This Newsletter is brought to you for free and open access by the Iowa Waste Reduction Center at UNI ScholarWorks. It has been accepted for inclusion in Iowa Waste Reduction Center Newsletter by an authorized administrator of UNI ScholarWorks. For more information, please contact [scholarworks@uni.edu](mailto:scholarworks@uni.edu).

**Offensive Materials Statement:** Materials located in UNI ScholarWorks come from a broad range of sources and time periods. Some of these materials may contain offensive stereotypes, ideas, visuals, or language.

**March 2014**

Good morning!

It's the first day of spring! After the winter we've had, it could not have come soon enough! With a new season, we wanted to bring something new to the newsletter. This month, you'll notice we've created categories below the IWRC Updates. From now on, news will be grouped by industry allowing us to share more news and hopefully allow you to read what interests you and your business easily! Enjoy!

---

## **IWRC Updates**

### **MSEIs Due May 15**

Inventories for facilities in the central portion of Iowa, as well as all portable plants, are required to get their Minor Source Emissions Inventory submitted by May 15. Tools, resources and calculators to help complete the inventory as well as information on our one-on-one training sessions are available. Visit [mse.iwrc.org](http://mse.iwrc.org) for more!
