STUDENT HIGHLIGHTS

The Iowa Academy of Science commends all those individuals, institutions, and agencies that have sponsored activities in science for high school students. The importance of identifying and encouraging students with science interest and talent cannot be over-emphasized at a time when the future calls for more and more scientists and engineers to solve the problems of a technological society.

It is likely that our list is incomplete. The following activities have to some degree been identified with the Iowa Junior Academy of Science specifically or more generally with the Iowa Academy of Science. Those activities not so identified are equally important, and their possible omission here is not to be construed otherwise.

IOWA ACADEMY OF SCIENCE OUTSTANDING SCIENCE STUDENT MEDALS (Sponsored by the Pella Rolscreen Company, Pella, IA)

Medallions of Award will be provided to school administrators to be presented to 15 outstanding high school science students

EXCELLENCE IN SCIENCE TEACHING (ESTA) AWARDS

The Iowa Academy of Science has a long and distinguished record of encouraging improvement in science teaching within Iowa's public and parochial schools. Since 1954, through its *Excellence in Science Teaching* Awards program, teachers from all areas of the state have been recognized for their outstanding work.

Presently, the Academy recognizes excellence in elementary, junior/ middle high school, and senior high school science teaching. Further, in the senior high school program, the specialty areas of chemistry, earth/environmental education, life, and physical science are focused upon. A general/multiple science category was established to include those who teach more than one science discipline in a single course, or separate courses, or interdisciplinary courses.

Earth/Environmental Science

Barbara J. Kinneer – James Madison Middle School, Burlington

Elementary Science

Jane Haugen – Kennedy Elementary School, Dubuque
Carolyn R. White – Penn Elementary School, Iowa City

General/Multiple Science

Kevin McGinity – Ottumwa High School, Ottumwa

Junior/Middle School Science

Peggy Barbour - Ames Middle School, Ames

Life Science

Beverly A. Iverson – Marshalltown High School, Marshalltown

Physical Science

Karen Couch Breitbach – Malcolm Price Laboratory School, Cedar Falls
