4. Old Business – Waldron reminded the Graduate Council that there would be a vote at the annual Graduate Faculty meeting on the new Constitution. Waldron suggested having a parliamentarian at the meeting. There were several names suggested. Waldron will check with Thompson. Final changes need to be made today so the revised Constitution can be disseminated to graduate faculty. Harton asked about document received from Brucker. Nelson thought his information came from different university. Waldron reported he liked special faculty status information from other universities because they are allowed to serve on committees.
 - 4a. Waldron stated 2.2.1.2 currently says semester or year. It was suggested it remain at academic semester. Nelson suggested it could include up to one academic year.
 - 2.2.1.4 Additions and deletions to the roster shall be reported to the Graduate Council.

Changes will be reported annually. Paperwork for associate membership must be approved no later than one week before start of semester. Regular 2.2.1.3 Nelson suggested changing to make information about regular graduate faculty available. Regular members are the listed on the Graduate College's website.

Regular membership 2.3.3.4 the same provision should be included for associate members. Clayton discussed the cover letter that will sent to faculty with changes to the Constitution and explain the rationale for changes. Proposed changes will be discussed at Annual Graduate Faculty meeting before the vote. Waldron introduced Jody Brucker. Brucker's main concern is some staff may have medical or other degree but do hold academic degree. He would like associate members to serve on committees. Brucker felt some students choose non-thesis or research papers; and this may hurt UNI. Joseph stated faculty with clinical or terminal degrees were approved to have regular graduate faculty status. Nelson stated associate members are not long term members of UNI. Nelson stated an appeal process would be put into place under new constitution. Brucker was specifically wanting off campus staff to be on committee. Joseph stated off campus staff could be an additional member of committee. Nelson stated UNI wanted faculty with connection to UNI to be on committee. The thesis manual deals with the issue of off campus staff serving on committees. Thompson stated logistics of who serves on committee rests with graduate faculty of department. Licari stated politics of department should not be used to make changes to Graduate Council policy. External expertise can and should be used to provide guidance. Waldron stated another small change could be made; remove extra member and put additional member. The bylaws impact graduate faculty. Each department can set their own standards. Wurtz stated Graduate Council provides underlying quality foundation for departments to build upon. Nelson made a motion to approve the changes to the Constitution. Harton seconded the motion. Motion passed.
