are most interested on into a full measure of realization and into a complete preparation for the teaching of Physical Education.

The phrase "to play generously," with the several meanings of the word "generously," forms the keynote of the plans made by the Department for the achievement of its purposes, and a most generous invitation to play generously is extended to all women students through the ample facilities provided and the broad offerings of activities which these facilities make possible.
Physical education concerns itself with health, and health is essential to success in any line of work, particularly the teaching profession. There are the corrective cases that receive attention, but the greatest results are accomplished by keeping the student body physically fit by regular and systematic training for intercollegiate and intramural contests. Recreational hours provide an opportunity for individual practice and unorganized games. All students are urged to take part in their favorite sports. Suitable awards stimulate interest in efficiency and scholastic attainment.

The coaching and athletic course is offered for those expecting to enter into the coaching field. Theory and technique are taught in the classroom, while practice and accomplishment are illustrated on the athletic field and gymnasium floor. With educational objectives and goals in view, the modern physical education has found a definite and necessary place in our general educational program.
DEPARTMENT OF TEACHING

The Department of Teaching aims to provide suitable facilities for observation and directed teaching and by means of its elementary and secondary schools to exemplify sound educational theory. A Nursery School and Kindergarten provide a laboratory for preschool and parental education. The work in the Campus Elementary School is supplemented by that given in the affiliated public schools of Waterloo, Mason City, Hudson, Cedar Heights, Shenandoah, and Cherokee. A fully accredited High School gives opportunity for the training of secondary teachers in classroom teaching and in extra-curricular activities. Through observation of the work of supervisors, actual teaching in the schoolroom, and contact with public school situations, students are prepared to assume the responsibilities of permanent positions in their chosen fields.
The Department of Rural Education believes that the boys and girls in the 9,500 one-room schools and the 385 consolidated schools in Iowa should have teachers who have made special preparation to teach in those schools. In the training of these teachers the members of this faculty have in mind constantly the following objectives:

1. A sympathetic attitude toward country life and its problems; an interest in rural institutions; a knowledge of opportunities for participation in community activities; and a realization of the things expected of a teacher in a rural community.

2. A knowledge of the principles that are important in organizing a one-room rural school and in classifying and managing the pupils in any type of school.

3. A knowledge of the methods of teaching the various school subjects to obtain the best results under the conditions found in a rural school.

4. A knowledge of the teacher’s legal status and her relation to the superintendent, the school board, and her co-workers.

To attain these objectives a differentiated curriculum for teachers in schools of these types is offered at the Iowa State Teachers College.
The Department of Music at the Iowa State Teachers College undertakes to supply musical training for all classes of students according to the needs of the students and the opportunities supplied to satisfy those needs. A four-year curriculum leading to the Bachelor's Degree is offered for students specializing in music education. In all this work the developing of musical power and musical efficiency in the students themselves is one of the foremost aims. Another equally important aim is to demonstrate in the musical training of students the best educational processes known to educators of the present day. Another outstanding aim of the department is to create and maintain a good wholesome musical atmosphere. The cultivation of music appreciation is a constant objective and the department believes that by far the most effective way to develop music appreciation among the students is to have as many of them as possible participate successfully in the re-creation of beautiful music by assisting in the performance of it.
DEPARTMENT OF ORCHESTRAL MUSIC

The Orchestral Department has a tradition of artistic performance. It is the aim of those who have inherited this tradition to carry on the work of instruction and performance to continually higher levels. It is the purpose of the instructors to have on this campus the best college band, the best college symphony orchestra, the best ensemble players, and the best individual performers that it is possible to have on any college campus. It is the ambition of the department to instill into the student body a love of the best in instrumental music. It is the intention of each instructor to train his students to become thoroughly competent musicians and teachers.

The growing demand for teachers has made necessary the newly organized degree curriculum with orchestral and band music as a major. The entire staff will take pride in further developing this course to meet the needs of the students.
"The Book Nobody Knows" is a comparatively true statement about the Bible. The average church membership has never intelligently studied it. Ninety per cent of those who enter college are quite ignorant of its great Spiritual Content.

Totally new fields are therefore opening for the religious education of our citizenship. The Bible courses here announced are planned to meet the needs of those individuals or groups who are seeking to broaden their knowledge of religious truth, or who are preparing themselves to give instruction in Bible courses. The work is of college grade.

There has always been a tendency of the churches to separate faith from reason and to substitute blind credulity for sane conviction. One of the results has been an overemphasis upon the supernatural, with its concurrent streams of superstition, miracle and high powered emotionalism—a religion of high priestly authority.

There has also been a tendency for the college to move off in an opposite direction, separating reason from credulity, and replacing warm religious ardor with cold-blooded intellectualism. A result of this has been an overemphasis upon the natural with its concurrent streams of rationalism, humanism and atheism—a culture of the scientific imperative.

Out of these extreme tendencies of any given period of time there developed a deep-cut cleavage between revelation and reason, supernatural and natural, church and college. But this cleavage has been imaginary and artificial rather than actual and vital. And this unnecessary division has been, and still is, the outstanding irritant between reactionary and radical modes of religious thinking.

This apparent antagonism of revelation and reason, due to unwise emphasis, is exceedingly unfortunate. It fosters a modern spirit of revolt against the Church, the Bible, and Christianity—many leaders of religious education advocating a repudiation of the Bible as an archaic text-book of religious instruction, and of the Church as a reliable school of religious ethics, and of Jesus Christ as the authority in the teaching of character values.

Our Iowa State Teachers College has adopted a much saner attitude in its department of religious education. Truth is everywhere. Things old and new blend in harmony. Both faith and science, revelation and reason, Bible and modern surveys, church and college, emotionalism and intellectualism—all have their priceless values for true religious character building. A synthesis of these values seems much wiser than an antithesis among them.

The historic method of Bible study is followed, in which careful analysis, clear outlines and helpful charts are used as aids to visualization. While the scientific spirit moves throughout the courses, it is combined with a deep sense of reverence which sees no conflict between science and intelligent faith.
Service Department
EXTENSION DIVISION

The Extension Division exists for the assistance of teachers who are in service. All graduates and students who go out from this institution to teach have a peculiar right to claim the help from the Extension Division that is available anywhere in the state. Staff workers, each specializing in a separate field, observe work, hold conferences, give standard tests where desired, do demonstration teaching, and otherwise assist teachers to overcome difficulties and improve regular classroom work. College credits may be earned by the Correspondence Study plan or by the Extension Class plan.
STUDENT HEALTH SERVICE

Student Health Service for this College was established about 1915 for the care of all students who might need medical or hospital attention.

In a large group of students, better control of contagious diseases and better medical and surgical treatment at less cost to the individual can be furnished by institutional management.

The College Hospital has seventeen beds available and all modern appliances including Thermo Light, Diathermy, X-Ray, and a well equipped operating room for both major and minor surgery.

Students are charged a small health fee each term which takes care of the service.

At the beginning of the 1930-1931 school year a fee of $2.00 each day was required of those in the hospital. This will include nursing and medical attention.

Physicians’ visits to students’ rooms are free and all sick are urged to come to the college hospital where they will receive much better care than in their own rooms.
THE LIBRARY

This is the time of great educational changes for the college, and the library, which is the heart of the college and without which the college would cease to exist, must make available the thoughts of all mankind. Hence hundreds of the best books and periodicals dealing with all phases of human interest are added each year to the already large collection, organized for use and administered by a highly trained staff.

The library aims to provide a comfortable and attractive place, with the best possible service, for the research worker, the student with definite assignments, the quiet thinker, the recreational reader and any others who are interested in their intellectual improvement.

ANNE STUART DUNCAN
Head Librarian
THE PLACEMENT BUREAU

The college maintains a Placement Bureau for the purpose of assisting its graduates and former students in obtaining desirable teaching positions. The Bureau also aims to render a reliable and significant service to boards of education by aiding them in securing efficient teachers to fill all kinds of administrative, supervisory, and other types of teaching positions for which people are trained in this institution.

Registration forms may be obtained by mail or by calling at the office of the Bureau on the second floor of the Administration Building. An initial registration fee of $2.00 is required of all students and former students who desire the help of the Bureau; after that a fee of $1.00 per year is charged for re-registration.

It is of vital importance to graduates of the college who aspire for professional advancement that credentials be kept up-to-date. In making nominations for teaching positions, the Bureau always keeps in mind its graduates in the field as well as the students on the campus.

SUMMATION OF ACTIVITIES

Calls for teachers coming to the Placement Bureau:
- Personal ............................................. 531
- Non-personal ....................................... 2298

Cases of information given to commercial agencies in behalf of registrants ............................................... 104

BUREAU OF PUBLICITY

Director . . . GEORGE H. HOLMES
Stenographer . . . LOIS DALTON
Student Assistant
ROBERT CUNNINGHAM

Full reports of all significant activities of the College are regularly placed before the people of Iowa through the Publicity Office of the College which was established at the beginning of the fall term in 1929.

The work of the Publicity Bureau embraces the operation of a News Bureau through which stories are mailed each day to papers throughout the state, the publishing of The Alumnus of the Iowa State Teachers College, and the maintenance of a general clearing-house for information concerning the College and its activities.

The News Bureau is organized with a stenographer and a student reporter working under the Director of Publicity. Through this Bureau facts concerning the activities, honors, awards, researches, and accomplishments of faculty members and students are gathered and stories written and mailed out each day to thirty of the larger newspapers of the state. In addition, pictures and special stories concerning students who figure prominently in events at the College are prepared and sent to the home town papers. In gathering the information for stories, only facts which stand the "news test" of timeliness, significance, and interest for the general public are sought after and sent out for publication.

Located in Room 104 on the first floor of Gilchrist Hall, the Publicity Office is equipped with a large filing cabinet where all newspaper cuts and copper half-tones of students, faculty members, and the College are filed; a photographic outfit for taking pictures in connection with news events, and other mechanical facilities necessary for the rapid handling of that short-lived material called news.
BARTLETT HALL

Stephen Leacock once said, "If a college student is to get from his college what it should give him, a college dormitory, with the life in common that it brings, is his absolute right."

Bartlett Hall, the home of over five hundred young women, is one of the largest and best equipped dormitories in the country.

Our Council, composed of forty young women who have been residents of Bartlett Hall for at least one year, strives to promote the highest standards of honor and integrity in all matters of personal conduct, initiates business pertaining to dormitory activities; and in every way possible seeks to create and maintain among the young women of Bartlett Hall, a life that shall be wholesome, scholarly and democratic. As a former student says,

“When you walk into our parlors
You can feel in the atmosphere there,
The spirit of joy and good fellowship,
The spirit that drives away care.
“For we have a home we are proud of,
One which will meet every desire,
And you will always find its spirit of companionship
Around our cheerful grate fire.”

Top Row—Robinson, Moir, Warner.
Middle Row—Brown, Conn.
Bottom Row—Mitchel, Haight, Mack.

MARY E. HAIGHT
Head
CLERICAL DIVISION

The clerical division is maintained to take care of the stenographic work, bookkeeping, student record work, mimeographing and multigraphing, and other clerical work of the administrative officers and faculty members.

The forty-one clerks are assigned to twelve offices of administration and department heads which require, as a rule, the full time of one or more clerks. Faculty members may call upon the General College Office for assistance at any time, their work being done in the General College Office or in their own offices if equipped therefor. In general clerks are subject to transfer from one office to another as the work demands. By thus keeping the time of each clerk fully occupied, it is aimed to care for with reasonable promptness the unusual as well as the ordinary work in all offices, without calling in extra help or overtaxing the regular employees.
Student Administration
STUDENT COUNCIL

Top Row—Baxter, Haley, McDowell, Cowie.

LORRINNE CRAWFORD, Freshman
STUDENT COUNCIL

The Student Council for the year 1930-1931 has been composed of Gerald Baxter, Helen Cowie, and Wilhelmine Haley, Senior class; Robert Burley and Marjorie McDowell, Junior class; Wendell Bragonier, Sophomore; Lorrinne Crawford, Freshman, with Mr. C. O. Todd, chairman of the Student Welfare Committee, as a non-voting member of the group.

The purpose of this organization shall be to regulate all matters pertaining to student life which do not come within the jurisdiction of the faculty, to further in every way the spirit of unity and co-operation among the students of our school, to increase their sense of responsibility toward each other, and to be a medium by which the social standards of the college may be maintained on a high standard.

The work of the Student Council has been carried out by standing committees. The Student Social Standards Committee, composed of Wendell Bragonier, Marjorie McDowell, and Helen Cowie, formulates and interprets social standards for the students of the Iowa State Teachers College. The Budget Committee with Wendell Bragonier, Helen Cowie, and Mr. Todd as members, makes a budget apportioning the amount of money for the various activities, awards, and expenses of the Council. The Intercollegiate Relations Committee has charge of the intercollegiate correspondence of the Student Council having to do with the problems of student government. This committee consists of Wilhelmine Haley, Bob Burley, and Gerald Baxter. Wilhelmine Haley and Gerald Baxter are the Student Council members of the Dance Committee. They work with eight other members appointed from the student body at large and have complete charge of all dances given under the auspices of the Student Council. The Advisory Committee on Student Conduct composed of Bob Burley, Wilhelmine Haley, and Wendell Bragonier, acts as a student advisory board to the Student Welfare Committee when said faculty committee is considering cases of misdemeanor.

The Student Council has taken for its main objective this year the promotion of a better understanding between students and faculty in the solution of common problems. In order to better realize this objective a new group, the Associated Student Council, has been formed. In addition to the members of the Student Council, this group is composed of the president of the Freshman class, Don Leonard; president of the Sophomore class, Robert Cunningham; president of the Junior class, Vern Remey; president of the Senior class, Emmett Van Cable; president of the Women’s Athletic Association, Margaret Morris; president of the T. C. Club, Gerald Baxter; president of Inter-Fraternity Council, Louis Armstrong; president of Inter-Sorority Council, Lucille Townsend; editor of the College Eye, Evelyn Fish; business manager of the College Eye, Harland Hanson; editor of the Old Gold, Mae Lewis; business manager of the Old Gold, Clarence Paulson; president of the Bartlett Hall House Council, Mrs. Mildrede Williams; president of the Y. M. C. A., Roger Ranney, and president of the Y. W. C. A., Adeline Asher.

Mr. Slacks

PURPOSES OF THE IOWA CLUB

1. To promote an understanding of the rural problem.
2. To show means by which farm life may be made more advantageous.
3. To bring men prominent in rural work to the campus.
4. To study the effects of consolidation in its relation to the country.
5. To further the social activities on the campus.
MANUAL ARTS

Football
FOOTBALL

The 1930 football season is not one to be measured in terms of games won and lost, but rather one in which a coach and his team fought against odds during the entire schedule.

L. W. Whitford, coaching his first Iowa State Teachers varsity football team, had to face the hardest grid schedule ever listed on a Tutor sports program.

Two games were won, five were lost, and one was tied. Victories were recorded over Columbia and Luther in the first two games by scores of 6-0 and 13-0 respectively. Incidentally, the victory over Luther kept the Norsemen from claiming the Iowa conference crown.

Coe outscored the Tutors on Homecoming Day, and two weeks later the team played a scoreless tie with the Penn Quakers here.

November was an unlucky month for the eleven. Four games were lost in consecutive weeks. Simpson put the Teachers out of the Iowa conference race by virtue of a 6-0 win at Indianola, the touchdown being scored in the fourth quarter. The Tutor trip to Michigan, November 8, did not turn out so well, the team being on the short end of a 26-0 score with Western State Teachers at Kalamazoo.

Teachers lost 19-0 to Michigan Normal in the last home game of the season after holding the visitors scoreless the first half. The defeat was a moral victory, as the Wolverine state eleven has lost but four games in the last six years. The University of Michigan was able to conquer them by a small 7-0 margin earlier in the season. Grinnell defeated the Tutors 12-0 in the final game of the season at Grinnell.

Six men will be lost by graduation, leaving Coach Whitford with fifteen veterans as a nucleus for his 1931 team. Among those who played their last game for Iowa State Teachers are: Stewart Cooper, end, who was placed on both the first all-state and all-conference teams; Captain Charles Tompkins, halfback; Ivan Williams, quarterback; Mickael Klinoff, guard; Ward Chambers, guard; and Glenn Cowlishaw, tackle.

COACH L. W. WHITFORD

The 1930 football season is not one to be measured in terms of games won and lost, but rather one in which a coach and his team fought against odds during the entire schedule.

FRESHMAN FOOTBALL

Melvin Fritzel, former Tutor all-around star, coached the 1930 freshman football team at Iowa State Teachers, an aggregation that was generally regarded as the strongest first year team to be turned out at the school.

The freshmen played but one game, defeating the Grinnell yearlings 12–6 here November 21, but they kept the varsity gridders in condition from the start of the season to its close just prior to Thanksgiving. With the freshman team back intact next fall, a successful season should be in store for Iowa State Teachers.

Upon recommendation from Coach Fritzel, fifteen men were awarded numerals in the sport. The freshmen winning numerals are Max Boller, Frantz Rausenberger, Claire Kraft, Claire Neff, John McCafferie, Kenneth Kimberlin, Ray Johannsen, Wilbur Wiegand, Harlan Rigby, Marvin Kuhn, Raburn Miller, Robert Lewis, Roger Runft, and Vernon Brandis.

Top Row—Coach Fritzel, Brown, Rigby, Quackenbush, Lewis, Kuhn, Kraft, Neff.
Second Row—Boller, Handlin, Gislain, Miller, Rausenberger, Myers, McCafferie.
First Row—Kimberlin, Wiegand, Mathers, Hayes, Grodland, Aubrey, Townsend, Buckley.

Basketball
BASKETBALL

Beginning the season with but two veterans from the 1930 court team, Coach A. D. Dickinson was up against a difficult proposition last winter with a twelve game basketball schedule on hand. These two regulars were Captain Haberichter and Daubert. The latter was unable to play, however, because of an injury received in football.

Coe was defeated in the first game, 27-17, the only non-conference encounter on the schedule. After the Christmas holidays, the team began its Iowa conference season and showed great power when Dubuque and Simpson were vanquished by scores of 47-13 and 47-17 respectively. Luther halted the Tutor rush at Decorah, outscoring the Teachers 25-12.

The team recovered from the Luther setback and trounced the Parsons quintet 41-22 four days later. The next week was disastrous for the Tutors as it definitely eliminated them from the championship running. Two games were played in Dubuque on successive nights, February 6 and 7. The Teachers won the first from the University of Dubuque 23-16 because of their ability from the free throw line. Saturday night a seemingly inspired Columbia team played the Teachers on even terms throughout the first half and then outplayed them in the second half to win 35-28.

Simpson was the next opponent after the Columbia setback. The Simpsonians fell before the Tutors 35-30. The return game with Luther was a repetition of the earlier one at Decorah and the Teachers quintet lost 27-17. Parsons was defeated at Fairfield later in the same week.

The Tutors finished their season with two games the last week of February. Penn was no match for Captain Haberichter and company in the semi-final game, and the Teachers chalked up a 55-13 victory. In the season finale, the Tutors avenged themselves for the defeat suffered at Columbia earlier in the month and closed their season with a well earned 38-26 decision over the Duhawks.

Three men will be lost by graduation, these being: Captain Haberichter, center; Cooper, forward; and Anderson, guard. Haberichter and Cooper, four and three year men respectively in the sport, were placed on the Associated Press first all-conference team chosen at the close of the season. Anderson won two letters in basketball, playing in 1930 and 1931.
FRESHMAN BASKETBALL

In the past two years no college freshman team has been able to defeat a Teachers College first year team in either football, basketball, or wrestling.

In 1930, under Coach Whitford, the freshman football team won two games and tied one while the cagers won two games. One game was lost but it was dropped to the Bartles-Shepherd Oil Company team, an independent quintet from Waterloo.

During the past year, under Coach Melvin Fritzel, the record has been the same. The freshman football eleven won its only game of the season and the cagers defeated the Grinnell and Cornell frosh. The first game was lost, as in 1930, to the Bartles-Shepherd five.

Ten men, all of whom will give the 1932 varsity squad no small amount of competition, won numerals in the sport. They are Kenneth Kimberlin, Max Boller, Claire Kraft, Ray Johannsen, Scott Townsend, David Irvine, Marvin Kuhn, Walter Clausen, Earl Quackenbush, and Harold Condit.

The freshman basketball schedule:

January 21 . . . Teachers Freshman . 28 Bartles-Shepherd Oil Co. 36
January 28 . . . Teachers Freshmen . 31 Cornell Freshmen . . . 29
February 13 . . . Teachers Freshmen . 26 Grinnell Freshmen . . . 22

Top Row—Torgeson, Kuhn, Brown, Quackenbush, Clausen, Christensen, Neff, Cafferty, Coach Fritzel.
First Row—Townsend, Kimberlin, Johannsen, Kraft, Irvine, Condit, Boller, Wiegand.

Wrestling
WRESTLING

David H. McCuskey, in his first year as wrestling coach at Iowa State Teachers College, developed a mat team that any school or any coach would have a right to be proud of. "Mac was not a varsity wrestler while enrolled in school here, but he certainly proved the old maxim 'you don't have to be a star in a sport to be able to coach it.'

The 1931 schedule was one of the hardest in the wrestling history of the school. The Tutor octet met the pick of collegiate mat competition and won three matches and lost two. Minnesota, Chicago, and Cornell fell victims to the Tutor team while Illinois and Iowa State were the opponents to defeat the Teachers.

Seventeen Varsity and Freshmen grapplers were entered in the Midwest A. A. U. meet at Cherokee and of these nine went into the finals. Captain Finn Eriksen, 135 pounds, won the championship in his weight, a title that he had held in 1929. He did not compete in 1930 because of injuries. Others who won championships were: Jesse Arends, 126 pounds; Maynard Harmon, 147 pounds; and James Luker, 175 pounds. Five others, Owen Ralston, heavyweight; John Brindley, 135 pounds; Orville Orr, 160 pounds; Ward Chambers, 175 pounds; and Clarence Johnson, 147 pounds, won second places in their respective weights.

Captain Eriksen, Arends, and Orr represented Iowa State Teachers College at the Invitation wrestling meet of the National Collegiate Athletic Association at Providence, R. I., March 27 and 28. Arends won second place in the 118 pound class, losing in the finals to Captain Engel, of Lehigh College, eastern intercollegiate champion. Orr won third place in the 155 pound class, while Eriksen took fourth in the 135 pound class.

Three of the ten lettermen graduate this spring leaving Coach McCuskey with seven veterans for his 1931 team. The men lost by graduation are Finn Eriksen, a three year man who has served as captain for the past two seasons; Orville Orr, also a three year veteran; and Ward Chambers, who has wrestled two seasons for Teachers College.

**FRESHMAN WRESTLING**

The main duty of a freshman athletic team is to keep the varsity in shape for its games and to develop the first year men so that they will become varsity material in another year.

Coach Whitford's freshman wrestling team engaged in two meets during the season, one with the varsity and one with the Cornell College yearlings. The freshman grapplers failed to win a match against their varsity brothers in the February 25 encounter, but this was nothing to be ashamed of, considering the strength of Coach McCuskey's team.

March 2 the team journeyed to Mount Vernon and won a hard-fought decision from the Cornell aggregation by a 17½-16½ score. The Tutor freshmen made their points in the early part of the meet, the Cornellians taking the last three matches.

Twelve freshmen, Alvie Natvig, Eugene Eness, Phil Stoddard, Francis Flannigan, Burnell Crosby, Clarence Johnson, Irwin Berryhill, Warren Grooms, Ralph Novak, Earl Abrams, and Claire Kraft, were awarded numerals for mat service during the season.

Of the above men, Johnson is perhaps the most outstanding. He won a numeral at the University of Iowa a year ago and was runnerup in the 147-pound class at the Midwest A. A. U. meet, losing by a decision to Harmon in the finals. In the national A. A. U. meet at Detroit he was eliminated in the semi-finals.

*Top Row—Coach McCuskey, Eness, Novak, Crosby, Abrams, Johnson, McKeever, Coach Whitford.*
*First Row—Natvig, McClellan, Flannigan, Grooms, Berryhill, Stone, Stoddard.*
WRESTLING LETTERMEN

CAPTAIN FINN ERIKSEN "Finn"
Third Year Varsity
135-pound class; wrestled five meets; scored 10½ points; first in Midwest A. A. U.; fourth in National Intercollegiate.

JESSE ARENDS "Jessie"
First Year Varsity
118- and 126-pound class; wrestled four meets; scored 18 points; first in Midwest A. A. U., 126-pound class; second in National Intercollegiate, 118-pound class.

ORVILLE ORR "Orville"
Third Year Varsity
155-pound class; wrestled five meets; scored 11 points; second in Midwest A. A. U., 160-pound class; third in National Intercollegiate, 160-pound class.

OWEN RALSTON "Rolly"
Second Year Varsity
175-pound and heavyweight class; wrestled five meets; scored 15 points; second in Midwest A. A. U., heavyweight class.

MAYNARD HARMON "Spade"
First Year Varsity
145-pound class; wrestled five meets; scored 14½ points; first in Midwest A. A. U., 147-pound class.

WARD CHAMBERS "Curtis"
Second Year Varsity
175-pound and heavyweight class; wrestled five meets; scored 10½ points; second in Midwest A. A. U., 175-pound class.

JAMES LUKER "Jim"
Second Year Varsity
165-pound class; wrestled five meets; scored 10½ points; first in Midwest A. A. U., 175-pound class.

G. G. HARRIS "Harris"
First Year Varsity
126-pound class; wrestled one meet; scored 3 points.

ALEXANDER BROWNLEE "Alex"
Second Year Varsity
118- and 126-pound class; wrestled two meets.

GLENN SHEARMAN "Glenn"
First Year Varsity
126-pound class; wrestled two meets.
Track
TRACK

Developing winning track teams at Iowa State teachers College seems to be Coach A. D. Dickinson's specialty along with developing good basketball teams. The year 1930 was no exception to the rule.

The Tutors began their season by winning the indoor meet held at Des Moines. The next competition was the Drake classic a month later, where the team entered the Iowa Conference relay section and finished third in the mile and 880 relays. Journeying to the Dakota relays at Sioux Falls, May 3, the Tutors won a first in the mile relay, second in the medley, and third in the 880. In the special events Teachers College representatives placed first in the high jump and javelin throw, second in the pole vault, third in the high hurdles, and fourth in the broad jump.

In the first home meet of the season, the Teachers took first place in a triangular contest with Coe and Cornell, scoring 61 points. The Kohawks tallied 37 points and the Cornellians, 34. The annual quadrangular meet between Teachers, Luther, Columbia, and Upper Iowa was held at Decorah, May 17, Coach Dickinson's men winning first place with 82 points.

The Iowa Conference Outdoor Meet, the feature of every track season at Iowa State Teachers College, was held here May 23-24. The Tutors wrote finis to a successful competitive season by taking first place with 49 points, nearly twice as many as Buena Vista, who finished second.
IOWA CONFERENCE INDOOR CHAMPIONS 1930

GERRY BAXTER CAPT.

IOWA CONFERENCE OUTDOOR CHAMPIONS 1930

SAM COOPER CAPT. ELECT
Baseball
Ten victories and two defeats was the record made by the Iowa State Teachers baseball team in 1930 under the direction of Coach L. W. Whitford. The Tutor diamond artists began the season by taking the longest trip a Teachers College baseball team has ever made, a six-day journey during which four teams in Iowa, Illinois, and Michigan were played. Coach Whitford's team lost the opening game to the University of Iowa but made a clean sweep of their Illini and Wolverine contests by defeating Lake Forest, Western State Teachers, and Michigan State on consecutive days.

Continuing their winning streak the Teachers ran their string of victories to eight, adding the scalps of Luther, Western State Teachers, Upper Iowa, and Drake (twice) to their list. The Norsemen evened matters in a return game here, beating the Tutors 13–10 and putting the two teams in a tie for the baseball championship of the Iowa conference. Upper Iowa and Lake Forest were decisively defeated the last week of the season to finish the season in a blaze of glory.

THE SCHEDULE

| Iowa Teachers | 1 | University of Iowa | 4 |
| Iowa Teachers | 12 | Lake Forest | 3 |
| Iowa Teachers | 4 | Western State Teachers | 1 |
| Iowa Teachers | 5 | Michigan State | 4 |
| Iowa Teachers | 10 | Luther | 6 |
| Iowa Teachers | 5 | Upper Iowa | 1 |
| Iowa Teachers | 6 | Western State Teachers | 3 |
| Iowa Teachers | 7 | Drake | 3 |
| Iowa Teachers | 16 | Drake | 2 |
| Iowa Teachers | 10 | Luther | 13 |
| Iowa Teachers | 6 | Upper Iowa | 1 |
| Iowa Teachers | 18 | Lake Forest | 5 |

Top Row—Paustian, Berry, McCuskey, Coach Whitford, Harden, Marlenee, Fritzel, Carver, Charles, Lekin, V. Miller.
First Row—Johns, Heintz, Daubert, Captain Barnum, Thompson, Corse, Weyant, Manship, Nash.
TEACHERS COLLEGE BIDS FAREWELL TO ELECTED CAPTAINS

According to a ruling made by the athletic board during the school year, elected captains will soon be a thing of the past at Iowa State Teachers College. Beginning with the fall of 1931, temporary captains will be appointed before each game but an honorary captain will be chosen at the end of the season.

The last elected captains at Iowa State Teachers College are: Stewart Cooper, track; Wayne Heintz, baseball; Lloyd Haberichter, basketball; Finn Eriksen, wrestling; and Charles Tompkins, football.

FRESHMAN BASEBALL

The freshman baseball team did not play any intercollegiate games during 1930 but aided Coach L. W. Whitford in keeping his varsity aggregation in tip top form for its games.

Fifteen numerals were awarded at the close of the season to the following: Donald Cook, Forrest Montgomery, Francis Fish, Edgar Pohlman, Francis Schammel, Raymond Schrody, Charles Ward, Rogert Willert, Ivan Carnes, Keith Collins, Richard McCulla, Verl Donald, Lloyd Fiscus, Wendell Dunn, and Richard Rollins.

BERG TROPHY WINNERS

Following the established custom Berg athletic trophies and Shaeffer desk sets were awarded to the men voted as the most outstanding in their respective sports during the past school year. Three seniors and a junior were honored.

The Berg trophy winners for 1930-1931 are: Captain Gerald Baxter, track; Captain Verdine Barnum, baseball; Stewart Cooper, football; and Captain Lloyd Haberichter, basketball.

Women's Athletics
WOMEN'S ATHLETIC ASSOCIATION

During the year 1930-1931 the Women's Athletic Association has endeavored to further the athletic life of I. S. T. C. women. There is no doubt but that many are interested in W. A. A., owing to the splendid response to the annual membership campaign.

One need not have won points to be a W. A. A. member. Any woman interested may become an associate member of the organization, and later an active member, when she has won the required number of points for such membership.

Through W. A. A. a college woman may earn the college emblem or letter, "T. C." For 650 points a small letter is awarded, and upon the earning of 1,000 points a large "T. C." is presented.

W. A. A. sponsors all varieties of sport as is indicated by these pages. Especially does it provide for participation in athletics through the intramural sport program. Intramurals are not old upon this campus, as it has been only a few years that such a program has been in existence. Nevertheless intramurals receive new impetus each year and in time W. A. A. hopes to make intramurals as outstanding upon this campus as upon others.

Besides the intramural program W. A. A., in the past two years, has sponsored several play days for the high school girls of Black Hawk County.

Thus the future is viewed, and it promises to hold glowing possibilities for W. A. A.

In 1921 the Women’s Life Saving Corps of Iowa State Teachers College was organized under the direction of Miss Doris E. White. During the past ten years approximately four hundred girls have become active members of the corps, and a large number of these have been granted Life Saving Examiner’s Certificates. The present corps consists of thirty-one members, twelve of whom are examiners.
The Shield Club, the Women's Physical Education Honor Society, is composed of a total of one hundred and nine members. Fifteen of these members are on this campus at the present time.

To be a wearer of the Shield a girl must have an average of 2.25 grade points in academic and motor work, and have such qualities of character as would permit her to be an honor girl.

The club officers are:

Board Members . . . . {Eleanor McMillin
Adviser . . . . . . . . Mabel Gustafson
Miss Harriette Egan

The Physical Education Club was organized in the fall of 1930. Its membership includes all physical education majors and minors. The purpose of establishing such a club was to have more organized activity in this department. Meetings are held twice a term; one being of a social nature; the other usually being devoted to lectures.
Orchesis is an honorary dancing society. Girls who are interested in dancing as an art and who have passed the required test make up the membership.

ORGANIZATIONS
The drama courses at Iowa State Teachers College are administered as part of the interpretative speech section of the English department. The students, therefore, enter dramatics with a comprehensive background of literature as a whole and an appreciation of dramatic literature in particular. Foundation courses in Oral Interpretation emphasize body control and voice development. Courses in Play Production place the student before the public as actor and as director. Courses exclusively technical give him practical experience as stage manager, costume or property master, carpenter, electrician, and scene designer.

Class room work consists of lectures, text, and illustrative material paralleled by laboratory exercises and projects. The latter is carried out largely in the spacious and adequately equipped drama shop and on the stage of the college auditorium.

The Drama Shop which was generously provided by a progressive and sympathetic administration furnishes every facility for the building and painting of scenery, a large costume and sewing room, a property room, a makeup room to accommodate forty students, and a storage room for lighting equipment.

Two dramatic organizations are sponsored by the Interpretative Speech section of the English department, Playcraft Club, composed of thirty members chosen from the student body by a try-out method, and Iowa Beta Chapter, Theta Alpha Phi, national honorary dramatic fraternity, whose members are elected by a unanimous vote of the chapter.

Iowa Beta Chapter, Theta Alpha Phi, national honorary dramatic fraternity, received its charter in the fall of 1922. Advanced students who have done outstanding work in drama are eligible for membership. Two three-act plays are given annually by the fraternity, and in addition to this the members assist with all college dramatic productions.

"Beggar on Horseback," an extravaganza in seventeen scenes and involving a cast and production staff of eighty students, was the production for the fall term of 1930. Another fraternity production will be a feature of the 1931 summer term.

All Theta Alpha Phi members are honorary members of Playcraft Club and are ready at all times to sponsor and to co-operate with sincere dramatic efforts and projects.

An alumni register of Theta Alpha Phi, Iowa State Teachers College, shows that undergraduate interest in drama has not diminished. Of the sixty graduate members over half are doing graduate work while the remainder hold responsible teaching positions in high schools of the state.
PLAYCRAFT CLUB

The Club is limited to a membership of thirty, selection being made by the try-out method. Anyone having one term of interpretative speech work is eligible to enter these try-outs. This Club enables students who cannot major or minor in speech to keep up their interest in dramatics and to further develop their ability to act. The Club meets every two weeks at seven o’clock on Wednesday evening, at which time a business meeting is held or a one-act play is presented and discussed.

Among the several one-act plays presented by the Playcraft Club during the year 1930-1931 is one of particular interest, “Till Twenty Years,” written by Miss Katherine Buxbaum, a member of the English faculty.

The play, which was presented during the Fall term with a cast of six members of the Club, consists of a prologue and two scenes. The setting for the prologue is a University campus at Commencement time. The scenes depict life on an Iowan farm in a very realistic manner.

It portrays the struggle of a young girl to raise herself above her accustomed environment, and to become a teacher. However, she fails to do this because of family duties. She marries and settles down in a rut with the only hope that her daughter may fulfill her own desires.

Miss Kern directed the play with Miss Tuttle and Miss Buxbaum as advisers.

Bottom Row—Fest, Vandaworker, McDowell, Ranney, Huntton, Boysen.
DEBATE

The 1931 debating season for the number of students participating, the number of colleges involved, the number of debates held, and the quality of initiative shown sets a new mark for Iowa State Teachers College.

Thirty-five students enrolled in the debating classes, and twenty-seven engaged in intercollegiate debate. The chief concern was to give large numbers an opportunity to reap the benefits of the training by having them participate in intercollegiate debates.

The first debate of the season was a non-decision affair with a team from Cambridge University, England, held in the College Auditorium, on October 29, 1930. Robert Ebel and Roger Ranney represented the College in a very capable manner. Attendance at this debate approximated sixteen hundred, many persons coming from distant points in the state. Interest was especially keen among high school coaches and their teams.

The second debate was a dual contest with Iowa State College. Miss Janet Reade and Miss Evelyn Walters won a critic decision for Iowa State Teachers College in the local debate; the other debate held at Ames was a non-decision affair. The women's team did not lose a decision debate during the season.

In all, Iowa State Teachers College met eighteen different colleges and universities. A large majority of debates were non-decision affairs, but of the decision debates the Teachers College teams lost three and won eight. The following is a list of the colleges encountered:

Iowa State College, Ames; Cambridge University, England; Central College, Pella; Coe College, Cedar Rapids; Cornell College, Mt. Vernon; John Fletcher College, Oskaloosa; Kansas State Teachers College, Emporia; Luther College, Decorah; Morningside College, Sioux City; North-east State Teachers College, Kirksville, Missouri; North-west State Teachers College, Maryville, Missouri; South-west State Teachers College, Cape Girardeau, Missouri; Tarkio College, Tarkio, Missouri; Penn College, Oskaloosa; College, University of Dubuque, Dubuque; University of Missouri, Columbia; Wartburg College, Waverly, and William Jewell College, Liberty, Missouri.

One of the most interesting contests of the season was a combined audience and critic judge decision debate between teams from Iowa State College and Teachers College before the assembly of the West Waterloo High School on February 20. Roger Ranney and Thorrel Fest, supporting the affirmative of the chain store question, won both the vote of the critic and that of the audience.

Another interesting Teachers College victory was that of Miss Janet Reade and Miss Mary Sheridan over a woman's team from North-west Missouri State Teachers College on February 4.

The debate before the Presbyterian Men's Club at Oelwein on February 11 between Teachers and Coe was a very hard-fought contest. The audience vote favored Ebel and Huntoon, who supported the negative of the free trade question.

In a similar manner John McDowell and Murvle Hanawalt triumphed over Coe in an audience debate before the Cleveland Community Club at Cedar Rapids on February 20. The Teachers College men supported the negative of the free trade question.

Few debates of the season aroused more general interest than the dual debate with Cornell on the question, "Resolved: That state medicine should be adopted." At Cornell College, Mt. Vernon, Iowa, on the evening of February 24, Miss Bertha Stover and Mrs. Helen K. Smith did a fine piece of debating in a non-decision contest, in support of the negative. On the same evening Miss Janet Reade and Miss Evelyn Walters, of Iowa State Teachers College, won a critic's decision over the team from Cornell College at Cedar Falls.

But one of the most valuable debating trips of the season was one which featured non-decision debates exclusively. Charles Vandaworker, Murvle Hanawalt, Miss Bertha Stover, Miss Janet Reade, and Miss Mary Wheat journeyed to Central, Penn, and John Fletcher Colleges. They engaged in six debates which for vigor and interest compared favorably with other debates of the season.

No debating season, however, would be complete without its quota of defeats. Coe won from Iowa State Teachers College on February 27 in an audience decision debate at the Cedar Falls High School by a vote of 116 to 130. The College debaters supported the negative of the free trade question. On February 4, the College men lost to North-west Missouri at Cedar Falls, by a critic judge vote. Iowa State Teachers had the affirmative of the free trade question.

In this debate North-west Missouri displayed unusual debating skill. For the first time in the history of Iowa, there was held on March 26, 27, and 28, a state intercollegiate debating, oratorical, and extemporaneous speaking tournament. The tournament was held at Oskaloosa under the auspices of Penn and John Fletcher Colleges. Twelve colleges participated.

The debate was a round robin affair, each school meeting every other school. The round robin was followed by final debates between the two leading contenders. In the round robin tournament, Iowa State Teachers College women won six out of seven contests; the men eight out of nine. Both Iowa State Teachers College teams, therefore, entered the finals as pronounced winners. In the finals the women won 3-2, and the men lost by the same score. Gwendolyn Kern, a Teachers College representative, won first in the Women's Extemporaneous Speaking Contest and Robert Ebel won fourth in the men's event. Thus Iowa State Teachers College ranked highest in the tournament.

The following is a list of the 1931 debating squad with the numbers of intercollegiate debates in which each has participated thus far during the present season.

Bottom Row—McDowell, Wheat, Ranney.
ORATORY

During the year an enlarged program of extemporaneous speaking and oratory has been carried on. At the State Intercollegiate Contest, held at Oska­loosa, Gwendolyn Kern represented the school as extemporaneous speaker and won first place. Janet Reade, our orator, delivered her oration, "Shall Youth Be Blamed?"

This year our institution was host to the Inter-State League of Teachers Colleges. Robert Ebel was extemporaneous speaker, and Wayne Lawrence the orator on this occasion. Robert Wick, chosen alternate in the local contest, represented us in the Peace Oratorical Contest at Central College, May 1.

A new venture in contest speaking was attempted this spring. On March 24, a two-member team of Teachers College competed against a similar team from Coe College before the Waterloo Kiwanis Club. Murvle Hanawalt and Wayne Lawrence were our representatives. An audience decision gave the advantage to the Teachers College. A freshman team composed of Robert Wick and Burdette Moeller met a Simpson College team at Des Moines during the month of May. Plans are already under way for several contests of this type next year.

F. W. Lambertson.

Chorus

Comfy ye my people
Every valley shall be exalted
And the glory of the Lord
Thus saith the Lord
Behold a virgin shall conceive
O, Thou that tellest good tidings to Zion
For, Behold, darkness shall cover the earth
For unto us a child is born
There were shepherds abiding
And lo! the Angel of the Lord came upon them
And the angel said unto them
And suddenly there was with the angel
Baritone
Glory to God
Then shall the eyes of the blind be opened
He shall feed his flock like a shepherd
Come unto Him
Thy rebuke hath broken His heart
Behold and see if there be any sorrow
Lift up your heads
Why do the nations so furiously rage?
I Know that by Redeemer liveth
Hallelujah!

Vice-President . . . . . . . . Jay Johnson
Secretary . . . . . . . . . . . James Knox
Treasurer . . . . . . . . . . . Thomas Decker
Reporter for Fall Term . . . . . . C. Burd

The Commercial Department of I. S. T. C. organized the club in order to further the interest of the commercial students in business activities. The aim of the club is “To create a student interest in the affairs of the commercial world.”

Any person taking the two-year course or majoring in commercial work is eligible to membership.

Throughout the year various lectures of educational, humorous, and novelty types were given by Professor Skar, Professor Ferebee, Dr. O’Niel, and Professor Gaffin. A case on “The Lost Golf Ball” was heard and decided.

A Valentine Dance was the social feature for the winter term.

The purpose of this organization shall be to discuss present day problems, encourage deeper interest in the family, and its social and civic responsibilities to society.
At the beginning of this academic year the English Club amended its rules so as to make all English majors eligible for membership. Many Freshmen accepted the invitation to become members, and thus they have received the social and cultural benefits that the club offers. Students who are not English majors are eligible to membership after they have had twenty hours of work in the English department. All of the instructional staff are members by virtue of their positions. Student members are elected to the club by majority vote upon recommendation of the membership committee.

Space does not permit printing of the programs in full, but mention of a few topics will give an idea of the subjects presented. Professor Katherine Buxbaum read a delightful account of some of her experiences in an Iowa Academy. Miss Mary Wheat gave a scholarly and beautifully written essay on poetic technique. Miss Jane Becknell recited some of her original poems, and Miss Ruth Kurtz entertained the club with a humorous reading. One program was devoted to Emily Dickinson, whose life and poems were discussed with penetrating insight by Mrs. Mabel Charles. Professor Hazel Strayer also gave a critical review of Susan Glaspell’s play, "Alison's House," which was based on the home life of Emily Dickinson and which Miss Strayer had seen recently in New York City. As our visitor from the outside for this year, we had Dr. Nellie S. Aurner, of the University of Iowa, who gave an extremely interesting and instructive lecture on "Literary Associations of London."
The German Club, formerly known as Schillerverein, was reorganized in the fall of 1929 under the name of Deutscher Verein. All students who have had at least five hours of college German and are willing to co-operate may join this club. Instructors in the German department are honorary members.

The object of the club is the same as formerly, namely: to enlarge upon the regular class work by means of conversation in German; to study and sing German lyrics and folk songs, hundreds of which have been set to music by outstanding composers; to study German culture and present day conditions in Germany. A one-act German play is to be presented in the near future.

Meetings are held every two weeks at 4:00 P. M. in Room 336, Auditorium building. By previous arrangement the regular meeting or special meetings may be held in the evening and in a different place.

In 1877 a group of seven girls organized the first girls’ literary society of
Iowa State Teachers College, naming it “Alpha.” President Seerley gave the
girls a room for meetings in the present Gilchrist Hall. Society Day Parades,
the college paper, and the annual are some of the all-college institutions which
Alpha and Philo sponsored in their beginnings. Among the prominent alum-
nae of Alpha we are proud to claim Bess Streeter Aldrich, prominent short
story writer. In truth, Alpha “leads the way.”

MEN'S FORUM

Men’s Forum is the last survivor of the men’s literary societies at Iowa State Teachers College. It is a combination of the Aristos and Philos that once held sway over the activities of the campus. The present organization was formed in 1929.

The club meets every Tuesday evening on the third floor of the Auditorium building and also holds one banquet meeting each term. Programs are held every other meeting night, while matters of business and parliamentary law practice are taken up on alternate meeting nights.

Religion
The Y. M. C. A. is an organization whose aim is to foster and promote the highest standard of character on our campus.
It seeks to render a service not only to the men of our college but to the entire student body.
Its purpose is fourfold: spiritual, social, educational, and physical.
Luke, 2: 52 “And Jesus increased in wisdom and stature, and in favor with God and man.”
Y. W. C. A.

The purpose and aim of the Lutheran Student Association is to keep Lutheran students in contact with their church while away from home, and to foster a spirit of fellowship among the students on the campus. The organization numbers some eighty members. Under able leadership the group successfully entertained the Mississippi Valley Regional Conference of the L. S. A. A., February 6, 7, and 8, on the local campus. May the spirit of fellowship shown always continue to live!

THE OLD GOLD

The staff presents to you the 1931 OLD GOLD as a treasure chest of memories and associations of a year of college life. Into this chest go many tokens of the past and out of it may there come much inspiration for the future.

To those who read and admire the pages of this book may we say that the source of much of its success lies in the generous interest and help of the staff of assistants and salesmen, and in the co-operation of the student body, faculty, and advertisers. We wish particularly to thank Dr. Latham, Mr. Holmes, Miss Campbell, and others who have given of their time and personal interest toward the progress of the OLD GOLD. We also take this opportunity of expressing our appreciation of the assistance given us by Mr. Clarence Baker of the Waterloo Engraving and Service Company, and Mr. Paul Otto and Mr. W. W. Mercer of the Economy Advertising Company of Iowa City.

We extend to the OLD GOLD staff of 1932 our very best wishes for a successful year in continuing the chronicles of the OLD GOLD. With admiration for those who have given of their time and energy in the past, and with good wishes for those who will do so in years to come, we leave with you our interpretation of OLD GOLD traditions.

The Purple Pen is a literary magazine which publishes each quarter the best stories, essays, poetry, sketches, and critical articles written by students on the campus. Its purpose is to stimulate an interest in creative writing and to give students an outlet for their best efforts.

The first issue was published in the spring of 1929. The second issue was enlarged and beautified inside and out. In the fall of 1930 the magazine became self-supporting, and it is now affiliated with the Columbia Scholastic Press Association.

The Publication of The Purple Pen, a college literary magazine, is sponsored by the Lambda Beta Chapter of Sigma Tau Delta, a national honorary English fraternity, whose members act as the editing staff.

FACULTY MEMBERS

Professor Earl Rath
Professor Selina Terry
Professor George Holmes
Mr. Benjamin Boardman

The Student Publishing Association of the Iowa State Teachers College through a Board of Control composed of nine members including one from the Student Council, four other student members elected by popular vote, and four members of the Faculty appointed by the President of the College, elects officers and controls the property of the College Eye, Old Gold, and Purple Pen.

The purpose of the Association is to promote the highest student ideas, the dissemination of worthy student opinions, and journalistic activity of the highest order on the Campus.

The president and the secretary of the Board of Control are both students elected by vote of the Board. The Student Council representative on the Board of Control is elected by the Student Council from among its membership during the last month of the Winter Term to serve as a member of the Board for one year. The four student members at large of the Board are elected by popular vote on the first Tuesday of the Spring Term at the College to serve as members of the Board for one year.

The managing editor and business manager of all student publications and such other officers as the Board deems advisable are elected by the Board of Control to hold office for twelve months. The student editors and business managers are chosen by the Board on the basis of experience and ability.

PROFESSOR W. A. BRINDLEY

Delta Sigma Rho is the oldest national honorary forensic fraternity. It has granted charters to only the best colleges and universities. It has over sixty chapters, located at such institutions as the University of California, University of Chicago, Dartmouth, Harvard, Yale, and Columbia. Iowa State Teachers College is the only teachers college in the United States which has been granted a charter by Delta Sigma Rho. Its purpose is to keep debating, oratory, and all forensics at a constantly high level. Its membership is strictly limited to the best of those who have represented their college or university in intercollegiate forensic competition.

Its membership roll bears many distinguished names. Iowa State Teachers College—alumni, students, and faculty—has a real trust to keep our forensics worthy of membership in Delta Sigma Rho.

Kappa Delta Pi is a National Honor Fraternity in Education made up of juniors and seniors in the upper one-tenth of scholarship. 

"The purpose of the organization is to encourage in its members a higher degree of consecration to social service. To this end it shall maintain the highest educational ideals and shall foster fellowship, scholarship, and achievement in educational work."

The national professional English fraternity, Sigma Tau Delta, has for its active members majors of junior and senior rank who have shown outstanding scholarship in English, the basis of the evaluation of their work being originality, aesthetic appreciation of literature, and promise in research of creative writing. The associate membership may be composed of upperclassmen who are not English majors, but who show unusual ability in that line.

Lambda Beta Chapter has two purposes: first, to foster literary interests on the campus of the Iowa State Teachers College by encouraging in its members originality and initiative, the understanding and appreciation of literature as an art, interest in research, and self-expression through creative writing; second, to stimulate in members of the chapter the ambition for continued development after graduation.
The membership of the National Social Science Honor Society, Pi Gamma Mu, is made up of juniors, seniors, alumni, and professors who have attained a high degree of scholarship and have distinguished themselves in the study of social science. Its purpose is the advancement of the cause of the study of social problems.
Pi Omega Pi is the national honorary commercial fraternity, Gamma Chapter being its division at Iowa State Teachers College. It has for its purposes the stimulation of interest in the field of commerce by providing the reward of membership for earnest effort, and the encouragement of individual enterprise in this field. Its membership is made up of students majoring in commerce who have done outstanding work as shown by their scholastic record and general ability.

Spring will soon loom up on the horizon and what an important part the J. C. Penney Stores play in anticipating your Spring needs.

We know that the sight of winter clothes has begun to be a bit tedious. We feel that every shopper will welcome refreshing new things as harbingers of Spring . . . and we have already launched our Spring season by giving you the opportunity to get acquainted with clothes depicting 1931 style trends!

Keeping in constant touch with our staff of New York stylists and an "open ear" to reports from Paris, we are assured that our stocks are importantly smart! Our low prices make even the most limited of budgets certain that it "can afford smart clothes."

CEDAR FALLS, IOWA

Everythings is divided evenly.
The rich man has his twin six and the poor man has his six twins.

Diner (trying to cut steak): “Say, waiter, how was this steak cooked?”
Waiter: “Smothered in onions, sir.”
Diner: “Well, sir, it died hard.”
EVERY COLLEGE

Necessarily Depends Upon Its Former Students and Alumni

to send it a large proportion of its students. The over 13,000 Alumni of the Iowa State Teachers College have an immeasurable influence when it comes to determining whether young people shall attend college and where they shall attend.

We Appeal to You
to do your best to send us worthy young people who are willing to become and capable of becoming first class teachers.

The College
Is in session all the year.
Secures positions for all who are prepared.
Offers opportunities to prepare for any kind of a certificate.
Classified in 1928 as Class A, Number 1, of Teachers Colleges.
The Summer Session begins June 3, 1931, and at the same time a Branch Summer School will be held for twelve weeks in Red Oak, Iowa.

Love is a feeling that you feel when you feel that you are going to feel a feeling that you never felt before.

First Pater: "My boy's letters from college always send me to the dictionary."
Second Pater: "That's nothing! My boy's letters always send me to the bank."

WATERLOO, CEDAR FALLS & NORTHERN RAILWAY COMPANY

IT has been the privilege of this Company to have served the Iowa State Teachers College throughout the years. The coal and building materials have moved over our rails, and there probably has never been a student enrolled at the College in the last quarter of a century who has not used our service. We are grateful to the officers and students for the kind consideration they have always given our Company.

THE OLD GOLD

Because of Its Value—Price and Quality Considered

A parasite is a person who goes through a revolving door without pushing.

And then there is the absent-minded Professor who had the students write the exam questions while he answered them.

They tell me you gave a correct answer in class today.
Yes, during roll call I answered "Present."
