# Price Lab School/NU High

College of Education • University of Northern Iowa • Cedar Falls, Iowa

## Student Profile

The student body of PLS/NU High represents a cross section of the Cedar Valley community. The 2005-06 enrollment in grades pre-12 was 384 students, with an additional 53 students in the UNI Child Development Center. PLS/NU enrolls students in programs from pre-kindergarten through grade twelve and includes children as young as six weeks of age in the UNI Child Development Center.

The PLS/NU enrollment includes students from American, racial and ethnic minorities and those from other countries, those who receive free and reduced lunch, and those who have special needs. A defined attendance zone surrounds the school for Cedar Falls students in grades K-6, although elementary students may open enroll from outside the Cedar Falls school district. Middle and high school 7-12 students may enroll from the Cedar Falls community and open enroll from other communities. The Child Development Center accepts children of parents who are UNI students or employees at UNI.

## Mission

- Serve as an integral component of the University of Northern Iowa's teacher education program.
- Engage in scholarly work and service to advance teaching practices and provide resources for teachers in Iowa and beyond.
- Provide an excellent and innovative education for the early childhood through grade twelve students

## About Laboratory Schools ~

To be a laboratory school, two factors must be in place. First the school must be affiliated with a college or university. Second, laboratory schools have as their primary mission the training of teachers, the expansion of research and the development of curriculum. There is only one pre-kindergarten through grade twelve comprehensive laboratory school in Iowa - Price Laboratory School at the University of Northern Iowa. Price Lab School is a public school governed by the Board of Regents and a department within University of Northern Iowa's College of Education.

# Faculty Quotes

"To find the best in people,  
choose to think and believe the best about them."

~ Mr. Stichter

"Congratulations to the Class of 2006. To the students in the yearbook class,  
have pride in the knowledge that all your hard work with design and  
production of the yearbook has resulted in  
a memorable historical document for PLS/NU High."

~ Mrs. Dykstra

"Four years ago, following our Carnegie trip, you gave me this saying from a  
wall at Ground Zero: *"The Human Spirit is not measured by the size of the act,  
but by the size of the heart."* You have proven you are national level musicians  
and world-class people. Thank you for allowing me to walk with you on your  
musical journey. Take your songs with you on your life's journeys."

~ Blessings, Dr. Sharp

"My challenge for you is to Pimp Your Ride; take what you have and make it  
one...two...three...four...five times better!"

~ Ian Leonard, Channel 7 Meteorologist

"There are few problems in life that cannot be solved using a simple  
spreadsheet. Therefore, my advice to you: Keep Excel close at hand."

~ Couch

"The class of 2006 was a very diverse group of individuals. They are TRUE LAB  
SCHOOL KIDS " all over the board. And that's what made them interesting and fun."

~ Rick Knivslund

Congratulations, Class of 2006,

As a class and individually you have achieved many wonderful accomplishments and  
will leave a positive, lasting mark on NU/PLS. First Class PLS Bakery, Florida Ex-  
plorer Trip, 7th Grade Camp, numerous appearances at state level competitions, trips  
to Chile, France, and Russia are all some of the highlights of your PLS/NU career!

During the good times and the dark days of '02, your loyalty and leadership have  
been a real strength of the class of 2006. As a class you were friends and colleagues,  
forming a special bond. It has been fun watching each of you mature into fine young  
adults. My best wishes to each of you as you take the special skills and knowledge  
you gained at NU and become new learners of the world.

~ Mrs. Davidson" your teacher, administrator, friend and mom.
