Income Tax Season

Students may be hearing about W-2 forms and filing "income tax" returns for 2019. An income tax return is a report that you must make to the Internal Revenue Service (<http://www.irs.gov>) of the US Government for any calendar year when you earn income in the United States. Fortunately, you do not need to do these alone. This year for the first time, UNI has made special software available for

\$6.24 per person to use for income tax filing. The Office of Business Operations has reached out to students who were employed on campus during 2019 and/or who might have taxable benefits and need to file tax returns. So, please watch your inboxes for this important information from UNI. We encourage you to use Sprintax, and if you have questions about how to get started with it please ask Ross at ross.schupbach@uni.edu

If you have tax-related questions or concerns and if you would like further assistance, the Volunteer Income Tax Assistance program will have one or two stations set up for international students to come in to use a computer to access Sprintax; if you have questions during the process they may be able to offer help. However, Sprintax has a 24/7 chat online for any questions you may have. VITA student volunteers will not be certified to work with international students until March 2nd, so that station will not be available until then. If they want to file sooner, Sprintax is your best option. VITA will be open Monday 6-8 PM, and Wednesday 3-5 PM. They will NOT prepare any 1040NR tax returns, so all non-residents will have to use Sprintax. If you did not have a job in 2019, you should still file IRS form 8843, available here: <http://www.irs.gov/pub/irs-pdf/f8843.pdf>. You will only need to complete Part I and Part III before signing at the bottom of the form and sending it to the IRS at the address indicated in the instructions. April 15, 2020 is the deadline for filing 2019 tax returns!

IMMIGRATION

Optional Practical Training (OPT) for Eligible F-1 Students

If you hold F-1 status and you are planning to graduate in May 2020, now is the perfect time to think about applying for Optional Practical Training as you are probably eligible for this 12 month period of employment authorization within the U.S. U.S. Citizenship and Immigration Services (USCIS) will begin accepting

applications from UNI students that they receive on or after February 10, 2020. If you desire to begin employment soon after the semester ends on May 8, it will be necessary for you to submit your OPT application in mid-February because it takes USCIS approximately 3 months to process these applications. See our web site for more information about [OPT](#).

Maintaining US Immigration Status

International students are responsible for **maintaining their U.S. immigration statuses**, and an important part of this is **always having a valid, unexpired I-20 or DS-2019 form**. We recommend that F-1 students check the "Program of Study" section near the center of their I-20 forms once per month to make sure they do not study past the program end date indicated in that section. J-1 students should always be aware of their DS-2019 form validity dates in section 3. Page 3 of all I-20 forms specifies that "If you cannot complete the educational program by the program end date on page 1 of your Form I-20, you should contact your DSO at least 15 days before program end date to request an extension." Ross Schupbach is your Principal DSO, and he is always happy to help when students need extensions.
