Somervill presented the Graduate College Budget Proposal and discussed the history of assistantships and scholarships. The following recommendations were made: 1) an increase of 20 masters level graduate assistant stipends at \$6,000 each; 2) an increase of 20 tuition scholarships at \$3,166 each; 3) the addition of an annual activity fee of \$172 to be added for each tuition scholarship (213 scholarships currently budgeted in the Graduate College plus 20 new scholarships requested); 4) an increase of \$10,000 in the Graduate Faculty Research budget; and 5) an increase of \$5,000 in the Graduate Student Travel budget. The total increase requested is \$238,396. Somervill also recommended the following order of priorities for the budget: 1) an increase of 20 stipends and 20 tuition scholarships; 2) the addition of an annual activity fee; 3) an increase in the Graduate Faculty Research budget; and 4) an increase in the Graduate Student Travel budget. Hays moved to endorse the prioritized budget request. Chao seconded the motion and it passed.

Somervill discussed the request for a central pool of funds to be created for matching grants. At the present time, the only source of matching funds is for NSF-ILI grants. After further discussion about the source and amount of matching funds, Somervill suggested if such an account is created, it should be administered through the academic affairs office, not the Graduate College. Hanson moved to endorse the creation of a fund for matching grants, in addition to the ILI grants. Thomas seconded it and the motion passed.

Walker announced the recommendation of a Graduate Council sub-committee naming David Buch (Music) the 1998-99 UNI Distinguished Scholar. Chao moved to endorse the committee's recommendation, and Thomas seconded it. Motion passed.
