Two fires were kindled by their adventurous hand,
Religion and learning prospered at their hand.
The final gesture of a vanishing race

Foreword

This is the year of Jubilee. Nineteen hundred twenty-six marks the twentieth anniversary of Old Gold; the fortieth year of President Seerley's service to Iowa State Teachers College; the fiftieth year of the service of D. Sands Wright; the fiftieth year of life for Iowa State Teachers College; the eightieth year of Iowa as a State. To trace the path of education through this period, to paint a few pictures of these vanishing years, to catch the lights and shadows of the historic background upon which rest the present opportunities and future privileges of Iowa State Teachers College, has been the aim of the staff of the Old Gold of the Golden Jubilee.
Sky blue and tree abloom,
All things fair for me!
With all the years of toil
That made this land—
A memory.

The Teacher

The eyes of the ages are toward him.
The love of the race is his own.
The heart of the world will reward him
With a name that is more than a throne.
The life that he lives is unending,
For he is the servant of youth.
Earth is lit by the flame he is tending
—This priest at the altar of truth.

WHOSE LIFE WORK
IS REPRESENTED IN
IOWA STATE TEACHERS COLLEGE
In Memoriam

Our friend and teacher, Professor Joseph Edward Layton, left us suddenly January 7, 1926. For four years as a history teacher he gave us the full benefit of his able teaching, wise council, mature judgment and broad scholarship. His wide reading in his chosen field gave him a deep insight of the social order and in his criticism he was fearless but constructive.

He was born at Lafayette, Indiana, July 21, 1868 and he died at the age of fifty-eight in full vigor. One day he met his classes as usual, on the next he was stricken and dead. His going was untimely and we miss him.

D. SANDS WRIGHT

Senior Professor of Iowa State Teachers College and Veteran Schoolmaster of Iowa. He was present when the first classes were organized, and has been actively engaged in teaching at I. S. T. C. for fifty continuous years. Thousands of teachers know Professor Wright's unusual influence. His presence at the Golden Jubilee is a most fitting and fortunate circumstance of the celebration.

In Memoriam

GAYLORD BUSSEY

Born October 1, 1904
Died August 27, 1925

Gaylord Bussey, only son of Mr. and Mrs. Fred Bussey of Waterloo, was a prominent member of the 1926 B. A. Class. He was a member of the Lambda Gamma Nu fraternity and the Philo literary society. The class has felt his loss deeply.

CLASS OF '26

GUY WAGNER

We are the class of '26
That's gathered here with all since '76.
Come join with us
To give a cheer
Upon the fiftieth birthday year.
'Cause
We're
For
T. C. forever and for aye;
We back our college every day.
We'll sing praises far and near
To our Alma Mater dear
That will prove to all the world our loyalty.
    Rah!
    T. C.!
Onward, now, new heights attain;
By our deeds we bring you fame,
Let every heart true and bold
Back the purple and the gold;
Stand for I. S. T. C. Rah!
    Rah!
    Rah!

(Second Ending, to be Used on Occasion)
Let it be known through the world
That the banner is unfurled
By the Class of '26.
    Rah!
    Rah!

SENIOR OFFICERS
JUBILEE HISTORY
As '26 Seniors See It

T. C., like so many great things, began in infancy. Time was when the fatherless children of Civil War veterans played upon the floor of Mr. Fullerton's office, while the cooks looked hopefully to their soup kettles in the debating room and the superintendent looked resolutely at his ruler in the Y. M. C. A.

Then in 1876 the one building and the half acre of land situated in a cornfield through which an Indian trail crawled at leisure, assumed a new dignity. Its educational interests were transferred from infants to adolescents.

President Gilchrist didn't need to look resolutely at a ruler. For him to look resolutely was in itself generally sufficient for most people. Entering in those days entailed none of the present day joys such as the number line, the dash for the gymnasium, or the hunt for the "prof" whose peculiar hobbies are library work and an efficient method of checking up. Students matriculated then—a subtle process entailing the parting with coin and the acquisition of dignity in return. President Gilchrist met with the entire body of earnest young students at one time in Gilchrist Chapel. They filled the front section quite comfortably.

The building whereon Mr. Robinson now hangs his shingle was erected to serve as a men's dormitory. Immediately in front on the edge of the cornfield was a pine tree. Upon one of the branches of this pine tree the lads were wont to hang a tin can—førerunner of delicatessen days—to be used as a target for early morning rifle practice. It is rumored that a certain Mr. Detwiler, athlete, Minnesinger, and all-around star, was the champion. He was liked by everyone but his teachers. Since they could get nothing out of him they concluded that he had nothing in him. He was slightly less than seven feet tall (perhaps a foot or so) and certain defeated competitors intimated that he leaned out of the window when he shot, so he had a head start on the rest.

As years advanced the sports became more dignified. To wit; we find the Clios and Orios having a joint celebration in some rural locality, the chief amusement consisting of sliding down the haystack.

Now the Alphas and Philos wear dunce caps! We are growing up!
FROM GREEN CAPS TO SWAGGER STICKS

Tradition hits the Freshman the day he enrolls. He must wear his flamboyant class colors to help others place him properly. The class of '26 claims the distinction of being the first to wear green caps. Otherwise tradition interrupted us not in our pursuit of knowledge until we had attained the humility of Juniors. Then we followed the illustrious precedents set for us and staged the “biggest and best” Washington Ball followed shortly by the Junior-Senior Banquet. This year we assisted in putting Class Day across; several of our most dignified members in the complete disguise of clowns furnished fun for all.

As well as carrying out ready-made traditions the Jubilee Class added two worthwhile events to the list of Senior activities; namely, the Freshman-Senior Party and the Senior Prom.

Mr. Guy Wagner, class president during the winter, was chiefly responsible for the Freshman-Senior Party idea. The first Friday night after the Christmas holidays with its gay stunts, games and dancing for frolicking Freshman and serious Senior alike firmly established the reputation of the Freshman-Senior Party. Following classes will find this precedent a most happy one to follow.

The semi-formal Senior Prom was staged February 5. Seniors, guests and chaperones found the gym decorated and Hunt’s orchestra provided the music. The favors, leather-bound address and engagement books with the T. C. seal on the cover, were in keeping with the distinctive dignity of the occasion. To Miss Jessie McCleery goes the honor of originating the Senior Prom.

We cannot announce authentically when the Junior Class began, because the ladies are a little shy on years, and we hesitate to ask a gentleman for a date. But three years ago we were yielded up, each from the best little town on earth, and became the Freshman Class of 1923. We remained in this verdant state for three terms, and then quite suddenly, we had imbibed the wisdom of the ages. We were Sophomores. A year later we came to the realization of how naive was our egotism—we were Juniors. Next year we will be Seniors—then our egotism will be permissible; in fact, quite the proper thing.

SORE EYE SPECIAL

Little Eddie-Neddie came to our school to learn
And while he was about it, he had his way to earn.
He joined a frat, and football, and being fond of girl,
Eddie-Neddie found himself with quite a job to twirl.

The faculty gave warning—in sentences like these—
"There are other college insects, Eddie-Neddie, besides B's."
So they slung him and they flung him at the end of one sad day
Aboard the Sore Eye Special, and he went home to stay.
Second Row—Fleming, Ewing, Stephenson, Carstensen, Schroeder, Dove, Richardson, Kehe, Boylan, Madsen, Kitzman.
Fifth Row—Hollis, Hawks, Price, Mendenhall, Howard, Edie, Stingley, Magee.
Bottom Row—Kauffman, Burkhisier, Bahan, Helmick, Brown, Kimball, Macbride, Frank, Natvig, Hughes, DeWald, Seydel, Oldham.

CLASS MOTTO

"There is a radiance where women move
About small household tasks if they but see
Beyond the polished surface of old woods
The dazzling triumph of a living tree.
If they but see beyond the white, heaped flour—
Beyond the red, glassed jellies on a sill—
Wide, joyous wheat fields laughing in the sun,
God's face above an orchard on a hill."

The Kindergarten department was organized in 1909 with eighty students enrolled in that department.

Every year the class gives two or more social functions. The first party is in honor of the new girls, endeavoring to help them become acquainted and getting them interested in their work. Just before the holidays both classes give the annual candle-light Christmas party.

Last fall the girls won the third prize for their stunt on Homecoming.

From the graduates of the kindergarten course there are girls teaching in South Dakota, New Mexico, California, Arizona, and many in Iowa.

Primary! Primary! Primary!
TO THE FRESHMAN PRIMARIES 1925-1926

A plucky little ship set sail
Upon the College Sea.
Her prow was turned Successward, Ho!
Her name was Pri-Maree.

"When we come back to port,
"Yo Ho! Yo Ho!" the sailors cried,
Victory's wine and treasures fine,
We'll bring of every sort!"

Now when this ship put out to sea,
The cabins and the hold
Were bare of indigo or tea,
Of ivory, silks or gold.

But treasures lay beneath their sails,
Richer far than these!
With heads and hands alone, they'll win
The booty of the seas.

So "All aboard!" cried Captain Smith,
To the mates of the Pri-Maree.
"Aye, aye, sir," answered all the crew,
And embarked upon the sea.

And so the ship bore on her course,
And a rollicking cruise had she—
She turned her stern to Class Day Port,
To see what she could see!

"All hands on deck," Mate Domer cried,
"The Stunt Contest is here!"
As you surmise, they won the prize,
The cleverest on the pier. (October 10th)

"Let's give a fête to celebrate
Our victory and our fame."
As kiddies gay in grand array,
To frolic then they came.

Now all was placid and serene
Upon this little cruise
In spite of Purser Coleman with her
"Have you paid your dues?"

And though the captain graded them
Sometimes with B's and flunks,
She was so loved by all the mates,
That they forgave at once.

And when a mate was sick a-bed,
The faithful crew sent flowers.
It had an educated heart as well
As educated powers.

So "Ho—Yo ho!" the sailors cried,
When they sailed back to port,
"Victory's wine and treasures fine
We've brought of every sort!"

O, it's many a ship that sailed the sea,
And was named in Honor Hall,
But the wonderful ship, the Pri-Maree,
Was the prize ship of them all.

Three years ago Mr. Fullerton took us in tow, and things began to happen. Speaking syllable-wise, we began to develop, whether we would or not! We found that the process of becoming worthy of swinging the baton wasn't all one sweet song, and that playing the piano had none of the overnight qualities of mushroom growth connected with it. We were made aware of the fact that constant practice was a virtue—especially when the practice room is sound proof, and the unappreciative or unsympathetic neighbors were in absentia. But we've learned a lot, and all we want now is a diploma, a superintendent, some victims, and a salary.
When Barney Google went out into the old-fashioned garden, situated out where the West begins, he was whistling "Yes, We Have No Bananas" at three o'clock in the morning. He was just lately back from the Bam-Bam-Bammy Shore where they played the Bridal Chorus from Lohengrin for pretty little blue-eyed Sally. But all that was long, long ago, and now the silver threads among the gold in his pocketbook meant that he would be all alone until he heard the spring song of the pretty little bluebird. So he whistled "Minuet in G" and pondered on how jazzy the world was.
In the harmony of our rest there is a note of dis-chord, a slur on our rhythm being at the bass of the matter. Tenor more bars are too sharply cleffed to look natural, and the flat truth of it is that the matter has a measure of syncopation in it. In order to stem the crescendo of the dominant eighth, a tie was used to suppress the vociferousness of the vocal chords. And at the end there was a double bar.

Many Iowa counties, besides two other states, Oklahoma and Wisconsin, are represented in the group of fifty who will graduate from this course during its first year. This group celebrates not only the Jubilee year with others, but its own pioneer year.

In Iowa there are approximately 9,500 teaching positions in rural schools, 10,000 in graded schools, and 4,000 in high schools. The rural schools employ over one-third of all the teachers. Heretofore, this one-third have received little preparation. It is the purpose of this course to raise the preparation of the rural school teacher, and thus to provide the country school children with a standard of teaching that will compare more favorably with the teaching in graded schools.
(The Grinder discovered in his room studying. Enter the Joiner.)

Joiner: Come on, Grubworm, let's go to the club.
Grinder: I've got to study.

Joiner: Don't kid yourself that way. It's easy to get by if you listen in class and look wise.
Grinder: Don't kid yourself. You'll find out! How many organizations have you joined by this time?

Joiner (airily): I've lost count. Guess I'm a popular guy all right. There isn't much left I can join.
Grinder: Yes, you're popular all right.

Joiner: Now you're tootin'.
(Three months later. Term end. Scene the same. Grinder still studying. Enter the Joiner.)

Joiner (sorrowfully): Well, old Grub, you were right.
Grinder: What's up?

Joiner: Everything.
Grinder: Shoot! How's your old man?

Joiner: I'm kicked out. That's enough to put your ears down. Drew a B and two fl's. My baby canned me too.
Grinder: I'd call her a poor sport not to stand by you when your luck's bad.

Joiner: Well, I'm through. I leave on the Sore Eye Special tonight.
Grinder: What you goin' to do? Come back next year?

Joiner: No, I'm leaving for good.
Grinder: Just what was the trouble?

Joiner: Not enough hours in the day and night to get around to the courses, that's all. I left them to be done last and now they've done me. You were right, Grubworm. Goodby. Keep on studying, darn it!

The Student Council is one of the most significant student organizations in the history of Teachers College. It came into existence in the winter term of nineteen hundred nineteen, after two years of work upon a constitution. Its aim is the sponsoring of social activities of student life. Its personnel is composed of two members from the Senior B. A. class, one member from each of the three-year classes, one member from the entire sub-collegiate body, and one member chosen jointly by the first and second year classes of each collegiate course. At its foundation it consisted of twenty-six members, with Bernice Edleman as the first president. Miss Corley Conlon, at present a member of the college faculty, was one of the charter members.

In the past it has been the custom for the representative from the Junior B. A. class to serve as president of the Student Council during his Senior year. This year, Paul Brown, president-elect, resigned because of his work on the staff of the College Eye. Millard Horton was then elected to represent the class as president of the Council.

The work of the Student Council has impressed most favorably the college spirit among both the students and the alumni.
ACTIVITIES OF THE STUDENT COUNCIL

The duties of the Council were limited during its first year to sponsoring the All-College parties. The scope of its service now includes many of the other social activities.

The Student Handbook, first published by the Student Council of '24-'25, was again published this year. It proposes to give in complete and concise form, the information concerning student traditions, activities, and organizations of the campus which the new student finds convenient and necessary. Each new student is presented with one of these books.

Homecoming! October 3, 1920, the Student Council held the first annual Homecoming. The prizes offered for the best decorated homes caused the whole Hill to blossom; the football game in the afternoon, teas and receptions by the literary societies, sororities and fraternities, and the all-college dance at night, all furnish entertainment for the homecoming alumnus.

May Fête. Owing to the lateness of spring in Iowa, the Mayday celebration occurs in the latter part of the month. For one day the entire college and campus is ruled by the May Queen. All organizations are represented in the parade, after which the queen is crowned on the South Campus, where the Physical education department provides a program of dances. This year the emphasis will be placed on the historic Jubilee pageant.

The All-College dances are sponsored by the Council with the exception of the Senior prom and the Washington ball which is staged by the Junior class.

Class Day. The third annual class day, sponsored by the Seniors of '26 and the Student Council, went over big under the governor-generalship of Viggo Justeson. The stunts by the several classes were all amusing; two clowns-de-luxe, worthy Seniors in disguise, took efficient care of their privileges; the Senior and Junior girls met in a hockey game and class picnics capped the climax.
Intramural athletic contests were started at T. C. during the winter of 1923, and in 1924 the Alpha Chi Epsilons won the basketball championship. In the spring of 1924 the Alpha Theta Betas walked off with the honors at the intramural track meet. The following winter of 1924 and 1925 the Zanho Fraternity stepped out with a fast team and took an easy first. By this time intramural athletic contests had become firmly established here at I. S. T. C. Last spring the third year of intramural athletics brought out every organization on the Hill and after a season full of thrills the Alpha Delta Alpha, with a team that would place high anywhere, won the championship. The purpose of the intramural athletics: To create a close relationship between all organizations at T. C. and at the same time working towards higher standards of everyday sportsmanship. We hope still further success will be enjoyed.
FORENSIC LEAGUE

This is the organization which has the forensic interests of T. C. in charge. It is composed of one representative from each of the literary societies, and three faculty members: Prof. S. A. Lynch, Head of the English Department; Prof. M. R. Thompson, Head of the Social Science Department; and Prof. A. E. Fish, coach of all forensics. The president is "Steve" Pattee, of Philo; the secretary is Miss Frances Carpenter, of Alpha; the treasurer is Bernice Thatcher, of Homerian.

DELTA SIGMA RHO

Delta Sigma Rho has had many imitators. It is the oldest honorary national forensic fraternity, organized April 13, 1906. Its purpose is to raise oratory, debating, and all forensics to a high level. Its chapters are found only in the strongest institutions. Its policy is exceedingly strict. Its membership roll bears some very distinguished names. I. S. T. C.—alumni, students and faculty—has a real trust; to keep our forensics worthy of membership in Delta Sigma Rho.
The Dramatic Club was organized during the winter term of 1925. The purpose of the club is to interest its members in the better class of dramatic production. The early part of the year is spent in the study of master dramatists; the later part of the year is devoted to production of one-act plays.
Theta Alpha Phi has during the year of 1925-'26 added two creditable achievements to her record of successful activities.

During the summer session of 1925, four one-act plays were presented to a public that declared them to be among the finest and most finished pieces of work done at the college. These plays were: "The Valiant," "The Flight of the Heron," "Suppressed Desires," and "The Maker of Dreams."

The play, "Widow by Proxy" was given at the meeting of the Northeastern Teachers Association held in Waterloo in April and a production of it was also given at the college.

The acceptance of an invitation by Mrs. Minnie Maddern Fiske to become an honorary member of Iowa Beta Chapter of Theta Alpha Phi was an event the year 1925-'26 of which the fraternity may justly feel proud.

A number of the members have leading parts in the Jubilee pageant.

New members taken into Theta Alpha Phi this year are:

De Yea Corson  Mary Vaughn  Vera Kellogg
Margaret Hurn  Max Miller

HONORARY MEMBERS
Mrs. Minnie Maddern Fiske
Prof. S. A. Lynch

ACTIVE MEMBERS
Bertha Martin  Marie Ferguson  Everett Cortright  Glennys Rugg
Hazel Strayer  Kathryn Robb  Howard Orth  Dorothy Wilbur
Grace Hunter  Grace Gaarder  Paul Brown  Max Noah
John Poland  Ethel Short
The Fall Play 1925 was Captain Applejack, coached by Miss Strayer under the direction of Miss Martin.
The Commencement Play of 1925 was the spectacular drama "Pharaoh's Daughter." Colorful costuming, unusual lighting effects and picturesque groupings characterized the production. Miss Martin directed, assisted by Miss Strayer.

"Sociability—in all thy hours, whether grave or mellow,
Thou'rt such a touchy, testy, pleasant fellow,
Hast so much wit and mirth and spleen about thee,
There is no living with or without thee."
"For thus the royal mandate ran
When first the human race began,
The social, friendly, honest man,
Whate'er he be,
'Tis he fulfils great Nature's plan,
And none but he."

The English Club was established in 1910 with Miss Lillian Lambert, Professor of English, as the first president and, that a social atmosphere might prevail, meetings have been held in the homes of members on the third Tuesday evening of each month except May when the year is closed with a May breakfast celebration. Membership was first limited to thirty but has expanded until the present roll has reached sixty-five. All English major students who have had twenty hours of English are eligible.

Much of the success of the club is due to the interest and enthusiasm of Professor S. A. Lynch, head of the English Department, who has never failed to lend inspiration and encouragement upon all occasions. The programs of the club in the past sixteen years have offered a pleasing and satisfactory variety: papers, discussion, reports of interesting conferences, plays, social hours, illustrated lectures and outside speakers, among whom were Professor S. H. Clark of the University of Chicago and Professor John T. Frederick of the University of Iowa.

OFFICERS

President . . . . . . . . . . . IRL BUXTON
Vice-President . . . . . . . . BERNICE GREMMEIS
Secretary-Treasurer . . . . . LEONARD JENSEN

The Hamilton Club was organized at a meeting of the students of Iowa State Teachers College interested in Public Speaking, held May 18, 1925. The charter officers were: Elmer J. McCready, president; Allan Read, vice-president; Leonard Jensen, secretary and treasurer. The purpose of the Club is to "develop interest in the speech Arts among the students, faculty, and alumni; to elevate the standards of speech, and encourage everything which will tend toward high ideals of effective speech; to seek out and encourage talent; to develop an esprit de corps among all students interested in the speech arts, both within the club and out; to provide an abundance of opportunities for speaking in the inter-collegiate contest, and in public life; to keep in touch with alumni, assist them in solving their problems and through them to extend the usefulness of the club."

Any bona fide student of I. S. T. C. who has given evidence of a genuine interest in the cause of constructive public speaking is eligible provided:—that the roll does not exceed twenty-five, and that his recommendations satisfy the requirements of the membership committee. The meetings of the Hamilton Club are held in the form of dinners once a month.

The Art League is an organization composed of art students, the art faculty, and others who are interested and have been recommended by the faculty. The League meets one hour every week to work at some art or craft which has been chosen. The work this year has been centered about block printing. Designs have been cut for Christmas cards, all-over patterns for use on textiles, and borders for scarfs. In addition to this, several interesting lectures have been given by members of the League: My Mediterranean Trip, Miss Schuneman; Textiles, Mrs. Paul; Oriental Rugs, Miss Leggett and Mrs. Hart. At the homes of faculty members have occurred very enjoyable social gatherings.
The Commercial Club has had a most successful year. There has been a large increase in enrollment of new members. The social functions have been varied and pleasing. Especially enjoyable were the instructive and entertaining talks by prominent and successful business men, who have appeared on the programs of the Club.

The College Eye election of 1925 was one of the most exciting for many years. Three teams entered the race and the halls were full of posters parading the qualities of the “Orth-Wilbur-Vanderbrink” trio, or telling of the experiences of the “Justisen-Hurn-Coffin” group, or saying that the “Brown-Ainsworth-Poland” candidates would publish “A Paper Worthy of its Name”. The latter three won by a very small margin.

Brown and Poland published a four-page edition during the summer term which proved quite successful.

Under the efficient management of John Poland, the Eye has been able to prosper financially and has gained the good will of the ever loyal business men of Cedar Falls. Howard Orth has assisted with the advertising.

Mary Ainsworth introduced a new department, called the Kampus Kaleidoscope, which received many favorable comments. Her “Shades of Importance” also helped to make the paper worthy of its name.

The one big feature of the year was a criticism contest in which prizes were offered for the best criticism of the Eye. Viggo Justisen won first with a rather sarcastic comment on the lack of newspaper journalism displayed by the staff. Miss Terry, Miss Ferguson, and Mr. Charles acted as judges.

The following reporters did good work in running down news: Irma Green, William Reints, “Felix” Ludley, Merle Heath, Winnie Goering, William Conradi, and Eleanor Ogan.
The Old Gold Staff takes this opportunity to thank the many students and faculty members who have assisted in the compilation of this Jubilee Annual. Members of the Kappa Sorority and the Alpha Chi fraternity have been especially loyal to the cause.

Much recognition is due to Mr. Van Cleave, photographer; to the Bureau of Engraving, Minneapolis; and to the Economy Advertising Company, of Iowa City for printing.

The following faculty advisors have cheerfully "aided and abetted" at critical moments.

The Catholic Students Association was chartered to this institution in 1903 under the name of the Newman Society. Since that time the Association has been doing work with an aim of mutual helpfulness; good fellowship of all its members, and good will toward all college organizations. The chapter here is affiliated with the national organization. The work of this year consists in meetings held every two weeks in C. S. A. Library and a number of social functions at La Salle Hall.
THE FRESHMAN COMMISSION

The Freshman Commission of the Y. W. C. A. was organized at T. C. in the year of 1926 for the purpose of more intensive training in Christian leadership on the campus and in Y. W. C. A. work. It is the initial step in the organization of the Y. W. C. A., the second being in Sophomore Council, and the final one in "the Cabinet". Members of the Commission are chosen by a faculty-student committee from those Freshman girls interested in Christian work who show possibilities of development in Christian leadership.

The Commission this year has been made up of forty girls. Every member has been an enthusiastic worker and some interesting studies have resulted. The first project undertaken was an intensive study of the organization of the Y. W. C. A. both nationally and locally. Then the race problem was taken up. Various interesting speakers came before the group and spoke of personal experiences with races with whom they had been associated.

Many tasks were undertaken during the course of the year by this willing group of Freshmen, each time success marked their path. A number of the group were chosen to places on the Cabinet for the following school year.
In every college there is a room known as the Opportunity Room. In our college this room is called the Y. W. C. A., for in the Y. W. C. A. girls are given an opportunity for rest, fun, work, fellowship and inspiration.

The national objective of the Young Women's Christian Association is: "We unite in the determination to live Jesus' law of love in every relationship and so to know God." The local Association is attempting to make it possible for the girls of I. S. T. C. to live up to this objective.

YOUNG MEN’S CHRISTIAN ASSOCIATION

No greater contribution to society can be made than that made by an individual who will forget self and think only of the help and good will that he may give by serving others. The Y. M. C. A. offers such opportunity and has been well represented by its officers and cabinet in the realization of its program and purposes which are:

1. To lead students to faith in God through Jesus Christ.
2. To lead them into membership and service in the Christian church.
3. To promote study of the Bible and to stimulate well-rounded development of mind and body.
4. To promote a positive moral and religious college spirit.
5. To challenge students to make the will of Christ effective in human society, and to extend the Kingdom of God throughout the world.

THE YOUNG MEN'S CHRISTIAN ASSOCIATION

History

In 1844 George Williams and twelve clerks in a draper's establishment in London formed a society called the Young Men's Christian Association. In 1850 associations were established in Montreal and Boston. In 1858 the University of Virginia organized the first College Young Men's Christian Association. No less than seventy different colleges organized associations during the next two decades. Under the leadership of John R. Mott since 1888 the student Y. M. C. A. has grown from 250 to 800 organizations with a membership of over 18,000.

With the achievements of the past and the inspiring motto, "Christ for the students of the world, and the students of the world for Christ" what may not be possible in the work of the days ahead?

Nature and Purpose

A student association is primarily a movement of students, for students and by students. Its great objective is to lead students to become disciples of Jesus Christ as Savior and Lord and to train them for His service in the world. Certain fundamental aims have been made an intrinsic part of this objective which are:

1. To bring every student to face for his character and his career the full claims of Jesus Christ as Saviour and Lord.
2. To assist students in joining the church and urge their attendance.
3. To offer the fullest possible opportunities for the expression of undergraduate initiative and control.
4. To make possible the influence of Christians to affect non-Christians.
5. To afford a meeting place for all Christians to discuss religious work.
6. To represent a thoroughly inter-denominational spirit.
7. To afford Christians the training given by summer conferences and gatherings held each year.

The local Y. M. C. A. has been very effective in the realization of these aims during 1925-26. Under a loyal and able cabinet a very strenuous but profitable program will go on record as being a success.

A few of the activities were all college mixes, freshmen mixes, faculty men vs. student men's mix, stunt night, Thursday morning discussions, morning watch, discussion groups in organized houses, gospel team meetings in near-by towns, Father and Son banquet, membership campaign with over three hundred members.

To the Alumni:

The Y. M. C. A. gives you its best wishes for a wholesome and prosperous future. Its doors are always open and offers to you the hand of fellowship when you are on the campus of I. S. T. C.
THE WESLEY FOUNDATION

Wesley Foundation work at Iowa State Teachers College is very new, though it is of fifteen years standing in other schools. There are an average of more than one thousand Methodist students here each term. The Methodist Episcopal Church has provided club rooms and a staff of workers for the purpose of being of the largest possible service to her young people.

The members of Kappa Delta Pi National Honorary Scholastic Fraternity are Juniors and Seniors of the degree courses, who are in the upper quartile in respect to scholarship. They are elected on a basis of scholarship, moral character, educational achievement, and ideals and attitudes which have attracted notice in the Educational field. The purpose of Kappa Delta Pi is to encourage consecration to the highest educational service and to foster fellowship and achievement in educational work.
The Gamma Chapter, Pi Omega Pi, National Commercial Fraternity, was installed at the Iowa State Teachers College, November 23, 1925 with thirteen charter members. The installation was personally supervised by a representative from Alpha Chapter, at the Northeast Missouri State Teachers College, Kirksville.

The members are chosen because of their superior scholarship and their interest in the advancement of Commercial Education, both in their own state as well as in the nation.
The Passing Show
THE PASSING SHOW

By popular vote of Old Gold Subscribers sixteen seniors were chosen as representatives of the class of the Golden Jubilee. A faculty committee selected eight from this group to act in the Passing Show.

Life's a stage; the men and women but the players on it. Fifty years ago woman expressed herself in hoopskirts, voluminous garments, compressed waistline, and uncertain health. The modern girl swings across the stage in perfect athletic form, full of strength and physical vigor. In appearance she is a remarkable contrast to her sister of yesterday, and she enjoys a far greater freedom in her mental life and in her accomplishments — but she speaks the same lines.

The colonial dandy, the dude on his tall bicycle, the veterans of the wars of '64 and '98 and the golfer of today — they all tell the same old story in the same old way; and The Passing Show moves on.

THE CAMPA NILE

The Campanile "In Memory of the Founders and Builders of the Iowa State Teachers College" is one of the central points of interest in the Jubilee Celebration this June.

In 1914 the first Campanile plans were made by a committee composed of Charles H. Meyerholz, Bruce Francis, Emma Lambert, Mrs. C. H. Wise, and C. A. Fullerton. Ten years after the beginning of the plans the ground was broken, November 18, 1924. In March, 1925, the Fasoldt clock, valued at nearly $10,000, was given to the Campanile. The cornerstone was laid June 1, 1925. The proposed edifice with its cement foundation, granite base, red brick structure, trimmed in stone, 20 feet square and 90 feet high, will cost $60,000. The dedication of this Campanile with its chimes will add much to the celebrations of the Golden Anniversary of I. S. T. C.
Athletics
OUR GYM AND OUR PRIDE

With the completion of the new gymnasium at the beginning of the fall term Tutor athletes moved into one of the finest and most completely equipped gymnasiums in the state. The ground floor contains over 35,000 feet of floor space, part of which combined with the balcony accommodates over three thousand spectators. The main basketball court is of maximum size, 90 by 50 feet. In addition to the main court there is a special floor for gymnastics, training room for the varsity squads, first aid room, lockers to accommodate several thousand students, a drying room and a regulation swimming pool 30 by 60 feet.
ATHLETIC BOARD

The Athletic board is composed of members of the faculty appointed by the President.

The board has supervision over all matters pertaining to athletics, such as the arrangement of schedules for all inter-collegiate sports, the determining of eligibility of the contestants, the granting of awards and the setting of standards for athletics.

The rapid progress made in athletics at T. C. during the last few years is due largely to the efficiency and personality of the director — L. L. Mendenhall.

Mr. Mendenhall attended Drake "U" where he won letters in wrestling, track and baseball. He later attended Iowa and graduated from there in 1917. At Iowa "Mendy" won letters in football, wrestling and baseball — a star athlete in all three branches of sport. He was also a member of the Great Lakes Naval Service team which won the national championship of U. S. Prior to coming to Teachers College Mendenhall was head coach at Boone, Iowa, his basketball team winning the state title. The years 1920 and 1921 found him as head coach of basketball and baseball at Carleton College, Northfield, Minnesota. Both teams won the championship of the Minnesota Conference. Mr. Mendenhall came to I. S. T. C. in the summer of 1921. It is mainly through his work and efforts that the four year coaching course was made possible.

*Homecoming

Coach Bender taking charge of the football team produced as good a team as Teachers has had for many years. Too much credit cannot be given Coach Bender. His ability to produce results is unquestionable.

Taking a green squad he formed a team that was hard to beat. With eleven letter men back next fall Teachers should witness a great season.

A real coach backed by a hard working team and a loyal school.
SEASON OF 1925

Teachers College faced the 1925 season in high hopes. With the majority of the 1924 letter men again in College, and more than a hundred new men out for the first practice, the prospects were encouraging to Coach Bender, the “Pep” club and the student body. Ellsworth offered little opposition in the first game, two complete teams taking part for T. C. The Wesleyan game proved a real tryout. Much closer than the score indicates. Simpson was our “Waterloo” contrary to all our expectations. The machine was not yet in running order, but the boys found themselves in time to defeat Luther in the Homecoming game and to surprise the whole conference with a victory over Upper Iowa two weeks later. Kirksville, a newcomer on our Campus, fell a victim to our good team work. The climax of the season was the Colorado game, in which skill, speed and team work showed up at its best. The game ended in a tie 3-3. Throughout the season the line held its opponents admirably, affording the backfield opportunity to get its plays off with speed and precision. The spirit of loyalty and cooperation brought a satisfactory conclusion to a hard season.

THE VARSITY SQUAD
DAVE BATES
Right Halfback

Dave, all-conference halfback, played his last game for Teachers and finished his football career in a blaze of glory. It was Dave's passing and kicking along with his frequent long runs that made him most feared by his opponents. Dave's place will be hard to fill.

DON HARSHBARGER
Left Halfback

Don, one of the team's shiftiest backs, could be counted upon to come through in all emergencies. His accurate passing was responsible for many of Teachers' points. We lose Don by graduation.

SHERMAN TOLLEFSON
Center

"Bull," the team's defense. As necessary as Peter's finger in the Dike, so was "Bull" necessary in the center of the line. His ability to play at any position when called upon, cost him the place of an all-conference center. "Bull" will play his fourth and last year for T. C. next fall.
HORTON—Right End

"Pud" playing his last game for Teachers finished the season in a manner that brought praise from the sideline. The headiest man on the team with an uncanny ability to snare passes. A real loss.

DRURY—Left End

Clyde, all-conference end, playing his first year for T. C., is the best end ever developed at Teachers. His defensive playing was sensational. Clyde will be back next year.

R. ANDREWS—Quarterback

Ray, the little man who ran the team and ran it well. As quarterback Ray was a problem to his opponents. A level head coupled with his flashy runs make his loss keenly felt.

J. HARSHBARGER—Fullback

"Joker," the hardest hitting back on the team. When "Joker" hits he always hits hard. He was equally good on the defense. We lose "Joker."
Don, a new man, but an old student, was the find of the season. Handicapped by injuries, but always ready and willing to fight for T. C. Don played at tackle and guard.

Harry, playing his second year for T. C., proved a terror to all of his opponents. His consistent playing won for him the Captaincy of 1926. "We wish him much success."

Chauncey, a Freshman, has the "ear mark" of a star. He pulled in the harness like a seasoned veteran, and was one of the reasons for T. C.'s success. He played at tackle.

Jack, a fighter from start to finish. Jack played at guard and was always in the path of the opposing ball toter. His desire to mix proved a stumbling block to his opponents.
Cromer—End

Hiram, a farmer's name but a star's ability. "Rum" played at end and did a good job. He has two more years at T. C. "Let's watch him."

Meyers—Guard

Oliver, a two year man, gets better with the years. "Ollie" played at guard. The rock of Gibraltar and "Ollie" were chums. We are strong for Meyers.

L. Orr—Guard

Louis, a two year man, proved to T. C. fans and to his opponents that he was a mixer. "Louie" played at guard and always was playing the game.

Berryhill—Tackle

"Berry," a scrub for three years, proved his worth the fourth year and landed a regular position at tackle. A big boy who laughed at defeat.
C. ANDREWS—Halfback

Curley proved to be a clever open field runner. A bad ankle handicapped him. "Curley" will be back next fall.

AZELTINE—Halfback

A truly aggressive spirit made Ray the pride of the squad. He should develop into a Tutor ace.

SIEDLER—Guard

"Barney," a freshman alternating at guard and center, played a whirlwind game. In the last three games he was a defensive star. "Barney" is a coming Tutor "Star."

McDERMOT—Halfback

"Con," a freshman who would have made somebody step, was unable to show his merit owing to injuries. "Con" should develop into a Tutor "Star."
PHELAN—Fullback

"Bill," a flash in the backfield who was forced out of the game with injuries. "Bill" will be back next fall.

KALTENBACH—Tackle

"Butch," the fighting Teuton, playing his third year at a tackle position. A scrapper from start to finish. "Butch" will be back in the harness next year.

CHRISTOPHERSON—Halfback

"Tiny," a backfield man of merit. "Tiny" could always be relied upon to share the burden. A fighting little man.
Whoa! Introducing the four horsemen, or in other words the star backfield of the 1925 football team. Driven by Ray Andrews, the team experienced a very successful year, ably assisted by the feared passing attack of the Harshbarger brothers who added many thrills and yards to the season. Dave Bates was the distance man of the quartette, his long runs together with his seven league toe made his playing sensational.

THE THEORY SQUAD
Coached by “Peck” Postgate, Rufus Hoon, and Freshwater
OUR TEAM
Line—Cromer, Gemberling, Meyers, Tollefson, L. Orr, Berryhill, Drury.

“THE PEP BROADCASTERS”

BLANKETING THE PETTERS
Those masculine petters who took their girls to the football games instead of their voices, were blanketet during the intermission between halves by some of the more loyal members of the same sex.
Basketball

ART DICKINSON

Coach Dickinson came to T. C. when basketball was at a low ebb and built up in his two years two of the strongest teams that have ever represented T. C. A man with a winning personality who put his whole heart and soul into his work. A square shooter and a good loser are the worst things one might say about him.
BASKETBALL SEASON OF 1925-1926

A resume of the season shows that T. C. finished second in the Iowa Conference, winning ten games and losing only three. The Tutors scored 397 points, while their opponents only scored 273. The Tutors opened the season with a win over Central. We dropped games to Penn, Parsons, and Luther on foreign courts. The varsity squad was composed of thirteen men, all of equal ability. The honored men of the squad were Morrison, who was selected on the All-State team at forward as well as the Iowa Conference team, Captain Horton was chosen as forward on the All-State and Iowa Conference third teams and J. Harshbarger honorable mention. All in all, the season was a success. Thanks to our loyal supporters.

**Millard Horton**

Our captain was the outstanding player on the team. When T. C. was in danger it was “Pud” who inspired and put fight into the team. “Pud” was a star in every game. His playing and leadership cannot be expressed in words. “Pud” also graduates.

**Vernon Morrison**

Our “steady.” It was “Morry” who always came through when the Tutors needed points. An all-conference forward. “Morry” has played his last for T. C.

**Ralph Morgan**

Our team’s mainstay. For four years “Red” has been a regular at standing guard. A friend to all who know him. He is a fighter in and out of the game. He graduates.
Don Harshbarger

Don, regular center, was a player of more than average ability. Although not a real flashy player, he could be depended on for headwork and advice. He graduates.

Howard Hughes

Howard, a new man in basketball, proved to be a dependable player. He played guard and center and felt at home at either place. He has another year to play for T. C.

John Harshbarger

A guard of superior ability who was responsible for T. C.'s success in the past years. A clever guard and a good shot. "Joker" graduates.
GEORGE FRESHWATER

George, playing his third year, was one of the squad's stars. A player as well as a sportsman. He is a clever dribbler and has a keen eye for the basket. "Freshie" will be back next winter strong.

WILLARD HOLMAN

A clever man with unknown abilities. A hard worker but never works, an eager player but never plays. A star yet to shine. The squad's entertainer. Bill has one more year at T. C.

DAVE BATES

The campus sheik—a ladies' man. "Davie" displays great form, but his displays are very limited. An "Artist" on the floor. Dave has played his last for T. C.
Schlesseman

George, a hard worker and a good sport. Desirous of giving his best for T. C. "Skipper" will be back next year.

Artus

"Bruno," one of the squad's inspirations. "Bruno" was ready at any stage of the game, for action. He should play an important part in next year's squad.

B. A. Stark

Stark was the handy man of the squad. Could always be counted upon for counters. B. A. will be back next winter.

Tollefson

"Bull," after three years of competition, lives up to the old saying, "A team on the court is no better than its assistants on the sidelines." "Bull" will be back stronger than ever next year at his old position.
WRESTLING CHAMPIONS 1926

A resume of the season shows that the Tutors won its second conference wrestling championship in as many years. With five letter men out for the varsity squad the outlook for a successful season was much in evidence.

The first dual meet of the season with the Des Moines University, proved to be an easy start, the Tutors winning by an 18-5 score. The next dual meet was with Cornell, the latter winning by a 20½ to 6½ score, Andrews getting the only fall. The next meet the Tutors engaged in was an interstate meet with the Oklahoma A. & M. School whom the Tutors took into camp. This closed the season for the Tutors, one meet being cancelled with Simpson.

Greater interest has been shown this year in the mat sport than ever before. A squad of about 40 men reported for the initial practice, including five letter men. Elimination matches were held early in the season to determine the representatives for the home meet, and the winner of the home meet was the logical man to represent T. C. for the season. The team was made up of White, Bryant, Andrews, Croy, Grochouski, Orr, and Seiffert. With all members of the team but Croy in school next year, the prospects for another winning team are in order.

RELAY TEAM

At the start of the 1925 track season at T. C. the outlook was none too bright, but after a hard and conscientious training season the Tutors developed the best track team that has represented T. C. in years. With wins over Luther and Simpson by large scores, and winning the Iowa Conference meet at Des Moines, and losing to Coe by only 22/3 points, the track season passed into history as one of the best. Many records were broken including pole vault, discus, shot put, and broad jump. Leighton, Bates, Williams and Ehrhardt were high point winners.

MILE RELAY TEAM

The Tutor mile relay team performed creditably in every contest of the 1925 season. In the dual meet with Coe they won in 3 minutes and 49 seconds. Against Luther and Upper Iowa in the triangular meet held at Decorah, they won again in 3 minutes and 42 seconds. In the Iowa conference meet they ran a strong second in their event which was won by Buena Vista in 3 minutes and 33 9-10 seconds. In the dual meet with Simpson the event was forfeited in their favor. I. S. T. C. appreciates their faithful training and superior performance.
CONFERENCE CHAMPIONS

Under the efficient coaching of Coach Minton Teachers won its second Conference Championship in as many years. From the large number of candidates out for positions the fastest team in the conference was produced. With sixteen veterans back for 1926 Teachers should put in another strong bid for the championship.

HISTORY OF WOMEN'S ATHLETIC ASSOCIATION

In the Spring of 1923 women's athletics for I. S. T. C. were organized in an association for all the girls. The charter membership consisted of thirty-two girls vitally interested in the welfare of the organization with its purpose of reaching all women students through physical education. Its many activities—hockey, soccer, baseball, tennis, volleyball, simple team games, swimming, track, hiking, field ball, archery, dancing, folk dancing, and gymnastic work—provide opportunity for many different girls, with their different likes and aptitudes, to find places most enjoyable in this group.

Emphasis cannot be put too strongly on the all-college standard of this organization. Not only physical education majors, but all girls are urged to take part in the activities of this group. Membership is based upon evidence of desirable scholarship and sportsmanship and upon a point system of measuring achievement in athletic work. One hundred points in any sport offered in college is the requisite for membership. Chevrons are awarded members making a first team in any sport. Stars are given to team captains. A small T. C. is the reward for earning 650 points and upon the attainment of 1000 points a girl wins her big T. C.—the height of ambition for the girl athlete. It is occasionally necessary to limit activity as well as to stimulate it and for that reason a girl may work on only one team in any one term.

Progress has been rapid and interesting in our three years of existence on the campus and we come to the Jubilee Celebration knowing that we are taking a place in the campus life that is vital and we are proud to face the future of I. S. T. C. with the realization that we offer an integral part to the activities of every girl student.

This year we have had a special treat in having the Folk Dance Institute led by Miss Elizabeth Burchenal. Aside from the delights of her own personality she brought us new knowledge and wider sympathy with the races which she interpreted for us through the folk dance medium of expression. Her research work in this line enabled her to bring valuable lessons and information to the W. A. A.
"'Tis to create and in creating live
A being more intense, that we endow with form
Our fancy, gaining as we give
The life we image."
The Shield Club is an honorary organization in the Physical Education Department. It was organized in 1922. To wear the honor shield is a much sought-for privilege by major students, as it stands for the highest ideals of a physical education girl. The “Shield Party” given annually by the faculty of the department is the crowning event of each year.

THE WOMEN’S LIFE SAVING CORPS

The Women’s Life Saving Corps is a unique organization on the T. C. campus, being the only organized swimming club at the present time. The T. C. unit was organized in June, 1921, with thirteen charter members. Since its organization 115 girls have passed the Senior Red Cross Life Saving tests. At present there are forty active members of the corps. Twenty-five students are now receiving instruction in life saving methods, with the assistance of the corps.

Organizations
In 1877 a group of seven girls organized the first girls' literary society of I. S. T. C., naming it Alpha. Mrs. D. S. Wright, wife of Professor Wright, our senior professor, was among this group of charter members. It was a great day in the history of the school when this first literary society was safely launched. In white dresses, pink gowns, and white hats the members marched across the campus to the buildings, meeting and saluting President Seerley who acknowledged the salute and gave the girls a room for meetings in the present Gilchrist Hall. Society Day Parades, the College Paper and Annual are some of the all-college institutions which Alpha and Philo sponsored in their beginnings. Among the prominent alumnae of Alpha we are proud to name Bess Streeter Aldrich, prominent short-story writer for the American Magazine. In truth, Alpha "leads the way."

HISTORY OF THE IRVING SOCIETY

On June 2, 1913, as a unified, cooperative group of sixty girls, we were formally recognized as an incorporated society. During chapel exercises on that day we were presented by our god-mother, Miss Oliver, and christened “Irvings” by Professor D. Sands Wright.

In honor of President Seerley and his vital interest in our welfare as a society we chose the name “Irving” which was also the name of the society of which he was a member at Iowa City.

Those sixty girls put the Irvings on a firm foundation of high ideals, loyalty, and good will toward each other. May we always be true to the Irving society and the ideals for which it stands.

PHI OMEGA PI SORORITY SONG

The White and Sapphire Blue
Our Star's radiant hue,
You may search everywhere
But none can compare
In our hearts so true.
The years may roll by,
We're true until we die,
And each day for thy sake
Our vows we retake
And pledge Phi Omega Pi.

PHI OMEGA PI'S FAMILIAR SAYINGS

Ada: "Yes, this is Ada Bang speaking."
Gerry: "Say, youse guys!"
Bea: "Hello! Hello! Are you there?"
Stover: "I just live from one piece of macaroni to the next."
Polly: "I think I'll lose my feeble mind."
Jo: "I think that would be nice."
Harper: "Hello, little girla."
Max: "Hello, Nebuchadnezzar!"
Van: "Well, it's just like this!"
Doris: "By Gol!"
Dot: "You know!"
Coney: "Stick around and we'll cut a cranberry in two!"
Marj Mc: "I'm going to C. R. this week-end."
Leone: "Be quiet. It's ten thirty."
Norme: "Doc!"
Baldy: "Let's get organized."
Flo: "Any calls for me?"
Bobby: "Let's do, should we?"
Marge S.: "Vivian, Gertrude, Eloise."
Vera: "My dear!"
Hazel B.: "Who took my call from Ottumwa?"
Marie W.: "Oh, Henry!"
Helen K.: "Well, say!"
In the winter of 1898, a group of girls formed a secret sorority, the first of its kind at Iowa State Normal School, known as Nu Omicron Nu. It proved so successful that it became a permanent organization. In 1906, Miss Sara M. Riggs became an honorary member of Nu Omicron Nu and has championed the sorority ever since.

Late in the fall of 1908, on one of those homesick nights, a group of girls rooming at 2522 Olive Street decided to allay their loneliness by forming a sorority which they called Sigma Phi. The charter members were Nellie Wilson, Bessie Chase, Neva Lillinghast, Mabel Kratz, Ruth Suhring, Ruth Allender, Irene Cramer, and Grace Havelson. These girls chose for their honorary member Miss Lillian Lambert.

Competition proved to be an incentive to both Nu Omicron Nu and Sigma Phi between which a spirit of friendly rivalry thrived. By 1918, the "friendly" overbalanced "rivalry" and the two sororities united, calling themselves Nu Omicron Nu Sigma Phi.

Beta chapter of Kappa Theta Psi, local sorority, was established at Iowa State Teachers College in 1906 with ten charter members.

The badge of the sorority is in the shape of a triangle, outlined with pearls, center of which is black onyx with the Greek letters embossed in gold. The colors are black and gold, and the flower is the violet. The pledge pin is of white gold and the same shape as the member badge with the Greek letter "K" in raised form.

Membership for the fiscal year of 1925 consists of twenty actives, and four pledges, and seven members on the faculty roll.

Kappa is represented in the Y. W. C. A. with girls in Freshman Commission, Sophomore Council, and Cabinet; College Eye staff; Student Council; Forensic League; Dramatic Club; Cecilian and Euterpean Glee Clubs; Theta Alpha Phi; Kappa Delta Pi; Orchesis Club; W. A. A.; Shield Club; Pi Omega Pi; Literary Societies; College Choir; Life Saving Corps.

Alpha Chapter of Kappa Theta Psi was founded at Kirksville, Missouri, in 1896.

Kappa Theta Psi Sorority is a member of the Inter-Sorority Council.

GAMMA CHAPTER

The Alpha Beta Gamma sorority was established at Iowa State Teachers College in 1906 with eleven charter members. The colors of the organization are black and white. The flower is the American Beauty rose. The present membership consists of twenty actives, two pledges and three faculty members.

It is the aim of Alpha Beta Gamma, social sorority, to have its members affiliated with school activities and to maintain a high scholastic standing.

The pin of the sorority is the shape of a kite, outlined with pearls, the center of which is black onyx with the Greek letters Alpha Beta Gamma. The pledge pin is of white gold in the shape of the Greek letter Gamma.

Gamma sorority is one of the charter members of Pan-Hellenic Council.

The Delta Phi Delta Sorority was founded in the year 1905 with a chapter roll of twelve girls.

The colors are green and white and the flower is the white rose.

Its members have scattered to different places in various occupations. Some of its members have become instructors at I. S. T. C. and have taken an active part in the sorority while members of the faculty.

Delta Phi Delta has established certain traditions, handed down from one school year to the next. Two of these are the annual Intersorority Tea, and the annual Formal Dance, given on St. Valentine's Day.

Tau Sigma Delta was organized in the fall of 1920 under the name of Sigma Tau Delta Sorority. Eight girls made up the nucleus from which the sorority grew, and as charter members completed its organization. Since that time nearly seventy names have been added to the membership roll.

It has been the object of the sorority to establish closer bonds of friendship and to develop each member in service to the group and the college.

In the fall of 1925, when the possibility of establishing a chapter of the national English Fraternity, Sigma Tau Delta, was made known, the name of the sorority was changed to Tau Sigma Delta.

Tau Sigma Delta has always been well represented in student activities. Its members have been active workers in the Y. W. C. A. Cabinet, in Literary Society, in honorary organizations, on Student Council, and in the Women's Athletic Association. To-day, sorority sisters are scattered throughout the country and are occupying a variety of positions.

The Pi Theta Pi Sorority was first founded at Iowa State Teachers College of Cedar Falls, Iowa, in 1904. In the year 1917 on account of the World War many of the members found it impossible to return to college and rather than leave the sorority in incompetent hands, they surrendered their charter. In the fall of 1924 they felt justified in reorganizing the chapter when appealed to by a group of undergraduates. The charter members were Francis Hendricks, Nora Halton, Fern Haaker, Alice Olds, Mabel Ryan, Marie Straub, Martha Thompson, Thelma Thorsen, and Mrs. Harold MacKean.

During the history of the Pi Theta Pi Sorority its members have been represented in the College Orchestra, Cecilian and Bel Canto Glee Clubs, Y. W. C. A., Literary Societies, English Club, Student Council, and Catholic Student Association.

The aim of the sorority has been to promote the social, material, spiritual, and intellectual.

The sorority pin is a triangle shape pearled pin with the Greek letters of the sorority engraved on a background of black onyx. The pledge pin is a black triangle with a band of gold.

The colors are sweetheart blue and gold.

The sorority flower is the Tea Rose.

The crest portrays the symbol of the sorority, the heart, pine tree, Bible, torch, and links.

In the spirit of friendliness, Pi Tau Phi has been organized during this Jubilee Year of our college. The twelve charter members, assisted in no small measure by their sponsor, Mrs. Buffum, have gained much during the process of organization.

The badge of the sorority is in the shape of a shield, outlined with pearls, center of which is white enamel with the Greek letters embossed in gold and set with blue sapphires. The pledge pin is a gold friendship knot which is also the guard pin for the charter members.

The chosen colors are orchid and green and the flower is the butterfly tea rose.

Pi Tau Phi is represented in Alpha and Homerian Literary Societies, in inter-society and inter-collegiate debate, in publications, in the English Club and in Glee Clubs and special musical activities.

Pi Tau Phi is founded upon the sincere faith of the charter members that such an organization can fulfill worthy purposes on the campus.

The Alpha Theta Beta fraternity formerly known as the Able Hobo fraternity was founded in March, 1899, and was the first fraternity to be organized at I. S. T. C.

The name Able Hobo was a significance in the fact that the latter part was derived from the motto which is “Help Our Brother Onward.” The word “Able” has a special significance which is known only to the members and serves to others as a means of distinction.

The ten charter members were, George E. Wallace, Frank H. Reno, Will S. Yeager, Thomas Burkhalter, Clarence Furgeson, James Cavanaugh, Leslie Berry, Albert W. Adams, Le Roy Catlow, Pearl Briden.

For a number of years the organization was limited to thirteen members. During this time, due to school opposition, their meetings were held secretly in such places as barns, private rooms, cabins up the river, and various secluded spots. The members were also unknown.

In 1919 they conceived the idea of having a fraternity home so it became necessary to amend the constitution in order to admit more members. For two years an apartment served the purpose and in 1921 they moved into the house at 2415 Olive Street for a period of one year. The next three years they occupied the house at 2119 College and are now located at 923 West 23rd.

The fraternity during the year 1925 deemed it advisable to change the name to Alpha Theta Beta, but the spirit and ideals of Able Hobo will live forever.

I will strive to promote the interests of the school in all social, scholastic, and athletic activities.

When the Xanho Fraternity was organized on January first, nineteen hundred and two, its purpose was primarily that of a social organization and good fellowship club. However, within the first year, this group of men began to consider the fraternity as something with a more serious and worthwhile purpose. Every effort was made to develop scholarship and interest in school functions in the members. Consequently, was laid the foundation of the present Xanho fraternity.

The charter members of the fraternity are Clem Seerley, Harry McNeely, Eugene Fenling, Hugh McMillan, William Francis, Joseph Clay, James Strawn, Herbert Cotton, Jesse Walters, John Dunkerton, Earl Joder, Mike Slick, and George Fissell. Long's residence, on West 22nd Street, was used as the first meeting place. Later the attic of President Seerley's home was made the headquarters. Each member wore a blue skull cap with a gold X on the front of it.

In the spring of 1902, the Xanho fraternity held its first formal banquet. All food was furnished by the surrounding farmers. The custom of holding a formal dinner dance has prevailed to this time. Many old members return to Cedar Falls for this occasion.

Today the Xanho fraternity has grown from a chapter of thirteen active members to one of thirty-five and an alumni of two hundred and forty-two. The fraternity house is at 2213 College and plans are being brought under way for the building of a fraternity house in the next few years. The Xanho fraternity is represented in every branch of the school's activities and promotes its own interests and its own development by exerting every effort for the good of Iowa State Teachers College.

The Beta Chapter of Alpha Chi Epsilon was established at Iowa State Teachers College November 15, 1915, by James Bennett, John Brown, Price Doyle, Adrian Garnett, Frank Jewell, Harry Jewell, Vivian Johnson, William McGrew, Harold Nesbett, Vincent Ridge, and Ernest Hansen. The purpose of the newly formed club was to foster and develop a feeling of mutual fellowship and brotherhood that had existed between its members. The organization was the first Greek letter fraternity on the campus and was purely social in character as were most of the Greek letter fraternities being organized at that time.

The chapter has always had as its ideal, a brotherhood made up of men from all branches of the college and every branch of school activities rather than of men interested in only one or two phases of college life. Because of its constant aim to be a well balanced fraternity, it has produced men who have represented our College in athletics, publications, dramatics, debating, and every other form of activity. Its alumni number two hundred and fifty.

The Lambda Gamma Nu fraternity is comparatively young on the Teachers College campus, having been formed the fall term of 1923. Through the untiring efforts of the charter members, Lambda Gamma Nu has grown rapidly and is now one of the ranking fraternities in the school.

The charter members who founded the organization were: Archie Blank, Elmer Burch, Kenneth Cook, Keith Cook, Roy Collins, Herman Cohn, George Churchill, Wallace Curtis, Gerald Diesch, G. B. Ferrill, James Fitzgerald, Kenneth French, Robert Green, Palmer Hollis, Dwight James, Erwin Kaltenbach, Earl London, George Mavrelis, Glen Moon, Ralph Morgan, Ralph Pearson, Walter Ruther, Rollin Stevens, J. Walter Williams.

The fraternity home has been at 805 West 24th since the founding in 1923.

The fraternity has always had as its ideal a brotherhood made up of men in every branch of school activity, rather than of men interested in only one or two phases of college life. Because of its constant aim to be a well balanced fraternity, it has produced men who have represented our college in athletics, publications, dramatics, debating, glee club, and every other form of school activity.

Four members, Glen Moon, George Mavrelis, Earl London, and Dwight James have enrolled in the Harvard school of law. Many others are filling positions in the Iowa schools.

The colors of our fraternity are old gold, turquoise blue, and white. The pledge button is a gold Lambda on a black background. The fraternity pin is a monogram in the form of Lambda with a gold Gamma and Nu on a raised black enamel background.

On October 20, 1919, a few students in the vicinity of Cedar Rapids and Marion met and formed an organization which is now known as Alpha Delta Alpha, National Professional Physical Science Fraternity. This organization was founded for the purpose of fostering and maintaining chapters in the colleges and universities of the United States; to assist in developing an interest in, an understanding of, and a love for the Physical Sciences; to forge and strengthen the fraternal and professional bond between its members and alumni in each college, and between its chapters in the several colleges; to help promote and develop the loyalty of its members in their various chapters and colleges, both while they are attending school and after graduation. It is also the aim of the organization to strengthen the bond of fellowship among its members by stressing the social as well as the professional side, thus having a two-fold purpose in mind.

From Coe College at Cedar Rapids, Iowa, the organization expanded to other schools, having chapters at the present time in the following places: Beta Chapter at the State University of Iowa, Iowa City, Iowa; Gamma Chapter, at the Iowa State Teachers College at Cedar Falls, Iowa; and Delta Chapter, at Buena Vista College at Storm Lake, Iowa.

Gamma Chapter was founded on this campus on May 19, 1923, and since that time has endeavored to carry out its ideals in the best way possible. This chapter believes in a strong nationalized fraternity, uniform in policy, ritual, and proceedings, and it values its membership highly, in connection with college education.

THE FRAT PIE

Sing a song of Alpha Chi,
Lambda Gamma Nu,
Chuck in all the Alpha Delts,
All the Hobos, too—
Don't forget the Zanhos—
Bake it nice and brown.
When it's done you'll have a pie
To startle all the town.

THE SORORITY PARADE

Ring the bells of T. C.,
Kappa Theta Psi (sigh),
V. O. V.'s and Gammas too,
All are passing by.
Phi Sigma Phi girls,
Pi Beta Pi girls,
Phi Omega Pi girls,
All are passing by.
Sigma Delta swings along,
Delta Delta sings her song,
Pi Tau Phi the last, 'tis true,
But not the least because she's new.
A Little Nonsense Now and Then
Seated one nite at my table,
I was laboring hard for a laugh
To work in this humor section
In the form of a paragraph.

I know not what I was thinking
Or what was in my brain,
But I struck one chord of humor
That was better than all Mark Twain.

It would have made me famous
All over the East, and West,
All people would have pointed
To the "Author of that great jest."

I have sought but I seek it vainly
That one last wheeze divine
That one last word of humor
That was-to-be-deathless-line.

It may be that death's bright angel
Will slip me that joke, I guess
But Hades, this is the morning
That the page is going to press.

Dont's For Use In Library

1. Do not cough or clear your throat. If necessary to do so, hold off until you can get downstairs and outside on the walks between the building.

2. Do not lift your eyes from your work. If you must go to the desk, close your eyes and look neither right or left till you stand in front of the desk.

3. Do not speak, motion, grin, whistle, or burst into song, to attract attention.

4. If you wish to speak write it on a piece of paper and give it to the person as you leave the building.

5. No barred windows or stripes, just silence and lockstep.

6. Do not come into the lib with a grin on your face; it shows you need watching closely.

7. Do not cross the room to hand a paper, book, or any absolutely necessary article to any one.

8. Whenever a pretty maid sits across the table from you, place your fist against your heart and pray that the Devil will stick his fist into the pretty maid's face.

9. Honor the librarians that their days may be long in the land.

SORORITY SLY SLAMS

My roommate is my Nemesis; I live in want.
She maketh me sit up to do her psychology: she leadeth me to make dumb remarks in my own classes.
She restoreth my soap not: she leadeth me into ice cream parlors to save her own change.
Yea, though I talk a volley of oaths and cuss till I am out of breath, she fears me not: she is ever with me; her dates and her men discomfort me.
With my dresses she captiveth all my boy friends: she anointeth her dome with my Stacomb; her date book is full to capacity.
Surely blueness and gloom shall not follow me all the days of my life; for I will not dwell with my roommate forever.

Every dog has his day, but the Phi Sigs have their knights.

DIG FOR DOUGH

The Greek letters Delta Fi Delta stand for the words “Dig for dough,” which is also the motto of this organization. When, where, how, and from what the pin originated is a secret, but the eternal triangle is present.
Flower—Bachelor Buttons.
Motto—Dig for Dough.
Song—“Gimme.”

GRAMMAS

In the cycle of life we have our Mothers and Fathers, sons and daughters. Here is an organization that supplies the missing link. Gramma’s are assuredly necessary in our study of Genealogy. This outfit was founded by Great Grandmother.
Motto—Never be a child, be a Gramma.
Song—Silver Threads Among the Gold.
Flower—Bleeding Heart.

WHAT OFTEN HAPPENS

Oh, say, can you sing from the start to the end,
What so proudly you stand for when orchestras play it;
When the whole congregation, in voices that blend,
Strike up the grand hymn and then torture and slay it?
How they bellow and shout when they're first starting out,
But the "dawn's early light" finds them floundering about.
'Tis "The Star Spangled Banner" they're trying to sing,
But they don't know the words of the precious old thing.

Hark! The "twilight's last gleaming" has some of them stopped,
But the valiant survivors press forward serenely
To "the ramparts we watched" where some others are dropped
And the loss of the leader is manifest keenly;
Then "the rocket's red glare" gives the bravest a scare,
There are few left to face the "bomb's bursting in air"—
'Tis a thin line of heroes that manage to save
The last of the verse and "the home of the brave."
GOOD WILL

We take this opportunity to thank the firms and individuals on the following pages, who, by their generous support and co-operation, have helped to make possible the publication of this book. They have shown that they are really interested in the Iowa State Teachers College, and that they are aware of the benefits of such an institution in the community.

Remember—they are your friends and friends of I. S. T. C. Trade with them. They will welcome you at all times, as they have welcomed us in the publication of the OLD GOLD.
