COLLEGE COMMENCEMENTS

May 26, 1973

The University lacks a protected space large enough to hold an all-university commencement. Therefore, until such time as such space is available, separate commencements will be held by colleges. It is hoped that in the not distant future it will be possible to return to an all-university commencement.

The University is organized into five colleges, all instruction being offered in four colleges which offer the undergraduate majors.

THE ACADEMIC PROCESSION

A faculty Marshal heads the academic procession. Candidates for degrees, with Master's degree candidates first, are led by Student Marshals. Next in line are the Dean's Party, including members of the Board of Regents and other honored guests, and university officials with platform duties. Then follow Department Heads who also sit on the platform and members of the instructional faculty of the college.

The academic costumes worn trace their origin to the Middle Ages when long-sleeved, hooded gowns were necessary for warmth in the unheated stone colleges. Over the centuries much diversity occurred. To bring some order out of this, in the United States in 1894, an intercollegiate system of academic costume was agreed on and it is now adhered to by more than 760 institutions. According to this code, both the styling and the colors of the regalia have significance.

The design of the gown indicates the degree: The bachelor's is a simple gown with a full sleeve. The master's gown is much like a bachelor's gown except for the long sleeve which hangs loose. The doctor's gown is more elaborate and worn loosely. It has velvet edging and three velvet stripes on the full sleeve. The color of this velvet may be black or in the color appropriate to the degree.

Hoods, which are worn over the gowns, are similar for all three degrees. The bachelors candidates often do not wear the hood. The hood has a velvet edging which indicates the area of degree. The inside or lining of the hood is satin and indicates by its colors the college or university which granted the degree.

A partial list of degree colors to be found on the edge of the hood or the trimming on the doctor's gowns is as follows:

Apricot—Nursing
Blue, Dark—Philosophy
Blue, Light—Education
Brown—Fine Arts
Citron—Social Science
Copper—Economics
Drab—Business
Green—Medicine
Green Sage—Physical Education

Lemon—Library Science
Maize—Agriculture
Maroon—Home Economics
Orange—Engineering
Pink—Music
Purple—Law
Scarlet—Theology
White—Arts and Letters
Yellow, Golden—Science

AMERICA THE BEAUTIFUL

O Beautiful for spacious skies, for amber waves of grain
For purple mountain majesties above the fruited plain!
America! America! God shed His grace on thee,
And crown thy good with brotherhood from sea to shining sea.

O beautiful for pilgrims feet, whose stern impassioned stress
A thoroughfare for freedom beat across the wilderness!
America! America! God mend thine every flaw,
Confirm thy soul in self-control, thy liberty in law.

O beautiful for heroes proved in liberating strife,
Who more than self their country loved, and mercy more than life!
America! America! May God thy gold refine,
Till all success be nobleness, and every gain divine.

O beautiful for patriot dream, that sees beyond the years
Thine alabaster cities gleam, undimmed by human tears!
America! America! God shed His grace on thee,
And crown thy good with brotherhood from sea to shining sea.
