President-Emeritus Homer H. Seerley Dies

President-Emeritus Homer H. Seerley died at his campus home at Teachers College, Friday morning, December 23, at 9 A.M.

When this issue of the Alumnus went to the printer early in December, Dr. Seerley had been ill at his campus home in Cedar Falls since early in November, and he was suffering the complications attendant upon advancing years.

When notice came of the death of this great leader in Iowa education, your Alumnus was already on the press. The presses were stopped, however, and the forms hurriedly torn apart to allow this brief notice to be inserted, so that the news might be sent to the thousands of graduates and former students of the College who knew and loved him so well.

Ill Since November

Dr. Seerley had been confined to his home since the first week in November, and for nearly a month had been confined to his bed. He was quite seriously ill last spring, and for a time fears were held for his chances of recovery. He had recovered almost completely, however, and had been in fairly good health until the time of his recent illness. Mrs. Seerley was also ill for several days, although her condition was not serious.

The hundreds of friends of this great man throughout the state and nation were deeply moved by the news of his death which came just two days before Christmas when students and faculty members of the College were away for the Christmas holidays.

At the time of his death, Dr. Seerley was 84 years old. He had been in retirement at Cedar Falls as president-emeritus of the College since his resignation in 1928 after 42 years as administrator.

In his many years as president of the College he earned for himself the title of "Seerley the Builder," and a reputation as a moving force for progress in education. In the early days of Iowa education he established Teachers College as one of the outstanding institutions of its kind in the country.

Dr. Seerley was born on a farm near Indianapolis, Indiana, on August 13, 1848, the son of Mr. and Mrs. Thomas Seerley. He received most of his education in Iowa and was granted the Ph.B. Degree from the State University of Iowa in 1873, and the Master of Arts Degree in 1876. He received the LL.D. Degree from Penn College in 1898, and was honored with the same degree from the University of Iowa in 1901.

Came to Cedar Falls in 1886

During his first three years following graduation from the University of Iowa, he served in the public school system of Oska-loosa, Iowa, as principal and superintendent. He filled the latter post for a period of eleven years. He came to the State Normal School in 1886, and was made president in 1887.

During his years of service as administrator of the College he was much in demand as an expert on educational matters and was called upon to serve on numerous committees and educational councils. Several years ago, in recognition of his great service as an educator, he was made a life member of the Iowa State Teachers Association and of the National Education Association.

Besides his wife, Clara Twaddle, Dr. Seerley is survived by two daughters, Mrs. A. B. Clark, (Helen Seerley), M. Di. ’06, of Cedar Rapids, Iowa, and Mrs. Claude Cully, (Esther Seerley) M. Di. ’01, of Le Mars, Iowa, and a son, Dr. Clem Seerley, M. Di. ’01, a physician of Bozeman, Montana.

EDITOR’S NOTE

Since it is impossible to present a complete account of Dr. Seerley's life and work at this time, the next issue of the Alumnus will be dedicated as a memorial number in honor of our beloved President-Emeritus.
Twin Cities Alumni Plan Reunion At N.E.A.

Banquet Program Set For February 28
In Minneapolis Y. W. C. A. Building;
President Bruce Francis In Charge

The Twin Cities Alumni Unit has made vigorous preparation for a great gathering in Minneapolis Tuesday evening, February 28. In alumni annals this is history making, for it is the first Teachers College reunion and dinner held in connection with the meeting of the N. E. A. Department of Superintendence.

Social Hour at 5:00 P.M.

The plans include a social hour at 5 p.m. at the Y. W. C. A., three blocks from the Auditorium in Minneapolis. Supper at eighty-five cents the plate will be served promptly at 6:15 o'clock. Robert Fullerton, B. Di. '94, M. Di. '95, teacher of singing and vice president of the McPhail School of Music, Minneapolis, will lead the singing. Forest C. Ensign, B. Di. '94, M. Di. '95, professor of education at the University of Iowa, and J. Ralph Magee, B. Di. '01, recently elected Bishop in M. E. Church circles, have promised to be there. Many well known professors now in service at Iowa State Teachers College will be present. There is every reason to expect that from the standpoint of loyalty and enthusiasm, and a splendid opportunity to renew friendships, this reunion should prove outstanding among the many college dinners occurring during the convention.

Make Reservations Early

Bruce Francis, B. Di. '90, M. Di. '91, president of the Twin Cities Alumni Unit, 1616 Seventh Street Southwest, Minneapolis, is in charge of local arrangements. It will be of great help to him and his assistants to have reservations for the dinner made in advance. According to those in charge, the formal program of the Reunion will be completed in time to enable those desiring to attend the evening session of the N. E. A. an opportunity to get away.

Mr. Francis has announced that the invitation to the Reunion includes students as well as graduates and the husband or wife of a former student.

According to present plans, Mr. Robert Fullerton will call out the old Minnesingers Minneapolis, in order that they may get together for a preliminary "workout."

Seating arrangements are being made for approximately 300 persons.

Twin Cities Reunion Program

Reunion and Banquet for Former Students of the Iowa State Teachers College in the Y. W. C. A. Building, 12th and Nicollet. (Three blocks northwest of the Auditorium)
TUESDAY, FEBRUARY 28, 1933
5:00—8:00 P.M.
Get-together at 5:00 P.M.
Banquet at 6:15 P.M. sharp
Tickets 75c per plate and 10c for Incidentsals

Early reservations will aid the committee. Address Miss Ilene Thorpe, Ogden Hotel; W. Earl Hamstreet, Folwell Junior High School; or Bruce Francis, 1616 7th St., SE, Minneapolis.

Minnesingers will please report to Robert Fullerton, McPhail School.
The program will not interfere with the N. E. A. meeting.

THE COLLEGE EYE READ FAR AND WIDE

Although few copies of the College Eye, student newspaper, are mailed to alumni subscribers, the publication may be found in cities almost as extensively distributed as are the graduates of the College. Exchange copies of the College Eye are sent to 26 states of the Union from New Mexico to Minnesota, and from New York to California, according to the advertising manager.
Iowa Alumni!
Nine Thousand Three Hundred Ninety-Five
Of You
Get Acquainted—Organize Local and County Units

Just look at this family list! Every alumnus in Iowa, whose address we have, is counted for his post office. If you would like to know your Iowa State Teachers College alumni neighbors, send a card to the Alumni Secretary, and the full list of alumni for any Iowa address will be promptly furnished. Organize a local unit of alumni, and by local publicity invite all former students not graduates to join in the festivities. Have a reunion dinner, picnic style, talk over old times, consider the significance of present times and conditions upon public education and the responsibility of the Iowa State Teachers College; envision the future of Iowa, and of the boys and girls in her schools. Withal, have a splendid social time, mingling again with the finest people on earth,—loyal, courageous, forward-looking Iowa State Teachers College graduates.

The office of the Alumni Secretary will give all assistance possible in arranging your organization plans. It is possible that a college visitor would be able to meet with you.

Every county should have one or more units. Which county is to be number one?

Here's The Iowa Alumni Map--How Many Graduates In Your County?
**Reunion Celebrants Applaud Campus Movies**

The annual gathering of Teachers College alumni, former students, and friends with faculty members of the College at Des Moines, Thursday, November 3, was well attended. The social hour preceding the dinner kept the mezzanine lobby at Hotel Fort Des Moines in a buzz of pleasant conversation. Music during the dinner was furnished in part by the W. A. Ottlie family orchestra of Manchester, Iowa. Mr. Ottlie, at present county superintendent, received the B.Di. Degree in 1905. Mrs. Ottlie and a daughter have also attended Teachers College. Their musical numbers, artistically rendered, added a fine touch to the program. Miss Olive Barker, P.S.M. '20, played the piano at frequent intervals during the dinner hour to lead the celebration in general singing of well-known songs.

**Remembrances Given**

The after-dinner program included brief talks in remembrance of Mrs. G. W. Walters (Florence Griffith), P. C. '07, and Mrs. I. H. Hart, by Fred D. Cram, B. A. '09; Warren L. Wallace, by Dr. Ralph Fahrney, assistant professor of social science; Miss Leona Sutherland, by Miss Rose Hanson; Miss Joanna Kyle, by Miss Louise Hearst, B. A. '21, and Miss Jennette Carpenter, by Eugene B. Lynch, B. A. '21. These sentiments were presented while all stood, and the male quartet from the College sang "Lead Kindly Light."

The College Quartet, composed of W. E. Hays, P. S. M. '12; L. A. Richman, assistant professor of voice; Dr. F. W. Lambertson, associate professor of public speaking; Irving W. Wolfe, B. A. '25, with Mrs. Irving Wolfe, '31, accompanying at the piano, then gave two selections.

President O. R. Latham, as the principal speaker, told of some of the changes which have been brought about on the campus in the past few years, and discussed the future of the teaching profession in Iowa.

**"Surprise" Number Presented**

The general alumni office then presented a surprise number under the title, "Campus." With the help of Don C. McCavick, B. A. '31, with the movie camera, and Mr. Hays with voice reproduction, moving pictures were presented of Dr. O. R. Latham; Miss Anna R. Wild, executive secretary; Miss Sara M. Riggs, associate professor of history; G. W. Walters, professor of education; pictures of Old North Hall, and a glimpse of "Old Room A" and C. A. Fullerton, B. S. '90. The showing was brought to a close with a picture of the Seerley Cottage and four poses of Dr. and Mrs. Homer H. Seerley. As the pictures came on the screen, the phonograph gave a message in Dr. Seerley's own voice.

A. C. Fuller, M. Di. '99, newly elected alumni secretary and associate director of the College Extension Division, was in charge of the dinner program.

Special guests at the dinner included Judge and Mrs. Eskil Carlson, representing the State Board of Education; Mrs. Hazel Hoyt Ott, Pri. '10, state director of Curriculum Study for South Dakota; Dr. Lee T. Hopkins, of Columbia University, and Miss Maude Gilchrist, B. Di. '78, B. S. '80, daughter of the first president, Mr. J. C. Gilchrist.

**SATURDAY CLASS HOURS CHANGED**

Saturday classes, with the beginning of the winter term at Teachers College, were offered at more favorable hours than heretofore with the aim of giving an increased number of teachers in practice opportunity for growth and progress in their respective fields. The change will also allow students who cannot be on the campus an added chance to continue their collegiate studies.

The Saturday classes for the winter term began December 3, whereas the date for the registration of students attending regular classes on the campus was Monday, November 28.

The hours for the Saturday classes, beginning with the winter term, were changed from 8 to 12:30 o'clock to from 10 to 12 o'clock in the morning and 1 to 3:30 o'clock in the afternoon.

A steady growth in the Saturday classes is shown by the figures for last year which indicate that eight counties and sixteen school systems were represented by students enrolled for the Saturday work. This year twelve counties and twenty-four school systems are represented.
Debaters Meet Irish Team

"Capitalism has broken down," asserted debaters from Trinity College, Dublin, Ireland, who clashed with the Teachers College forensic team in the third annual international debate held in the College Auditorium on Wednesday, November 9.

Four hundred and fifty people were in attendance, laughing and cheering in turn as the two teams sparred with thrusts of humor, logic, and facts. The wit and oratorical brilliance with which English and Irish teams so commonly wither and confound the more serious style of delivery practiced by American debate teams, found few vulnerable spots in the forensic armor of Maurice Kramer, senior student, of Keswick, and David Grant, sophomore student, of Oelwein.

The Teachers College team, upholding the negative side of the question, "Has Capitalism Broken Down?" gave the Irishmen as good as they offered, American humor meeting Irish wit on equal terms.

The Irish debaters, James J. Auchmuty, graduate of Trinity College with the Bachelor of Arts Degree, and Garrett E. Gill, graduate of Trinity College with the Degree of Bachelor of Laws, were guests at an informal luncheon at the home of Mr. and Mrs. Frederick C. Schmidt of Cedar Falls, on Wednesday noon, the day of the debate. An uncle and three cousins of Mrs. Schmidt are graduates of Trinity College, and another cousin is at present a student in the Trinity College Divinity School.

Ira S. Condit, head of the Mathematics and Commercial Education Department, acted as chairman of the debate, and James Curtis, Maquoketa, alternate debater of the Teachers College team, was timekeeper. Robert Henry, Traer, student of Mrs. Elizabeth Burney Schmidt, assistant professor of public school music, opened the evening's program with two vocal selections, followed by a violin solo by Robert Warner, Parkersburg, student of Edward Kurtz, head of the Department of Orchestral Music, with Ralph Moritz, Waterloo, student of Alta Freeman, instructor in piano, as accompanist.

The Irish team attacked capitalism, declaring that the present depression is evidence that capitalism has broken down. Additional evidence presented was the concentration of wealth in the hands of a few, the financial status of the farmer, and 10 million unemployed in America. Europe was declared to be much worse off than America, "only Europe talks less about it."

The Teachers College team defended the institution of capitalism, declaring that war, the blundering methods in which war debts were handled, and the behavior of the monetary and banking mechanism are responsible for the present situation. These things were declared not to be inherent in the institution. The Teachers College team argued that other forms of government, such as dictatorship and communism, produce evils which are as inimical to human welfare as those of capitalism.

Irish Students Loaf Profitably

"What! You have to go to class at eight o'clock in the morning? We never get up before eight-thirty or nine o'clock," declared James J. Auchmuty and Garrett E. Gill, Irish debaters who matched wits here with the Teachers College team Wednesday, November 9. "Why I remember seeing a fellow come to class one morning wearing an overcoat over his pajamas because he slept too late to dress for a ten o'clock class. The Irish don't take their education so seriously as the Americans, I guess. But we loaf away our time profitably.

"We seek education for the sake of culture rather than for increased earning capacity," Auchmuty continued. "Classes are very informal, and attendance is not checked."

"Extra-curricular activities such as debating, oratory, literary work, cricket, and football are carried on by the various college organizations," he explained. "We do not have football and debate coaches. And there isn't a radio in the entire college."

The men live in large quadrangles inside the walls of the college, according to the Irish debaters. Two or three students take an apartment together, hiring a man to do their housework, including the shining of shoes. In the evening, members of the same quadrangle dine together. Frequently they gather in groups about fireplaces to discuss various topics and to enjoy a smoke.

"Of the 2,000 students attending Trinity College, approximately 250 are women," stated Auchmuty. "However, they live in a different part of the city, and are not permitted to enter the gates of the college after six o'clock in the evening. Most of them are going to school for two purposes, matrimonial and educational, and chiefly for the former."

—From The College Eye.
Significant Changes Made In Curriculums

Increased Efficiency Is Aim In Abandonment Of Four Two-Year Courses And Revision Of Several Four-Year Curriculums

The recent adoption by the State Board of Education of the four-year curriculum changes proposed by the faculty of the College marks the completion of a task undertaken about three years ago. The purpose was to see that every curriculum should provide as well as possible for a given type of teaching position, and to see that the public schools of Iowa should have an opportunity to secure as highly trained and competent teachers as the College could possibly produce.

Changes Based On Research

Before any changes were suggested there had been made a series of studies concerning the changes being made in the public schools, the current practice in other institutions, and the strengths and weaknesses of the training programs in force. With this information at hand, the curriculums committee set out to examine the curriculums on which students could then enroll.

It soon became evident that certain two-year courses designed for training teachers of special subjects, such as art, home economics, manual arts, and commercial education, should be abandoned, as graduates of these curriculums were not sufficiently trained for the positions they were destined to fill. With the abandonment of these curriculums came the abandonment of the three-year curriculum for the training of teachers of public school music. For preparation in any of these fields four years of work are now required, with the result that teachers trained for these fields are fully prepared for their positions.

Kindergarten, Elementary Grades

The only two-year curriculums remaining are those which train for teachers in kindergartens and elementary grades, and to each of these the student may add two additional years designed to make for more effective service. These remaining two-year curriculums were revised to insure that graduates would be able to cope with the problems facing the teacher. As an illustration, in view of the increased attention given to the health of elementary school pupils, a new course entitled Health Education was included in the requirements. Similarly, because of the added attention to elementary science, students are required to prepare themselves in this field.

High School Preparation Considered

With the two-year curriculums revised, the committee turned its attention to those requiring four years of college work. While these were improved in many minor details, one of the most outstanding changes was that of making the work required in college somewhat dependent upon the work taken in high school. Under this plan the student who has had considerable work in social science, mathematics, foreign language, or science, will be required to take less in these fields in order to complete his course. Because most of the Iowa high schools are small, and teachers are often required to teach more than two subjects, it was decided that each student must provide for at least two minors. New curriculums in special fields were developed or revised; one of these will prepare teachers of ungraded or opportunity rooms.

More Effective Work in Prospect

In addition to these changes, the various departments have been active in revising their course offerings so as to provide more effective work for prospective teachers.

At the present time, the Degree of Bachelor of Arts in Education is awarded to those whose major is in the regular academic lines, such as English, mathematics, chemistry, or education. The Degree of Bachelor of Science in Education is granted to graduates whose major work is in such specialized lines as home economics, manual arts, agriculture, and commercial education. Under the new plan, the Bachelor of Arts Degree will be granted to those who complete a major in the usual academic lines, while those who major in science or mathematics may have the Bachelor of Science Degree if they prefer. Special four-year curriculums will lead to the Bachelor of Science in Home Economics, Bachelor of Science in Manual Arts, Bachelor of Science in Physical Education, etc.
The Curriculums Committee
Curriculum changes are brought about at the College through the work of the curriculums committee, which last year was composed of Dr. F. I. Merchant, head of the Department of Latin, Greek, and German, chairman; Dr. Eva May Luse, head of the Department of Teaching; Dr. M. J. Nelson, head of the Department of Education; Dr. M. R. Thompson, head of the Department of Social Science, and S. A. Lynch, head of the Department of English. This committee reports its suggestions to the professors of the faculty, and those recommendations which are approved by the professors are then referred to the State Board of Education for final approval. The committee, being a rotating one, has the same personnel this year except that Dr. E. J. Cable, head of the Department of Natural Science, is the new member, and Dr. Merchant's term has expired. Dr. Luse is this year chairman of the committee.

Death Takes Mrs. L. I. Reed
Funeral services were held Wednesday, December 21, for Mrs. L. I. Reed, wife of L. I. Reed, dean of men at Teachers College, and a leader in her own right in campus and community activities, who died at her home in Cedar Falls Sunday, December 18, following two weeks' illness with pneumonia.

The only daughter, Florence, B. A. '27, an instructor in the University of Washington, Seattle, came to Cedar Falls by aeroplane and train to attend the funeral.

In addition to the husband and daughter, Mrs. Reed is survived by her mother, Mrs. Mary A. Grouell, of Jamestown, North Dakota; a sister, Mrs. Fred Young, of the same city, and three brothers, W. J. Grouell and Arthur, both of Ida Grove, Iowa, and Harry, of Earlham, Iowa.

Mrs. Reed, before her marriage, Frances Birdsall Grouell, was born on July 9, 1878, at DeWitt, Iowa, where she attended high school. She later attended the Teachers College, and following this taught for a few years in the Iowa schools. She was married July 26, 1906, and came to Cedar Falls in 1916. She was active in the Woman's Circle of the Interdenominational Church at the College, and was a member of the 19th Century Club, and the Woman's Club of Cedar Falls. She was sponsor of Kappa Theta Psi Sorority at the College.

SCHOLASTIC HONOR ROLL ANNOUNCED
Straight A grades in all subjects, the highest marks attainable at Teachers College, were earned by four women students and two men in their studies during the fall term.

Irene Anderson, Kellogg; Mildred Grafton, Gloucester, New Jersey; Shirley Kraft, Cedar Falls, and Emma Morings, Clinton, were the four women students earning highest honors, whereas David Grant, Oelwein, sophomore student, and Rutherford Rogers, Jesup, freshman, were the only men having the distinction. The six students attained the honors in each case by earning 60 grade points while carrying 15 hours of work, making an average of four grade points per credit hour.

In all, 72 women students of the total of 1,084 enrolled at the College earned honors, while Grant and Rogers topped a list of 18 men students.

Only 3.8 per cent of the 478 men in school this fall were included on the list this year, whereas a year ago in the fall term, of the 600 men in school 48, or over 5 per cent, earned places on the honor roll.

A student is placed on the honor roll if he is registered for not less than fourteen hours of work and earns an average of at least three and one-third grade points per credit hour.

PRESIDENT GIST DISCUSSES SURVEY
An analysis of the significance of the Carnegie Foundation Survey of the schools of California was presented by Arthur Gist, B. Di. '04, Iowa State Teachers College; B. Ed. '16, A. M. '18, University of Washington; president of the Humboldt State Teachers College at Arcata, California, in a talk to members of the Kiwanis Club at Arcata on November 3.

This is the survey which attracted nationwide attention recently when funds were authorized by the California Legislature and Governor Rolph invited the Carnegie Foundation, with Dr. Suzzalo as president, to make a study of higher education in the state.

The Arcata Union, of November 11, newspaper of the city in which Mr. Gist is located, carries a front page story and a complete report of the address.
Fall Term Graduates Enter Ranks of Alumni

Dr. F. W. Lambertson, associate professor of public speaking at Teachers College, delivered the graduation address in the fall term exercises at the College, November 22, when approximately 30 candidates for graduation received degrees and diplomas conferred by President O. R. Latham.

Thirteen students were awarded Bachelor of Arts Degrees and five received the Bachelor of Science Degree. Diplomas and departmental certificates were awarded to 12 students.

"Third Year The Hardest"

The graduation speaker told the candidates for degrees and diplomas that they must retain their creative impulses, develop determination and a will to stand out in their chosen work, grow in appreciation, and acquire poise and serenity. In this matter of self-development and progress, the danger-zone for new teachers was declared to be the third year. "The first year is the hardest, the second year the easiest, but the third year is the danger zone," declared Dr. Lambertson. "It is then that you are in danger of getting into a rut. Don't slump, but keep alive the divine spark of discontent."

In discussing the physical heritage that awaits the courageous individual, Dr. Lambertson said to the graduates, "A great material and cultural heritage is yours. Our country lies in the temperate zone from which all conquering nations of the world have come. It contains marvelous, natural resources, its rivers are among the largest of the world, its harbors, especially on the western coast where the commerce of the next century will predominate, are perfectly adapted for commercial supremacy. Its great size alone is a tremendous heritage."

Is Change Progress?

As for the cultural heritage, the speaker pointed to science and the machine age, explaining the enormous advance in the machine power and the great progress in such fields as surgery and engineering. In spite of all this great progress, however, many careful thinkers are finding that America is not truly progressive. Such men as H. G. Wells, Shaw, and Chesterton of England; Spangler and Keysoring of Germany, and Tagore and Gandhi of India, are denouncing the evils of the age.

"The average man calls change progress, but change is not necessarily advancement, quantity not quality, speed not direction, and comfort is even possible deterioration," declared Dr. Lambertson. "We are going from the simple to a more complex life, but at the same time perhaps from simple joys to complex misery."

"The physical facts are merely tools of progress. It is our use of these tools which determines whether or not we are advancing," said the speaker.

"In the desire for self-advancement the individual must understand clearly the civilization in which he lives," the speaker pointed out. "He must be awake to the serious indictment of our age. As for the first indictment, efficiency means more consumption; increased consumption, more production; increased production, better machines, and improved machinery spells unemployment. This kind of efficiency results in wealth and power and prosperity for some, but poverty, ignorance, and misery for others. The civilization of today is seriously indicted for standardization and its set patterns in such things as clothes, food, moving pictures, radio. Insanity is on the increase because of the whirlwind pace of modern life. Crime is also on the increase, with the steady tramp, tramp of approximately 380,000 persons in prison every year. War imperils the nordic world, and the yellow races stand on the sidelines, increasing in numbers and power and waiting for the nordic people to deplete themselves by devastating wars. In this failure to control the weapons and power of science, we can see the fundamental weakness of our civilization which is found in almost every phase of our industrialized life—a failure to control and put to constructive use and general human service the creations of the mind."

The graduation speaker is associate professor of public speaking and has charge of the speech correction clinic at the College. He received the Bachelor of Arts Degree from Albion College, Albion, Michigan, and took three years of graduate work at Boston University. In 1922 he received the Master of Arts Degree and a diploma in speech from Northwestern University. He received the Ph.D. Degree in 1930 at the University of Iowa. Dr. Lambertson was connected with the Speech Department of Dakota Wesleyan
University for four years before coming to Teachers College.

Dr. Lambertson is author of books in the field of character education and public speaking. He has published a text in “Character Education for Public Schools,” and recently he wrote the books “Projects in After-Dinner Speaking” and “Preparing the Commencement Address,” both based on extensive research on the problems involved.

President Latham Confers Degrees

The graduation exercises were opened with an organ processional played by George W. Samson, instructor in public school music. The faculty string quartet, composed of Edward Kurtz, head of the orchestral music department, first violin; Harvey Waugh, second violin; Frank Hill, viola, and Roland See-right, 'cello, all of the orchestral and music department, played “Quartette No. 4 in B flat major,” by Mozart. The Reverend W. G. Rowley, pastor of the Methodist Church of Cedar Falls, pronounced the invocation.

W. E. Hays, assistant professor of public school music, sang two selections by Mendelssohn, “Ye People Rend Your Hearts,” and “If With All Your Hearts.”

Following the commencement address by Dr. Lambertson, and the conferring of the degrees and diplomas by President Latham, Reverend Rowley closed the exercises with the benediction.

As part of the graduation activities for the fall term, a reception was given by President and Mrs. O. R. Latham for the candidates, members of the faculty, and other friends of the graduates of the College, at their home on Sunday, November 20. The annual reception and dinner for the graduating class was held in the Bartlett Hall Dining Room on November 21.

The fall term graduates and the degrees and diplomas which they were awarded are as follows: Bachelor of Arts Degree in Education, Dorothy Delight Barker, Oneida; Raymond Marvin Berrier, Nashua; Roscoe Cramer, Reinbeck; Gwendolyn Edwards, Waterloo; Esther Luella Fenney, Northwood; Gladys E. Hanson, Cedar Falls; Ella Dorothy Jansen, Marshalltown; Marshall Kathan, Osage; Willis Ellsworth Mayne, Jr., Waterloo; Margaret Mary Morrison, Sioux City; Charles C. Mullin, Kenwood; Almeda G. Nelson, Cherokee; Margaret Christina Nielsen, Cedar Falls.

Degree of Bachelor of Science in Education, Bonnie B. Bereiter, Brighton; Milton L. Dowden, Cedar Falls; Floyd H. Harger, Grand River; E. Walter Schwyhart, Grundy Center; Abe N. Shapero, Waterloo.

Department Certificate in Critic Training, Gladys E. Hanson, Cedar Falls; Almeda G. Nelson, Cherokee.

Commercial Teacher Diploma, Edna Esther Robinson, Colo.

Elementary Teacher Diploma for Teachers in Grades Above the Primary, Dorothy Juanita Axmear, Delta; Meta I. Edgar, Arthur; Chelsea I. Kendall, Traer; Rose Mennig, Davenport; Tressa A. McKeigh, Lohrville; Berniece E. Pohl, Council Bluffs; Erma L. Russell, Nashua.

Primary Teacher Diploma, Olive L. Coombs, Aurelia; Marjorie Dorsey, Osage.

TWO HUNDRED DADS HONORED

Approximately 200 fathers of students were in attendance at the events planned for the fourth annual Dad’s Day celebration at the College on Saturday, November 12.

The Dads were guests of the College at the football game between Michigan State Normal College of Ypsilanti, Michigan, and the Teachers College, and at the college moving picture show. They were honored at a luncheon in the Women’s Gymnasium, and they attended a reception given in their honor in the college faculty rooms immediately preceding the luncheon. L. I. Reed, dean of men, acted as toastmaster at the luncheon, and toasts to “The Dads” were given by Burton Byers and Mary Alice Woolverton, both of Cedar Falls, and a response “The Day,” by J. C. Byers, Cedar Falls business man and father of Burton. President O. R. Latham gave “The Welcome.” Luther Richman, assistant professor of voice, presented a vocal solo, and Myron Russell, director of the college band, played an oboe solo.

PURPLE PEN ISSUED

The fall term number of the Purple Pen, student literary publication at the College, was issued Monday, November 14, by members of Sigma Tau Delta, national honorary English fraternity.

Flora Shaw, Kellogg, is editor-in-chief, and Dorothy Getchell, Cedar Falls, is business manager of the publication. Miss Selina Terry, associate professor of English, is staff adviser. The publication includes several stories, articles, poems, and sketches, done by students at the College.
Grads Brave Rain To Attend Homecoming

By A. C. Fuller

Alumni Secretary, and Associate Director of Extension Division

HOMECOMING is growing in interest and attendance. In spite of threatening weather which developed into a heavy rain before 9:00 a.m. a total of 258 alumni and friends registered. Doubtless many came who found it impossible to register.

The luncheon at 11:45 was a happy occasion, and showed a marked increase in attendance over last year. The reunion committee, Mrs. J. Foy Cross (Edith Riland), K. G. '11; Mrs. W. H. Kadesch (Mary Barnum), B. A. '11; and Mrs. Robert Corning (Ruth Johnson), P. S. M. '19, arranged the tables with pumpkins, gourds, acorns and oak leaves as decorations, and the Bartlett Hall staff provided an excellent menu.

J. Dale Welsch Presides at Banquet

President J. Dale Welsch was master of ceremonies. During the luncheon the call for those coming from beyond state borders brought Leola M. Catlin, B. A. '32, Platte, South Dakota; Naomi Langhout, B. A. '30, Vermillion, South Dakota; Faith E. Downs, B. A. '14, Portland, Oregon; Cecelia Natzke, B. A. '20, Downers Grove, Illinois, to their feet. The call for alumni graduating prior to 1900 found about one-fourth of those present. The largest portion seemed to be those graduating within the last five years.

Hilliard Gives Address

The after dinner program included greetings from President Emeritus Homer H. Seerley and a welcome from President O. R. Latham. The alumni speaker, John S. Hilliard, B. Di. '03, Superintendent of Schools at Estherville, Iowa, gave a talk on "The Outlook for Public Education." His address was full of snap and sparkled with much good humor. He gave a stirring endorsement of President O. R. Latham and the place and function of the Teachers College. He carried words of optimism to his fellow school workers among the alumni. Following luncheon, the enthusiastic fans went to the football game, braving the rain. At half time the rain ceased, and the game with Morning-side ultimately closed with a score admirably suited to the Homecoming crowd's wishes.

Annual Business Meeting

The annual business meeting of the general alumni association was held in the faculty room in Gilchrist Hall at 10:30 a.m., October 22, as the first formal event of the Homecoming activities. President J. Dale Welsch, B. A. '22, presided.

Reports were made on plans and preparations for the reunion meetings sponsored by the Twin Cities Unit and the Chicago Unit. Measures for promoting and maintaining increased alumni service were discussed informally. The following committee on ways and means to develop information on alumni organization and activities, both among advanced students and resident graduates, was authorized: Olive Barker, P. S. M. '20, instructor in public school music; Doris White, M. Di. '14, associate professor of physical education for women; Melvin Fritzel, B. S. '30, instructor in physical education for men, and Dr. R. W. Getchell, B. A. '11, professor of physics and chemistry.

It was judged unwise to attempt further reorganization of the alumni association or to initiate increased financial responsibilities of the association until more favorable conditions are established.

Officers Elected

Officers for the coming year are as follows: President, Glen T. Cowan, B. A. '20, high school principal at Iowa Falls, Iowa; First Vice President, Alice Flickinger, B. A. '27, teacher of English in the high school at Newton, Iowa; Second Vice President, Edna L. Gibbs, Pri. '17, county superintendent at Greenfield, Iowa; Third Vice President, Paul James, B. A. '18, attorney at Des Moines; Secretary, A. C. Fuller, M. Di. '99, associate director of the Extension Division at Teachers College; Treasurer, Dr. W. D. Wiler, M. Di. '98, dentist at Cedar Falls, Iowa, and the Reunion Committee, Mrs. Ralph Francis (Floe Correll), M. Di. '05, Cedar Falls, Iowa.

Drama Classes Produce "Scarecrow"

Members of the drama classes at the College produced the "Scarecrow," a four-act drama by Percy MacKay, as the official Homecoming play in the College Auditorium, October 21-22.

The play was directed by Miss Winifred Tuttle, B. A. '20, assistant professor of oral interpretation, and stage settings were constructed under the direction of Stanley Wood, B. A. '31.
Once Upon A Time A Kerosene Lamp

The part that an unruly kerosene lamp played in the development of heat, light, and power at Teachers College was just one incident, though perhaps an outstanding one, in a long series of events steeped in the romance of early days at Iowa State Normal.

Even such earthly objects as steam boilers and grimy smoke stacks have their day of romance and adventure in human association, and this particularly thoughtless oil lamp was no exception. It played its tragic part, tragic for its own kind at Teachers College, one night in Gilchrist Chapel. The last applause for an evening’s program had died down and the students were about to leave—but we’re getting ahead of our story, for the story of the lamp goes back to the days of the Civil War and the Soldier’s Orphans’ Home at Cedar Falls, and runs clear through to the completion just recently in the fall of 1932 of the $360,000 heating and power plant and shops and garage building at the Iowa State Teachers College.

It is this new and highly modern structure with its huge furnaces, boilers, turbines, and generators, which marks the culmination of a heating and lighting history of slow and steady development from the use of heating stoves and kerosene lamps to a highly efficient and scientifically constructed three-furnace plant.

In The Beginning

The history of heating at the College presents a fascinating tale of development. It is a history that is preserved largely in the memories of such men as President-Emeritus Homer H. Seerley and J. E. Robinson, for many years superintendent of Buildings and Grounds at the College. In the beginning of this story of heat, light, and power, we find stoves of the most primitive type being used for heating purposes in the Soldier’s Orphans’ Home, and oil lamps of an antique type being employed for lighting. It was not until 1872, four years before the Orphans’ Home became the property of the Iowa State Normal School, that a small steam boiler plant was constructed just west of the building. The construction of this steam boiler plant required the services of an engineer and Alexander Martz, a veteran of the Civil War, was called to the position. After the Orphans’ Home was converted into the Normal School in 1876, Mr. Martz remained as engineer, and served in this capacity until a few years previous to his death in 1901.

Zig-Zag Radiators Cannonaded Classes

Although the advent of steam heating marked a great improvement over the old type stoves, the first plant and its system of radiators would be considered antiques from modern standards. The boiler was located in the basement of a little one-story building which adjoined the school, and radiators were no more than a complicated set of pipes which zig-zagged back and forth in amazing confusion. Not infrequently on cold mornings these queer-looking fore-runners of modern radiators would emit a steady cannonading of noise, according to a statement in the book, “Fifty Years at the Teachers College,” by the late Professor-Emeritus D. Sands Wright, who taught the first class in the school.

Today, when a student is never farther from a drink of water than half the length of a hall, it would seem a real hardship indeed to have to go outside and get a pail of water from a tank supplied by windmill and pump. Yet for many years that was the extent of the accommodations, and probably many students of those early days were thankful that the presence of a steam boiler made such equipment as windmill and supply tank necessary.

These inconveniences were partially obviated, however, by the presence of a dining hall in the basement of the Central Building, formerly the Soldier’s Orphans’ Home, which was the only school building on the Campus until Gilchrist Hall was built in 1883. The cook, however, did not find it so convenient, for the bakery was located on the Campus in the vicinity of the present Women’s Gymnasium. Later it was moved to the place now occupied by the Berg Drug Company and became the first boarding house on College Hill.

The Lamp Falls From High Estate

After the installation of the original steam heating plant, nearly thirty years elapsed before any real improvements were made, although additions had been made in other lines on the Campus. More buildings had been added, and as a great step forward electricity for lighting was obtained from the downtown electric plant in 1895. An ac-
cident in Gilchrist Chapel undoubtedly had much to do with bringing electricity to the Campus. At any rate, a great deal of commotion was caused when a lighted kerosene lamp fell from the ceiling just as the students were filing out of the hall following a program one evening. President Seeley, who was in the room at the time, relates that the flames shot up clear to the ceiling. Fortunately, the building had been connected with the city water system, and quick action on the part of faculty members prevented a bad fire. A catastrophe was probably averted because the students had already left the place in the chapel where the fixture fell.

The turn of the century marked the completion of many improvements under the direction of Mr. Robinson, the new superintendent of Buildings and Grounds. The four-story Auditorium Building was constructed in that year, and a steam engine and high pressure boilers were added in order to convert the heating plant into a power plant as well. A new building, about half the size of the present engine room, was built for the engine, and the College entered into a new era in which it supplied its own electricity for lighting purposes. The new system was of the direct current, 220 volt type, and another 30 year period was to elapse before a modern 110 volt alternating current system was to be installed. The College still uses the old direct current system, but this will be replaced, since the current switched over the wires from the new plant is of the alternating type. At the present time the alternating current is being converted into direct current through the coupling of an alternating motor with a direct generator.

Not until 1914 were other improvements added to the plant. In that year, the present steam engine and four more high pressure boilers were installed.

**Car Station on Campus**

Many alumni of recent years as well as many present day students at the College would undoubtedly be surprised to know that the ticket office at the south end of the Women's Gymnasium once served as a waiting room for the street car line, and that it was located on the car line north of the Auditorium Building. The tracks extended across the campus between the Auditorium and the place now occupied by Bartlett Hall, and the line ended near the boiler rooms of the heating plant, so that coal could be delivered directly by rail. This marked a great advancement, since it had been necessary previously to haul all of the coal from downtown by wagon.

Officials of the street railway company at that time planned to build a large waiting station near the place where the Women's Gymnasium now stands, but this proposal was later abandoned, with the result that the modern student must walk an extra block to the street instead of taking a car right on the campus.

**Fair Complexions Now Safe**

The old smoke stack has been casting its black pall of smoke over the campus for 28 years. It was completed in 1904 when two boilers and a larger engine were added to the power and heating plant. The smoke stack for the new heating and power plant is a 197 foot shaft of white concrete, yet it is quite certain that its construction was less fraught with romance than was true in the case of the old chimney of the original heating plant of 1872, a period more than half a century earlier. Every brick was carried to the bricklayers by boys in the Soldier's Orphans' Home. As the stack rose in height, platforms were built from second and third story windows of the home, and the boys carried the supplies across these "bridges." Unlike its predecessors of 1872 and 1904, the new stack does not belch forth clouds of smoke which cast their long shadows over the campus and spread sooty grime over everything from fair complexions to clothes hanging on neighborhood clotheslines five blocks away. The new boilers are automatically stoked and equipped with modern devices for the elimination of smoke.

Not until 1914 were other improvements added to the plant. In that year, the present steam engine and four more high pressure boilers were installed.

The new heating and power plant represents the only change of importance that has been made in the heating plant for a third of a century. Other improvements have consisted of additions to the equipment. With the new plant, the College will abandon the present system almost in its entirety and enter into a new era with the most modern devices known for the production of heat and electricity for college consumption. In place of the dangerous oil lamps of early days the new heating plant makes possible thousands of clean and efficient electric lights with filaments glowing instantly at a
touch of a button connecting them with the neat and orderly cables running under ground from campus buildings to the central generator. In place of face-warming and back-freezing sheet metal stoves the huge boilers provide a steady flow of even and carefully regulated heat through radiators that seldom "cannonade." From an L-shaped heating plant of pleasing modern brick construction all these services radiate. In addition, the shops and garage building, part of the new unit, contains clean and efficiently arranged service rooms for electricians, plumbers, steam fitters, and a store room for campus tools and a janitor's supply room as well as toilet room, locker room, and a garage for college trucks and busses, and a second floor for the office of the superintendent of Buildings and Grounds, the headquarters for the man under whose direction the new plant was constructed, Mr. E. E. Cole, superintendent of Buildings and Grounds at the College since 1931.

**Miss Wright's Book Praised**

A review of the book, "The Literary Life of the Early Friends, 1650-1725," by Luella M. Wright, M. Di. '01, Iowa State Teachers College; Ph. B. '05, University of Iowa; M. A. '19, University of Columbia, published by the Columbia University Press, appeared in the Daily Iowan, student newspaper at the University of Iowa, on Sunday, October 16. Miss Wright is the daughter of the late D. Sands Wright, professor-emeritus of education at the College.

The review is written by Frank Luther Mott, director of the School of Journalism at the University of Iowa. Says Mr. Mott, "When she planned this study, Miss Wright probably gave no thought to the matter of fitting it to the temper and the tempo of American civilization, A. D. 1932, but the plain fact of the matter is that the book which she now gives us is good for what ails us." The review declares that "the appeal which quietism has for victims of the stress and strain of this our current crisis makes Miss Wright's study a book for the hour. The core of the book is an analysis of the writings of Friends from the publication of Fox's "Way to the Kingdom" in 1653 through the first quarter of the eighteenth century when the Second Day Morning Meeting, wielding an effective censorship, had effectively clipped the wings of the more soaring Quaker memorists."

The review declares that "the book as a whole gives the impression of thoroughness and adequacy. It is good criticism; not only is the author always alert to study significances as they appear, but she is sometimes unusually shrewd and clear-sighted. Her study is an interesting piece of literary scholarship; and it is, besides, an excellent brief introduction in Quakerism."

**FRANCES M. BARLOW**

Frances M. Barlow, Pri. '24, B. A. '28, of 2710 South Vermont Avenue, Los Angeles, California, is teaching second grade at Colton, California. This is the fourth year she has taught there. She now has a Life Diploma for General Elementary work which includes the grades from one to six.

Miss Barlow's present address is 151 East "H" Street, Colton.

**CLARK H. BROWN**

Clark H. Brown, M't A. '08, formerly assistant professor of manual arts at Teachers College, and at present instructor at Muscataine, Iowa, high school, was united in marriage to Marie L. Mizel, of Denver, Colorado, at a ceremony solemnized at Trinity Church, Rock Island, on Saturday, November 26.

The couple will reside at 812 West Second Street, Muscataine.

**SYMPHONY ORCHESTRA PLEASES**

The first concert of the year by the College Symphony Orchestra was presented on Tuesday evening, November 15, under the direction of Edward Kurtz, professor of violin and ensemble and head of the Department of Orchestral Music. The soloist was W. E. Hays, professor of voice and music.

The Teachers College Orchestra is one of the few symphonic bodies in institutions of this sort in the United States, according to Mr. Kurtz. The orchestra consists of 65 members.

**TUTOR TICKLER MANAGER SELECTED**

Donald Kelly, of Waterloo, a member of Phi Sigma Epsilon Fraternity, was selected as manager of the 1933 Tutor Ticklers by the Student Council which annually sponsors the all-college vaudeville. The show will be staged sometime in February.

Mr. Kelly is a member of the Playcraft Club, and the Waterloo Community Theatre. He has appeared in several plays presented at the College.
All Roads Will Lead To Chicago June-July, 1933

All roads, at least those traveled by Iowa State Teachers College alumni and former students, will lead to Chicago this coming summer not only because of the Century of Progress Exposition, but also because of great plans now being made for a grand summer reunion and World Fair conclave of graduates of this institution.

The Seventy-first Annual Convention of the National Education Association, to be held in Chicago July 1 to 7, is another center of interest which is expected to bring many Teachers College graduates and former students to Chicago at the time of the reunion.

In addition to the provision of an alumni headquarters, either at the fair grounds or at some central place to be announced later, the Chicago alumni unit which is making plans for the grand get-together has made tentative arrangements for an informal banquet on the evening of Thursday, July 6, 1933. The Chicago unit, which got off to such an auspicious start with its organization meeting last June, attended by some 50 graduates and friends living in and about Chicago, is becoming increasingly active under the presidency of David Lee Shillinglaw, 5836 Stony Island. Mr. Shillinglaw, assisted by Mrs. Marjorie Gist Sward, K.'16, of 10349 South Hoyne Avenue, Chicago, secretary-treasurer, and Joe Wright, M. Di. '05, B. A. '09, of 330 Webster Avenue, Chicago, vice president, and others have been hard at work during the past month devising plans for the reunion.

All alumni who plan to be in Chicago during the summer are asked to notify Mrs. Sward at the above address, or A. C. Fuller, general secretary of the Alumni Association and associate director of the Extension Division at the Teachers College, Cedar Falls, Iowa.

Members of the Chicago unit have announced, however, that they will not let their work on the Chicago Reunion project interfere with their plans to attend the reunion of the Twin City unit in Minneapolis on February 28.

Mrs. Sward writes to the Alumni Office saying, "We assure the people of Minneapolis that the alumni in Chicago will be very much in evidence during the N. E. A. Convention, and we will all do all we can to help make their visit to the World Fair enjoyable. I am sure we will have headquarters at some central place, if not in the Fair grounds, where everyone will have an opportunity to look up their Iowa State Teachers College friends during July and August."

At the Century of Progress Reunion, alumni from all over the United States are expected to be in attendance, and a special contingent is expected from Cedar Falls. According to those in charge, the graduates may be assured that this great conclave will be a landmark in alumni history.

SPEECH CONTEST AT COLLEGE

The selection of Teachers College as the place for the annual Iowa Forensic Association contest by speech coaches of Iowa colleges meeting at Des Moines in November was announced recently by Dr. F. W. Lambertson, associate professor of public speaking at the College and president of the Association.

The topic for debate to be used by the 13 colleges in the Association this year is, "Resolved: That the United States agree to the cancellation of intra-allied war debts."

The topic for the extemporaneous speaking division for men is to be "Socialism." The topic for women in the extemporaneous division was announced as "Women in Politics."

The contest is to be held sometime during the month of March.

MISS SHEPHERD ISSUES NEW EDITION

Lou A. Shepherd, associate professor of primary education at Teachers College, has recently issued a new edition of her textbook "A Plan for Teaching Language and Literature."

The new edition contains 50 additional pages of typical lessons and a cover insert in the form of a chart for keeping a record of the child's progress during the year. The book has been adopted by the Iowa Teachers Reading Circle and is one of the textbooks used for study in connection with the renewal of county certificates.
I. H. Hart, director of the Extension Division at the Teachers College, was elected president of the Iowa State Teachers Association at the convention at Des Moines in November. This signal honor came to Mr. Hart partly in recognition of his long standing and sincere interest in the cause of good teaching in Iowa.

Mr. Hart has been connected with the Teachers College for the past eighteen years. He came to Cedar Falls in 1914, as professor of rural education. In 1916 he was made head of the Extension Division. Last year he was chairman of the Committee on Certification, and president of the Educational Council of the State Teachers Association. He has served on numerous educational committees and commissions, and is recognized both in Iowa and in other states as a leader in educational work. Much of his service to the cause of education in the state is of the academic, investigative, and informational type not characterized to flash in the news headlines of the daily papers. Well founded and well thought out programs of progress for the Association as well as prompt execution of its mandates are certain to be forthcoming.

Some indication of the esteem of the new president’s co-workers for their director was colorfully brought to the attention of all visitors at the Extension Office headquarters on the Monday following his election to office in the Association. In fact, the new president himself was most startled and pleasantly surprised when he opened his private office door to discover his room bedecked in the college colors of Purple and Old Gold. His executive chair was elevated on a platform similarly draped in the college colors, and his desk was colorful with bunting and flowers. In the chair was a sign bearing “hearty congratulations” and a berribboned president’s gavel of somewhat stupendous proportions.

Hope Bast, Kg. ’29, of Harlan, Iowa, is teacher of kindergarten at Downers Grove, Illinois. Her address this year is 4825 Oakwood, Downers Grove.

FACULTY MEMBERS HEAD TEACHER GROUPS

Miss May Smith, associate professor of education at the College, was elected head of the Childhood Education Section of the Iowa State Teachers Association at the convention at Des Moines in November.

Miss Sadie B. Campbell, dean of women, was made first vice-president of the Deans of Women and adviser of Girls, and Fred D. Cram, associate professor of education, was selected as director of the National Education Association for Iowa. A. C. Fuller, associate director of the Extension Division, will continue on the legislative committee for Northeastern Iowa.

Twenty-five of the one hundred and eighty speakers on the various programs at the convention were either members or former members of the faculty at the Teachers College or alumni.

Ira S. Condit, head of the Mathematics and Commercial Education Department at the College, is chairman of a committee which will consider the proposal of adding numerical mathematics to the courses of study in the Iowa high schools. The report of the committee will be given at the meeting of the State Teachers Association next year.

TWO PROFESSORS ISSUE TEXTS

"Preparing the Commencement Address," is the name of a book published recently by Dr. F. W. Lambertson, associate professor of public speaking at the College.

The new publication, based on the results of 1,000 questionnaires sent to high school students throughout the country, is a book of 100 pages. An outstanding feature of the book is the compilation of modern commencement addresses printed by the permission of such men as former president of the United States, Calvin Coolidge; Glenn Frank, president of the University of Wisconsin; Nicholas Murray Butler, president of Columbia University, and Owen D. Young.

Dr. A. E. Brown, associate professor of education at the College, is the author of a “Workbook in Elementary Psychology” just off the press, published by the McMillan Company of New York. The book is designed for use by the student in preparation for class work in elementary psychology, and is to be used in connection with the Gates textbook, "Elementary Psychology."
COURAGE, GOOD CHEER

We need to be happy. Come depression, come prosperity, the need is no less. To thrive, even the grouch must have his secret, sour joy, even the pessimist his pride in persistent woe. The need is always present, though perhaps less fulfilled in bad times than good. Christians have set aside a certain time of the year to reaffirm this need. In commemoration of the birth of the great leader from whom we take the name of our faith, we set aside a period called the “Yule-tide,” for the realization of the need to be happy. The danger, however, is that the days of friendliness be “set aside,” and the need forgotten throughout the rest of the year.

Perhaps never before in the present generation was it more necessary that the good cheer of Christmas be carried along throughout the entire year. Perhaps never before was it more necessary to know of what stuff this good cheer and happiness is made in order that we may cause it to endure. Is it of sticks and stones and money and plenty of goods; is it of faith and confidence in the future; is it of pride in work well done, or satisfaction in having the approval of others; is it of self-reliance and firmness of belief in the power of man to surmount his obstacles? Who can say with assurance? Certain it is, however, that courage to stand ground in the face of a social atmosphere surcharged with fear, despair, and among many, even hopelessness, is the foundation stone of the solid structure necessary for happiness. Perhaps never before has the present generation been forced to stare in the face as many looming spectres of despair as those which seem to enshroud the present day. Perhaps never before, not even in the fearsome days of the World War, have the social maladies seemed so vague, nebulous, and difficult to seize upon and conquer. Therefore, greater courage and steadfastness of heart, determination to meet the future with good cheer, and a determined will to accomplish have never been more the abiding needs of human creatures.

Awe of the future, and the frayable tem-
Athletes Earn High Honors

Scholarship of Several Teams Above General Campus Average

ATHLETES at Teachers College are not relegated to the scholastic “sidelines” by their academic “coaches.” In spite of participation in athletic contests and other extracurricular activities, and in spite of the fact that many are engaged in earning part or all of their college expenses, members of varsity teams have been able to carry off honors in the classroom as well as on the field.

Figures compiled recently by L. I. Reed, dean of men, show that the majority of men participating in varsity competition at the College during the past year were average or above average in their subjects.

Squads Surpass General Average

In the average grade points attained by many of the varsity squads, the athletes far surpassed the average for all men at the College. In this group, the tennis team led with 2.31; the track squad was second with 2.21; baseball, third, with 2.20, and wrestling fourth, with 2.08. Football was fifth in the list of grade points with 1.96, and basketball, sixth, with 1.95. The scholarship average for all men students for the fall, winter, and spring terms of 1931-32 was 2.05, which is slightly above the 2.03 average for the varsity athletes.

Among the 32 men participating in varsity football, 19 were average or above average in their studies, although 24 members of the team were working for part of their college expenses on an average of two or three hours a day, 31 were engaged in other extracurricular activities, and all were members of fraternities.

Of the 14 varsity basketball men, eight were average or above average in their studies in spite of the fact that nine were engaged in part-time work for college expenses, and 13 were active in other extracurricular work. All but one were members of a fraternity.

The scholarship record of the varsity wrestling squad for the winter term of 1931-32 showed that eleven of the 17 members of the squad were average or above, although five were earning part of their college expenses, and 12 were fraternity men. Of the men on the varsity tennis team in the spring of 1932, seven were average or above, three were earning part of their college expenses, six were engaged in extracurricular activities, and three were members of fraternities.

Sixteen members of the varsity baseball team in the spring of 1932 were average or above; eleven were working for expenses, 23 were participating in campus activities, and 21 were members of a fraternity. Of the 44 members of the varsity track team, 20 were average or above in their studies, 25 were engaged in part-time work, 41 active in campus organizations, and 34 were members of fraternities.

Panthers On Mythical Eleven

Virgil Duea, Roland, guard on the varsity football squad, was awarded the honor of being placed on the First All-Iowa Conference Team selected at the end of the football season by the United Press on the basis of a poll of the coaches of the fourteen schools.

Kenneth Kimberlin, Marshalltown, halfback, was awarded a place on the Second Mythical All-Conference Team, and Donald Gooden, Bedford; Max Boller, Nevada, quarterback, and Arthur Olsen, Cedar Falls, fullback, were given honorable mention.

These selections were made on the basis of first, second, and third place ratings given the men by the coaches of the various teams.

Gooden Chosen as Most Valuable

Donald Gooden, Bedford, was honored at the close of the season by the Des Moines Register by being given a tackle position on the mythical all-state college football team selected by that paper. He was given the same position on the all-Iowa conference eleven chosen by the Des Moines Register.

Gooden was the selection of the Iowa State Teachers College Athletic Department for the 1932 Berg trophy, the award which is made annually to the most valuable member of the team. He is a three-year veteran, having filled a tackle post regularly the past season after playing guard the two previous years.

Josephine I. Maier, El. '30, of Alburnett, Iowa, is this year teaching sixth grade at Iowa Falls, Iowa.
Prospects Bright For Hardwood Court Squad

THE problem which has been facing Coach Melvin E. Fritze in selecting the five men to make up the Teachers basketball team has been abundance of material rather than lack of it. Coach Fritze, who is serving as head basketball coach for the first time this season, expects to round out a quintet that will be a serious contender for the Iowa conference title which has been monopolized for the past three seasons by Central College. In a pre-holiday contest with a non-conference opponent, Teachers lost to Coe by the score 34 to 32.

High Calibre Reserves

The group of 16 men which constitutes the varsity squad contains seven letter winners left over from the 1931-32 team. However, the new material is of such high calibre that the first string line-up is yet uncertain, and it is probable that sophomores will occupy some of the positions held by the veterans last season.

Clarence Meewes, Reinbeck, Gale Fisher, Washington, are forwards; Roger Willert, Reinbeck, and Clair Kraft, Oelwein, centers; Art Olsen, Cedar Falls; Carleton Lytle, Washington, and Everett Sherman, Cedar Falls, are the "I" winners on the squad. Of these men, only Meewes, Olsen, and Willert were classed as regulars last season, the balance of the group being used as reserves.

Sophomores Push Regulars

Three men new to college varsity competition have been outstanding in practice, and will see considerable action during the coming campaign if they do not actually become members of the first quintet. They are Maurice Carr, Maloy, forward; Truman Manship, Le Grande, guard; and Kenneth Kimberly, Marshalltown, forward. The former two men starred on the Teachers yearling team last year and the latter played as a freshman two years ago.

Other promising players are Tom McClelland, Waterloo; Raymond Smalling, Janesville; John Sindlinger, Cedar Falls, forwards; Vernon Stribley, Correctionville, center; Edward O'Conner, Maloy, and David Irvine, Waterloo, guards.

The five lettermen of the 1931-32 aggregation who are not available this year are Russell Hackler, Lincoln, Nebraska, and Floyd Harger, Grand River, who have graduated; Paul Lambert, Buckingham, who has completed his varsity competition; Raymond Johannsen, La Porte, and Francis Brouwer, Ventura, who did not return to school this year.

Women Receive Sports Awards

Intramural sports awards for women were made in November by Dorothy Michael, instructor in physical education for women at the College at the Women's Athletic Association sports banquet held in Bartlett Hall.

Marjorie Mace, Waterloo, and Loretta Dennis, Rockford, Illinois, received permanent possession of the tennis trophy, having won the tennis doubles for three consecutive years. Vera Moser, Strawberry Point, won the intermediate tennis singles award.

"I" letters for those earning 1,000 points in the competition were presented to Betty Paul, Waukee; Lorinne Crawford, Des Moines; Helen Sturdevant, Webster; Muriel Luick, Belmond; Catherine Baer, Doland, South Dakota; Pearl Lewis, Waterloo, and Nona Collins, Dumont.

"TC" awards for those earning 650 points were presented to Helen Sturdevant, Muriel Luick, Norma Tenney, Strawberry Point; Irene Dawes, Sac City; Marjorie Spence, Atlantic; Dorothy Quire, Lynnville, and Nona Collins.

Chevrons awarded for scores of 150 to 300 were presented to 12 women students.

Dena P. Meyers, B. A. '30, of Colorado Springs, Colorado, is this year supervisor of music at Delta, Colorado.
Six Lettermen Form Nucleus Of 1933 Wrestling Squad

ALTHOUGH the Teachers wrestlers have not yet been tested this season in an intercollegiate meet, the records of the men who make up the veteran squad directed by Coach David McCuskey give promise of a continuance of the success which Iowa State Teachers College wrestling teams have had in the past.

No definite schedule had been completed at the time of this printing, but in keeping with the economy policy which is being followed by the athletic department, fewer meets were being planned, and those to be with schools reasonably close to Cedar Falls. The annual home meet was held the night before school closed for the holidays, Tuesday, December 20.

Six men who won letters last season, led by Maynard Harman, Sac City, member of the United States Olympic team last summer, form the nucleus around which the team is being built. Besides Harman, who wrestles at 145 pounds, these men are Alvie Natvig, New Hampton, 118 pounds; John Brindley, Cedar Falls, 135 pounds; Virgil Duea, Roland, 155 pounds; Phillip Sheffield, Story City, 165 pounds, and Earnest Andrews, Delta, 155 pounds. The members of last year’s team who have graduated or did not return to school are James Luken Wester, Cedar Falls; Arthur Gerber, Kamrar; Alexander Brownlie, Martensdale; Glenn Shearman, Kirkman; G. G. Harris, New Virginia. Wayne Black, Cedar Falls, who won his letter last season in the 118-pound class, was declared ineligible at the end of the fall term.

The 126-pound, 175-pound, and heavyweight classes are the only ones in which a letterman is not found, but promising newcomers will take over the assignments in those weights. Bruce Warner, Alden, a scrappy sophomore, will represent Teachers in the featherweight class; Richard Geertsema, Parkersburg, and William Chambers, Anderson, are almost a toss-up for the light heavyweight position, and Merlin Westwick, Williams, will wrestle in the unlimited class.

Other outstanding grapplers who will no doubt get into meets before the season is over are James Steiner, Dubuque, 118 pounds; Francis Flanagan, Williamsburg, and Floyd Link, Benton, 135 pounds; William Kirscher, Valley Junction, 145 pounds, and Irvin Berryhill, Buffalo Center, 165 pounds.

Varsity Men Get Grid Letters

Lettermen for the 1932 football season of the Panther squad at Teachers College were announced by the Athletic Board recently.

Twenty men from the Panther squad received the awards: Max Boller, Nevada, halfback; Don Cole, Ames, guard; Virgil Duea, Roland, guard; Gale Fisher, Washington, halfback; Donald Gooden, Bedford, guard-tackle; Maynard Harman, Sac City, halfback; Kenneth Kimberlin, Marshalltown, quarterback; Clair Kraft, Oelwein, tackle; John McCaffrie, Cedar Rapids, fullback; Truman Manship, LeGrand, end; Raburn Miller, Zearing, guard; Clifford O’Dea, Valley Junction, center; Arthur Olsen, Cedar Falls, fullback; Frantz Rausenberger, Cedar Falls, center; Harlan Rigby, Mechanicsville, guard; Phillip Sheffield, Story City, halfback; Alvin Stieger, Waverly, tackle; Lee Stribley, Correctionville, end; Merlin Westwick, Williams, tackle; Roger Willert, Reinbeck, end.

IN MEMORY OF MARTIN LUTHER

Members of the football squad, coaches, and friends hold high esteem for the memory of Martin Luther, Colfax, who played end position on the squad before his death on October 24, following a siege of intestinal influenza and an operation for an abscess.

The following tribute was written by head football coach L. W. Whitford:

“To know Martin Luther was to know a fine young man. Admired by his team mates, the entire student body, and the faculty, this fine young chap leaves a vacancy on our campus that only God can explain.

“For four years he carried on; always with a manly spirit of sportsmanship. Every game and every practice found him giving supreme effort to win honestly and in fair combat.

“He leaves behind him memories that we of the Athletic Department, and particularly of the football squad and coaching staff shall always cherish.

“To us he shall always be our team mate who never failed and who leaves us with a still greater desire to ‘carry on’.”

Willard W. Patty, B. A. ’14, Iowa State Teachers College; M. A. ’20, Ph. D. ’25, University of California, is professor of education and director of Physical Welfare Training at Indiana University. His present address is 1325 East Hunter Avenue, Bloomington, Indiana.
Grid Squad Wins Five Games, Loses Three

THE Iowa State Teachers College Panthers, although they finished the season with a heartbreakingly low loss to Coe, 13-7, came through a difficult nine-game season with a good measure of success, winning 5 games, losing 3 and tying 1.

In the opening contest with the Columbia gridders, the big line and veteran backfield were sluggish and did poor work in the fundamentals of blocking and tackling. From then on, however, they showed steady improvement. The next Saturday they entertained the Penn Quakers and won their second Iowa Conference game, 14-0.

On Boy Scout Day Coach "Munn" Whitford sent a fighting eleven against Cornell and came through with a 13-0 triumph. In all three games up to this time the Teachers outfit waited until the second half before launching a powerful, offensive drive to win their victories.

The Luther game, an age-old battle for supremacy between the Norsemen of Decorah, and Panthers of Cedar Falls, took place on October 15 at Luther's Homecoming. The first half was a bitter battle marked by frequent exchanges of punts. Between the halves, however, the Teachers' nemesis, Cliff Hansen, must have gained an inspiration, for in the second period he and Captain Christensen, in the backfield, battered the Panther forward wall and shoved over two touchdowns and two kicks for their margin of victory. It was in this game that Martin Luther last made his appearance as a State Teachers griddler. Luther died October 24, following a siege of intestinal influenza and an operation for an abscess.

A week later was Homecoming at Cedar Falls and the Purple warriors turned back Morningside 12-0 in the first game since 1919 to please the large crowd of old grads back for the game. The Panthers took a long jump the next week to Kalamazoo, Michigan, where the undefeated Western State Teachers team ran wild to send Iowa Teachers home on the small end of a 26-0 score.

The Simpson Methodists, last year's conference champions and leaders this year for the forepart of the season, were the next foes for the State Teachers outfit. Coach Whitford and his boys were held to a 7-7 tie after outgaining, outfighting, and generally taking charge of affairs throughout the whole game. Time after time they had the ball inside the Methodist 15-yard line, only to lose it on downs.

All during the next week the coaching staff drilled the squad on scoring plays, and this work was highly successful according to the results obtained against Michigan Normal of Ypsilanti in the game at Cedar Falls. The Panthers held their own for the first quarter and a half, then Michigan pushed over their first touchdown to lead 6-0 at halftime. Soon after the kickoff the Panthers scored and then garnered another 6 points in the fourth period to win 12-6.

Up until the last two minutes of the last game of the season the Teachers team had a one point lead over Moray Eby's Coe eleven, but last minute passes took Coe deep into the Teachers' territory, from where they scored the last and deciding touchdown of the game.

Twelve men finished their collegiate football careers in this fracas. They are Max Boller, Nevada; Merlin Westwick, Williams; Donald Gooden, Bedford; Gale Fisher, Washington; Arthur Olsen, Cedar Falls; Maynard Harman, Sac City; Virgil Duea, Roland; Phillip Sheffield, Story City; Don Cole, Ames; Alvin Stieger, Waverly; Frantz Rausenberger, Cedar Falls, and Wendell Bragonier, Cedar Falls.

Eighteen Freshmen Get Numerals

Numerals were awarded to eighteen members of the freshman football squad, recommended by Coach Melvin Fritzel, and passed by the Athletic Board. The freshman numeral winners are: Kenneth Allbee, Muscatine; George Beebee, Waverly; Irvin Berryhill, Buffalo Center; Marion Bragonier, Cedar Falls; Myron Cedarholm, Waverly; James DeSpain, Marengo; John Dooley, Marshalltown; Wendell Griggs, Cedar Falls; Harry Helgason, Wallingford; Paul Hoemann, Adair; Robert Mimback, Hutchinson, Minnesota; Louis Ogden, Des Moines; Charles Potter, Hutchinson, Minnesota; LeRoy Rechenmacher, Naperville, Illinois; Harold Ross, Toledo; William Schultz, West Chicago, Illinois; John Sindlinger, Cedar Falls; Edward Thompson, Kanawha.
Dorothy Jean Lackore, C. '28, of 723 Carroll Avenue, Ames, Iowa, is doing stenographic work in Ames.

A. P. Henry, B. A. '24, is superintendent of schools at Winterset, Iowa, this year. He received the M. A. Degree from the University of Iowa this year.

Jesse L. McLaughlin, B. Di. '91, M. Di. '92, Iowa State Teachers College; B. A. '95, M. A. '96, Cornell College; S. T. B. '00, Boston University, is agency secretary of the American Bible Society in Chicago.

Mr. McLaughlin resides at 35 East Wacker Drive, Chicago.

Doyle F. Cady, B. A. '26, of Traer, Iowa, is head of the Department of Mathematics in the Senior High School at Blue Island, Illinois. His present address is 12602 South Artesian, Blue Island.

James J. Muto, B. A. '32, of Des Moines, Iowa, is teaching in the Junior High School and is acting as principal and assistant coach at Corwith, Iowa, this year.

Margaret Murley, B. A. '32, is attending Northwestern University working toward the Master's Degree. She is also working as an assistant in the Botany Department. Her address is 2018 Orrington Avenue, Evanston, Illinois.

Verna D. Thompson, B. A. '32, of Inwood, Iowa, is teaching the fourth, fifth, and sixth grades in Des Moines. She resides at 1159 Twenty-sixth Street, Des Moines.

Helen D. Umbaugh, B. A. '32, of Hedrick, Iowa, is teaching mathematics and science in the sixth and tenth grades at Readlyn, Iowa.

Mary M. Runkle, B. A. '32, of Eldora, Iowa, is enrolled as a student in the School of Nursing at the University of Iowa at Iowa City this year.

Mary E. Schwyhart, B. A. '32, of Grundy Center, Iowa, is teaching high school English and dramatics in Sidney, Iowa.

Robert Ebel, B. A. '32, of 422 Randall St., Waterloo, Iowa, is teaching high school science in Webster City, Iowa. His present address is 608 Walnut Street, Webster City.

Helen B. Carpenter, B. A. '32, of Chariton, Iowa, is teaching first grade in Harlan, Iowa, this year.

May E. Francis, at one time State Superintendent of Public Instruction of Iowa, and a former student of Teachers College, now a member of the faculty of the Department of History and Philosophy at the University of Texas, is the author of a book, "The Hermit of the Cavern," translated and adapted from the German story, "Ein Verstehles Leben."

Autographed copies of the book were received recently by friends of Miss Francis in Waverly, Iowa, where she was at one time county superintendent of schools.

T. E. Hawk, M. Di. '01, of 4029 Upton Avenue, South, Minneapolis, Minnesota, traffic manager of Deere & Webber Company of Minneapolis, was a caller at Teachers College, accompanied by his daughter, Bessie, on September 1, 1932.

Bessie had just returned from a visit with her aunt, Turta A. Hawk, B. Di. '05, a science teacher in the Oakland Technical High School, 1106 Glendor Avenue, Oakland, California. Miss Hawk received her Bachelor's Degree from Iowa State College in 1916, and her Master's Degree from the University of California in 1920.

Another sister of Mr. Hawk, Mrs. Meg Hawk Revell, Pri. '08, resides at Lead, South Dakota, where her husband is a dentist.

Lucy Kinsley, B. Di. '05, M. Di. '09, writes that she now lives at McGregor, Iowa, instead of Detroit Lake, Minnesota.

After more than thirty years of teaching in Iowa, and twenty-one years of high school teaching in Minnesota, she is this year retiring from active school room work.

Leta Schneider, B. A. '27, attended the Tenth Olympiad at Los Angeles, California, and traveled through the West during the past summer. During the past two years she has spent most of her time traveling through Europe, Canada, and the western part of the United States.

At present she lives at 1207 Bluff Street, Hamburg, Iowa.

Cletus B. Bower, B. A. '32, of Coon Rapids, Iowa, is teaching in the high school at Kelly, Iowa.

Ethel E. Donnelly, B. A. '32, of 925 South Fifth Street, Burlington, Iowa, is teaching general science in the junior high school at Burlington this year.
Mrs. P. H. Marshall (Agnes M. Allender), Kg. '16, B. A. '21, is doing work for the Master's Degree at Whittier College, Whittier, California.

Mrs. Marshall is now located at Buena Park, California.

Bessie Ballentine, B. Di. '04, Iowa State Teachers College; B. A. '11, University of Iowa, is teaching English and Speech at Lincoln High School in Des Moines, Iowa. She is now living at 2900 Cottage Grove, Des Moines.

Mary Jane Seylar, H. E. '24, B. S. '27, is teaching vocational work in the Swea City High School this year.

Dolores Thoma, B. A. '26, Iowa State Teachers College; R. N. '30, Iowa Lutheran Hospital, Des Moines; is the Junior and Senior School Nurse at Sioux City, Iowa. Her present address is 419 Twenty-fifth Street. Her home is at Postville, Iowa.

Mrs. Harrison S. Pfeiffer (Helen Bordner), H. E. '25, of 203 North Huron Street, Ypsilanti, Michigan, is now studying at Michigan State Normal College at Ypsilanti.

Bernice Krah, J. C. '24, of Grandview, Iowa, is this year teaching arithmetic and physical training in the fourth, fifth, and sixth grades at West Liberty, Iowa.

Nellie M. Convy, C. '18, Iowa State Teachers College; Ph. B. '24, University of Chicago, who resides at 141 West 10th Street, Casper, Wyoming, is now teaching shorthand in Casper.

Bertha B. Allee, Pri. '27, of Ware, Iowa, is teaching in the primary grades in Ferguson, Iowa, this year.

Mildred Weed, Pri. '19, of 828 South State Street, Springfield, Illinois, is teaching first grade in Springfield.

Jeanette M. Lindaman, El. '30, is teaching fourth, fifth, and sixth grades at Hansell, Iowa. Her permanent address is Aplington, Iowa.

Mrs. F. C. Grippen (Bertha Pitman), H. E. '17, B. A. '23, of Salem, Iowa, with her husband and young daughters, were visitors at the College, October 24.

Daisy V. Farrell, Pri. '10, is employed as a bank teller at Fonda, Iowa.

Carsten Johnsten, B. A. '30, is teacher and principal of the high school at Radcliffe, Iowa. His home is at 214 Falls Avenue, Waterloo, Iowa.

C. A. Bahnsen, B. S. '31, is superintendent of schools at Kamrar, Iowa.

Stella Tuttle, B. Di. '04, M. Di. '03, Iowa State Teachers College; B. S. '00, University of Iowa, who is teaching science in the high school at Clarkston, Washington, is now living at 1032 Tenth Street, Clarkston.

Mary Ann Ball, Pri. '25, B. A. '31, is primary supervisor at Eastern State Normal School at Madison, South Dakota. Her address for this year is 621 Lee Avenue North, Madison. Her permanent address is 1822 Seventh Avenue, Cedar Rapids, Iowa.

Ella Christensen Battin, H. E. '18, now resides at 4616 Arden Avenue, Minneapolis, Minnesota. After graduating from Teachers College she completed five months of dietetic work in the Allentown Base Hospital. She was called to go overseas, but not until after the Armistice was signed; so she accepted a place as dietitian of Binghamton City Hospital, Binghamton, New York. She remained there for one year, then came to Cedar Rapids, Iowa, where she had charge of the dietetic department of St. Luke's Hospital for three years. Anna Goodale, '97, was then superintendent.

After her marriage in 1922 she moved to Des Moines with her husband where she did substitute teaching for one year. They then moved to Chicago and later to Minneapolis, where they now reside.

Arvilla Benshoof, B. S. '31, is teaching commercial work at Creston, Iowa. Last spring her senior shorthand team was placed second in the Amateur Shorthand Division at the State Commercial Contest. Her team also won second and third individual honors in the same contest.

Lurana M. Rownd, Pri. '11, is now living at 120 South Sierra Bonita, Pasadena, California.

Mrs. Milton Metfessel (Carol L. Stone), B. A. '21, now lives at 1953 West 78th Place, Los Angeles, California. She received the M. A. Degree from the University of Iowa in 1924.

Raymond Moore, B. A. '25, is now located at 524 Merchants National Bank, Cedar Rapids, Iowa.
Mrs. R. E. Armstrong (Mary Handorf), J. C. '21, writes that she has moved from Allison, Iowa, to near Dumont, Iowa. She is living on a farm near Dumont.

Mrs. James LeRoy Pinckney (Mayme B. Larsen), M. Di. '12, B. A. '21, now lives at Shenandoah, Iowa, where she and her family intend to make their permanent home. They are building a seven-room Dutch Colonial House there. Mrs. Pinckney moved to Shenandoah from Cautuor, Saskatchewan, Canada.

Mrs. M. V. Dresher (Marie Sevareid), Pri. '27, and her husband now make their home at 2887 Iowa Street, Omaha, Nebraska. After her graduation, Mrs. Dresher taught primary in the Tipton schools for two years. She also taught two years in Cedar Rapids previous to her marriage.

Juanita Dunn, El. '28, of Alta, Iowa, is now principal of Junior High School and music supervisor at Lone Rock, Iowa.

Marjorie Thomas, P. S. M. '32, of Audubon, Iowa, is now teaching music and eighth grade at Viola Township Consolidated School at Ross, Iowa.

Clay W. Cowan, B. A. '21, Iowa State Teachers College; M. A. '27, University of Iowa, now principal of Tipton High School and Junior College at Tipton, Iowa, writes that this year his school has an enrollment twice as large as that of last year. There are approximately nine hundred boys and girls from kindergarten through the Junior College under one roof.

Mrs. John C. Wilson (Erie Collins), B. Di. '99, M. Di. '03, writes that she now lives at 298 Nord Avenue, Chico, California. She has a daughter enrolled at a teachers' college in Chico. She writes, "But, of course, nothing can beat old I. S. T. C."

Florence Curtis, B. A., P. E. '13, head of the Department of Physical Education for Women at Indiana State Normal School, Terre Haute, Indiana, attended the tenth Olympiad and five weeks summer session at the University of Southern California during the six weeks she spent in California this past summer.

She visited Mrs. Robert Pattingill (Ruth Berger), P. S. M. '12, who was one of a chorus of 1,200 voices chosen from choirs and choral clubs in Los Angeles for the Olympiad chorus.

Mrs. Pattingill has been music director at the First Baptist Church of Huntington Park for ten years. She is also director of the chorus of the Business and Professional Women's Club of Huntington Park. She lives at 2826 Liberty Boulevard, South Gate, Calif.

Miss Curtis went back from California by the way of the Canadian Pacific, visiting points of interest on the way.

Mrs. F. W. Berninghausen (Lillian Jane Knipe), M. Di. '11, B. A. '13, of New Hartford, and her husband, who is superintendent of schools at Nashua, Iowa, were present at the fourth annual Dad's Day celebration at the College.

Their son, David K. Berninghausen, is at the present time enrolled as a freshman at Teachers College.

Lois Roush, B. A. '32, graduate piano student of Alta Freeman, instructor in public school music, was presented in recital Monday evening, November 7, in the College Auditorium. Miss Roush was assisted by Virginia Fish, soprano, student of Luther A. Richman, assistant professor of voice. Miss Fish was accompanied by Lillian Dresser, B. A. '29.

Last summer Miss Roush studied under Rudolph Ganz, famous pianist, in Chicago. She took part in many contests while in high school and college, and her training under Ganz was secured through a scholarship she won in college.

Hazel Frost, El. '30, is teaching rural school near Center Junction, Iowa.

Mamie I. Ellis, Pri. '31, of Cantril, Iowa, is employed as fifth grade teacher at Hedrick, Iowa, this year.

Iris Elliott, Pri. '30, of Russell, Iowa, is teaching primary work at Rutland, Iowa.

Ruth Eells, B. A. '30, of 414 West 24th Street, Cedar Falls, Iowa, is primary and second grade teacher at Cherokee, Iowa. Her present address is 315 Fountain Street.

Vern Earwicker, B. A. '30, of Nevada, Iowa, is superintendent of schools at Kinross, Iowa.

Joe R. Duea, B. S. '30, of Waterloo, Iowa, is athletic coach at Waterloo.

Ben Duea, B. A. '30, is employed as coach at Valley Junction, Iowa. His address is 644 Sixth Street.
Miss Davis stopped in Chicago to visit the family of J. C. '18, Iowa State Teachers College; B. A. '23, Ohio. She visited the family of such cities as Paris, Marseilles, Piraeus, Athens, Salonica, Sofia, and Paphlagonia, where she visited the junior high school at Laurens, Iowa.

Mr. and Mrs. Muzzy live at 910 West Mill Street, Carbondale.

Miss Davis also stopped in New York to spend a day with Ethel Packer, J. C. '23, B. A. '27.

Miss Davis was accompanied on her trip by a teacher of the high school in Phoenix, Arizona. After leaving Sophia, they visited Constantinople and came back from Turkey through the Mediterranean, passing the plains of Troy, and finally came to the harbor of Marseilles. After a week in Paris, they went on to London, and from there to Liverpool and by boat to America.

**Marriages**

Leona M. Reed, P. S. M. '30, of Belmond, Iowa, became the bride of Ernest C. Farrell, of Irwin, Iowa, on August 31, 1932. Mrs. Farrell was teacher of music in the Irwin Consolidated School for two years. The couple will reside in Irwin, Iowa.

Florence Carnahan, J. C. '20, B. A. '22, was united in marriage to Dr. Ralph Bradshaw, of Mankato, Minnesota, on September 3, 1932. Mrs. Bradshaw has been Girl Reserve Secretary in the Y. W. C. A. of St. Paul, Minnesota, for several years. Mr. and Mrs. Bradshaw will reside in St. Paul, Minnesota.

Theodore Paige, B. S. '30, was united in marriage June 5, 1932 to Helen I. Tisdale. Mr. Paige is a teacher of industrial arts in the University Experimental High School at Iowa City, Iowa.
The couple reside at 211 North Madison Street, Iowa City.

Ethel H. Mackey, El. '30, and Raymond K. Thompson were united in marriage July 26, 1932.

Mrs. Thompson is teaching third grade at Shell Rock, Iowa.

The couple live at Shell Rock.

Leila Woolverton, B. A. '24, became the bride of Harold B. Carson, of Milwaukee, Wisconsin, on October 6, 1932.

While attending college here, Mrs. Carson was a member of Tau Sigma Delta Sorority. She received the Master's Degree in 1925 from the University of Wisconsin. Later, she taught chemistry in the high school at Marshalltown, Iowa, and in Wisconsin University. For the past five years she has been employed as chemist in the Milwaukee County Laboratory.

Mr. Carson is a commercial artist in Milwaukee.

The couple live at 1104 Marshall Street, Milwaukee.

Ruthe Phillips, C. '31, was united in marriage on May 21, 1932, to Burl R. Horstman, of Pleasantville, Iowa.

Mrs. Horstmann is now teaching first grade at Tracy, Iowa. This is her second year in the Tracy school.

Mr. Horstmann attended Des Moines University and Iowa State College.

The couple are now living on a farm near Pleasantville.

Mildred Beatty, former student, daughter of Mrs. Martha Beatty, 524 Twenty-second Street East, Cedar Falls, Iowa, became the bride of Perry L. Page, of Des Moines, Iowa, son of Mr. and Mrs. Sewell Page, 946 Walnut Street, Waterloo, on November 24, 1932.

Mrs. Page is a graduate of Gates business College at Waterloo.

Mr. Page attended Iowa State College at Ames, Iowa, where he was affiliated with Lambda Chi Alpha Fraternity. He is employed as a salesman with the Rath Packing Company.

The couple will reside at 1545 West Twenty-fourth Street, Des Moines.

Helen Taylor, '31, daughter of Mr. and Mrs. O. B. Taylor, Lawler, Iowa, and Melvin Shortess, B. A. '31, son of Mr. and Mrs. Edwin S. Shortess, of Cedar Falls, were united in marriage on November 24, 1932.

Mr. Shortess is proprietor of a sandwich shop in Cedar Falls.

The couple are living at 410 West Fourth Street, Cedar Falls.

Iola Hoag, former student, daughter of Mr. and Mrs. Morris Hoag, Hudson, Iowa, was united in marriage November 24, 1932, to Charles H. Adams, former student, son of Mr. and Mrs. Charles J. Adams, of Grundy Center, Iowa.

Mrs. Adams has been teaching in the schools of Black Hawk County for the past three years.

Mr. Adams attended the Cedar Rapids Business College for one year after attending Teachers College. He is now a rural mail carrier.

Mr. and Mrs. Adams will reside in Reinbeck, Iowa.

Marlys L. Huyck, B. S. '32, daughter of Mr. and Mrs. Walter S. Huyck, Toledo, Iowa, became the bride of Manford M. McCunniff at Chicago on November 24, 1932.

The couple are living in Cedar Falls, Iowa, where Mr. McCunniff is in the employ of the Brown Furniture and Undertaking establishment.

Lillian A. Barber, Pri. 31, daughter of Mr. and Mrs. Thomas Barber, was married to Harold W. Putney, on September 14, 1932, at Hartwick, Iowa.

The couple live at Hartwick.

Ruth Wood, P. S. M. '28, daughter of Mr. and Mrs. W. C. Wood, of 2701 Bridge Avenue, Davenport, Iowa, became the bride of Frank S. Seney, son of Mr. and Mrs. Ralph Seney, of Buffalo, Wyoming, on November 25, 1932.

Mrs. Seney received her degree from the University of Iowa. While a student there she was named as one of the six most beautiful co-eds on the campus. She is a member of Gamma Phi Beta Sorority. She has been an instructor in music at the Washington Junior High School in Rock Island.

Mr. Seney attended the schools in Buffalo, Wyoming, and was graduated from the College of Pharmacy at the University of Iowa where he was affiliated with the Sigma Alpha Epsilon Fraternity. He is now affiliated with his father in the drug business in Wyoming.
Births

Mr. and Mrs. Leo J. Knepper, of Bernard, Iowa, announce the birth of a daughter, Mary Nancy, born on September 29, 1932.

Mrs. Knepper will be remembered as (Grace Nolan), J. C. '28.

Mr. and Mrs. E. G. Brockman, of Mount Ayr, Iowa, announce the birth of a son, Martin Joe, born October 3, 1932.

Mr. Brockman received the B. A. Degree in 1922.

Mr. and Mrs. Victor Blaney, of Detroit, Michigan, announce the birth of a son, John Charles, born June 8, 1932.

Mrs. Blaney will be remembered as (Ethel Ellinger), J. C. '22.

Mr. Blaney is a postal employee in Detroit.

Mr. and Mrs. Ralph Walker, of Eldora, Iowa, announce the birth of a daughter, Jayna Loy, born September 12, 1932.

Mrs. Walker will be remembered as (Hazel Riley), B. A. '27. She formerly lived in Humboldt, Iowa.

Mr. and Mrs. Harry F. Blackert, of Spirit Lake, Iowa, announce the birth of a daughter, Hazel Lucile, born October 25, 1932.

Mrs. Blackert will be remembered as (Inga E. Juhl), C. '26, Iowa State Teachers College; University of Colorado, '28. She taught school three years at Spirit Lake before her marriage.

Mr. Blackert is a graduate of Cornell College, Mt. Vernon, Iowa.

Mr. and Mrs. Clayton Ulrich, of Cedar Falls, Iowa, announce the birth of a son, Roger Clayton, born October 7, 1932.

Mrs. Ulrich will be remembered as (Bessie Gamet), '28.

Deaths

Dr. William C. Schluter, B. A. '15, Iowa State Teachers College; A. M. '16, Ph. D. '23, Columbia University; professor of finance at the University of Pennsylvania, at Philadelphia, died September 5, at his home at Philadelphia.

A tribute in memory of Dr. Schluter, written by L. M. Jepson, B. A. '17, is printed below:

"Dr. William C. Schluter passed away September 5 in his Philadelphia, Pennsylvania, home. Those of us who were close to him have lost a true and inspiring friend; our Alma Mater has lost a learned and promising son; and the academic world, a scholar.

"I am probably one person who knew Bill Schluter and enjoyed his confidence. Our friendship goes back to Cedar Falls, and he is one who was responsible for my coming to Columbia University. While there, we were together, so to say, day and night. While I was not with him during the war, there was a constant exchange of thoughts in the form of weekly letters between us. The close, personal contact that existed between us during the college and university years, was renewed after his return from the service, although he located in Philadelphia and I remained in New York. Bill Schluter earned for himself through hard work and righteous living an esteemed and honored place, not only among his associates and students of the University with which he was connected, but also in the civic and educational life of the state of Pennsylvania. Those of us who watched his progress have been pleased to note that the esteem in which this scholar was held in his adopted state was gradually being recognized outside of that state as well.

"Bill Schluter was not only endowed with the faculties of a scholar but his early training had also given him plenty of good com-
mon sense, which included respect for himself and friends and a fixed and highly defined idea of right and wrong as accepted by society. His life and relations with his fellow men were strictly and at all times governed by this inherent and early acquired sense of honor and respect for common rights.

"The passing of Dr. Schluter is a great loss, scholastically speaking, to the institution that he served; it is a greater loss to the nation, as few sons are endowed with the intellect and qualities that make for upright and productive citizenship, combined in this friend whose memory will be cherished by those of us who knew him."

L. M. Jepson, B. A. '17.

Vilas R. Mitchell, former student, of Waterloo, Iowa, died Friday, October 7. Mr. Mitchell, while enrolled at the College, was a star halfback on the college football team. He served for twenty-seven months with the One Hundred and Thirty-third Ambulance Company in the Thirty-fourth Division during the World War, and was overseas approximately ten months. He was employed for seven years by the Smith, Lichty & Hillman Company of Waterloo, and later was on the road as salesman for the Medusa Cement Company of New York City. He was a member of Becker-Chapman Post of the American Legion of Waterloo.

He is survived by his wife, Ethel Brown Mitchell, who is domestic science teacher in the Waterloo Junior High School; his parents, one brother, and one sister.

Dr. W. L. Hearst, B. Di. '89, B. S. '90, Iowa State Teachers College; Ph. D. '95, M. D. '97, University of Iowa, well known in Cedar Falls and about the state of Iowa as a prominent physician, civic leader, banker, and manufacturer, died suddenly at his home in Cedar Falls, on Friday, October 28.

Dr. Hearst was born on a farm near Cedar Falls on December 3, 1864, the son of Mr. and Mrs. James Hearst, pioneer residents of Iowa. He had practiced medicine in Cedar Falls for the past 40 years, and with the exception of the time he was away attending medical school and later serving in the army medical corps during the World War, he spent his entire life in the city in which he was born.

He served as city councilman for six years, was president of the Chamber of Commerce for several years and in other ways took active part in civic affairs. He was at the time of his death chairman of the Republican City Central Committee. He was widely known in medical circles, and served in the state medical society. He was connected with many Cedar Falls enterprises and had served as chairman of the Board of Directors of the Viking Pump Company, was a director of the Citizens Security Trust and Savings Bank, and a director of the Wagner Manufacturing Company.

Surviving, besides his wife, is a daughter, Miss Marion Hearst, Louisville, Kentucky; and two sons, Francis, of Iowa City, and William, Jr., of Des Moines. There are also two brothers, Charles E. Hearst, president of the Iowa Farm Bureau Federation, and Dr. George E. Hearst, physician of Cedar Falls, and two sisters, Miss Jennie Hearst, Cedar Falls, and Mrs. J. G. McAlvin (Clara Hearst), B. Di. '92, of 636 West Park Avenue, Waterloo, Iowa.

Mrs. Blaine Gildea (Lulu Erminnie Ray), B. A. '16, of Grimes, Iowa, died August 10, 1932, in the Methodist Hospital in Des Moines, Iowa.

She is survived by her husband, who is cashier of the Grimes Savings Bank at Grimes, Iowa, and an infant daughter born August 10; her parents, Mr. and Mrs. J. E. Ray, of Waterloo, her sisters, Mrs. J. L. Thorson of Waterloo, and Mrs. Frederick Thorne, of Cedar Falls, and brothers, John Ray, and Paul Ray, both of Waterloo.

Mrs. Gildea lived with her parents in Cedar Falls, Iowa, while attending the Teachers College. She was married to Blaine Gildea on July 10, 1920.

C. A. Dickey, father of Claude C. Dickey, R. S. '17, died at his home near Cedar Falls on September 28, 1932. He had lived in Waterloo for the past thirteen years. At the time of his death he was helping on the farm in the absence of his son, Wayne. Death was caused by heart trouble.

Mr. Claude Dickey is superintendent of schools at Delaware, Iowa.

Mrs. John F. Deegan, mother of Alice M. Deegan, B. A. '32, died at her home on Wednesday, November 16, 1932.

Mrs. Deegan was prominent in civic and community affairs at Le Mars, Iowa.

Miss Deegan was a member of the Delphia Literary Society and Tau Sigma Delta Sorority while at Teachers College.
