University of Northern Iowa

The University of Northern Iowa, located in Cedar Falls, Iowa, was founded in 1876 as the Iowa State Normal School. From a single building on a 40-acre campus, the University has grown to include more than 40 major buildings, a 723-acre campus, 675 faculty members and 11,500 students.

Northern Iowa emphasizes outstanding undergraduate education, with complementary graduate programs at the master's, specialist's and doctoral levels. Building on its traditional strength in teacher education, Northern Iowa has developed other excellent programs in its School of Business, College of Humanities and Fine Arts, College of Natural Sciences and College of Social and Behavioral Sciences.

Campus landmarks include the Campanile, the Education Center, Strayer-Wood Theater, Maucker University Union and the UNI-Dome. Currently under construction and scheduled for completion in 1990 is a $10.2 million, state-of-the-art building which will be the new home for the School of Business. Other special academic resources include the 500,000-volume University Library, the Industrial Technology Center and the Communication Arts Center. The campus, classrooms and residence halls are highly accessible to the handicapped.

Northern Iowa is the home of The North American Review, a quarterly journal of literature that has received two National Magazine Awards in the fiction category. The University also operates KUNI-FM and KHKE-FM, whose 4,000-member "Friends" organization makes them two of the most popular public radio stations in the United States.

Northern Iowa competes in men's and women's athletics at the NCAA Division I level. In addition to traditionally strong wrestling, football (NCAA Division I-AA) and track programs, UNI has been competitive in men's basketball. In women's athletics, the volleyball team has appeared in the NCAA Championships two of the past three years and the softball team won the AIAW Division II College World Series in 1977 and 1982.

Northern Iowa is a state-assisted university, part of the Iowa Regents system that also includes the University of Iowa and Iowa State University. The University's more than 40,000 alumni in the United States and other countries lend additional support through the UNI Foundation and other alumni programs.
Season Outlook
By J.R. Ogden, Cedar Rapids Gazette

In this day of individual stars in the collegiate track and field world, Northern Iowa coach Chris Bucknam still values the team concept.

And why not? That team philosophy has brought Bucknam and UNI 12 AMCU indoor, outdoor and cross country titles since the league formed in 1982.

And, Bucknam says, his Panthers will need a total team effort if they plan on repeating as indoor champions and winning the outdoor title in 1989.

“We've got a lot of guys who are consistently scoring points in the conference championships when the title is on the line,” said Bucknam, who enters his fifth season at UNI with top assistant Bill Lawson, graduate assistant Sterling Martain and student assistant Kelly Tagtow.

“We rely on 28 guys that are on the track,” he added. “Everyone has to score. Whether you score six points or you score one, you are just as important.”

One reason the team concept is so important this year is that the Panthers are weak in the short sprint events.

“We're going to rely on a couple of freshmen and, quite frankly, in this league that's going to be tough,” Bucknam said. “We are going to have to really gang up in our strong events. We will have to pull some sweeps off to override the loss of sprinters.”

The Panthers will be loaded in the middle distance and distance events and have some talented field event performers, especially in the high jump and pole vault.

Top returners are seniors Dan Hostager, Jeff Burris, Joel Hartman, Tom Penningroth and Dave Cleveland, junior Kent Terrillion and sophomore pole vaulters Bob Edwards and Brad Miller.

Hostager, who Bucknam calls, “the premiere distance runner in the conference,” is a two-time AMCU cross country runner of the year. He also won the 5,000- and 10,000-meter league outdoor titles last spring as well as the 5,000 indoor crown. His 14 minute, 25.20 clocking in the 5,000 is a school record.

Burris was a national indoor qualifier last year, racing to a 1:49.70 clocking in the 800 meters. He ran 1:48.1 outdoors while finishing third in last year's Drake Relays special invitational 800. Burris also is a member of the school- and conference record-holding mile relay and school-record holding two-mile team.

Hartman is the defending conference 400 intermediate hurdle champ, Penningroth holds the school indoor record in the 3,000 and Cleveland won the indoor AMCU high jump title last season with a 6-feet, 10-inch leap.

Terrillion won the league's outdoor 800 title and also is a member of the mile and two-mile relay teams. Edwards is the reigning conference outdoor vault champ and Miller is the defending indoor titleist. Edwards has a best of 16 feet one-half inch, Miller 16 feet one-quarter inch.

Bucknam said a couple of Illinois freshmen — Eric Thomas and Johnny Westbrook of Harvey Thornton High School — could contribute this season. Thomas has personal-bests of 23-7 in the long jump and 43-6 in the triple jump. Westbrook has turned in a 13.90-second clocking in the 110 high hurdles.

“1988 was a good year for us,” Bucknam noted, adding that UNI won the indoor title for the fourth time in five years, finished second at the outdoor meet and placed 11th in the Central Collegiate Conference Championships, an alignment that includes several Big Ten schools.

“Obviously, we are off to a good start with the (fall) cross country title already,” he added. “We're encouraged and excited about this upcoming season.”

One goal of Bucknam's is to break into the top 10 at the Central Collegiate meet.

“We've been very successful in the AMCU,” he said. “We joined the Central Collegiate Conference to give our athletes a notch up on the competition for the national championships.”

“We really consider ourselves a developmental Division 1 program . . . to steal a quote from coach Lawson,” he said. “If you are a good school boy athlete who wants to run Division 1 . . . this is the premiere place to be.”

J.R. Ogden has been with the Cedar Rapids Gazette for more than 11 years and was named assistant sports editor in January, 1989. Ogden has covered many high school and collegiate events, including wrestling and track and field. Ogden is a former member of the Northern Iowa track team.
The UNI-Dome — Home of Champions

The UNI-Dome, a unique, multi-purpose athletic facility built in 1976, has gained a reputation as one of the finest indoor track arenas in America. In the past, it has been the site of the prestigious Central Collegiate Championships, the AMCU (Association of Mid-Continent Universities) Championships, and is annually the site of the premier indoor high school track meet in Iowa, the A.D. Dickinson Relays.

The Dome combines the features of a fieldhouse, football stadium and a large auditorium. It contains accommodations for a variety of events, such as concerts, exhibitions, trade shows and convocations, in addition to football, basketball, softball, wrestling and track events. It has been host to NCAA football playoffs and gymnastic and wrestling championships, high school basketball, the Iowa high school football playoffs, concerts and many other non-athletic events.

The versatility of the Dome allows for football one day and basketball or track the next. The artificial turf for football can be installed in 36 hours or less. Underneath, on a synthetic floor area, are basketball and tennis courts and an eight-lane, 220-yard oval running track. As many as 12 tennis matches and two basketball games could be played simultaneously.

Approximately 16,400 spectators can be seated for football games and track meets and 11,000 for courtside activities. For stage productions such as commencements, concerts and speakers’ series, total capacity can reach 25,000.

The 168,000-square-foot Dome rises 124 feet above the arena floor and is supported entirely by a network of 12-stranded steel cables and four air blowers. A concrete and steel ring around the top of the 70-foot high stadium wall holds the cables, which weigh 47 tons.

The air-supported, fiberglass-fabric roof was constructed at a cost equal to half that of conventional-roof facilities. Because of the roof’s translucence, ample natural light is available during daylight hours resulting in a sizable savings on utilities. The roof is made of 49 tons of woven fiberglass coated with Teflon.

A spacious press box atop the East stands has facilities for 20 radio stations, television capabilities, and seating for 125 people. A photography darkroom, photo bay, concession area and scouting booths are other features. Two huge electronic color scoreboards flash messages and information to spectators throughout the events.

The West press box provides a meeting and entertainment room for the Northern Iowa Athletic Club. A new meeting room at the Northeast concourse level of the arena is being constructed and expansion of weight and locker facilities in the adjoining Physical Education Center is currently underway.
Coaching Staff

Head Coach Chris Bucknam

As he begins his fifth season at the helm of the Northern Iowa track and cross country program, head coach Chris Bucknam has carried the Panther tradition of excellence to new heights. The statistics and credentials compiled by his teams have brought Bucknam recognition as one of the finest coaches in the Midwest.

Bucknam has been named AMCU Indoor Track Coach of the Year three of the last four seasons ('85, '86 and '88), Outdoor Coach of the Year in 1986 and Cross Country Coach of the Year in 1988.

During his four-year tenure, the Panthers have won three indoor and an outdoor track title and two cross country championships, never finishing lower than third in any conference meet. The 1988 cross country team posted the highest finish ever by an AMCU school at the NCAA Region Championships.

Since his arrival at UNI as an assistant to long-time head coach Lynn King in 1979, the Panthers have won or shared 12 conference titles in cross country and track and field.

Bucknam has a reputation as a proven developer of talent and a strong recruiter.

A native of Beverly, Massachusetts, Bucknam attended Norwich University in Northfield, Vermont, where he was a four-time letterwinner in track, specializing in the middle and long distances. He was elected co-captain his senior year and graduated in 1978 with a bachelor's degree in physical education. He earned his master's degree in physical education from Northern Iowa in 1982.

Bucknam and his wife, Cindy, have a one-year-old son, Eric.

Assistant Coach Bill Lawson

The greatest decathlete in Northern Iowa history, Bill Lawson is in his fifth season as assistant track and field coach with the Panthers.

Lawson, a 1980 UNI graduate, returned to his alma mater after serving three years as boys' and girls' track and field and cross country coach, and girls' basketball coach at John Marshall High School in Rochester, Minnesota.

The Carthage, Illinois, native was a four-time All-American at UNI from 1977 thru 1980 and is the school record holder in the decathlon and triple jump. He was a two-time co-captain for the Panthers and was a senior when current UNI head coach Chris Bucknam was named assistant track coach in 1979. He qualified for national competition in the decathlon, pole vault and triple jump, four times. He won the National Master's Decathlon Championship in 1987 and was runnerup last summer.

His duties with the Panthers include coordinating the fall track program and conditioning, and coaching the field events and decathlon during the indoor and outdoor seasons. He is recognized as an excellent field event coach and motivator.

In addition to his coaching duties, Lawson is a member of the physical education faculty and is involved with fundraising in the I-Club, an athletic letterwinners' organization.

Lawson and his wife, Jodie, were married last summer.

UNI in Conference

The Association of Mid-Continent Universities

Since the formation of the Mid-Continent Conference in 1978, Northern Iowa has never finished lower than third place in an M-CC or AMCU track and field or cross country meet. In the 25 conference meets held through 1988, the Panthers have been champions 13 times and runnersup seven times.

“The addition of Johnny Westbrook, an Illinois state champ in Class AA, is going to be a big boost to our hurdling corps. He will need time to adjust to college highs, but he's got good size and he's strong and we feel he will be a hurdler to reckon with in the future, not only in the conference race, but as a future national qualifier. He is that good of an athlete, so we look for some great things from him. Joel Hartman is a two-time conference champion in the intermediate hurdles and we look for more of the same from him. Outside, he is definitely among the elite in the conference with a real shot to break 52 seconds in the intermediates. He is much improved this year in his base work and we feel that's a very attainable record for him. Brad Miller was also a good high school high hurdler and we feel he can be a conference-level performer as well.”

Pole Vaulters

"We should be strong in the pole vault. We've got probably the two best vaulters we've ever had as freshman in Bob Edwards and Brad Miller. Both went 16 feet and won conference titles and we feel these two guys could be national-caliber vaulters by the time they graduate — 17-plus vaulters. They're very strong and we are obviously looking confident we can dominate the conference in the vault and have two best vaulters we've ever had as freshman in Bob Edwards and Brad John Lyle John Bunge 5-11 165 Senior has been a consistent Miller. Both went 16 feet and won conference titles and we feel these transfer from Kansas, and Chuck Ulin, a walkon last year, we feel very confident we can dominate the conference in the vault and have two national-caliber vaulters in another year or so."

“The distances should be one of our very strong areas this year. We’ve got great leadership and excellent talent up front with Tom Penningroth and Dan Hostager. I don’t think enough can be said about what they’ve done the last two years in both cross country and track. They’re extremely strong and getting stronger every race. They’re very confident runners and are setting a new level of standards for UNI distance runners. We look for great things from them both indoors and outdoors. Hostager was first and Penningroth third in the conference cross country meet in the fall and were the two highest finishers in the district championships and we see that type of performance continuing through the indoor and outdoor seasons. There is a good possibility Hostager will be redshirted outside so he will have that fifth year of cross country. We’ll be looking for a stronger performance from Bill Castle in his sophomore year; he was all-conference in cross country. Trent Timson will also be heavily depended on, especially outside, and we feel Mike Shaffer, Jeff Short and Jim Johnson are up-and-coming runners for the future when Tom (Penningroth) and Dan (Hostager) graduate. We feel confident we have the best distance runners in the conference, both cross country and on the track.”

Middle Distances

Sitting, L-R: Kent Terrillion, Jeff Burris
Standing, L-R: Eric Toot, Mike Smith, Dan Fretheim, Tim Ross, Mark Hagen, Steve Jay, Mike Bowser

“This is definitely a very strong area for us right now. Jeff Burris is back, a national qualifier last year in the 800, as is Kent Terrillion, giving us a tremendous 1-2 punch in the 800. They also run on the relay teams for us; they’re both national-caliber runners. I think we’ll redshirt Jeff outside so he’ll have a fifth year in the 800, K.T. (Terrillion) definitely improved last year with a 1:50.70 time indoors and we look for more improvement from him in the outdoor season. His next step is to put together a strong indoor and outdoor season. A strong third man for us who is often overlooked is Tim Ross. Tim has always been a steady competitor for us who has worked in the shadow of Jeff and K.T., but he has finished second the last two years in the 800 indoors. Another athlete who was out of the picture last year because of an injury, but will be back this year, is Steve Jay. He was one of the top freshmen in the Central Collegiate Conference last year. Steve could really bolster our two-mile relay and, individually, could be as strong as Burris or Terrillion. He is going to be someone to be reckoned with in the conference; he’s very strong and quick, and has a big heart. We’re extremely excited to have him back this year.”

“This is probably going to be one of our strongest areas with Dave Cleveland and Brent Wright, two seniors who have been conference champions, and we expect more of the same from them. Individual goals for them are to clear the seven-foot barrier and I think they have a definite chance to do that. Mike Raffensperger also has a personal best of 6-8 3/4 indoors and we look for him to score some points for us as well. We have also added Brian Sorenson, a freshman from Muscatine, who looks to be a good jumper in the future for us.”

‘We’re very shallow in this area with really only one jumper in both the long and triple jump and that’s Eric Thomas, a freshman from Chicago. He’s in the high 23’s (long jump) and middle 46’s (triple jump) and we look for him to be jumping close to 24 feet as a freshman in the long jump and to be a 47 plus triple jumper, which would be a good combination for his freshman year.”

NCAA Region V Championships (10,000m) November 12, 1988
Granger, IA

The Northern Iowa cross country squad completed one of its most successful seasons in history with its fourth AMCU title in the seven years of conference competition and a fifth-place finish at the NCAA Region V Championships, the highest ever by an AMCU school. Senior Dan Hostager's 16th-place finish was also the highest ever by a conference runner. Throughout the season, Hostager was one of the dominant individuals in the Midwest, with first-place finishes at the Missouri Invitational, Iowa Invitational and the AMCU meet. As a team, the Panthers proved to be a force in the region with first-place finishes in three of those meets against some of the top teams in the Big Eight, Big Ten and Missouri Valley.

UNI dominated the conference meet, October 29 in Cleveland, by capturing the team title and placing five runners in the top 11, four gaining all-conference status. Hostager was named conference Runner of the Year for the second time in three seasons and coach Chris Bucknam was named AMCU Coach of the Year.
