Covering the Panthers
Press Row & Parking: Only working press and scouts with advance notice will be allowed access to the working press area, located directly behind the official scorer’s table at floor level. Use any east side entrance for admittance. Parking for the working press will be in the west lot of the Physical Education Complex (PEC) building which is located directly north of the UNI-Dome and can be reached from Hudson Road (HWY 57) which runs north and south on the east side of the UNI-Dome. Your press pass will be sufficient to enter the lot to park.
Radio Stations: Radio stations will be assigned broadcast space upon request for permission to broadcast. Stations should make their own arrangements for telephone hook-up and private telephones. If stations wish to use the courtesy line, they must contact Kelly Neff at KCFI Radio in Cedar Falls (phone 319-277-1918).
Services Provided: Half-time statistics and team and individual stats at the end of the game will be provided.
The University of Northern Iowa, one of the nation's leading institutions of higher learning, is the outgrowth of the Iowa State Normal School established by the General Assembly in 1876.

From a single building on a 40-acre campus, the University has grown to include over 40 major buildings, a 723-acre campus, over 500 faculty members and over 11,000 on-campus students.

During the first 27 years, the school issued teaching certificates requiring 12 weeks to two years of training. In 1903 a four-year curriculum based on high school graduation and leading to the degree of Bachelor of Arts in Education was authorized.

In 1909 the institution was renamed the Iowa State Teachers College and the government of the College, along with that of the University of Iowa and Iowa State University, was vested in the State Board of Regents, a nine-member body appointed by the Governor. Under the new name, the College attained a reputation as one of the nation's outstanding institutions for preparation of teachers.

On July 5, 1961, the Iowa General Assembly on recommendation of the Regents changed the name of the school to the State College of Iowa and redefined its functions to include the offering of liberal arts degrees.

On July 1, 1967, the General Assembly on recommendation of the Regents approved university status. The name was changed to University of Northern Iowa and its function was again redefined.

Although teacher education remains an important program, the University offers degrees to students majoring in a wide variety of subjects. Thus UNI has two bachelor of arts degrees, one with certification to teach and one without certification. Also, a bachelor of technology degree can be earned with or without certification to teach, and since 1969, the bachelor of music degree has been offered. A bachelor of fine arts degree was approved by the Regents in 1976. An individual studies major enables a student to pursue, with faculty approval, a wide assortment of study areas. The bachelor of liberal studies, the fifth baccalaureate degree, is an external degree made available through the cooperative efforts of the three Iowa Regents universities. This degree was approved by the Regents in 1977.

On the graduate level, courses leading to the degree of master of arts in education were offered for the first time in the summer of 1952 and a sixth-year program leading to the specialist degree with a program in science education was inaugurated in 1970.

In 1964, the master of arts degree was approved by the Regents. The first master of arts degrees were granted in 1966. The master of business administration degree was approved by the Regents in 1975, and the master of music in 1976. The graduate program was further extended in 1978 with the addition of UNI's first doctoral degree, the doctor of industrial technology. Approval of a second doctoral degree, the doctor of education, was granted in 1983.
Kim Mayden hasn't put together a jigsaw puzzle for a long time. Considering all the new elements surrounding Panther women's basketball, putting together a team may seem like a puzzle to the first-year coach.

Being a new coach with a different outlook and an inexperienced team contributes to the puzzle's degree of difficulty. But Mayden hopes to have put together most of the pieces before the first conference game January 6.

"In the early season, we want to get a good look at all our players. I think by the time the conference season rolls around we will have established eight solid players," Mayden said.

There are 10 pieces to Mayden's puzzle. Of the 10 players on the Panther roster, six are new to the program. Four are freshmen and two are junior college transfers. The four remaining players have seen action at UNI but only one is a fulltime starter.

That lone starter is Lynn Cuvelier Hach, a 5-11 senior forward from Waterloo, IA, who will be expected to shoulder most of the scoring and rebounding load this season.

Hach has the tools to get the job done. She was an Honorable Mention Junior College All-American at North Iowa Area Community College (NIACC) in Mason City. In 1983, she was voted Best Junior College Player in Iowa after leading NIACC to the Junior College Nationals in Senatobia, MS.

Last season, she averaged 10.4 points and 4.3 rebounds and led the Panthers in scoring seven times, twice scoring 23 points.

"She is the best athlete on the team," said Mayden. "We will look for her to be the hub of the team."

Mayden added that Hach would play either small forward or off guard and serve as team captain.

Cathy Bates, a 5-11 sophomore from LeMars, IA, played in 19 games last year. Mayden looks for her to play the off guard spot and with her outstanding shooting take some of the scoring load from Hach.

Cindy Hanson, a 6-0 senior center, played on the Panthers' 1982-83 squad that went 17-11. She played in 25 games and averaged 5.5 points and 2.9 rebounds. Hanson will not be eligible until December 21. She is expected to be the Panthers' center going into the Gateway Conference season.

Brenda Kappel, a 5-11 junior from Rochester, MN, saw limited action as a sophomore. Because of her college experience, Mayden thinks she might see action at either the small forward or off guard position.

Looking past those four players, experience becomes very thin. Four freshmen, a sophomore and a junior make up the rest of the squad.
Head Coach Kimberly A. Mayden

Kim Mayden begins her first year at Northern Iowa after a two-year stint at Wayne State (MI). She posted a 32-24 mark there and took the Tartars from a 9-22 record the season prior to her arrival to an 18-10 mark last year in a schedule that pitted the Division II school against seven Division I opponents. WSU was ranked in the top five in the Great Lakes Region last year and captured its second straight third place finish in the Great Lakes Intercollegiate Conference.

Prior to coaching at Wayne State, Mayden coached at North Montgomery High School in Crawfordsville, IN. In her two-year stay at NMHS, her squad collected two state sectional championships, two conference championships and 32 victories with only 11 defeats. In addition to her coaching duties, Mayden was a physical education instructor and the assistant women’s track coach.

Mayden graduated from Ball State University in 1979 with a physical education and health degree. At Ball State, she competed in both softball and basketball. In 1982, she earned a master’s degree in physical education and recreation at Bemidji State University, where she was a graduate assistant. In addition, she assisted with the men’s basketball program.

Mayden inherits a UNI squad that incurred a 2-25 season last year after averaging 19 wins a year during the three previous campaigns.

Assistant Coach Terri Craft

Terri Craft joined the Northern Iowa coaching staff three years ago as an assistant under J.D. Anderson. This season, she is Head Coach Kim Mayden’s first assistant.

Craft graduated from Iowa State in 1979 with a degree in industrial administration/marketing. She also was a student assistant coach that year for the Cyclones. She was a two-year starter on the ISU basketball team and was the team captain her senior year.

Prior to attending ISU, Craft played two years at North Iowa Area Community College (NIACC) and competed in basketball, softball and golf. While at NIACC, her team finished fourth in the nation and she was named a second team All-American. She was drafted by the Iowa Cornets of the Women’s Basketball League in the eighth round but opted to go to Iowa State.

She will be in charge of recruiting and will organize the UNI Women’s Basketball Camp during the summer. Craft, her husband, Bob, and son David live in LaPorte City, IA.

Graduate Assistant Kristie Speicher

Kristie Speicher is in her first year as graduate assistant coach with the Panther program. She joins Coach Kim Mayden after a successful playing career at Independence Community College in Independence, KS. There, she was nominated all-region for her play at point guard.

She is married to UNI football player Al Speicher. They make their home in Cedar Falls.

The UNI-Dome (the prefix stands for University of Northern Iowa as well as meaning one and unique) combines the features of three buildings — a football stadium, field house and large auditorium. It contains facilities to hold a variety of events such as concerts, exhibitions, trade shows, pageants, rallies and convocations, as well as football, basketball and softball games and wrestling and track meets.

The Dome has hosted such events as the NCAA gymnastic and wrestling championships, the Iowa High School All-Star Basketball games, the Iowa High School football playoffs, concerts by Dolly Parton, the Eagles, REO Speedwagon, Fleetwood Mac and the Rolling Stones, to mention a few, antique car shows, tractor pulls and many other non-athletic events.

The Dome's air-supported, Fiberglass fabric roof, constructed by Owens-Corning Fiberglass Corp., was erected at a cost equal to half that of conventional roof construction. And because of the Dome's translucence, ample natural light is available during daylight hours resulting in a sizeable savings on utility costs.

The UNI-Dome was designed with "something for everyone." It's artificial turf for football games can be rolled up in a minimum of 36 hours. Underneath, on a synthetic floor area, are basketball and tennis courts and an eight-lane, 220-yard oval running track. As many as 12 tennis matches and two basketball games could be played simultaneously.

Approximately 16,400 spectators can be seated for football and 7,254 for court-side activities. For stage activities, such as commencements, concerts and speaker's series, total capacity — using movable bleachers and chairs — can reach 25,000.

The 168,000-square foot Dome, which rises 124 feet above the arena floor, is supported entirely by a network of 12 stranded steel cables and four air blowers. A concrete and steel ring around the top of the 70-foot high stadium wall holds the cables. The cables weigh 47 tons.

The roof of the Dome is made of 49 tons of woven Fiberglass coated with Teflon. Approximately 60 percent of the Dome has an inner liner of fabric that provides acoustical as well as thermal benefits.

A spacious press box atop the east stands has facilities for 20 radio stations, television capabilities and seating for up to 125 people. A photography darkroom, photo bay, concession area and scouting booths are other features. Two huge scoreboards flash messages and information to spectators throughout the events.

The west press box recently has been completed to provide a meeting room for the UNI Athletic Club.

Plans call for the addition of locker and training rooms and VIP boxes. Currently, an enclosed passageway connects the Dome with the Physical Education Center for locker facilities.
