Evening and Saturday Classes

at

Iowa State Teachers College

Spring Quarter 1955

Evening and Saturday classes will be offered at Iowa State Teachers College the spring quarter of the academic year 1955. The classes will be taught by regular staff members and credit in these courses is recorded as residence credit. Every qualified person is invited to enroll in the evening and Saturday classes.

Some of the courses that are offered (the courses numbered 600 or above) are open to graduate students only; other courses are open to graduates and to students with junior or senior standing at the undergraduate level (courses numbered 500-599); and some courses give only undergraduate credit (courses numbered below 500). These courses afford teachers an opportunity to take work toward certificate renewal or reinstatement; toward meeting the requirements for either a master's or bachelor's degree; and toward qualifying for an administrative or supervisory endorsement.

A full-time teacher is permitted to carry only five hours of work in any quarter. However, teachers with outstanding academic records are sometimes given special permission by the Dean of Instruction to carry one additional hour.

The following is the schedule of evening and Saturday classes for the spring quarter of 1955. The college reserves the right to cancel a class if an insufficient number of students enroll in it.

Evening Classes

Evening classes will be offered on Monday, Wednesday, and Thursday only. Registration for classes will be at 6:00 p.m., the first meeting of the class. Prospective students are urged to advance register February 23, 1955 if possible.
Monday Evening Classes
