• Homecoming---Three days which every alumnus should mark upon the calendar are Friday, Saturday, and Sunday, November 3, 4, and 5.

The Annual College Dinner is on Friday, November 3. The Big Day of Homecoming is Saturday, November 4. Two Big Teachers events only 126 miles apart. — Attend them both!

Big Homecoming Events

Annual Business Meeting 10:30 A. M. Saturday
Football Game ........... 2:00 P. M. Saturday
Grand Party and Dance .. 8:15 P. M. Saturday

• The Annual College Dinner---The same old spirit, the same old alumni; just one change—from Thursday, as of last year, to Friday, November 3, this year.

“The Campus, Past and Future” is the theme. The Hotel Fort Des Moines, Des Moines, Iowa, is the place—Mezzanine Floor, Social Hour, 4:30 P. M., Dinner 5:30 P. M. Price 85¢. Address advance reservations to A. C. Fuller, associate director of Extension Division, I. S. T. C., Cedar Falls, Iowa.
Make Acquaintance With More of the Faculty . . . .

(This is the second "Meet the Faculty" series presented by the Alumnus in an attempt to acquaint graduates with the people who are carrying on at Cedar Falls in the cause of good teaching. Because of the necessity for refresherment under present conditions, a few members of the Faculty whose pictures appear in this section are no longer on the teaching staff. Others, on leave at the time that these pictures were taken, have now returned.

MEET Dr. M. J. Nelson, head of the Department of Education. Dr. Nelson will be a new acquaintance for many of the older graduates of Teachers College. He was made head of the Department in 1930, succeeding G. W. Walters who relinquished his administrative post after 35 years of service to devote his entire time to teaching duties.

Dr. Nelson was graduated from Luther College in 1916, received the M. A. Degree from the University of Wisconsin in 1924, and the Ph. D. Degree from the same institution in 1928.

Members of the instructional staff, in addition to Dr. Nelson, appear below. The year after each name indicates the date when the particular staff member first assumed duties at Teachers College.

Dr. M. J. Nelson

Dr. E. C. Denny, 1923; H. L. Eells, 1914, died June 8, 1933; Miss May Smith, 1919; Dr. A. E. Brown, 1924; Dr. M. J. Wilcox, 1923.

Dr. J. W. Charles, 1916; J. R. Slacks, 1918; Miss Amy Arey, 1919; G. W. Walters, 1895; Dr. H. S. Buffum, 1914.

Dr. D. P. Phillips, 1924; Dr. E. W. Goetch, 1918; Dr. H. A. Biebe, 1925; Dr. J. P. Paul, 1916; Dr. E. O. Finkenbinder, 1921; C. O. Todd, 1922.
PROFESSOR S. A. Lynch, head of the English Department, is known to hundreds of alumni of Teachers College.

Debate coaches, dramatic supervisors, and scores of English teachers in the public schools of Iowa know and remember the administrator and the staff which he has led through the past twenty-four years. Championship speakers, debaters, student dramatists, and journalists whose efforts have attracted widespread recognition have been developed by members of the instructional staff which this administrator directs.

Mr. Lynch is a graduate of the University of Missouri, and the University of Chicago. He has served as professor of English and head of the Department at Teachers College since 1909. The Faculty of the College was first organized into departments in that year. The English Department at that time consisted of four professors and four assistant professors. In 1911, the work in elocution and public speaking was combined with English for administrative purposes, and a separate major in public speaking (later changed to speech) was authorized in 1920.

For many years, the teachers of the English Department determined the eligibility of students for membership in literary societies and supervised the programs of those organizations, but in 1920 this arrangement was discontinued. As the attendance of the College increased, the number of new teachers of English and speech was increased, and new courses were authorized.

Dr. George Buckley, 1931; Dr. F. W. Lambertson, 1930; Miss Lillian Lambert, 1907; W. A. Brindley, 1927, died May 1, 1933; Dr. N. O. Halvorson, 1929.
Miss Ida C. Rohlf, 1923; G. H. Holmes, 1929; Miss Selina Terry, 1922; W. B. Fagan, 1915; Miss Anna Sorenson, 1921.
Charles Holden, 1930, on leave for fall term; Miss Katherine Buxbaum, 1924; Miss Philla Slattery, 1926; Miss Winifred Tuttle, 1927, now Mrs. I. H. Hart, not teaching; Miss Hazel Strayer, 1921.
Dr. M. R. Thompson needs no introduction to graduates of the past 12 years, for he heads a department whose members are active in the field of teaching, research, and publication, a department giving specific instruction in a field of study which is becoming increasingly necessary through the increasing complexity and rapidity of change in social institutions.

Dr. Thompson has the Ph. D. Degree from the University of Iowa. He was graduated from Western Union College in 1913, and received the Master of Arts Degree from the University of Iowa in 1915. He came to Teachers College in 1921, and was made head of the Department in 1923.

Miss Sara M. Riggs is the senior member of the Department and of the entire Faculty, having been a member of the College Staff since 1887. She had much of her training at the University of Michigan, the institution from which she received the B. L. Degree in 1894. She has traveled frequently and extensively in Europe, which is her field of research and teaching.

Work offered in the Department includes the major lines of social science: history, government, and economics and sociology.

The aim of the work is to develop clear thinking upon social, political, and economic problems, so as to enable the individual to adjust himself to new conditions constantly developing and to cooperate in securing maximum progress for himself and the group.

The social studies are concerned with the interests and problems of society which are of utmost importance to every individual. In fact, the lack of an understanding of social relations constitutes a real obstacle to social progress.
HERE is another member of the College Staff to whom graduates of the past twenty-eight years need no introduction.

Dr. Cable came to Teachers College in 1905, and was made head of the Department which he now administers in 1917. He is a graduate of Cornell College, and of the State University of Iowa, where he received the Ph. D. Degree in 1917.

Since the first organization of the Department in 1905, the school has grown to such proportions that new demands have been made for additional subjects and teachers.

The first teacher of geography was added in 1891, and in 1901 physiography was added. With the expansion of the curricula, it became necessary to add agriculture in 1913.

Professor N. F. Arey was appointed the first head of the Department in 1905. Professor Arey, now deceased, came to Teachers College in 1890, and upon his retirement in 1917, Dr. Cable was promoted to headship.

Professor Arey was the first teacher selected to teach zoology and mineralogy, and after becoming acting head of the Department, he served in this position until his retirement. Professor George W. Newton was elected to membership on the staff in 1896 as teacher of botany and physiology.

Of the present staff, Miss Alison Aitchison and Dr. Cable are the only members who served under Professor Arey.

The staff has been chosen with great care, and each member is not only well trained in his respective field, but is an outstanding teacher.

Dr. Winfield Scott, 1918; Miss Alison Aitchison, 1903; Miss Winifred Gilbert, 1926; H. E. Rath, 1921.

Dr. C. W. Lantz, 1921; Dr. Roy Abbott, 1916; Miss Marguerite Uttley, 1921, on leave; O. R. Clark, 1922.
PROFESSOR Ira S. Condit, head of the Department of Mathematics and Commercial Education, is well known among alumni of Teachers College. Hundreds of teachers in the fields of mathematics and commercial education have come under his guidance and direction in their student days.

Mr. Condit is a graduate of Parsons College, from which institution he received the Bachelor of Arts Degree in 1886, and the Master of Arts Degree in 1889.

He has been a member of the College Staff for thirty-five years, having come to Teachers College in 1898 as assistant professor of mathematics. He was made head of the Department of Mathematics in 1909. In 1922, the Department of Commercial Education, established in 1917, was combined with the Department of Mathematics.

The Department of Mathematics was organized at the opening of the College in 1876, with Professor M. W. Bartlett, now deceased, in charge. He was succeeded by Professor D. Sands Wright, who directed the work until the more formal department organization in 1909. The Department of Commercial Education started in 1911 with a two-year teachers’ course. A four-year curriculum was established in 1917.

The curriculum is planned to meet the demands of modern educational administration for teachers of mathematics and commercial education with academic and professional preparation as well as with ability in curriculum construction and in guidance of pupils.

R. O. Skar, 1924, Commercial Education, on leave, 1933-34; Miss Myrtle Gaffin, 1923, Commercial Education; Miss Emma Lambert, 1901, Mathematics; George R. Mach, 1923, Commercial Education.

RENEW acquaintance with L. L. Mendenhall, head of the Department of Physical Education for Men and Director of Athletics.

As the man behind the scenes, Director Mendenhall himself seldom makes the headlines, but scores of coaches in Iowa schools who have had their training in the department which he directs, do make the headlines as their teams in contest after contest emerge victorious.

It is unnecessary, therefore, to introduce Teachers College athletes who are on the alumni roster to Professor Mendenhall. Under his direction the athletic staff, now composed of John Baker, famous All-American guard of the University of California, head football coach; A. D. Dickinson, head basketball and track coach; L. W. Whitford, head baseball coach and mentor of freshman gridders; David McCuskey, assistant in football and head wrestling coach, and Coach Paul Bender, now on leave, are establishing high standards of excellence in the field of athletic education as well as turning out successful athletic teams.

Championships in both team and individual competition have come to Teachers College in good measure, but the lasting honors established by the Department are found in the accomplishments of scores of coaches in high schools who have received their training at Cedar Falls.

Coach Melvin Fritzel, shown below, resigned last spring to become head coach at Penn College at Oskaloosa. Coach Dickinson is not shown in the picture. He was on leave doing graduate study at the University of Iowa at the time the photographs for the panel were taken.

The principal aims of the Department are to enable the students to sustain and improve their health during their course, to aid them in the formation of habits of hygienic living, and to qualify them as teachers of physical training for public and high schools.
MISS Monica R. Wild has served in the Department of Physical Education for Women since 1913. She was made professor of physical education and head of the Department in 1931. She received the Bachelor of Arts Degree from Teachers College in 1912, and the Master of Science Degree from the University of Wisconsin in 1930.

Under her direction, the work of physical education for women has been developed to a point where it is recognized as outstanding among the offerings of Teachers Colleges in the country.

The work in physical education, formerly carried on in a low-ceiledged, pillar-supported basement room of the Auditorium Building, is now taught in a spacious gymnasium, and has progressed through such forms of training as Gilbert dancing and German gymnastics to an extensive program of team and individual sports, swimming, stunts, and dancing.

The present program of activity courses and teacher-training curriculums evolved from the theory of developing the physical to the philosophy of educating the individual as a unit, and from the belief that children should be given practice in obedience to the principle that to make good citizens, children should be given practice in choosing wisely.

From 1885 to 1933, there has been a significant identity of purpose in the Department. This identity can be seen in the fact that the individual woman student has at no time been lost sight of. Her welfare as a prospective teacher and her expanding ability to live whole-

Physical Education for Women

Monica R. Wild

somely and fully are given as the objectives which dominate the purpose and program of the Department.

Miss Mabel Hupprich, 1932; Miss Maude Moore, 1927; Miss Dorothy Michel, 1927; Miss Grace Van Ness, 1919.

Miss Doris White, 1915; Miss Eleanor McMillin, 1932; Mrs. Jane Pettit, 1928; Miss Dorothy Humiston, 1925; Miss Catherine Thompson, 1931.
ORCHESTRAL MUSIC

Edward Kurtz

WHEN the football season is at hand and alumni are thinking of returning for Homecoming, one naturally thinks of the College Band, and visualizes the snappy sixty-piece organization marching across the field to the tune of "Let the spirit of State Teachers College lift our praises as of old."

The College Band, however, is just one excellent organization in a Department recognized for its outstanding musical activities.

Edward Kurtz, head of the Department since 1924, has built up a standard of excellence which has no peer in the Midwest. Mr. Kurtz received the Bachelor of Music Degree from the Detroit Conservatory in 1906, and the Master of Music Degree from the Cincinnati Conservatory of Music in 1927.

He and the other members of his Department have had extensive experience in leading musical organizations of the country as well as a high quality of academic training.

The Department now offers a Bachelor of Arts Degree in Orchestral Music, and because of the instruction on various orchestral instruments given by teachers to voluntary students, a Symphony Orchestra of some seventy to ninety pieces gives performances each year.

The purpose of the instructors is to have the best College Band, the best Symphony Orchestra, the best ensemble players, and the best individual performers it is possible to have on any college campus. Their ambition is to instill in the student body a love for the best in instrumental music, and to train students to become thoroughly competent musicians and teachers.

The Department is equipped to train the students to teach instrumental music in the public schools, and the course is so organized as to develop teachers competent to give private lessons in band and orchestral instruments or to organize and direct school and community bands and orchestras.

Myron Russell, 1929; Charles Schaerges, 1931; Harvey Waugh, 1930; Roland Seairight, 1927; Frank Hill, 1929.
Homecoming Events to Center About Commons

Homecoming activities this year, November 4, will center about one of the finest and most completely equipped student recreational buildings in the country, the new Commons.

Returning graduates looking for the Homecoming headquarters will not find it necessary to wander about the campus in search of the place of registration. No longer will graduates be compelled to trust to chance meetings here and there about the campus in their efforts to renew acquaintance with old friends. Alumni arriving on the campus November 3 or 4 will go straight-way to the common meeting place for all, a red brick structure with high-arched, Georgian windows, and inviting balustrade which faces the campus.

Two things will impress them as they enter the building: beauty and elegance in the furnishings, and coziness and hominess in the arrangement of rooms. Here they will discover a headquarters which is unexcelled by that of any college in the state or the Midwest.

All Register at Commons

Alumni, including the Greater Alumni Association and the newly organized Men's Alumni Unit, will register at the Commons Building where they will find students representing a Hospitality Committee of the Student Council, who will serve as guides to introduce them to the various facilities of the buildings, including the student and faculty lounges, recreational hall, activity rooms, and dining rooms.

In the gay, modernistic setting of the main dining room, the alumni will gather at 11:30 o'clock Saturday morning for the annual Homecoming luncheon. Alumni are assured of a good dinner and a sparkling program in the appointment of Glenn T. Cowan, B. A. '20, principal of Iowa Falls High School, and president of the Alumni Association, and Edgar Harden, coach and principal at Greeley, Iowa, president of the new Men's Alumni Unit; Dean Sadie B. Campbell, of Teachers College, as members of the luncheon committee, and A. C. Fuller, M. Di. '99, associate director of the Extension Division, checking up on activities as chairman of the Committee. These people will be assisted by members of the annual rotating Reunion Committee including Mrs. W. H. Kadesch (Mary Barnum), B. A. '11, wife of Professor Kadesch, of the Physics and Chemistry Department at the College; Mrs. J. F. Cross (Edith Riland), K. S. '11, and Mrs. Ralph Francis (Floe Correll), M. Di. '05.

At the Commons

Just a couple of young women students waiting for a chocolate soda and a malted milk. Murryl Stubbs, left, and Arlene Handorf, right, are seated at one of the gay tables on the south terrace of the new Commons Building.

The annual alumni business meeting will also be a function taking place this year in the new headquarters. Alumni will gather for the meeting at the usual hour of 10:30 A. M. Saturday. In addition to this business meeting and the election of officers for the coming year, there will be a meeting in the Commons at 11:00 A. M. of all members of the Men's Alumni Unit, which was organized this fall. The first president, Mr. Harden, will preside at the meeting, and all men graduates of the College are invited.

Teachers vs. Simpson

At the football game in which Simpson College, of Indianola, will provide the opposition for the traditional Homecoming football classic, graduates are to have an opportunity to see the work of John (Johnny) Baker, famed All-American guard of the University of Southern California, and new head football coach at Teachers College. They will see the purple Panthers in an entirely new style of play patterned after the
famous Jones system of Southern California, and involving the use of the factors of speed and deception characteristic of the Trojans.

The game with Simpson will be one of the main features of the day beginning at 2:00 P. M., and since the game will begin promptly at the above mentioned hour, alumni are especially encouraged to arrive at the stadium fifteen or twenty minutes before the opening of the game in order that they may secure seats and be on hand to enjoy the colorful maneuvers of the sixty-piece college band. The dinner program is being planned to allow alumni opportunity to leave in time to arrive at the football field at 1:30 P. M., and the Committee on Arrangements for the game is making plans to provide a special section of the grandstand to be set aside for T. C. lettermen and other guests.

Following the game, dinners and social affairs will be sponsored by various campus organizations, and there will be an open house period at the Commons where alumni will gather to meet friends and acquaintances both among the graduates and the Faculty. There will be a special moving picture show in the College Auditorium at 6:30 and 8:15 P. M.

**Dance and Party in Commons**

The traditional Homecoming dance, held this year in the new Commons Building, will be the third main event of the three-day program. The dance, to be held in the recreational hall of the new building, will begin at 8:15 P. M., and continue until 11:30 P. M. Alumni will enjoy, especially, the dignified but colorful decorations of the hall, and those who do not dance will find delight in the beautiful mezzanine lobby where they may enjoy a game of cards or watch the dancers from the small alcoves looking down on the recreational hall.

The Homecoming events will be carried over to Sunday morning, and special church services in honor of returning alumni will be held in the College Auditorium at 10:30 A. M., with Dr. Howland Hanson, supervisor of religious education at the College, in charge.

Members of the various committees making plans to welcome alumni November 4 include several alumni of Teachers College. The alumni and the committees which they represent are as follows:

- A. C. Fuller, M. Di. '99, and Glenn Cowan, B. A. '20, General Committee; Mr. Fuller, Publicity Committee; Mr. Fuller and Mr. Cowan, Alumni Luncheon Committee; Mrs. Kadesch, B. A. '11, Mrs. Cross, Kg. '11, and Mrs. Francis, M. Di. '05, Reunion Committee; Lou Shepherd, B. A. '18, Grace Rait, B. A. '20, Mr. Cowan, and Carl Erbe, B. A. '20, Personnel Committee.

"Three-Cornered Moon," a comedy in three acts, by Gertrude Tonkonogy, will be presented this year as the annual Homecoming production Thursday and Friday, November 2 and 3.

The performance on Friday evening, November 3, will have an 8:45 o'clock curtain in order that alumni may see the play. The curtain will be delayed thirty minutes from the usual hour of 8:15 to make way for a mystery event of the Homecoming program which is heralded in the literature of the committee as "the ghost will ride at dusk Friday night."

Broadway will come to Iowa in the Homecoming play, for the "Three-Cornered Moon" is the production which opened in New York last winter, and ran as a brilliant success throughout the spring. This will be the first amateur production of the play anywhere in the country.

Reservations may be made in advance by sending the necessary amount to Benjamin Boardman, financial secretary of the College. Admission is twenty-five cents (25c). In writing for reservations, alumni should give the date desired, and call at the box office for their tickets upon arriving on the campus.

All former dramatic students and their friends in attendance at the Homecoming festivities are invited to attend the Annual Drama Shop Tea, Saturday afternoon, November 4, in the Drama Shop, Auditorium Building, immediately following the football game. Theta Alpha Phi and Playcraft Club members will be hosts.

Stanley Wood, B. A. '31, will return to Cedar Falls, October 15, to design the set and take over the technical work on the Homecoming production. Mr. Wood has been in the East during the past summer, where he has been designer for Bulgakov, New York producer, in his summer Theater-By-The-Sea at Brownings Beach, Rhode Island. Hazel Strayer, B. A. '14, associate professor of oral interpretation at the College, will direct the Homecoming play.

**Beulah W. Scott, B. A. '22**, is now teaching geography at Joliet, Illinois. Her present address is 207 Richards Street, Apartment 22, Joliet.

Miss Scott received the Master of Arts Degree from the University of Nebraska in 1926.

**Hugh B. Gibson, B. A. '24**, is principal of the high school at Ainsworth, Nebraska. He received the Master of Arts Degree, majoring in Latin, from the University of Nebraska in 1933.
Annual College Dinner Date Is November 3

"The Campus—Past and the Future," is the theme of the program for the Annual College Dinner and social hour to be held Friday, November 3, at the Hotel Fort Des Moines, Iowa.

The dinner, an occasion of loyalty, enthusiasm, and the building of confidence for the future of teaching as well as the renewing of old college acquaintances, annually attracts hundreds of Teachers College graduates attending the Iowa State Teachers Association Convention in Des Moines.

Dinner Served at 5:30 P. M.

As usual, the dinner will be served promptly at 5:30 P. M., and will be preceded by a social hour on the mezzanine floor of the Hotel beginning at 4:30 P. M. Surprises in the way of color and pageantry have been promised for the dinner, and a fast-moving program has been arranged.

Dr. Eva May Luse, head of the Teaching Department at Teachers College, will be the speaker of the evening, using as her subject, "The Campus—Present and Future." Miss Olive Barker, of the Music Department at the College, will present a contralto solo, and special musical numbers will be presented by a string trio composed of Edward Kurtz, head of the Department of Orchestral Music; Roland Searight, a member of the Department, and Miss Alta Freeman, at the piano.

"Same Old Spirit"

Says A. C. Fuller, alumni secretary and master mover of the machinery which annually sets the plans for the dinner in motion, "There will be the same alumni and the same old spirit. The only change is from Thursday to Friday, this year, November 3, 1933."

E. S. Tesdell, B. Di '07, is now General Counsel of the Federal Home Loan Bank of Des Moines, Iowa. He has moved from his former office in the Southern Surety Building to his present office, 420 Des Moines Building.

The Federal Home Loan Bank, of which he is General Counsel, does business in five states of North Dakota, South Dakota, Minnesota, Iowa, and Missouri, and serves home financing institutions in the same manner as the Federal Reserve Bank serves commercial banks.

Attorney Tesdell's appointment was based on his seventeen years as attorney and director of the oldest and largest building and loan association in Des Moines, the Des Moines Building Loan and Service Association.

His ten year service as attorney for the Iowa League of Building and Loan Associations, and other extensive experience in the home mortgage field, were factors contributing to his appointment.

Facts About First Class

A query from L. W. Pierce, an optometrist at Pomona, California, concerning David Bond, El. '77, B. S. '81, member of the first class to be graduated from the College, then known as the Iowa State Normal School, and a letter in reply both reveal interesting facts concerning early students of the school.

Says Mr. Pierce in writing for the information, "I had the honor to be the first student to register, as the records will show, and but for eye trouble would have graduated with that class." (The first to receive degrees from the College.) Mr. Pierce was, therefore, forced to retire in the last half of the spring term.

Careful investigation by the College Office revealed the fact that the Mr. Bond, about whom Mr. Pierce inquired, is no longer living and that before his death he was a practicing physician in Waterloo.

Such information as is now available concerning members of the first class, is presented herewith:

Mary Chapman married A. C. Page, instructor in chemistry at the Iowa State Teachers College for many years. She died in October, 1925.

Mary Flagler, N. C. '77, was married to O. C. Scott, and the family is now living at 3422 Kenilworth Avenue, Berwyn, Illinois.

Ella Huffman has been a resident of Cedar Falls, where she taught for many years as a primary teacher in the public schools. Her death occurred June 23, 1933.

Ada Coates, N. C. '77, B. Di. '99, died in March, 1928.

Kate Taubman, El. '78, and Emma Jaquith, El. '78, are no longer living, but we do not have the dates of death.

Laura Jaquith, N. C. '78, is now Mrs. George E. King, and resides at 650 West 10th Street, Fremont, Nebraska.

Estelle Reullard, N. C. '78, married Heath Youell, who died some years ago. The last address known for Mrs. Youell is Box 237, Wallace, Montana.

Anna E. McGovern, B. Di. '79, B. S. '80, a member of the faculty of the Iowa State Teachers College from 1880 to 1919, is living in Los Angeles. Her address is 521 South Street, Andrews Place.

Louise Olbrich, N. C. '80, is now Mrs. Joseph L. Carrillo. She has been living in Los Angeles and vicinity, but her present address is not on file.

Editor's Note: The Editor of the Alumnus would be pleased to have additional information concerning members of the first class of Teachers College. Members of the class might send in a verification of the addresses here printed, along with any other information of interest which they may have.

Information concerning those members of the first class who are no longer living would also be appreciated.

Professors Lead Nation

The instructional staff of Teachers College stands highest in the nation among Teachers' Colleges of the country in the number of professors who are recognized leaders in the field of education, and the institution is second highest in the number of graduates who have become leaders in the field, it is revealed in a survey of the book, "Leaders in Education," made recently at the George Peabody College for Teachers at Nashville, Tennessee.

The report, the result of an effort to determine the extent to which State Teachers Colleges and Normal Schools have furnished leaders in education, is based upon tabulation of the schools represented by personality sketches of educators appearing in the book of "leaders" edited by J. McKeen Cattell, formerly professor of psychology at the University of Pennsylvania and Columbia University.

Graduates Rank High

Iowa Teachers College was shown by the study to have sixteen members of the instructional staff appearing among the leaders, followed by Colorado State Teachers College, of Greeley, with ten, and the State Teachers College at Huntsville, Texas, Kirksville, Missouri, and Montclair, New Jersey, tying for third place, with nine.

In the number of graduates of Teachers' Colleges who have become leaders in education, Michigan State Normal College of Ypsilanti, was first with 32 leaders, Cedar Falls second with 25, and the State Teachers College at Emporia, Kansas, third with 24.

The study points out that the results are by no means an "absolute measure of leadership," but that the mentioning of the educators in the book of leaders has the value of being an objective study.
Visitors Praise Charm of New Commons

The new Commons Building at Teachers College, a structure which has been acclaimed by experts who have seen dozens of such buildings as one of the most beautiful and carefully planned of any social center on any campus in the country, is now completely finished and will be ready for alumni when they return to the campus November 4, for the annual Homecoming festivities.

The new building represents many months of planning on the part of administrators and experts in the field of architecture and interior decorating and finishing.

Said Miss Thyrsa W. Amos, dean of women at the University of Pittsburgh and one of the leading authorities on social education in the country, after a recent visit to the campus, "I felt the charm of the building the moment I stepped into it, and after having seen dozens of such buildings I can safely say that it is one of the most beautiful I have visited anywhere."

Building Faces Campanile

The building is a two-story structure of red brick with stone trim, 160 feet long and 115 feet wide. It is located south and west and is joined to the west wing of Bartlett Hall, women's dormitory. Looking at the building from the south, the returning alumnus will see a low, artistic structure which has along its face a terrace with tiled floor and wrought iron railings. At the center, directly over the first floor and opening out from the large student lounge on the second floor, he will see a balcony sixteen feet wide and 150 feet in length.

The new structure, which is now the central gathering place and recreational headquarters for all students, both men and women, has as its central unit a sequence of two expansive rooms. The very heart of the building is the unit composed of the student lounge, main lobby, recreational hall, and the mezzanine lounge.

Has Large Recreation Hall

The huge recreation hall is 49 feet wide and 90 feet long, and is designed for spacious comfort and beauty. It will be the center of college life during the coming years, and will be the scene of many a student program of entertainment. At one end of the room is a stage with entrances from the outside hall. This stage is to be used for formal and informal activities.

Decorative color effects such as have already delighted the eyes of students on the campus and are bringing exclamations of praise from all who see them are one of the outstanding features of the new structure. Walls of ivory with antique effect, modernistic silver leaf scroll effects overhead, and doors and woodwork of graduated colors from blue to old rose to deep mahogany red are the characteristics of the main recreational hall. These colors picked up in the draperies of the room are carried over in matching tones in the main lobby which in turn has its color characteristics graduated to harmonize with those of the main student lounge. The large lobby is richly carpeted and formally furnished.

Mezzanine Has Small Balconies

Above is the mezzanine floor with its small balconies overlooking the recreation hall on one side and the student lounge on the other. Both the main lobby and the mezzanine have hardwood floors to match those of the recreation hall and can be easily cleared of furniture to facilitate overflow crowds at dances on special occasions.

Adjoining the lobby on the side opposite from the recreation hall is a large student lounge. This room, 21 by 75 feet, with a huge fireplace at either end, carries out a Georgian architectural scheme of decoration. Green walls and old ivory woodwork, green damask draperies simply hung against the ivory of the woodwork and the lighter green of the walls, and the same colors picked up in chair coverings, carpet designs, wall hangings, floor screens, and Georgian mirrors over the two fireplaces are all planned to give the lounge the character of a formal but comfortable living room.

Huge Fireplaces Are Inviting

The planning of the furniture in the student lounge has been arranged in such a way as to provide different centers of recreational activity. In one corner will be open book shelves with comfortable chairs, arranged as a sort of reading nook. Chairs will be arranged around the huge fireplaces at either end to form two other units. Still other groupings will be those for music, cards, writing, and tea.

French doors open out from the main lounge onto the terrace which looks directly south to the campanile and is connected by another door to the fountain room. At this end of the terrace, in mild weather, will be painted steel furniture
and gay sun umbrellas where students may gather.

The main entrance to the building from the southeast and north leads through a hallway to either the second floor and the social rooms or to the lower floor where the dining rooms are located.

On the main floor is a lounge for women faculty members, with a small kitchenette adjoining where tea preparations may be carried on. This spacious room reverts to the classical in decoration, with informal draperies and furniture giving the room a unique character.

The faculty men also have a lounge located on the main floor. The knotty pine paneled walls and the decorations of this room form the background for heavy oak furniture of a masculine type upholstered in clear tones of red, green, brown, and blue leather. These tones in turn are reflected in the colors of the carpet and draperies.

A small lounge on this floor furnishes the intimate atmosphere for college organizations and guests of the College who may wish the privacy of a room of this type for various social gatherings.

Beautiful Activity Rooms

Two activity rooms, one decorated and especially arranged for groups of women students, and the other especially outfitted for meetings of men’s organizations, are located one at each end of the mezzanine lobby on the second floor. The activity room for women’s organizations is furnished in maple, whereas the furniture for the men’s room is antique oak.

The east wing of the building is devoted to an administrative unit composed of offices for the Women’s League, Student Council, and those who will administer the social program. Here, in addition, are located the post office and telephone exchange for those who live on the campus. In the east and west wings on the main floor are suites of retiring rooms for men and women. Here, too, are rest rooms and check rooms for guests.

Dining rooms at either end of the first floor accommodate dormitory girls to the extent of making it possible for them to carry on a program of social education in connection with the dinner meal. A faculty dining room and a guest dining room, each seating fifty, and tastily decorated, are so located that they can be reached, not only from the lounge on the floor above, but directly from the outside as well.

Child Language Tests Issued

The difficult problem involved in attempts to test objectively the language ability of children who cannot yet read or write with any great degree of skill has been solved by Miss Lou A Shepherd, B. A. ’19, associate professor of primary education at the Teachers College, whose tests for grades one, two, and three, along with a more advanced set for grades from four to eight prepared by F. D. Cram, B. A. ’09, extension professor of rural education, were released for distribution recently by the Extension Division of the Teachers College.

Both tests were worked out in cooperation with the State Department of Public Instruction and are based on the material given in the state course of study for elementary schools, and were tested and validated in the various types of schools in the state for which they are designed. The examinations for children in the first three grades test the skill of the child in filling in simple forms, oral composition, informal conversation, recorded composition, telephone conversation, correct usage, and form in letter writing. The tests are so constructed as to not only examine the language ability of very young children, but also to give them practice in the filling out of objective test forms. The examination prepared by Miss Shepherd tests the children’s knowledge of what they should do and say in certain situations and their ability to recognize good forms when they hear them. The tests prepared by Mr. Cram cover the problems of filling forms, oral and written English, and English grammar.

The examination sets contain instructions for the teacher, test forms for the pupils, and keys to the answers as well as tables of norms for use in scoring.

Dad’s Day, November 18

As material for this issue of the Alumnus went to press, plans were being made for the Fifth Annual Dad’s Day to be held at the College this year, November 18, on the day that the Teachers College football team clashes with Luther College of Decorah on Teachers field.

The fathers will be honored at a special banquet and will be guests at the football game in the afternoon. In addition, there will be the usual campus tours and special church services honoring the fathers Sunday morning.

Dean of Men, L. I. Reed, is chairman of the committee in charge.
Alumni From Far and Wide Gather at Chicago

Approximately one hundred and sixty alumni from all parts of the country assembled in the Lake Shore Athletic Club in Chicago, July 6, at 7:00 P. M. for the first nation-wide Reunion and Banquet in the history of the Alumni Association.

Held in connection with the National Education Association and the Century of Progress Exposition, the Reunion attracted alumni from such distant states as California and Florida. One alumna introduced herself as a teacher from India.

Chicago Unit Sponsors

Members of the Chicago alumni unit were responsible for the Reunion under the able direction of their secretary-treasurer, Mrs. Marjorie Gist Sward. Alumni from classes as far back as that of 1895 were represented, and there were graduates of the years of 1896, 1898, and 1900, along with many others of more recent years.

A. C. Fuller, M. Di. '99, associate director of the Extension Division at Teachers College, and alumni secretary, speaking on the toast program which followed the dinner, explained how the Chicago Unit was organized and gave high praise for the members and their officers who carried out the nation-wide reunion project.

F. D. Cram, B. A. '09, extension professor of education, paid tribute in his toast to President O. R. Latham and the work which he is carrying on for Teachers College. Professor Cram also gave tribute to President-Emeritus Homer H. Seerley. Mr. Cram's tribute was followed by a moment of silent prayer by the entire assemblage for Dr. Seerley. The majority of those gathered had been graduated during Dr. Seerley's administration.

Mr. Cram Brings Greetings

As a representative of the Teachers College, Mr. Cram brought greetings from the Faculty, the President, and the other alumni bodies.

Music was provided throughout the dinner, and on the program which followed, solos, duets, and trio numbers were presented by Dr. Carl Stein and Miss Harriet Case, both former voice teachers in Chicago. Dr. Stein received the M. Di. Degree in 1904.

The following is a list of names of those who registered for the first nation-wide assembly of Teachers College alumni:

Louise Arlidsen, P. E. '17, of Nyc, N. Y.; Mrs. Edna Fearer Anderson, B. A. '22, of Toledo, Ohio; A. K. Anderson, Toledo, Ohio; Leora Boetger, B. A. '31, Davenport, Iowa; Ann Johnson Burkhart, B. Di. '98, Chicago; Marjorie Bywater, A. '32, Boscaw, Iowa; Mary E. Bell, B. A. '99, Cedar Falls; Harriet Case, former voice teacher at Teachers College, Chicago; Fred Crum, B. A. '09, Cedar Falls; Edwin Crum, student at Teachers College, Cedar Falls; Gladys Crisman, B. A. '10, Chicago; Marguerite Close, B. A. '24, Weed, New Mexico.

Dr. R. M. Crouse, B. Di. '02, Chicago; Gertrude Childs, former voice teacher at Teachers College, of Long Beach, California; Dorothy Condit Hotchkiss, B. A. '20, of Chicago; W. E. Daykin, Dubuque, Mrs. W. E. Daykin, B. Di. '12, Dubuque; Walter E. Ernst, B. A. '24, and Mrs. Ernst, Elmhurst, Illinois; C. I. Erickson, B. A. '14, and Mabel White Erickson and Ruth Erickson, all of Pullman, Washington; A. C. Fuller, M. Di. '99, Cedar Falls; C. A. Fullerton, B. S. '90, Cedar Falls; R. C. Fullerton, M. Di. '95, Chicago; Burton Faust, B. A. '28, of Miami, Florida; Mrs. Burton Faust, B. A. '29, Miami, Florida; Stella Gullasson, El. '28, Bode, Iowa.

Arthur S. Gist, B. Di. '04, and Mrs. Gist, of Arcata, California; Edna Gibbs, Fri. '17, Greenfield, Iowa; Mrs. M. E. Greenfield, Alhambra, California; E. O. Garrett, Cedar Falls; Mrs. Lillie Britten Gibson, Fri. '98, Chicago; Edward Punke, former teacher of economics at Teachers College; Pricilla Harman, J. C. '27, of Davenport, Iowa; Merlin Haselman, B. A. '18, Chicago; Sylvia Ufford Haight, B. A. '17, Grass Range, Montana; Rex Haight, B. A. '16, Grass Range, Montana; May A. Hills, former student, Adel, Iowa; Ardycie Aker Hesse, P. S. M. '21, Milwaukee, Wisconsin; Minna Hansen, Fri. '25, Chicago.

Alma Manson Horracks, B. Di. '98, Chicago; A. A. James, B. A. '22, and Mrs. James, of Ann Arbor, Michigan; Carl Kluever, B. A. '27, and Mrs. Kluever, of Champaign, Illinois; Bernice Law, Pri. '17, of Chicago; E. B. Lynch, B. A. '21, of Sigourney, Iowa; Gertrude Lynch, Waverly; Mary McAdams, J. C. '19, Chicago; Alpha C. Mayfield, member of the Public School Music Department at Teachers College; Mrs. Neva Gallup Mendenhall, P. E. '18, of Gurnee, Illinois.

Mrs. Ada Chambers Mercer, B. Di. '11, of Evanston, Illinois; Louise Miller, B. A. '13, and two sisters, of India; John McDonald, B. A. '10, of Chicago; L. B. Moffett, M. Di. '91, Seattle, Washington; Laura Mus, Piano '11, Seattle; Winnifred Mux, P. E. '06, Chicago; Jesse L. McLaughlin, M. Di. '92, Chicago; W. E. Moss, B. Di. '02, Chicago; L. M. Moffett; Celia Natz-
Iowa Children Sing at N. E. A.

Iowa rural school children, under the direction of Professor C. A. Fullerton, of Teachers College, dean of music educators in the state and father of the Iowa choir method of music instruction for public schools, gave educators gathered at the N. E. A. Convention in Chicago a new thrill this summer.

Sixty children, representing counties of Iowa including Des Moines, Dubuque, Clinton, Humboldt, Marshall, Ringgold, Sac, Tama, and Jackson, stood before the assembled educators and without previous extended practice and entirely unaccompanied sang in unison the songs which they had learned through the Iowa plan of music instruction which is now attracting international recognition.

Music educators in attendance were highly enthusiastic, and the state superintendents from at least two states in the country immediately conferred with Professor Fullerton and announced plans to take immediate steps to introduce the Iowa method in the schools under their administration.

The young singers not only appeared before the N. E. A. group, but they also gave a demonstration of the method in the Hall of Science at the Century of Progress Exposition.

The choir method involves the learning of songs by imitation of the best voices in the country brought to the children through the medium of especially prepared sets of phonograph records. The children thus have the examples of perfect voices set before them. After listening to parts of the records, each child later sings in unison with the voice of the phonograph. When a child can sing correctly and in perfect tune a given set of songs he becomes a member of a chorus. Then at stated intervals all the children from a given county gather in one huge choir to sing the songs which they have learned.

Member of '83 Class Visits Campus

Mr. and Mrs. C. L. V. Kraft, of La Crosse, Wisconsin, were visitors at the College during the past summer.

Mr. Kraft, a member of the Class of 1883, is now employed as freight and ticket agent at La Crosse with the Chicago, Milwaukee, St. Paul, and Pacific railroad. He reported receiving a great thrill from tramping around the old campus, but declared that he had to have a guide to find the original unit, old Central hall, now completely hidden by the newer buildings which have been built up around it in the past fifty years. He expressed astonishment at the growth of the institution, and marveled at the "beauty and substantial appearance" of the entire campus. He was especially enthusiastic about the athletic building and field house, which he declared were the finest he had ever seen.
New Men's Alumni Unit Formed This Summer

"Yours for Bigger, Better, and More Powerful Men at Iowa State Teachers College," is the vigorous appeal appearing at the end of a letter, copies of which were mailed recently to men graduates of the Iowa State Teachers College by the new Men's Alumni Unit, organized this summer by a group of energetic and loyal graduates who assembled on the campus in the belief "that the time is ripe for building up a stronger spirit among Teachers College men."

E. L. Harden Is President

At the first meeting, Edgar L. Harden, coach and principal at Greeley, Iowa, was elected president of the Unit; C. M. Welch, of East High School, Sioux City, Iowa, vice president; William Severin, Cedar Falls, secretary, and Benjamin Boardman, financial secretary at Teachers College, treasurer.

In order to effect a closer union among the men alumni, it was suggested at the first meeting that county organizations be established to cooperate with the parent unit in enlarging the total membership to a goal of one thousand by the Friday evening prior to the Homecoming celebration, November 4. The Unit plans to hold a social meeting on that evening to further discuss and formulate policies. According to present plans, the members of the Unit will also meet in the new Commons Building immediately before the Homecoming luncheon, which is scheduled for 11:30 A. M., Saturday, November 4.

Enthusiastic Response

One of the activities in which the organization has already demonstrated success has been the creation of a loan fund to provide financial aid for needy students. Already several men have been assisted by funds raised through membership fees of the Unit. Dues have been fixed at $1.00 per year payable to the treasurer of the organization.

In the appeal sent out to men graduates, the letter from the secretary of the new organization declared that "the men who attended this meeting responded whole-heartedly, and it is hoped that all alumni will mail the $1.00 for the dues to the Men's Alumni Unit, in care of Mr. Boardman."

County chairmen of the organization, already appointed in 40 counties in the state, are now soliciting membership in their home areas. The majority of these men are in northern Iowa counties.

Three Newcomers On Teaching Staff

New instructors in the Department of Teaching at Teachers College this year include Dr. Dorothy Koehring, of Lawrence, Kansas; Dr. Olive Paine, of Peekskill, New York, and Dr. Iulu Marie Jenkins, of Santa Monica, California.

Dr. Koehring, who will take the position held last year by Miss Margaret Detlie, who was a substitute for one year due to the resignation of Miss Waters in August, 1932, received the B. A. Degree from Kansas State University, the M. A. from Columbia, and the Ph. D. Degree from Yale. She has had extended experience in kindergarten and primary education, having been in charge of this type of work at Lawrence, Kansas, and in Illinois State Normal University at Normal, Illinois.

Dr. Paine will take the position held during the past year by Mary Robards, who was substitute supervising critic in the first grade. Dr. Paine received the B. A. Degree from the University of Chicago, the M. A. from Columbia, and the Ph. D. Degree from Yale. She has had experience as instructor in kindergarten and primary methods in the State Normal College at Kirkville, Missouri, and the University of Chicago. She has also been supervisor of kindergarten and first grade at Michigan State Normal College, part time lecturer in elementary education at Yale University, and grade supervisor at Peekskill, New York.

Dr. Jenkins received the B. A. Degree and M. A. Degree from the University of California. She studied in Germany at the University of Berlin, and received the Doctor's Degree from Columbia University, Teachers College. She has taught at the University of California, conducted research work at Yale University, and acted as professor of educational psychology at the University of Texas and at the Texas Technological College. She has also taught at Texas College of Arts and Industries and at the University of New Mexico, at Albuquerque. Dr. Jenkins will act as supervising critic of the fourth grade in place of Ruby Day, who resigned recently to accept a position as elementary supervisor at the State Teachers College at LeGrand, Oregon.

In addition to the new members of the teaching department staff, one other new instructor came to the campus this fall to take over the work of Miss Luella Overn, instructor in home economies, who will be on leave of absence. The new teacher is Miss May C. Frank.
Rites Held for Art Teacher

Miss Effie Schuneman, a member of the Art and Manual Arts Department of Teachers College for the past twenty-two years, widely known as a leader in art education, and for many years prominent in art organizations, died Friday, September 1, following fatal injuries received when she was struck down by an automobile in an accident near Hubbard, Iowa. At the time of the accident which caused her death, Miss Schuneman was on her way to Cedar Falls near the close of the summer vacation period of the College.

Kindliness Endured Her
Miss Schuneman's kindly, almost motherly interest in her students endeared her to those who knew her as a teacher. Her deep interest in children she poured into her labors involving the preparation of art books of an informal, intriguing kind that children love to use. This love for children she brought to her teacher-pupils who now carry her inspiration on in the public schools of the state. She had just last year completed a second series of eight activity art books as co-author with Mr. A. G. Pelican. In addition, she was co-author with Miss Jane Rehnstarind in the publication of a series of books entitled, "Art in Rural Life."

Had Many Publications
Miss Schuneman also published many articles and monographs in the field of art instruction, and was active in institute work of the Teachers College Extension Division. She was a member of the Extension staff during the fall of 1920 and during the year of 1921 to 1922. She had extension classes at various times from 1917 to 1928, and did general study center work from 1914 to 1927.

For many years, Miss Schuneman was prominent in the Western Arts Association, and was at one time auditor and later vice president and chairman of the program committee. She assisted in the organization of the arts section of the Iowa State Teachers Association, was for a long time identified with its activities, and on numerous occasions took part in the programs.

Born at Boonsboro, Iowa
Miss Schuneman was born at Boonsboro, Iowa, April 2, 1886. She attended the public schools of that city, and was graduated from the high school there. Before beginning her long term of teaching work in Cedar Falls, she was a well known instructor in the Boone, Iowa, schools, where she served for eighteen years, teaching in the Fifth Ward in the Franklin grade school and in the Kindergarten Department at the Washington school. During the later years in which she taught at Boone she was supervisor of art.

She came to Teachers College in 1911, previously having studied at the Prang School in Chicago and at the Pratt Institute of Brooklyn, New York. She was awarded the Normal Art Diploma from the Brooklyn school in 1914.

After taking up her work at Teachers College, she continued her art studies during various summer terms. She was made assistant professor of art in 1916, and was promoted to the rank of professor in 1921.

Enjoyed Wide Acquaintance
Through her service in 1910 as chairmain of the program committee and auditor of the Western Arts Association, she came in contact with scores of the leading art educators in the country. Her activities also included membership in the International Arts Congress. During her twenty-two years of service in the Art Department, she made a host of friends in Cedar Falls through her numerous church, school, and social affiliations, and was popular both with the students and members of the teaching staff. She was a member of the Chapter R of P. E. O. at Cedar Falls.

Burial services were held from the Lawrence Funeral Home at Boone, Iowa, on Tuesday, September 5, with a large number of relatives and friends, both from Boone and Cedar Falls, in attendance.

I. S. T. A. to Convene Nov. 3 and 4
I. H. Hart, director of the Teachers College extension division and president of the Iowa State Teachers Association, will preside at the annual convention of the association Friday and Saturday, November 3 and 4, at Des Moines.

The convention has been reduced by one day, as the teachers of the state ordinarily meet on Wednesday, Thursday, and Friday of the convention week. Meetings of allied organizations, ordinarily held on Wednesday, will be held on Thursday this year.

The usual concert on Friday evening will be left out to provide a full day session on Saturday.

Teachers College alumni will have their dinner as announced elsewhere in this issue of the Alumnus on Friday, November 3, with the social hour at 4:30 P. M. and the dinner served promptly at 5:30 P. M.
Son of First President Delivers Graduation Address

"If you have not yet entered a school room as a teacher, you have not yet before you a grandly solemn and ennobling experience," declared Congressman Fred C. Gilchrist, of Laurens, Iowa, son of J. C. Gilchrist, first president of Teachers College, in delivering the commencement address before a group of approximately 185 students receiving degrees and diplomas in the colorful night exercises of the summer term graduation Thursday, August 24.

Respect for Authority Needed

Respect for authority in the realm of daily activity and broad principles of toleration in the intellectual realm are two things which teachers must inculcate in their pupils. "It is no day for intolerance in our schools," said the speaker. "We must have the greatest possible freedom of thought, but there must be no toleration of graft and crime."

Mr. Gilchrist traced the development of the Iowa Teachers College as it progressed under the guidance of his father, J. C. Gilchrist, and Homer H. Seerley. He declared that the great pioneer in American education, Horace Mann, exerted a profound influence on the young Gilchrist who was a pupil of old Antioch College in 1856 and later president of the then Iowa State Normal School.

"Horace Mann, America's greatest teacher, the illustrious head of Antioch College, being dead, still lived when this campus was dedicated in 1876," said the speaker. "In those days the dormitories were crude and barrack-like. The students slept on beds that were literally 'pallets of straw,' but they endured the hardships because of the high and happy morale that prevailed."

Teachers Must Be Pioneers

Taking courage from these pioneers who received little in money, "but in God's way of doing things have gotten much" because they had the spirit which always sends pioneers out on a poverty-stricken frontier, the teachers of today must attack with courage the problems of the present, the speaker pointed out. In the beginning of the Normal School, the recitation rooms consisted of four bare walls. Equipment went no farther than a blackboard and a piece of chalk, and the library comprised only a few juvenile and puerile books left over from the Soldiers’ Orphans' home. These things probably could not then be helped. They had to be endured.

"Now at this present time, economic conditions have required state and local authorities to cut budgets to the bone. This may for the time be endured. But I warn the country that parsimony should not extend to the public school system. The school house ought to be the best building in town because it means more than any other building in the town. It is a place where the children of the poor and of the rich alike are to be trained in righteousness, and beauty is of the essence of righteousness.

"While we are contemplating the expenditure of $3,300,000,000 on public works to aid in creating jobs, the country can well remember that the teaching and training of children is the most important of all public works. We cannot afford to be niggardly in our expenditures for them. Childhood must not be exploited."

Program Is Colorful

The College Band played for the graduation processional as the faculty members and students marched from the college buildings to the south campus where the relatives and friends of the graduates sat in specially prepared bleachers waiting for the opening ceremonies.

Following the processional, the first event on the program was a trumpet solo presented by John Haren, Grundy Center. The solo was arranged for band accompaniment by Myron E. Russell, director.

Dr. Howland Hanson, supervisor of religious education at Teachers College, delivered the invocation following which a mixed glee club, composed of men and women students and directed by Olive L. Barker, of the Public School Music Department, presented two numbers. Raymond Peterson, Cedar Falls, baritone, soloist, and Esther Bley, Cedar Falls, and Lois Rousch, Cedar Falls, accompanied at the piano.

Following the address by Congressman Gilchrist, President Latham conferred the degrees and diplomas, and Dr. Hanson pronounced the benediction.

Old Heating Plant Dismantled

Removal of equipment in the old heating plant back of the Administration Building is now nearly completed. Upon completion of the disposal of the equipment, which consists of two steam engines and generators, eight boilers, and all auxiliary machinery and pipes, the building which housed the plant will be razed.
This Community Honors a Teacher

The extent to which a kindly teacher in a small community can become identified with the lives of its people and touch to move and ennoble the hearts of young and old alike can be observed in the report of the death on August 15, 1933, at Spencer, Iowa, of Miss Katherine Reynolds, who was graduated from the Primary Course at Teachers College in 1901.

Schools are named after great benefactors and great educators in large cities without number, but it is a truly inspiring tribute for a teacher to receive the sincere and warm-hearted recognition of having a small town school named in her honor.

Says the report, "Miss Reynolds was a talented primary teacher, enthusiastically respected by parents, loved by children. Young couples who had started to school under her established homes on the East side that their children might 'go to Miss Reynolds.'

"Her interests extended beyond the school room to her church where she served for a number of years as primary superintendent and as a member of the Educational Board, and to various civic enterprises. She also held membership in the Eastern Star.'"

Born in the house in which she died, Miss Reynolds was reared and educated in Spencer. After making up her mind to fit herself for the profession of teaching, she entered the Teachers College and was graduated in 1901. She taught for a year in Fonda, then returned to Spencer as teacher in the primary grades of the East School where she remained until her death. For a number of years prior to her death she served as principal of the school.

In 1926 the East School burned, and when a new building was erected it was named "The Reynolds School" in her honor.

Funeral services were held in the First Congregational Church on August 17. At the services, an attorney of Spencer representing "her children" paid a tribute to her life as a teacher, as did her superintendent, Mr. Burton R. Jones.

Miss Reynolds gave not alone of herself as a teacher and friend. Upon the reading of her will it was discovered that she had left $2,000 to establish a playground in connection with the school building in which she taught.

Mrs. Ray Turnipseed (Effie Boller), B. Di. '05, of Sioux Falls, who has been a close friend of Miss Reynolds since their student days at Cedar Falls, was present at the funeral services.

The Alumnus is indebted to Dorothy M. Leichliter, 675 East 3rd Street, Spencer, Iowa, for the report given above.

Dr. Latham on Examining Board

President O. R. Latham, of Teachers College, was chosen as a member of the new Board of Educational Examiners appointed recently by Governor Clyde Herring. President Latham will be the member of the Board representing the three state schools of higher education.

The new Certification Law, passed by the Forty-Fifth General Assembly, provides for five members on the Board of Educational Examiners instead of seven as formerly required by the law, and the State Superintendent, Miss Agnes Samuelson, is ex-officio both a member of the Board and chairman.

In addition to Dr. Latham, the members of the Board appointed by the Governor include Arthur Deemer, of Cedar Rapids, representing the city superintendents; F. N. Olry, of Denison, representing the county superintendents, and Dr. J. S. Nolan, president of Grinnell College, representing the private and denominational colleges.

In addition to this appointment, Dr. Latham was recently named by Governor Herring to serve as one of five members on the committee which will hold hearings and devise a method for liquor control in Iowa.

I. H. Hart Issues Challenge

"Teachers' salaries have fallen. The teacher's load has increased. Prices are rising. The purchasing power of the teacher's thin dollar is falling. The N. R. A. has not recognized the plight of the teachers and the schools. These adverse conditions are a challenge. If public education is not permanently to be crippled, if children are to continue to receive its benefits in full measure, you, Teachers of Iowa, must carry on. Only through your organization, the Iowa State Teachers Association, can you make yourselves articulate and effective in conserving the interests of education and in re-establishing in the public mind confidence and faith in the schools.'"

From the pen of I. H. Hart, director of the Extension Division at Teachers College and president of the Iowa State Teachers Association, comes the above quotation which appears under the heading, "This Year—A Challenge," as a statement of special appeal on the cover page of the Midland Schools, official organ of the Iowa State Teachers Association.

Professor Hart is taking active part in the direction of the work of the Association, and is at the helm of many new projects looking toward the improvement of teaching and the elevation of the status of the teacher.
Eleven of New Iowa Superintendents Are Alumni

Eleven of the newly elected county superintendents in Iowa are graduates or former students of Teachers College. The Alumnus is indebted to the Midland Schools, official publication of the Iowa State Teachers Association, for information concerning the twenty-six newly elected superintendents.

The Teachers College graduates or former students and the counties which they superintendent are as follows:

Miss Icel Kern, B. A. '28, Wayne County; Miss Della M. Grubb, B. A. '26, Clay County; Albert L. Wiseman, B. S. '31, Calhoun County; Miss Edna Barnes, El. '30, Adair County; Miss Amy Hammers, former student, Mills County; Dayton Winter, B. A. '30, Buchanan County; J. I. Lynch, B. Di. '00, Mahaska County; Zell Berryhill, B. A. '27, Hamilton County; Rena G. Nelson, B. A. '30, Mitchell County; Vera F. Dickens, former student, Ringgold County, and Miss Irene Brooks, P. S. M. '27, Cherokee.

Miss Kern is a graduate of Corydon High School and Teachers College, and has had three years of experience as teacher in the rural schools, and two years in the Promise City High School. For the past three years she has been normal training critic teacher at Shell Rock.

Miss Grubb has had twenty-one years of experience as teacher in various lines of work, including home economics, dietitian work, and high school principal. She has taught in Iowa, Minnesota, Nebraska, and Nevada. She has also been superintendent at Curlew, Iowa. She has had graduate experience at the University of Iowa.

Mr. Wiseman has had fourteen years of teaching experience covering many lines of teaching work in the public schools. Since graduation from Teachers College, he has had special training in the universities of Kentucky and Indiana.

Miss Barnes taught in the rural schools of Adair County for four years, in the Orient Public School three years, and in the Greenfield Public Schools from 1916 to the present time. She was graduated from Teachers College with a diploma in elementary education.

Miss Hammers was graduated from Malvern High School, and has a B. A. Degree from Simpson College at Indianola, Iowa. In addition to her work at Teachers College, she has pursued advanced study at Minnesota State Normal and Wisconsin University. She has had thirteen years of teaching experience in rural, grade, and high schools. For the past seven years she has acted as normal training critic teacher.

Mr. Winter has taught five years in the rural schools of Buchanan County, which he now superintendent, and for two years he was principal of the Junior High School at Hawarden, Iowa. He was graduated from the Independence High School in 1920. While a student at Teachers College he was prominent in debate work and oratory.

Mr. Lynch, newly elected Mahaska County Superintendent, received his high school training at Clarence, Iowa. He has the B. A. Degree from the University of Iowa, and has done graduate work at the University of Wisconsin. He has had experience both as principal and superintendent in Iowa and Illinois school systems.

Mr. Berryhill is a graduate of the Webster City High School. In addition to his work at Teachers College, he has had a summer of graduate work at the State University of Iowa, and further study at the State University of Arkansas. He has taught for the past ten years, and for the last three years has been Superintendent at Siloam, Arkansas. While a student at Teachers College he was prominent in athletics.

Miss Nelson has had experience as teacher in the grades at Otranto, and at Hayfield, Minnesota, and later as assistant principal at Williamsburg, Iowa, high school. For the past three years, she has taught in the junior high school at Garwin, Iowa. She is a native of the county which she superintends. In addition to her work at Teachers College, she has pursued advanced study toward the Master's Degree at Northwestern University.

Miss Dickens has had experience as teacher in the rural schools of Ringgold County, in the Diagonal High School, in the Centerville High School, and in the Mt. Ayr High School. She has a degree from Simpson College at Indianola, Iowa, and has taken advanced work at Iowa State College at Ames.

Miss Brooks, a native of the county in which she is superintendent, was graduated from the Cherokee High School, and received the Bachelor of Arts Degree from Western Union College at LeMars, Iowa, in addition to her studies at Teachers College. She has had experience as teacher in the rural schools in Sargeants Bluff, Lisbon, Hayfield, and Underwood, all in Iowa.
THE FUTURE

"Whether we look or whether we listen," we cannot help but see and hear in the wide sweep of thought and action in this day unmistakable signs of a new order of things for the years just ahead. Just what this new order of things will be, no one seems to dare to venture. The prophets no longer pronounce with that dogmatic finality so characteristic of the seers of things gone by. We have many plans, but few prophets.

Just what this new order of things will bring for education is a subject upon which the prophets seem especially silent. However, if young graduates, and even more, the practicing teachers are to make the most of their capacities for service, certainly some anticipation of the future must be made and preparation for this future undertaken.

Right or wrong, here are some of the things which certainly seem to challenge the attention of present day teachers.

(1) A social order of increasing complexity, especially as to its organization, and an educational system calling for increased stability of character and a high quality of scholastic and technical training. (If we are to have increased planning in our society, obviously we must look for skilled planners and for sharp, sound imaginations to perceive and dramatize the plans for others.)

(2) Increased use of statistical methods and mechanical equipment and the gradual mechanization of many of the processes of teaching. Thus, we can expect a demand for teachers trained in the use of such aids for visual instruction as moving picture projectors, and cameras, and in the use of projection machines in general.

We can expect a demand for teachers trained in the use of mechanical equipment for the production of graphs, charts, and diagrams, and the operation of such machines having to do with the compilation of statistics as comptometers, adding machines, and slide rules; a demand for teachers trained in the general techniques of statistical work for use in interpreting grades and in computing the general results of work done by students. The day of the radio in all classrooms, not to supplant teachers, but to help those skilled in its use as an instrument in education, is not far off.

Further than this, we can look for all manner of new devices, and teachers trained in use of them, for the rapid and scientific handling of material and problems which up to the present have been largely a matter of guess work, drudgery, and routine. We can look confidently, it seems, to the rapid incursion of scientific management and machine efficiency into the school and classroom. This incursion has already begun, and to many it seems at the present to have destroyed the true spirit of education with its so-called over-emphasis upon routine and method. But in the new order of things just ahead, the increased consciousness of social responsibility, even now evident, seems certain to lead naturally to the next stage.

(3) Increased emphasis upon personality in the teacher and upon those—as yet not clearly defined—character traits which lead teachers to inspire and enthuse students and to breathe into subject matter the life of each day that alone can justify its inclusion in the curriculums. Those truly outstanding educators who are attempting to interpret the new day, seem definitely to point in the direction which the social signposts are indicating. They are saying that teachers of the new day must teach civilization, life, and not subjects.

Debaters to Meet English Team

Teachers College debaters will meet a team from Cambridge, England, in an International Forensic Contest in November, Dr. F. W. Lambertson, coach of debate and associate professor of public speaking, has announced.

The Teachers College men will meet a team composed of Alastair Sharp and Michael Barkway, who will argue the affirmative of the question, "Resolved: That the League of Nations is the only secure guarantee of world peace."

This will be the fourth international contest in which the Teachers College men have engaged, the local forensic teams having met Cambridge University in 1930, Oxford University in 1931, and Trinity College of Dublin, Ireland, in 1932.
Jones System Makes Debut On Teachers Campus

With but one regular and only six lettermen reporting, Head Coach John Baker, new football mentor, assembled his candidates for the varsity eleven, September 8. The squad, in addition to the lettermen, was augmented by some 30 husky sophomores and junior college transfers. In the initial practice, Coach Baker started to build a Panther eleven capable of embarking on a tough nine-game schedule.

Coach Baker Takes Reins

After one year as Tutor line coach, Baker returned this fall in the capacity of head football mentor. Coach Baker was graduated from the University of Southern California in 1932, where he was a regular on the famed Trojan team, playing guard for three years. In his senior year he was given an All-American rating.

Coach Baker is being assisted by Dave McCuskey. In the fundamental drills, Baker spends most of his time with his linemen, leaving the backfield work to McCuskey. Coach Baker is inaugurating on the campus the famous Jones system of football which features the twin factors of speed and deception.

With the majority of his squad lacking any varsity experience, Coach Baker used all of his men in the initial drills, both on the defensive and in offensive play. In the opener with Columbia, which Teachers College won 13 to 0, all of the men were given a chance to see action in the game.

Seidler Returns to School

The leading candidate for the center position has been Stewart Seidler, Waterloo, a junior who played with the 1926 Tutor crew.

The two guard assignments have been handled most consistently by Raburn "Hap" Miller, Zearing, and William "Dutch" Schulz, Naperville, Illinois. Miller is the lone regular on the Teachers squad this fall. Harlan Bigby, Mechanicsville, a letterman from the 1932 team, will undoubtedly see plenty of action at one of the guard posts.

Three men are seeing considerable action in scrimmage at the tackle berths, Claire Kraft, Oelwein, a letterman, and Ed Thompson, Kanawha, alternate with "Bud" LeGrand, Los Angeles, California. Wingmen are apparently more plentiful than the candidates for other positions. Vernon Stribley, Correctionsville, Ray Smalling, Janesville, James DeSpain, Marengo, and Wil-lard Carson, Valley Junction, have all been fighting for the wing posts. Carson has also been handling most of the punting assignments.

In the Jones system, speed is an essential factor in backfield play, and in the first games of the season Coach Baker has been constantly shifting his men in an effort to find the best combination to click with the line. Clarence Bain, Washington, Lester Peterson, Alta, and Kenneth Kimberlin, of Marshalltown, are the leading contenders for the quarterback post. George Dana, Manson, Charles Potter, Hutchinson, Minnesota, and John McCaffrie, Dubuque, a letterman, are being used by Coach Baker at right halfback. At left halfback, Paul Hoeemann, Adair, and Kenneth Albee, Muscatine, are fighting for the honors. Frank Snyder, Waterloo, who played with the 1930 Tutor team, is back in school and is a leading candidate for the fullback position. Injuries, however, kept him from starting in the initial game. "Bill" Kirsher, Valley Junction, and Myron Cedarholm, Waterloo, have alternated at the post.

Coach Baker has thus far steadfastly refused to name any group or combination he has tried in the line or backfield as the "first string." He has concentrated on fundamentals and the orientation of his men into the rigors of varsity competition. As a result he is building up considerable reserve power in all positions. The value of this was demonstrated in the first game of the season with Columbia.

Football Schedule for 1933

September 23—Columbia at Cedar Falls
September 30—Cornell at Mount Vernon
October 6—Grinnell at Grinnell (night)
October 14—Western State Teachers (Kalamazoo, Mich.) at Cedar Falls
October 20—Coe at Cedar Rapids (night)
October 28—Morningside at Sioux City
November 4—Simpson at Cedar Falls
November 18—Luther at Cedar Falls
**Alumni News**

Mr. and Mrs. J. R. Haubenschild, of Fort Dodge, Iowa, and Mr. and Mrs. A. H. Ferris, and daughters, Marie and Ruth, of South English, Iowa, visited at Teachers College on Sunday, July 30, 1933.

Mrs. Haubenschild (Marie Magoon), Pri. '18, has taught in the Fort Dodge schools for ten years.

Mrs. Ferris (Gertrude Magoon), Pri. '12, lives at South English, where her husband is superintendent of schools.

Margaret E. Shockey, B. A. '33, of 432 North Grand Street, Chariton, Iowa, is music supervisor at Janesville, Iowa.

C. J. Olson, M. Di. '02, of 2611 Cloverdale Avenue, Los Angeles, California, was assigned as pastor of the Calvary Methodist Episcopal Church at Los Angeles at the Annual Conference of the Methodist Episcopal Church held at Long Beach, California, July 3, 1933.

Mr. Olson has been pastor for six years at the Normandie Avenue Methodist Episcopal Church at Los Angeles.

Ora Natvig, El. '31, is teaching fifth grade at Lowell School at Waterloo, Iowa, this year. She has had four years of teaching experience. She taught in the schools of Belle Plaine, Iowa, during the past two years.

Margaret Walton, El. '29, is teaching arithmetic, penmanship, and spelling half time in the fifth and sixth grades at Edison school at Waterloo, Iowa.

She has been teaching four years. During the past year she has been attending Teachers College working toward a degree.

---

Rena Nelson, B. A. '30, is this year county superintendent at Osage, Iowa. Miss Nelson has been teaching at Garvin. She has done work toward the M. A. Degree at Northwestern University, Chicago.

Helene Landsberg, M. D. '10, of 308 East Sixth Street, Hinsdale, Illinois, is teaching German and French at Whitworth College, Spokane, Washington.

Van Allen Buboltz, B. S. '32, visited at Teachers College in July. He has been teaching commercial education at Greenfield, Iowa, where most of the commercial work has recently been withdrawn from the curriculum. Mr. Buboltz, however, has been retained despite curtailments.

Leland T. Mathis, B. A. '29, was a visitor on the campus during June. Mr. Mathis received the Master's Degree at Washington State College, Pullman, where he worked on a scholarship as a half-time instructor. Last summer he attended the University of Chicago, and continued his work there during the past summer. He is now enrolled at the University of Iowa, working toward the Doctor's Degree in English. After completing this work, he will return to Washington State College to resume his duties as full-time instructor.

Dr. John C. Bennett, B. A. '22, has taken over the medical practice of Dr. E. C. McMillan, who has been a practicing physician and surgeon at Hudson, Iowa, for the past 30 years.

Dr. Bennett served a year as intern and another year as resident physician at the Presbyterian Hospital in Chicago.

Mrs. Bennett will be remembered as Elizabeth Hart, Pri. '22. She is the daughter of I. H. Hart, director of the Extension Division at Teachers College.

Anna Gertrude Childs, a former member of the music faculty of Teachers College, visited several of the faculty members of the College during June.

Eleanor Sanders, Cons. '32, teacher in the Guernsey, Iowa, Consolidated School, journeyed through the Southeast and North this summer on a seven weeks' tour with the Omnibus College of Wichita, Kansas. The tour covered a distance of approximately seven thousand miles and covered points of interest in twenty-seven states and two provinces of Canada. Five days were spent at the World Fair.

Mae Mandemach, B. A. '33, of Sac City, Iowa, is teaching sixth grade at Newton, Iowa.

Mrs. Merrill T. Muzzey (Dorothy Mueller), B. A. '25, associate professor of physical education at Southern Illinois Teachers College, Carbondale, Illinois, presented a paper before the research section of the National Physical Education Convention at Louisville, Kentucky, April 27, 1933. She spoke on "A Comparison of Group Progress in the Learning of Rhythmic Pattern by Colored and White Children."

Lucille Van Tiger, El. '33, of Eldora, Iowa, is teaching in a rural school near Eldora.

Marjorie E. Latchaw, Pri. '33, of Wilton, Iowa, is teaching second and third grades at Wilton.
Elzan Mae Morris, B. A. ’33, of 2312 Franklin Street, Cedar Falls, Iowa, is commercial teacher at the Cedar Falls High School this year.

Bertha Wiese, El. ’33, of Eldridge, Iowa, is teaching Grades five and eight at that city.

Dorothy Raymond, Pri. ’33, of Wapello, Iowa, is teaching first grade and primary at West Branch, Iowa.

Benjamin S. Entwisle, B. A. ’23, is teaching business subjects in the Grant Junior High School at Steubenville, Ohio. He received the M. A. Degree in 1928 from the University of Iowa.

Gladys Clancy, Kg. ’33, of Charles City, Iowa, is doing office work at Charles City. Her street address is 315 Third Avenue.

Wendell H. Bragonier, B. A. ’33, of 915 West 19th Street, Cedar Falls, Iowa, is teaching English and mathematics, and coaching athletics at Prescott, Iowa.

Margaret F. Daniels, Pri. ’33, of Doula, Iowa, is teaching primary at La Porte City, Iowa.

Howard Blanchard, B. A. ’33, of Irvington, Iowa, is teaching social science in Junior High at Clarion, Iowa.

Mr. Blanchard was a prominent debater while a student at Teachers College.

Mildred Baker, Pri. ’33, of Clear Lake, Iowa, is teaching in a rural school near Clear Lake.

Maurice Kramer, B. S. ’33, of Thornburg, Iowa, is teaching in the Commercial Department in the high school at Sioux Rapids, Iowa.

Mr. Kramer was business manager of the College Eye, student newspaper, while enrolled at Teachers College. He is a member of Pi Omega Pi, national honorary commercial fraternity.

Mildred Anderegg, B. A. ’33, is teaching in a rural school near West Bend, Iowa.

Mary A. Gugeler, B. A. ’33, of Danville, Iowa, is teaching first grade at Montezuma, Iowa.

Arthur Olsen, B. S. ’33, Cedar Falls, Iowa, star athlete at Teachers College for the past four years, is acting as athletic coach in the public schools of Wadena, Iowa.

During the past three years Olsen starred on football and basketball teams at the College and has also won letters in both baseball and track. During his first year he was outstanding on the freshman football and basketball squads.

This spring he was presented with the senior award for excellence in athletics, scholarship, and sportsmanship.

Iva D. Hennessey, B. A. ’33, of Osage, Iowa, is teaching in a standardized rural school near Osage.

Miriam LaCraft, Pri. ’27, of Clark, South Dakota, is teaching first and second grades at Doland, South Dakota.

Lucile M. Dennis, B. A. ’33, is teaching second and third grades at the Orange Consolidated School near Waterloo, Iowa.

Elizabeth Wartman, B. A. ’22, has been acting as instructor in the Physical Education Department at the State Teachers College, Dickinson, North Dakota, for the past three summers. This summer she was head of the Department during the absence of the director, who was attending summer school.

Miss Wartman received the Master’s Degree at the University of Iowa in 1930. She is now acting as director of physical education at the Junior College and High School at Creston, Iowa.

Dr. Earl Bell, B. A. ’25, and wife (Grace Loder), Pri. ’24, visited at the College during August.

Dr. Bell is professor of anthropology at the University of Nebraska. He has carried on considerable research and field work in northeastern Nebraska.

Lorna Stewart, C. ’30, is teaching commercial studies in the high school at Sibley, Iowa.

Helen Webber, El. ’33, of Coon Rapids, Iowa, is teaching sixth, seventh, and eighth grades at Carrollton, Iowa.

Dorothy Jane Wilson, Pri. ’33, of Adel, Iowa, is teaching first and second grades at Blairstown, Iowa.

Esther Biesie, Pri. ’33, of Renwick, Iowa, is teaching primary grades at Rake, Iowa.

Laura Christensen, B. S. ’33, of Forest City, Iowa, is teaching commercial work in the high school at Correctionville, Iowa.

Eilla Cole, Pri. ’33, of 817 West Second Street, Cedar Falls, Iowa, is teaching first and second grades at Geneva, Iowa.

David W. Krepper, B. A. ’23, visited at the College the past summer. He is at present professor and head of the Department of Social Studies at Mississippi State College for Women, at Columbus, Mississippi.

Mr. Krepper received the M. A. and Ph. D. Degrees from the University of Iowa.
Eileen Birker, Kg. '33, is teaching in a rural school near Vinton, Iowa.

Vivian Strand, B. A. '24, of Manly, Iowa, is teaching high school mathematics at Swea City, Iowa.

Margaret Agnes Miller, El. '33, of Ruthven, Iowa, is teaching second and third grades at Ruthven.

Olga Lee, R. '33, of Ossian, Iowa, is teaching in a rural school near Ossian.

Alvin S. Tostlebe, B. A. '16, and his wife (Pearle Childress), Pri. '17, visited at the home of Mr. Tostlebe’s father at Cedar Falls during the middle part of August.

Mr. Tostlebe received the Ph. D. Degree from Columbia University in 1924. He is at present head of the Economics Department at Wooster College, Wooster, Ohio.

Mrs. Tostlebe received the B. S. Degree from Columbia College.

They have two girls, Patricia Jane, seven years old, and Marcia Luanna, three.

Velma M. Brown, B. A. '24, of Ames, Iowa, is now teaching second grade at Ames. Her present address is 2707 Lincoln Way, Apartment No. 1, Ames.

Margaret Umbarger, Pri. '28, of Lake Park, Iowa, is teaching first grade in that town.

Margaret Parrett, Pri. '33, of Batavia, Iowa, is primary teacher at Batavia.

Dorothy Myerly, El. '33, of Thornburg, Iowa, is teaching in a standardized school near Thornburg, Iowa.

Florence M. Poller, Pri. '33, of Alta, Iowa, is teaching first and second grades at West Side, Iowa.

Norma Tenney, B. A. '33, of Strawberry Point, Iowa, is teaching fifth and sixth grades at Volga, Iowa.

Alice Barnes, B. S. '33, daughter of Mr. and Mrs. Henry M. Barnes, 1931 Clay Street, Cedar Falls, Iowa, is located at Fort Blackmore, Virginia, where she is doing missionary work with the mountain people of that vicinity. She is associated with Mrs. Margaret Hoff, who has charge of the work in that section of the country.

Gertrude T. Moem, Pri. '33, is teaching in a rural school near Decorah, Iowa.

Pauline E. Harris, Pri. '33, of Atlantic, Iowa, is teaching primary and grades two and three at Bondurant, Iowa.

Dorothy L. Mishbach, Pri. '33, is teaching in a rural school near Williamsburg, Iowa.

Beatrice Elde, El. '33, is teaching in a rural school near Decorah, Iowa.

Eva Gaunt, El. '33, of Zearing, Iowa, is teaching in a rural school at Union, Iowa.

Hazel M. Dickinson, Kg. '33, is teaching in a rural school at Sabula.

Lois Cloud, El. '33, of 701 E. Main, Manchester, Iowa, is teaching seventh and eighth grades at Oneida.

Rena Hanson, Pri. '33, of Essex, Iowa, is teaching primary in that town.

Mildred Vlotho, El. '33, of Norwalk, Iowa, is teaching fifth and sixth grades at Maurice.

Dorothy Durant, R. '33, of Nora Springs, Iowa, is teaching in a rural school near Rockford, Iowa.

Marie V. Harmon, B. A. '33, of Sheldahl, Iowa, is teaching first and second grades at Irwin, Iowa.

Sylvia Dragoo, El. '33, of Pierso, Iowa, is teaching in a rural school near there.

Opal Burdick, El. '33, is teaching in a rural school near Ruthven, Iowa.

Irene Saunders, Con. '33, of Brighton, Iowa, is teaching in a rural school near Keota, Iowa.

June A. Thompson, Pri. '33, of Northwood, Iowa, is teaching third and fourth grades at Carpenter.

Marie H. Beard, Pri. '31, of Marion, Indiana, is teaching primary at Algona.

Irene M. Alexander, Pri. '22, of George, Iowa, is teaching first grade at Pierce School at Council Bluffs.

Marguerite I. Close, B. A. '24, of Independence, Iowa, is teaching social science at Weed New Mexico.

Myrtle Halverson, R. '33, of Decorah, Iowa, is teaching in a rural school near there.

He’en Hartz, R. '33, is teaching in a rural school near La Porte City.

Elsina P. Reints, El. '33, is teaching in a rural school near Clarksville.

Noma Rupprich, B. A. '33, of La Porte City, Iowa, is teaching music at Lowden.

Alma Pfundheller, El. '33, of Rockford, Iowa, is teaching a rural school near Mason City.
Edward O’Connor, B. A. ’33, of Maloy, Iowa, is acting as coach and principal at the high school at Maloy.

Hazel Miller, El. ’33, of Hubbard, Iowa, is teaching in a rural school near there.

Lenore Vieth, Pri. ’33, of Grinnell, Iowa, is teaching first and second grades at Searsboro.

Robert Warner, B. A. ’33, of Parkersburg, Iowa, is teaching music at Newburg, Iowa. Mr. Warner was a member of the College Orchestra while attending Teachers College.

Florence Soremke, Pri. ’33, of Stockton, Iowa, is teaching primary grades at Green Mountain.

Alice M. Charlesworth, B. A. ’33, of Williams, Iowa, is teaching at Clarinda.

Julia Cooper, El. ’33, is teaching in a rural school near Centerville, Iowa.

Max Boller, B. S. ’33, of Nevada, Iowa, is athletic coach at Casey, Iowa. Mr. Boller was a prominent member of the varsity football squad while attending Teachers College.

Margaret Broughton, Pri. ’33, is teaching in a rural school near Sibley, Iowa. Her present address is 525 Second Avenue, Sibley.

Jane M. Adamson, R. ’33, of Ankeny, Iowa, is teaching in a rural school near there.

Harry Flory, B. A. ’33, of Kinross, Iowa, is teaching mathematics at Sumner, Iowa.

Mary E. Galagan, R. ’33, of Rockwell, Iowa, is teaching in the Edison School in Cerro Gordo County.

Arwilda Fobes, Pri. ’33, of Clarion, Iowa, is teaching second and third grades at Nashua, Iowa.

Arlene Erdman, R. ’33, of Hedrick, Iowa, is teaching in the Lone Tree School near there.

Geraldine Edgar, R. ’33, of Rock Falls, Iowa, is teaching in a rural school near there.

William J. Dunning, B. S. ’33, of Eddyville, Iowa, is teaching and acting as coach at Eddyville.

Alice L. Lowe, R. ’33, is teaching in a rural school near Letts, Iowa.

Marie E. Kurtz, El. ’33, of Dows, Iowa, is teaching in a rural school near there.

Lucille Johnson, R. ’33, of Mason City, Iowa, is teaching primary grades at Central Heights.

Allie M. Bass, B. A. ’25, writes that she is now living at the Women’s Residence Hall, University of Southern California, Los Angeles. She expects to be at that address until February, 1934.

Miss Bass returned from India in April. She spent May and June in Iowa and northern Missouri speaking in the interest of missionary work. She is at present taking work in social sciences at the University of Southern California. After February she will be in Iowa. Her address will then be 512 Carroll Avenue, Ames, Iowa.

Dorothy Tostliebe, daughter of Mrs. Oscar Tostliebe (Vina E. Younker), B. A. ’15, of Cedar Falls, Iowa, was awarded the medal presented annually to the eighth grade student who earns the highest average for the year in American History. The medal is presented by Black Hawk Chapter, Daughters of the American Revolution. Her average was the highest among some 100 eighth grade students.

Agatha B. Madsen, B. A. ’33, of 112 West 10th Street, Cedar Falls, is doing post graduate work at Dana College, Blair, Nebraska. She is doing part time teaching at the College.

Alice Mae Charlesworth, B. A. ’33, of Williams, Iowa, is teaching fourth grade at Clarinda.

Mr. and Mrs. Hans Andersen, both graduates of Teachers College, visited at the campus during the month of August.

Mr. Andersen is professor at Oklahoma A. & M. College at Stillwater, Oklahoma. He was graduated from Teachers College in 1923 with the Bachelor of Arts Degree. He was the founder of the Stylus, first literary magazine on the Teachers College campus, and was also editor of the College Eye, student newspaper.

Mrs. Andersen will be remembered at Pauline Waits, B. A. ’24.

Clarence W. Failor, B. A. ’28, was awarded the Lydia C. Roberts Fellowship at Teachers College, Columbia University, for the 1933-34 school year.

Mr. Failor received the Master of Arts Degree in 1932 from the University of Wisconsin. He has been Director of Guidance at East High School at Waterloo, Iowa, for the past two years. At Columbia University, he will continue his graduate work for a Ph. D. Degree.

His address will be No. 103 Saratosa Hall, 514 West 122nd Street, New York City, New York.

Mrs. Maud Rankins Leonard, Swaledale, Iowa, student at Teachers College in 1896-98, teacher in the grades of the Belmond schools.
for seven years, and for four years in the grades of the Glenburn, North Dakota schools, and writer of a newspaper column on Thrift topics several years ago, is the author of a 124-page book, entitled, "Personal Economics."

The book has chapters dealing with the problems of savings, budgets, building estates, values in family life, use of time, getting started, and ideals of business management. The material has been collected from a wide range of sources and includes a wealth of timely matter and suggestions. The text will appeal to students in classes in business, commercial arithmetic, and economics.

Marian Brisbine, Kg. '31, of 222 Sixth Street, Northwest, Mason City, Iowa, is teaching in the intermediate boys school of the institution for feebleminded children at Glenwood, Iowa. Her present address is Lock Drawer B., Glenwood, Iowa.

Ben Ersland, son of Mr. and Mrs. B. J. Ersland, of 612 North Twentieth Avenue, East, Duluth, Minnesota, won first place in the fancy diving and one-hundred yard free style swimming contest at the Annual State DeMolay conclave at Rochester, Minnesota, recently. His father, B. J. Ersland, received the B. Di. Degree in 1909.

Alfred D. Sabin, B. S. '30, received the Master's Degree from Columbia University in August, 1933. Since securing his degree from Teachers College, Mr. Sabin has been industrial arts instructor and athletic coach at Bedford High School, Iowa.

Frances Vandevort, Pri. '27, B. A. '31, and Mrs. Oscar Kemper (Hilda Whitaker), J. C. '26, of Wapello, Iowa, attended the Century of Progress in Chicago the second week in June. While there, they were guests of Mr. Kemper's sister, Mrs. L. R. MacNeill, who will be remembered as Esther Belle Whitaker, Pri. '23.

Mrs. Kemper also visited with Miss Astrid Olson, Pri. '25, who is a teacher in the schools of Gary, Indiana.

Earl A. Miller, B. A. '25, of 2505 Broadway, Dubuque, Iowa, has recently moved to 4311 Wentworth Avenue, Minneapolis, Minnesota.

Louise E. Arlison, P. E. '17, of 131 Cedar Hill Avenue, Nyack-On-Hudson, New York, was a delegate to the National Education Association from Nutley, New Jersey, where she has been teaching for the past eight years.

Last year, she was a delegate to the N. E. A. at Atlantic City, where among other events she attended the Iowa breakfast. While at Chicago during a meeting of the N. E. A., she was one of the many graduates attending the Century of Progress Reunion of Teachers College alumni.

Lulu E. Ackerman, El. '30, has been taking work at the State University of Iowa and received the Master of Arts Degree in June, 1933. Her present address is Aplington, Iowa.

Mildred Whaley, El. '29, is teaching in the Webster City schools as kindergarten teacher. Her address is 1021 James Street, Webster City.

Mrs. Oscar Kemper (Hilda Whitaker), J. C. '26, and Miss Frances Vandevort, Pri. '27, B. A. '31, both of Wapello, Iowa, had as their guests at various times during the past summer several Teachers College friends. They included Laura Tompkins, J. C. '25, of Marengo, Iowa, a teacher in the Ottumwa schools; Henrietta Johens, J. C. '25, of Dysart, Iowa, a teacher in the Dysart schools; Maude Hood, J. C. '24, B. S. '26, of Independence, Iowa, a teacher in the Decorah schools; Bernice Reichart, Kg. '26, B. A. '31, of Tipton, Iowa, a teacher in the Fort Madison schools, and Leona Williams, Pri. '26, B. A. '31, of Oakville, Iowa, who teaches in that city. Miss Vandevort teaches in the Tipton schools.

Betty Kirk, El. '30, of Springville, Iowa, is teaching fourth and fifth grades in the schools of Oakville, Iowa, this year.

Helen Wilcox, P. S. M. '32, of Dumont, is at present employed at the Bishop Cafeteria at Rockford, Illinois.

She greeted Dr. F. I. Merchant, head of the Department of Latin, Greek, and German, and A. C. Fuller, associate director of the Extension Division at Teachers College, who stopped at the cafeteria enroute to Chicago this summer, and stated that she had talked with several members of the Faculty who were enroute to or from the Century of Progress Exposition.

She visited the N. E. A. Convention at the Century of Progress this summer, and heard the Iowa State Rural School chorus sing before the music educators at the N. E. A. and at the World's Fair.

G. T. Cowan, B. A. '20, principal of the high school at Iowa Falls, and president of the greater Alumni Association of Teachers College, was recently honored by being elected to the presidency of the Lion's Club at Iowa Falls.

Mrs. Charles Black (Nell Woods), B. A. '26, director of student work at Westminster Foundation, Cedar Falls, Iowa, received the Master of Arts Degree from the State University of Iowa at the August convolution.
1933

Leola M. Catlin, B. A. '32, of Platte, South Dakota, is teaching in a rural school at Carter, South Dakota.

Clara L. Anderson, El. '33, of West Union, Iowa, is teaching in a rural school near there.

Marriages

Altha Curtis, B. A. '25, daughter of Mr. and Mrs. Edward B. Curtis, Cedar Falls, Iowa, became the bride of Reverend Frederick M. Smith, of Tracy, Minnesota, on August 24, 1933.

Mrs. Smith taught in the Iowa schools for three years. She also engaged in Y. W. C. A. work in Minnesota and Wisconsin, having served as general secretary of the Y. W. C. A. at Hibbing, Minnesota, during the past year.

Reverend and Mrs. Smith will reside in Tracy, where Reverend Smith is pastor of the Methodist Church. He is a graduate of Upper Iowa University and Boston University.

Norma Jeanne Herrling, former student, daughter of Mr. and Mrs. Edward C. Herrling, Charles City, Iowa, was united in marriage March 25, 1932, to Dean Larrabee, son of Mr. and Mrs. C. G. Larrabee, of Waterloo, Iowa.

Mrs. Larrabee was a member of Kappa Delta Pi, national education fraternity at the Teachers College; Tau Sigma Delta sorority, and Sigma Tau Delta, national English fraternity. She has been teaching in the Guttenberg, Iowa, Junior High School for several years.

Mr. Larrabee attended Cornell College at Mt. Vernon, Iowa, and received his degree in civil engineering from the University of Michigan in June. He is a member of the American Society of Civil Engineers.

The couple will reside in Fort Wayne, Indiana, where Mr. Larrabee is employed by the Magnavox Corporation.

Margaret Clark, B. S. '30, daughter of Mrs. Lydia Clark, Cedar Falls, Iowa, and Glen Heckroth, son of Mr. and Mrs. Charles Heckroth, Dysart, Iowa, were united in marriage September 6, 1933.

Mrs. Heckroth is a member of Pi Tau Pi Sorority. She taught at Exline, Iowa, for a year, and for the past two years she has been commercial and physical training instructor in the Dysart High School.

The couple will reside in Dysart where Mr. Heckroth is manager of the Mid-Continent Petroleum station.

Deaths

Henry M. McKeen, B. Di. '96, of Sac City, Iowa, died October 28, 1932.

Mr. McKeen was at various times a teacher, business man, farmer, monument salesman, and insurance man. At the time of his death he was conducting a service station in Sac City. He served for a number of years on the school board at Sac City.

He is survived by his wife, two children, and several grandchildren.

Benjamin McKeen, B. Di. '94, died at Sioux City, Iowa, on December 23, 1932.

Mr. McKeen joined the Baptist Church as a young man and decided to prepare for the ministry. He attended a Baptist Theological Seminary in Tennessee, later serving as pastor at Milford and Goldfield, Iowa. He was associated at one time with his brother, Byron W. McKeen, in the publication of the Winside Tribune at Winside, Nebraska. Later he operated a farm for a time near Hoskins, Nebraska. About 1909 he became associated again with his brother, Byron, in the publication of the Madison, Nebraska, Chronicle, finally becoming the sole owner. Later he became owner and publisher of the Coleridge, Nebraska, Blade, in addition to being pastor of a country church near Coleridge.

He is survived by his wife, three children, and one grandchild.

Charlotte Foster, J. C. '26, of Plainfield, Iowa, died June 10, 1933.

Miss Foster had been principal of the grade building at Washington, Iowa, for seven years. She had also taught at Dysart and Plainfield, Iowa.

Mrs. Hugh J. Miller (Georgiana C. Cole), B. Di. '85, of Livingston, Montana, died May 25, 1933.

Mrs. Miller taught for a number of years in Iowa, Minnesota, and in the high school at Livingston. She was a Daughter of the American Revolution, a member of P. E. O., and associated with numerous other societies that had for their object the upbuilding of her home community.

She is survived by her husband, Hugh Miller; a son, Vilroy, and a granddaughter, Marilyn Jo, all of Livingston, and a sister, Mrs. Ella Heskett, of Waterloo, Iowa.

Claude R. Heinz, M'l A. '14, Teachers College; D. D. S. '19, University of Iowa, died April 25, 1933.

He is survived by his wife, (Florence Weidenhammer), Kg. '15, and two children, William Wayne, 11 years, and Alice Elizabeth, 8 years.
