Education is Big Business, Graduates Told

"EDUCATION is big business. It is probably the biggest business in human life," said Dr. Thomas C. McCracken, Dean of the College of Education at Ohio University, in speaking to ninety-four students who received degrees and diplomas Thursday evening, March 5, in the winter term exercises in the College Auditorium.

Teachers are employed in a work which like other big business in the country involves the expenditure of millions of dollars and the services of thousands of workers, Dr. McCracken pointed out. Moreover, teaching is the biggest kind of big business because it involves the handling and shaping of plastic young minds.

In enumerating the reasons why the candidates for graduation chose teaching as their profession, Dr. McCracken said, "You wanted to have to do with the innermost nature of human beings."

The graduates were urged to remember that the child must discover, develop, and express himself, and that the teacher must be both a helper "carrying the bricks and mortar" and a human engineer "directing in the building."

The graduation program was opened by an organ processional played by George W. Samson, Jr., professor of organ, and two numbers presented by the Cecilians, women's glee club, under the direction of Olive Barker, instructor in voice and public school music, with Gladys Arns, of Doland, South Dakota, acting as accompanist. Dr. Howland Hanson, supervisor of religious education, pronounced the invocation as the next number on the program. Miss Alta Freeman, professor of piano, played a piano solo. Dr. McCracken then delivered the graduation address, and President Latham conferred the degrees and diplomas.

The events of the winter term graduation began Sunday afternoon, March 1, with the President's reception in honor of the seniors. The President's reception has been a custom of long standing at the College. President-Emeritus and Mrs. Homer H. Seerley inaugurated the tradition many years ago and gave receptions each year at the time of the June commencement exercises. President and Mrs. Latham have adopted the plan of giving the reception at the end of each term.

A college dinner in honor of the college graduates was given Wednesday, March 4.

In the winter term exercises eighteen students received bachelor of arts degrees in education, while eight were awarded the degree of bachelor of science. Sixty-eight students were granted diplomas in the various courses of study.

Students who were graduated and the degrees which they received are as follows:

- Bachelor of arts degrees: Corley A. Conlon, Red Oak; Ruby DauSchmidt, Reinbeck; Basil M. Finch, Sumner; Vinnie G. Johnson, Mediapolis; Margretta Kerr, Grundy Center; Michael Klinoff, Waterloo; Jane Burns Lindsay, Cedar Falls; Carrie McLeod, Grundy Center; Ann Perry Olson, Niagara Falls, New York; J. Everett Payne, Sheldon; Lyndon R. Rousselow, Cedar Falls; Ruth I. Rummens, Hardy; Ethel W. Schmidt, Garnavillo; Dora Spencer, Waterloo; Harlan C. Stanley, Mansenda; Mary H. Terrall, Hudson; Gladys Van Arsdale, Huron, South Dakota, and Etta G. Victor, Villisca.
Bachelor of science degrees: Dotha M. Detrick, Cedar Falls; Stanley D. Hooper, Cresco; Hattie M. Horel, Worland, Wyoming; Charles E. Hunt, Earlville; Myrtle M. Jordan, LuVerne; Maurine G. Nay, Clarence A. Paulson, and Mary O. Shugart, all of Cedar Falls.

Commercial education diplomas: Weta Footitt, Warren, Illinois; Marlys L. Huyck, Toledo; Dale E. Moore, Springville, and Julia M. Rowe, Minburn.

Helm, Red Oak; Lena R. Lehmann, Geneva; Mabel Nichol, Sioux City; Ruth Schultz, Murray; Ardis M. Stoebe, Humboldt; Alice Sullivan, Burlington; Tillie Thrailkill, Dexter, and Hazel I. Weisbard, Cedar Falls.

Elementary education diplomas in intermediate grades: Elsie A. Aldinger, Rowan; Maude M. Chapman, Fontanelle; Norma R. Peterson, Storm Lake; Ethyl N. Stockdale, Hampton, and Grace C. Stoltz, Curlew.

Primary education diplomas: Audrey E. Asay, Griswold; Eva N. Clover, Waver; Neva A. Flickinger, Independence; Mary E. Gittinger, Leon; Elizabeth Goldsmith, Wayland; Frances M. Miller, Brooklyn; Elizabeth Mitchell, Monmouth; Mary G. Pollard, Waterloo; Velma A. Price, Keswick; Grace H. Robinson, Reinbeck; Lucile M. Severson, Radcliffe; Elva Shillington, Woolstock; F. Fern Smith, Knoxville; Margaret Smith, Diagonal; Mildred L. Smith, Atlantic; Irma M. Town, Arion; Wilma G. Trundy, Iowa City, and Lola L. Wilson, Milford.

Kindergarten education diplomas: Bernice E. Brand, Fort Dodge; Gelia Clemens, Manchester; Carol A. Graves, Newton; Nellie Hardin, Toledo; Gwen B. McCalman, Mapleton; Grace A. Mowry, Marshalltown; Margaret N. Volz, Davenport, and Helen V. Zache, Mount Vernon.

Teaching of voice diploma: Michael Klinoff, Waterloo.

Rural teaching diplomas: Jarla N. Clau- son, Spring Grove, Minnesota; Thelma A. Cle- mens, Beaman; Constance Cran, Rutland; Elbertine R. Foss, Salem; Orma L. McKee, Waterloo; Audella Monsen, Stanhope; Irene C. P. Refferty, Clermont; De Lora Reutter, Ogden; Hulda Rolston, Conrad, and Pearl Steveson, Marshalltown.

Seerley Foundation Grows

Organized by the alumni in 1926 and incorporated under the laws of Iowa for the purpose of encouraging and aiding worthy students preparing to teach, this organization has amply justified its existence. From the outset all its available resources have been utilized to the limit in making loans to students. The loan fund has been steadily growing by gifts, bequests, insurance plan accumulations, and interest collections. There is a growing appreciation of the services and the purposes of this alumni-student organization.

In several instances the Foundation has enlisted the cooperation of service clubs to supply the funds for a loan, the Foundation assuming the administration, oversight and collection. Such cooperative arrangements are in effect at this date with the Rotary Clubs at Hampton and Grundy Center, and the Lions Club at Madrid. This has often meant strenuous business, but not a single eligible student has failed to receive the loan assistance necessary to remain in college.

All alumni and friends are urged to help make contacts with individuals, with Literary Clubs, Service Clubs and other organizations that will increase the usefulness and the valuable personal services of the Foundation.

Students Ring Central Bell

The bell high in the tower of old Central Hall, silent for five years, pealed forth a victory song here Thursday night, February 26, when students celebrated a basketball victory over Columbia College in the last game of the season.

The bell, located in Central Hall and known only to a few present-day students, was rung with the aid of a wire extension let down from the belfry. The celebrators, three or four in number, escaped through a third floor window, across the roof and hence down a fire escape.

YOUR SECRETARY URGES ATTENDANCE

To the Alumni of the Iowa State Teachers College:

Did you read carefully the program for this year's Commencement exercises, May 27 to June 1? It surely is alluring. So many events have been arranged by the Commencement Committee for your entertainment.

All roads leading to Cedar Falls are good now and we hope that you may arrive Friday in time to help our boys win the baseball honors in the first game with the University of Minnesota. The second game is on Saturday with Kalamazoo. The members of our football team were their guests at the Kalamazoo Homecoming last fall, and we want to give their baseball team as fine a reception when they come to our campus this spring. Let us show Michigan that Iowa has good rooters as well as players.

Notice that the Commencement Play is given Thursday and Friday nights this year. We always look forward to this feature.

After the Commencement Dinner will come the opportunity for the get-together and good time at the party. Some will enjoy the music and dancing while others may find an opportunity to discuss former campus days in the Men's Club Room.

Mrs. Fannie Butts Hemsworth and the other members of the Reunion Committee are planning for the Alumni Tea and the dinner for the class of 1906. If you are among those who graduated twenty-five years ago, there will be a special letter sent to you at a later date, which will tell of the plans for your entertainment.

The special reunion groups this year are the members of the following classes: Group A, 1919, 1918, 1917, 1916; Group B, 1900, 1899, 1898, 1897; Group C, 1881, 1880, 1879, 1878. If you desire group reunions in addition to the other events, please write and tell me. We hope that last year's class will be well represented.

It would help the committee materially if you would write to me and reserve your tickets for the play and the dinner. They would be held for you at alumni headquarters, which will be in the offices of the Dean of Women on the first floor of Gilchrist Hall. This is a delightful place to visit between events.

Shall we make this a memorable Commencement season?

Yours very sincerely,
Lou A. Shepherd, Secretary.
Business Needs Women

Louise B. Moyer, B.Di. '00, manager of the New Business Department of the Plainfield Trust Company, Plainfield, New Jersey, is the author of an article entitled "Women in Banking", which appears in the mid-winter number of "Profit and Loss", an official publication of the Elizabeth Chapter of the American Institute of Banking.

"Today, as never before", declares Miss Moyer in the article, "the banking profession opens its doors to ambitious women. Twenty-five years ago the portals of our financial strongholds were practically closed to their endeavors and the few hardy, feminine souls who invaded the sacred precincts as clerks or stenographers labored in the background leading an ineffectual and almost unnoticed existence both within and without their chosen institutions".

A gradual awakening to the fact that the financial fabric of the nation is closely connected with the life and fortunes of the family, and that women largely control the purse strings, led bankers and business men to give women an opportunity to try their hand at executive duties. The World War and the call for women to fill the places left vacant by men who entered military service broke down the barriers against women, Miss Moyer declares.

"Today our chosen profession offers a woman of ambition and determination a fascinating job and an excellent future".

However, in the opinion of Miss Moyer, there is no room in the ranks for the inefficient worker, for "casual apprenticeship cannot give the necessary appreciation and understanding of the entire structure of service".

"Honesty, intelligence, good health, common sense, adaptability, and the capacity for hard work underlie success in any business. No woman can go far in the profession unless she is open-minded, thinking and living broadly and helpfully in her community, sharing its burdens and maintaining a constant interest in the life about her".

New business and advertising work attract those who are interested in people and who have the natural ability to translate a bank's activities into terms of active desire on the part of the public. Tact, sympathy, and understanding of human nature should enter this field, according to Miss Moyer.

Extension Worker Honored

A. C. Fuller, associate director of the Extension Division at the College, was elected president of the Teachers College Extension Association at the annual meeting in Ypsilanti, Michigan, held in February.

This is the second time that Mr. Fuller has been elected to the presidency of the Association which includes 27 teachers colleges in the United States. Mr. Fuller was elected first president of the organization when it was founded at Chicago in 1918. I. H. Hart, director of the Extension Bureau, was the second president of the organization in 1919.

At the meeting in Ypsilanti Mr. Fuller made a report on a study of the amount of extension work taken by students in teachers colleges in relation to the economic and industrial status of the territory served.

The purpose of the Association is to further professional acquaintances among its members, to improve extension services in teachers colleges, and to establish uniform standards.

Alumni Attend N. E. A.

Teachers College alumni who attended the sixty-first annual meeting of the Department of Superintendence of the National Educational Association held in the Masonic Temple in Detroit, Michigan, February 21 to 26 included Dr. F. C. Ensign, M.Di. '95, of Iowa City; C. B. Ferrell, P.S.M. '24, of Oelwein; Agnes Heightshoe, M.Di. '03, of Perry, and W. H. Hoyman, B.A. '09, of Indianola.

Professors in attendance were Miss Sadie B. Campbell, dean of women; I. H. Hart, director of the Extension Division; A. C. Fuller, associate director; E. L. Ritter, extension professor of education; Fred D. Cram, professor of rural education; M. J. Nelson, Head of the Education Department; E. W. Goetch, professor of education and director of the Placement Bureau; E. O. Finkenbinder, professor of education; C. A. Fullerton, Head of the Public School Music Department; Eva May Luse, Head of the Teaching Department; Dora Kearney, critic in teaching; Lou A. Shepherd, extension professor of primary education, and Harry Kauffman, instructor in public school music.
Thirty-Five Compete in Debates This Year

THE 1931 debating season for the number of students participating, the number of colleges involved, the number of debates held, and the quality of initiative shown sets a new mark for Iowa State Teachers College.

Thirty-five students enrolled in the debating classes, and twenty-seven engaged in inter-collegiate debate. The chief concern was to give large numbers an opportunity to reap the benefits of the training by having them participate in inter-collegiate debates.

The first debate of the season was a non-decision affair with a team from Cambridge University, England, held in the College Auditorium, on October 29, 1930. Robert Ebel and Roger Ranney represented the College in a very capable manner. Attendance at this debate approximated sixteen hundred, many persons coming from distant points in the state. Interest was especially keen among high school coaches and their teams.

Girls Win All Decisions

The second debate was a dual contest with Iowa State College. Miss Janet Reade and Miss Evelyn Walters won a critical decision for Iowa State Teachers College in the local debate; the other debate held at Ames was a non-decision affair. The women's team did not lose a decision debate during the season.

In all, Iowa State Teachers College met eighteen different colleges and universities. A large majority of debates were non-decision affairs, but of the decision debates the Teachers College teams lost three and won eight. The following is a list of the colleges encountered:

Iowa State College, Ames; Cambridge University, England; Central College, Pella; Coe College, Cedar Rapids; Cornell College, Mt. Vernon; John Fletcher College, Oskaloosa; Kansas State Teachers College, Emporia; Luther College, Decorah; Morningside College, Sioux City; North-east State Teachers College, Kirksville, Missouri; North-west State Teachers College, Maryville, Missouri; South-west State Teachers College, Cape Girardeau, Missouri; Tarkio College, Tarkio, Missouri; Penn College, Oskaloosa; University of Dubuque, Dubuque; University of Missouri, Columbia; Warburg College, Waverly, and William Jewell College, Liberty, Missouri.

One of the most interesting contests of the season was a combined audience and critic judge decision debate between teams from Iowa State College and Teachers College before the assembly of the West Waterloo High School on February 20. Roger Ranney and Thorrel Fest, supporting the affirmative of the chain store question, won both the vote of the critic and that of the audience.

Another interesting Teachers College victory was that of Miss Janet Reade and Miss Mary Sheridan over a woman's team from North-west Missouri State Teachers College on February 4.

The debate before the Presbyterian Men's Club at Oelwein on February 11 between Teachers and Coe was a very hard-fought contest. The audience vote favored Ebel and Huntoon, who supported the negative of the free trade question.

In a similar manner John McDowell and Murvle Hanawalt triumphed over Coe in an audience decision debate before the Cleveland Community Club at Cedar Rapids on February 20. The Teachers College men supported the negative of the free trade question.

Few debates of the season aroused more general interest than the dual debate with Cornell on the question, "Resolved: That state medicine should be adopted." At Cornell College, Mt. Vernon, Iowa, on the evening of February 24, Miss Bertha Stover and Mrs. Helen K. Smith did a fine piece of debating, in a non-decision contest, in support of the negative. On the same evening Miss Janet Reade and Miss Evelyn Walters, of Iowa State Teachers College, won a critic's decision over the team from Cornell College at Cedar Falls.

But one of the most valuable debating trips of the season was one which featured non-decision debates exclusively. Charles Vandaworker, Murvle Hanawalt, Miss Bertha Stover, Miss Janet Reade, and Miss Mary Wheat journeyed to Central, Penn, and John Fletcher Colleges. They engaged in six debates which for vigor and interest compared favorably with other debates of the season.

No debating season, however, would be complete without its quota of defeats. Coe won from Iowa State Teachers College on February 27 in an audience decision debate
at the Cedar Falls High School by a vote of
116-130. The College debaters supported the
negative of the free trade question. On Febru-
ary 4, the College men lost to North-west
Missouri at Cedar Falls, by a critic judge
vote. Iowa State Teachers College had the
affirmative of the free trade question. In
this debate North-west Missouri displayed
unusual debating skill.

Forty-one Debates Staged

Up to date, the College teams have engag-
ed in forty-one debates. They still have
about ten more debates before them. For
the first time in the history of Iowa inter-
collegiate debating, there will be held a state
debating tournament in which all the colleges
of Iowa may participate. This tournament
was to be held on March 26, 27, and 28, at
Oskaloosa under the auspices of Penn and
John Fletcher Colleges.

At this tournament the College is entitled
to three men and three women debaters. The
men are Mr. Robert Huntoon, Mr. Thorrel
Fest, and Mr. Robert Ebel; the women, Miss
Janet Reade, Miss Evelyn Walters, and Miss
Dolores Dodge.

The following is a list of the 1931 debat-
ing squad with the numbers of inter-colleg-
iate debates in which each has participated
thus far during the present season.

DEBATE TRIP THROUGH MISSOURI

During the week of March 9 to 14 a debate
squad of five men composed of Robert Ebel,
Waterloo; Thorrel Fest, Audubon; Robert
Huntoon, Waterloo; John McDowell, Water-
loo, and Roger Rannya, Cedar Falls, jour-
neyed through Missouri, debating teams of
Culver-Stockton College, Canton; University
of Missouri, Columbia; North-east Missouri
State Teachers College, Kirksville; South-
east State Teachers College, Cape Girardeau;
William Jewell College, Liberty; North-west
Missouri State Teachers College, Maryville,
and Tarkio College, Tarkio.

The first in a series of eight debates took
place at the University of Missouri. This
was a debate over the radio between Robert
Ebel and Robert Huntoon, for the College,
and Guy Green and Roy Mason, for the Uni-
versity of Missouri. The question argued
was, "Resolved: That this house deprecates
the extension of United States influence into
Latin-America." This was a non-decision
contest.

The next two debates, both non-decision
affairs, took place on Wednesday, March 11,
at Cape Girardeau. They were well attended.

Cape Girardeau is a beautiful city over-
looking the Mississippi, and situated one hun-
dred and fifty miles south of St. Louis. The
debaters agreed that they had never beheld
finer scenery outside of Iowa than that be-
tween St. Louis and the Cape, and that they
had never met a more cordial welcome any-
where than at Cape Girardeau.

Debate number four, occurred at Kirks-
ville, where Mr. Ebel and Mr. Huntoon up-
held the negative of the question, "Resolved:
That the nations should adopt a policy of
free trade." The debate bristled with facts
and was not barren of humor. The audience
gave a tie vote.

Two debates followed on the next day,
Friday, March 13, both on the free trade
question. One was held at William Jewell
College and the other at North-west Missouri
State Teachers College. The first was a non-
decision affair, and the second a decision de-
bate with three local judges. The judges
gave the decision to the Missouri school.
This was the thirty-fourth debate of the sea-
son for the Missouri team and they were,
therefore, exceedingly smooth and very ef-
fective.

North-west State Teachers College is the
only school that has enjoyed a margin of
victories over Iowa State Teachers College
during the present season, winning two de-
bates and Iowa State Teachers College one.

On Saturday, March 14, a peppy, but very
tired debating squad lined up for two debates
against Tarkio. They had hoped that these
would be decision affairs, but Tarkio finally
decided otherwise. Then followed two de-
bates which, for spirit and interest, the old
town hall of Tarkio has rarely witnessed
their equal. Fest, McDowell, Rannya, and
Huntoon spoke for the Teachers College.
High School Dramatic Conference Planned

Plans are on foot for a conference of those interested in high school dramatics to be held at State Teachers College Saturday, April 11. The conference will be under the auspices of the interpretative speech section of the English Department in co-operation with the teachers of dramatic work in the training school.

While the program is not fully completed it is possible to give a general idea of what will take place. The conference will begin at nine-thirty Saturday morning in the training school auditorium. Discussions will be given on the more important problems which confront the director of high school dramatics: directing, costuming, make-up, scene construction and choice of plans for junior and senior high school, church and community organizations. It is planned to illustrate these points through the presentation of two or three short plays. The program has been designed to help high school instructors, high school students, and others interested in play work.

In the afternoon a matinee performance of Tolstoy's "Redemption," the Bertha Martin Memorial benefit play, is to be given in the college auditorium so that those attending the conference may have an opportunity to see it. Seats for this may be reserved in blocks by writing Mr. Boardman in advance. Rates of thirty-five cents will be given high school students attending.

Those who wish to extend their stay into the evening will have an opportunity to see and hear the new vitaphone recently installed. The play for the evening is Rex Beach's "Silver Horde." Special rates will be granted visitors.

BERTHA MARTIN MEMORIAL BENEFIT PLAY

Those who read the tentative plans for a Memorial Benefit play to be given early in April will be interested to know that the dates set for the performances are Thursday, April 9, at 8:15, Friday, April 10, at 8:15, and Saturday afternoon at 2:30.

The play chosen is Tolstoy's "Redemption," one of the few great modem dramas. The theme of the play is in keeping with the purpose for which it is being produced and will in itself be a fitting memorial to Miss Martin. It will, moreover, give opportunities for acting, directing, costuming and scenic effects unsurpassed by anything produced here since Jeanne D'Arc, Pharaoh's Daughter or Ephigenia.

Commercial Alumni Meet

Alumni of the Commercial Department of the Iowa State Teachers College met at a dinner in the Fort Des Moines Hotel on Tuesday evening, December 30, in connection with the annual meeting of the National Commercial Teachers' Federation in Des Moines, December 29, 30, and 31. Ira S. Condit, Head of the College Department of Mathematics and Commercial Education, presided.

The following alumni were present at the dinner: Kenneth Baldwin, C. '28, Delta; Arvilla Benshoof, C. '25, Cedar Falls; Violet Mae Bennett, C. '25, Jamestown, New York; Elsie Mae Bennett, C. '23, Detroit, Michigan; Albert Berg, Augusta, Illinois; Gladys Christensen, C. '26, Johnston; Mary Crawford, B.S. '28, Galena, Illinois; Vera Crovisier, B.A. '26, Detroit, Michigan; N. Birss Curtis, B.A. '22, Pittsburgh, Pennsylvania; Ivy Duden, J.C. '24, Milwaukee, Wisconsin; Ethel Erickson, J.C. '26, Sac City; Howard Flower, C. News Items of the College

SCHOOL DESK BELLS DISAPPEAR

"The music of the bells," calling pupils to school or calling them to task while in the classroom, is disappearing throughout Iowa, according to prominent educators at the College.

The desk bell, which irate schools maums were wont to pound upon a decade or less ago, is nearly extinct, say both A. C. Fuller, associate director of the Extension Division, and M. J. Nelson, Head of the Education Department at the College. Likewise, in the opinion of Mr. Fuller, the days of the belfry bell seem to be numbered, with few new schools providing for them.

In their stead electric bells which signal the closing and opening of various classes predominate in nearly all modern schools. Teachers depend on pencils and their hand to gain attention, or perhaps need no signal at all to call the class to order.

The disuse of the bell as a signal may be observed in Central Building of the College, where the old school bell which formerly called college and training school students to classes now hangs silent and rusty. It has been nearly five years since it last announced the opening and closing of the day's work.

STUDENTS JOIN NATIONAL FEDERATION

Wendell Bragonier, Cedar Falls, as a representative of the Student Council, attended the Annual Convention of the National Student Federation of America held this year at the Georgia School of Technology at Atlanta, December 29 to January 1.

Bragonier's election as a delegate followed a decision of the Student Council favoring the affiliation of the College with the National Federation. The Council, of which Bragonier is treasurer, takes an active part in the direction and control of student life.

The National Student Federation, which the College joined recently, has as its objectives, "The achievement of a spirit of cooperation among the students of America to give consideration to questions affecting students' interests, the development of intelligent student opinion on questions of national and international importance, and the fostering of understanding among the students of the world which will help further an enduring peace."

MEN WIN SCHOLASTIC HONORS

Men students at the College conceded co-eds nearly three to one odds in numbers enrolled for the Fall Term and still annexed individual honors, according to reports of Sadie B. Campbell, dean of women, and Leslie I. Reed, dean of men.

Ruth Rummens, Hardy, the highest ranking co-ed, earned a total of 67 grade points carrying 19 hours of work, in addition to doing four hours of outside work daily. Robert Ebel and John McDowell, both of Waterloo, and Frank Church, Kensett, scored 70 grade points or above to lead the men.

However, in the total number on the honor roll, made up of persons who score 50 or more grade points, the women outdistanced their competitors. One hundred and ten women are thus honored in comparison to 24 men.

WINTER PURPLE PEN DISTRIBUTED

The winter number of the Purple Pen, student literary publication at the College, is now on sale and available for distribution to alumni, Leora Boetger, of Davenport, managing editor, has announced.

This issue of 32 pages includes child sketches, short stories, humorous and literary essays, character sketches, and a variety of poems. The work of 26 students is represented in the book.

SHIELD CLUB AWARDS HONORS

Scholastic honors were conferred upon nine women students of the College Saturday, February 14, when initiation ceremonies were held at a luncheon of the Shield Club, honorary physical education society, in the Cedar Falls Women's Club House.

In the presence of more than 80 students majoring in the department of Physical Education for Women, and special guests including President and Mrs. O. R. Latham, Miss Sadie B. Campbell, dean of women, and Dr. and Mrs. F. N. Mead, membership in the Club was conferred upon Dorothy Henderson, Castalia; Helen Barnt and Myrna Dawes, both of Sac City; Marjorie Potts, Cedar Falls; Gladys Prescott, Waterloo; Eleanor McMillan, Ames; Margaret Morris, Cedar Rapids; Ruth Saddler, Charles City, and Ella Wessling, Paton. Membership in the organization is based on "motor, scholastic and social attainments."
RED OAK IS BRANCH SCHOOL SITE

If the necessary funds are voted by the General Assembly a branch school of the College will be located at Red Oak, Iowa, for the summer of 1931.

The branch school, with courses for students with freshman and sophomore rank, will open with registration of students Wednesday, June 3, while formal instruction will begin Thursday, June 4.

Dr. E. L. Ritter, extension professor of education, will be director of the branch school which will employ a staff of twelve or more instructors. Classes will be held five days each week and the term will close Friday, August 21.

Courses in basic subjects will be offered in the branch school. The courses of study will be closely in line with the subjects taught in elementary schools and will allow beginning teachers to complete work looking forward to the completion of the requirements for state certificates.

This year, in view of the general economic conditions, the College has adopted a policy of voluntary retrenchment by eliminating two of the three schools customarily operated, thus effecting a saving of approximately $10,000.

Cecilians Present Concert

The Cecilians, women's glee club at the College, composed of thirty-two solo voices, appeared in their forty-second annual concert, April 2, in the College Auditorium, under the direction of Olive L. Barker.

This year's program consisted of a formal Handel number, a group of Russian songs sung a cappella, with solo parts taken, as always, by club members. Gladys Arns, pianiste and accompaniste, offered the third number. The Orchesis, dancing society, assisted in the fourth part in interpreting the Old World dance songs, the gavotte, a minuet and a gigue. The program concluded with four modern songs full of interesting harmonies.

The Cecilians will present a half-hour program at the Thursday morning session of the North Central Section of National Music Supervisors Conference at Des Moines, Iowa, April 18.

President O. R. Latham is scheduled to address the Eleventh Annual Ohio State Educational Conference to be held at Columbus April 9, 10, and 11.

DRAMA CLASS PRODUCES PLAY

"Dr. Knock, the man who put a whole town to bed," demonstrated his medical wares at the College Friday, February 27, at 8:15 P.M. The 'notorious' surgeon in the person of Ellis Barber, Ionia, was assisted in his demonstration by members of the play production and scene construction classes at the College.

The play, named after the fictitious doctor, is a French comedy in three acts by Jules Romains. It was presented in Harley Granville-Barker's English version. The cast, composed of members of the play production class, was under the direction of Miss Hazel Strayer, professor of oral interpretation, while the scene construction class was directed by Charles Holden, instructor in English. Mr. Holden designed all the settings and property and directed the students in the actual construction.

Tau Sigma Delta Sorority won first, the Cecilian and Minnesinger Glee Clubs, second, and Phi Sigma Phi Sorority, third, in the competition for the best acts in the second annual Tutor Ticklers vaudeville at the College February 12 and 13.

The winning organizations received silver loving cups for their efforts, and the Student Loan Fund received approximately $500 as the net profits of the show. One hundred and fifty students took part in the production.

Sir Philip Ben Greet, with a company of noted English actors, presented the Shakespearean plays "Hamlet" and "Twelfth Night" at the College, Monday, March 2, as the fifth number of the Lecture and Entertainment Course.

The famous Shakespearean producer and his company played to a capacity audience in both performances, and his interpretation of the two plays of the immortal English bard elicited high praise from many members of the College Faculty.

Frank Miles, democrat, editor of the Legionaire, of Des Moines, Iowa, and Max R. Hueschen, republican, of Holstein, Iowa, were nominated by the Senate as new members of the Iowa State Board of Education. They will assume office July 1, 1931 for a term of six years.
PROFESSORS TO BE HOSTS

Members of the Teachers College Chapter of the American Association of University Professors will be hosts at the state meeting of the Association to be held at the College this May.

The local chapter, organized last year, has a membership of thirty professors. Present officers of the group are C. W. Lantz, professor of natural science, president; E. O. Finkenbinder, professor of education, vice-president; Miss May Smith, professor of education, secretary, and C. W. Wester, professor of mathematics, treasurer.

STUDENT PRESIDENTS BANQUETED

One hundred and one student leaders and presidents of campus organizations met for the second annual organization banquet with President O. R. Latham, Dean Sadie B. Campbell, and Dean Leslie I. Reed, at the Bartlett Hall Dining Room, Monday evening, March 23.

President Latham spoke to the students, urging them to cooperate with the faculty members and administrators in making the Iowa State Teachers College the best institution of its kind in the country. The President made a plea for active rather than passive cooperation. He urged the students not only to aid the college administrators in carrying out the policies of the institution, but to be on the alert to suggest ways in which their college life might be made even more valuable and effective.

BASEBALL TROPHIES AWARDED

Two star Tutor athletes, Verdin Barnum, Olaf City, and Gerald Baxter, Cedar Falls, were awarded trophies here between halves of the Dubuque U.-Teachers game Thursday night, January 15, as a result of being voted the most valuable men in their respective sports. Barnum captained the baseball team of last spring while Baxter led the Tutor tracksters.

The trophies, presented by the Berg Drug Company, were pen sets with gold miniatures of a baseball player and track man upon them.

The most valuable athlete in each major sport is chosen at the close of the season by the Athletic Board of Control and members of the coaching staff. H. E. Rath, professor of natural science, and chairman of the board, presented the awards.

HIGH SCHOOLS DEBATE AT COLLEGE

High school debate teams were to compete for scholarships, trophies, and medals at the College April 2, 3, and 4, in the Fourth Annual State High School Debate Tournament. W. A. Brindley, professor of public speaking and coach of debate at the College announced as the Alumnus went to press.

Four-year Teachers college scholarships will go to the three individuals receiving the highest rating; members of the two winning teams will receive medals, and trophies will be awarded to the two victorious schools.

Whereas only nine schools applied for admission last year, there were twenty-two schools making application to take part in the contest this year. The “Round Robin” plan of debate this year made it necessary however, to limit the number of teams to eleven.

XANHOS WIN INTRAMURALS

Xanho Fraternity teams annexed intramural championships in basketball and wrestling during the winter term to give them the edge over their nearest rival, the Alpha Delta Alpha Fraternity. A.D.A. paddlers defeated the Xanhos in the swimming meet, were runner-ups in the mat contest, and were among the finalists in the cage tourney.

The Nighthawks, an independent court team and one of the quintets to reach the finals, easily took the lead in colorful quantities. The team was captained in each game by the player staying out the latest the night before the tilt, wore pajamas for sweat suits, and sported a hawk mascot.

Margretta Kerr, B.A. '31, of Grundy Center, Iowa, presented a piano recital at the college, Thursday evening, March 12.

Miss Kerr, a pupil of Miss Alta Freeman, professor of piano at the College, played as the opening number of her program “Sonata, opus 27 No. 1,” by Beethoven. The other numbers of the recital included “Aria, Jewell Song from ‘Faust,’” by Gounod; "Reflets dans l’eau,” by Debussy; “Concert Etude” by Liszt and “Concerto, A Minor,” by Grieg.

Miss Kerr was assisted by Jane Corsaut, soprano pupil of Mrs. Elizabeth Burney Schmidt, professor of music and voice at the College.
College Trains Coaches of the Future

="EACH year the Iowa State Teachers College receives scores of calls from public school officials throughout the country for athletic coaches and teachers of physical education in combination with various other high school subjects. The institution is making every effort to meet this demand in a very distinctive manner."—President O. R. Latham.

Young men athletically inclined are finding at the Iowa State Teachers College a physical education department with equipment and expert instruction which certainly can help them to fit themselves in a "very distinctive manner" for a fascinating life profession.

Physical Plant Unexcelled

In the matter of equipment, the Physical Education Department for Men at the College is probably unexcelled by similar departments in other colleges in the Midwest. The physical education plant, located on a level tract of ground at the west end of the Campus, occupies an area of forty acres. The plant includes the Men’s Gymnasium, 170 feet by 202 feet; a regulation baseball diamond with bleachers capable of seating two thousand persons; a football stadium with seating accommodations for crowds in excess of five thousand, eleven tennis courts, and a cinder track.

Modern Gymnasium

The Men’s Gymnasium, erected in 1925, is modern in every respect and contains a large two-court gymnasium floor with galleries and bleacher facilities for crowds in excess of twenty-five hundred, wrestling rooms, hand-ball courts, class-rooms, offices for the instructional staff, locker rooms, showers, and a white tile swimming pool 60 feet by 30 feet with a maximum depth of nine and one-half feet.

In addition to this, the building is outfitted with a supply room and training room which contains equipment for treating injuries and for the administration of light ray treatments and sun baths.

The Men’s Club Room is luxuriously outfitted with furniture of the most modern mode. A huge fireplace with its cheery blaze on cold winter evenings is not the least among the delightful features of this club room.

Free Athletic Equipment

The Physical Education Department for Men provides athletic equipment for all students majoring in physical education work. In the matter of materials and educational apparatus available to students, the Department is probably one of the best equipped in the country.

For students taking courses in the theory of football, the most expensive items of equipment are completely provided. Every student in these courses is outfitted with regulation football regalia. In basketball, baseball, and other subjects, the students are provided with part of the outfits required, such as jerseys and suits. The provision of this type of equipment greatly reduces the expense to the student who enrolls in the coaching courses.

Expert Instruction

Six instructors compose the teaching staff. These men with several assistants and a maintenance staff of seven men, all under the direction of L. L. Mendenhall, Director of Athletics, administer the work of the Department.

The instructional and coaching staff, in addition to Mr. Mendenhall, includes L. W. Whitford, assistant professor of physical education and head football and baseball coach; Arthur Dickinson, assistant professor of physical education and head basketball
and track coach; David McCuskey, instructor in physical education and head coach of wrestling and assistant football and baseball coach; Melvin Fritzel, instructor in physical education and head coach of freshman football and basketball, and Paul Bender, who will rejoin the staff June 1, after a year of study at Columbia University. Expert and highly practical instruction is insured by the fact that the members of the staff have had many years of practical experience in the direction of athletics. Director Mendenhall and Coaches Bender and Dickinson are all graduates of the University of Iowa, and have had wide and varied experience in coaching work and athletic instruction.

Coaches Dickinson, Whitford, Fritzel, and McCuskey are graduates of the Iowa State Teachers College. Coach Whitford and Dickinson have had many years of experience as coaches in the high schools of Iowa and at the Teachers College.

Coach Fritzel and Coach McCuskey joined the instructional staff of the College in 1930. Both have been stellar performers on the varsity athletic teams at the college.

Future Coaches Trained

An average of 150 future coaches work under these men each year. Instruction is given in football, basketball, wrestling, swimming, baseball, track, gymnastics, mass athletics, and in the organization and administration of athletics. Both theory and practice are covered, giving the student a complete working knowledge of every sport studied. Men in theory classes have an opportunity to play on the varsity teams in all sports, if they show outstanding talent.

Regular collegiate work is also carried in conjunction with the athletic courses, giving the coaching major a well-rounded education leading to a bachelor of science degree in coaching and athletics.

Intercollegiate Games

Competition with other schools is scheduled each year in football, cross country, basketball, wrestling, track, baseball, tennis, and golf. Two new busses transported the various athletes on their tours during the past year, which took them through Illinois, Michigan, Missouri, Kansas, South Dakota, and Iowa. The prowess of the Tutor teams is becoming better known in the Midwest each year, with the itinerary consequently becoming longer for each sport.

Intramural sports also have a large following at the College, since any man student enrolled man enter. Cups are awarded in basketball, wrestling, swimming, track, baseball, tennis, and golf. Nearly every men's organization on the campus enters a majority of these games. In addition to the annual awards in intramural activities, recognition is made for students outstanding in classwork and in athletic competition with other schools. An annual athletic scholarship medal is awarded to the senior athlete with the highest grades in four years of collegiate work. A similar scholarship medal is awarded to the freshman athlete with the highest grades. In addition, the student chosen as the outstanding player in each of the major

THE TEACHERS CHARGE

The ball is snapped and returned through the line during the Tutor-Michigan Normal battle last fall. Grid teams at Teachers College each season meet some of the strongest elevens in the Midwest, both in Iowa and in nearby states. The team from Ypsilanti, and Western State Teachers College of Kalamazoo, also appear on the schedule for this year.
Opponents of the Teachers' grid team of next fall should view askance this photo of the council of coaches at the College, snapped while Coach Munn Whitford outlines his plan of action on the gridiron. The group includes (from left to right), Director of Athletics, L. L. Mendenhall, Coach Melvin Fritzel, Coach Whitford, Coach Dave McCuskey, and Coach Art Dickinson, all comfortably ensconced in the new Men's Club Room at the College.

Sports is awarded one of the coveted Berg Trophies.

Student Expenses Low

The financial outlay is probably the most reasonable among coaching schools of the country. The majority of fees usually listed as extras, are included in the low tuition rates at the Teachers College, books generally being the only expense items aside from tuition fees due at the beginning of each term. The entire cost of the first year, exclusive of living expenses, is approximately $100. The tuition is $20 a term for freshmen and sophomores, and $30 a term for juniors and seniors. Students may obtain rooms in private homes and rooming houses at about $24 to $30 a term. The usual price for board at eating houses is $5 a week.

Graduates Readily Placed

Graduates of the school have an excellent chance to secure remunerative positions in their chosen field, since calls for coaches exceed the demand for any other teacher at the College. Each year the total number of students enrolled in the coaching courses has increased, and at present, in spite of the annual increase the College finds it impossible to meet the demand for coaches made by high schools in Iowa and other states. In 1928-'29 there were 185 calls with but 21 coaches available to fill the positions. For the student genuinely qualified by interest and ability this situation spells real opportunity. With the thorough training which students receive at the College they are almost certain to qualify for good positions. Although the majority of the graduates of the Department secure positions within the state, they are well accepted in any section of the country. It is not unusual for a graduate to start his career in a college or university.

Practical Experience Gained

Actual experience is gained before graduation in work in the school systems of Cedar Falls and Waterloo, or in theory classes at the College. The Teachers College High School, where many students get their experience in teaching, is regarded as one of the outstanding athletic schools of the state in its division. Students thus have an opportunity to gain valuable experience in the direction of all forms of athletic work including basketball, football, wrestling, baseball, and track. This same practical approach is carried out in the method of instruction in
nearly all of the courses taught in the Department. Theory and practice go hand in hand, with the student applying knowledge gained in the classroom to the actual direction of his classmates in the practice work on the gymnasium floor and on the field.

**Athletic Courses Offered**

II. Theory of Football II. An intensive study of team play, offensive and defensive systems, signal systems, and scouting. Theory and practice.

III. Theory of Football III. Football coaching under supervision. The coach's problems; building formations and plays, strategy and generalship. Observation work. Theory and practice, 10 periods a week.

VII. Theory of Track I. Forms and methods of starting, sprinting, hurdling, distance running, pole vaulting, high and broad jumping, shot putting, discus and javelin throwing. Theory and practice.

XV. Organization and Administration of Athletics... Purpose of athletics. Intramural plan, efficiency tests, playground work, and scout leadership. Interscholastic athletics, games, track meets, tournaments. Business administration, sportsmanship, and ethics.

**Summer Term Courses**

XVI. Theory of Football IV. The theory of offensive and defensive systems from the viewpoint of the coach. Rules for the coach, the official, and the player. Theory and practice.

WRESTLING IS A MAJOR SPORT

Wrestling is a close rival of basketball for the attention of students and townsfolk of Cedar Falls. Large crowds gather to witness this sport which is now a major athletic activity at the College.

Above is shown an exciting match between a Teachers College wrestler and an opponent representing Iowa State College. The Tutor threw his opponent.

Cagers Awarded Letters

Nine cagers at the College won basketball letters during the season just past.

The men are Lloyd Haberichter, La Porte City; Stewart Cooper, Sac City; Paul Lambert, Buckingham; Arthur Olson, Cedar Falls; Francis Schammel, Waterloo; Durward Anderson, Minneapolis, Minnesota; Floyd Harger, Grand River; Clarence Meewes, Reinbeck, and Roger Willert, Reinbeck.

Haberichter, Cooper, and Anderson will be lost by graduation, but the rest of the squad will return next year with the exception of Harger, a junior.

In accordance with the ruling recently adopted at the Teachers College no captain will be elected to lead next year's five.

WRESTLER IS HONOR STUDENT

James Luker, of Cedar Falls, 165-pound varsity wrestler on this year's Tutor mat team, is another young athlete who gives the lie to the adage that the muscles of young men athletically inclined grow thickest between the ears. He placed sixth in scholarship among the men students of the College during the fall term. He also earned enviable marks in all subjects during his first two years of school here. He still has a year of varsity competition.

RELAYS CONTINUED

The Teachers College Relays, which were to have been discontinued this spring because of a ruling made recently by the North Central Association of Colleges and Secondary Schools, will be carried on as a district meet of the State High School Association.

L. L. Mendenhall, director of athletics at the College, dropped the relays in keeping with the North Central ruling which states that colleges belonging to the association cannot hold high school meets unless requested to do so by the state high school athletic association. Following Mr. Mendenhall's announcement, high schools in Northeastern Iowa took up the case and the secretary of the Iowa High School Athletic Association indicated that the relays would be continued with the College High School as host.

The College relays have attracted the cream of Northeastern Iowa's high school track and field stars for the past ten years. The games have grown steadily in popularity during their existence, drawing an increasingly greater number of athletes within the last few years.
Thin-Clads Drill for Grueling Track Season

FIFTY-TWO Tutor varsity track men who received letters from Coach Art Dickinson this year began outdoor workouts the third week of February in preparation for another hard year of cinder competition.

From these thin-clads, Coach Dickinson will glean a squad to represent the College this spring in the Iowa Conference meet at Des Moines, March 28; Kansas relays at Lawrence, Kansas, April 17 and 18; Drake relays at Des Moines, April 24 and 25; Dakota relays at Sioux Falls, South Dakota, May 1 and 2; Coe and Cornell at Cedar Rapids, May 9 (both freshmen and varsity); Luther, Columbia, Dubuque U. and Upper Iowa at Columbia, Dubuque, May 16, the Iowa Conference Outdoor meet at Cedar Falls, May 22 and 23, and the State Meet at Des Moines, May 30.

Veterans Lost

Optimistic forecasts for this year's cinder squad are seldom heard in the Teachers' camp, due to the wholesale loss of veterans in the track events. The most telling blow came at the start of the spring term when J. B. Lake, three-year varsity hurdler and a nearly sure point-getter in any meet, was declared ineligible because of scholastic difficulties. Other men, graduated last year, who must be replaced by Coach Art Dickinson, are Ben Duea, sprinter; Clyde Ridenour and George Churchill, both stellar quarter-milers, and Norbert Noecker and George Partington, who led Tutor runners to the tape in the two-mile event last year.

Included in the group are six lettermen, well scattered in the various events, excepting for the sprints. They are Captain Stewart Cooper, Sac City, who throws the javelin with the best in the state; Gerald Baxter, Cedar Falls, who as last year's leader scored points in the vault and on various relay teams; Arthur Gerber, Kamrar, shot put; Paul Grier, Guernsey, jumps and dashes; Albert Graser, Cedar Falls, distance runner, and Keith Stapley, Hampton, vault and high jump.

Besides the letter winners, veterans of last year who will return are W. H. Wehrle, Wellman, jumps; Lloyd Haberichter, La Porte City, hurdles; M. A. Wehrle, Wellman, shot put; Durward Anderson, Minneapolis, Minn., field events; Orville Orr, Cedar Falls, vault; Don Cole, Ames, discus; O. S. Knudsen, Scarville, half mile; Milton Woito, LuVerne, low hurdles; James Dardis, Milford, distances; Gale Anderson, Mason City, sprints; Burl Berry, Wellman, sprints, and Kenneth Spurling, Early, jumps and sprints.

Members of last year's Frosh squads are expected to give both lettermen and veterans stiff competition in nearly all departments. Outstanding among these men are Roger Willert, Reinbeck, and Francis Schammel, Waterloo, in the weights; Harlan Staley, Nashua, sprints; Thurston Flickinger, Waterloo, Mahlon Hintzman, Nora Springs, Delmar Risse, Grinnell, and Floyd Robinson, a transfer from Cornell, all in the distances; Clarence Meewes, Reinbeck, and Art Olsen, Cedar Falls, hurdles, and Wendall Pierce, Cleghorn, vault. Ray Helt, Allison, Wayne Johnson, Norfolk, Nebraska, and Paul Beckman, Coralville, who have starred in intramural meets, are also to be considered among this year's possibilities.

Freshmen Start Practice

Frosh tracksters have also started practice with meets already arranged with Grinnell and Coe and Cornell, and the Coe triangular. About fifty yearlings are expected to make track bids this year.

The majority of the men mentioned are already in good shape to begin the training grind, due to daily indoor drill during the fall and winter months of participation in other athletics. Daily drill has had an unusually large number of devotees, forecasting ample competition for squad positions from the start of the season.

Sophomores Predominate on ’31 Nine

TWENTY-SEVEN Tutor ball players, mostly sophomores or reserves of last year, have reported to Coach Munn Whitford for the first outdoor diamond work of the year in preparation for the opening game with Iowa University here April 15.

Lettermen were outstanding in the first drill because of their scarcity, Captain Wayne Heintz, Collins, and Royal Nash, Petersen, being the only two regulars to return from last year. Clarence Daubert, Ames, another regular on the 1930 nine, did not report because of an injured knee which kept him from all basketball competition and a major share of grid play last fall. It is doubtful if the Ames athlete will be able to play at all this season.

Six pitchers are included in the group besides Captain Heintz. Albert Miller, La Porte City, Paul Johnson, Shannon City, and Dan Johns, Lime Springs, are reserve flingers from last year, while Charles Ward, Wall Lake, Arlo Woods, Shannon City, and Frank Church, Kensett, are the sophomore hurlers to report. Millard Berry, Joice, is the only reserve catcher to return, although Lee Cole, Ackley, Forrest Montgomery, Monroe, and Raymond Schrody, Cedar Falls, sophomores, will also make a try for the position behind the plate, along with Raburn Miller, Zearing, who is making his first try for a job on the team.

The infield must be built around Nash, a regular player at second base last year. Wendell Dunn, Kingsley, and Francis Schammel, Waterloo, sophomores, are candidates for the first base post, while Francis Fish, Lone Rock, George Thomson, Stanwood, Paul Lambert, Buckingham, Edgar Pohlman, Melvin, and Lloyd Fiscus, Liscomb, are all sophomore aspirants for other infield positions. Charles Vincent, Searshoro, who was a member of last year’s varsity squad for a short time, is another player who is attempting to break into this year’s infield. Lester Lynch, Waverly, making his first bid in the diamond sport, is also an infield candidate.

Three new faces will be seen in the Tutor outfield, with Melvin Ingelbritsen, Radcliffe, a letterman of three years ago, Virgil Lekin, Parnell, and James Paustian, Walcott, reserves of last year, apparently having the best chance to win jobs. Don Cook, Corwith, Floyd Harger, Grand River, and Verl Donald, Promise City, are sophomores reporting, along with Merle O’Brien, Killduff, Wayne Heintz, veteran hurler, returns to the diamond this year to carry the duties of captain in addition to being the “king pin” of this year’s pitching staff. He has been one of the most dependable of Coach Whitford’s pitchers throughout his previous three years of varsity competition, winning 12 out of 17 games. Stick work also comes easy for the Tutor captain, who pounded out a .349 average last year.

1931 BASEBALL SCHEDULE

The complete schedule for this year is as follows: Iowa University at Cedar Falls, April 15; St. Olaf College of Northfield, Minn., at Cedar Falls, April 25; Carleton College, at Northfield, May 1; St. Olaf College, at Northfield, May 2; Western State Teachers College, at Kalamazoo, Mich., May 7; Michigan State College, at Lansing, May 8; Michigan State Normal, at Ypsilanti, May 9; Luther College, at Decorah, May 13; University of Minnesota, at Minneapolis, May 23; Luther College, at Cedar Falls, May 26; University of Minnesota, at Cedar Falls, May 29, and Western State Teachers College, at Cedar Falls, May 30.
Cagers Win Nine of Twelve Games

TUTOR Cagers wrote finis to the 1930-31 court season February 26 when they won over Columbia for a total of eight Iowa Conference victories, three losses, and one non-conference win over Coe.

Captain Lloyd Haberichter, La Porte City, who has been both all-state and all-conference center for the past two years, and Stewart Cooper, Sac City, another leading basketeer, concluded their cage careers this season. Both possessed superior basket eyes, Haberichter scoring 111 points during the season and Cooper 117, making their positions doubly hard to fill next year.

The Teachers' opponents were outscored by nearly 150 points, the totals reading 411 points for the Tutors and 262 for the opposition. The scores were Teachers 27, Coe 17; Teachers 47, Dubuque University 13; Teachers 47, Simpson 17; Teachers 12, Luther 25; Teachers 41, Parsons 22; Teachers 23, Dubuque University 17; Teachers 27, Columbia 33; Teachers 34, Simpson 30; Teachers 17, Luther 23; Teachers 38, Parsons 24; Teachers 58, Penn 17, and Teachers 36, Columbia 24.

Successive blows early in the season took Coach Art Dickinson from the squad for nearly a month with illness and lost three outstanding players. Clarence Daubert, Ames, a letterman from last year, was unable to report during the season because of an injured knee, while Francis Brouwer, Ventura, one of the most promising of the Frosh squad of last year, and Claire Holck, Reinbeck, a letterwinner at guard last year, were ineligible.

Captain Haberichter was a regular starter at center, with Cooper and Paul Lambert, Buckingham, or Clarence Meewes, Reinbeck, at forwards, and Francis Schammel, Waterloo, and Art Olsen, Cedar Falls, or Durward Anderson, Minneapolis, Minn., at guards. Floyd Harger, Grand River, forward, Paul Beckman, Corwith, guard, and Roger Willert, Reinbeck, center, were others who saw action during the season.

VARSITY CAGE SQUAD OF 1931

Here are the members of this year's Teachers College cage squad, who closed the current season on their home court Thursday, February 26, against Columbia.

First Row, (from left to right), Floyd Harger, Grand River; Art Olsen, Cedar Falls; Stewart Cooper, Sac City; Captain Lloyd Haberichter, La Porte City; Francis Schammel, Waterloo; Paul Lambert, Buckingham, and Durward Anderson, Minneapolis, Minn.

Second Row: R. W. Sandven, Roland, student assistant; Clarence Meewes, Reinbeck; Paul Beckman, Corwith; Roger Willert, Reinbeck; Russell Hackler, Lincoln, Nebr., and Coach Art Dickinson.
Frosh Cagers Clean Slate

Freshman basketteers at the College made a perfect record for intercollegiate performance at the end of the season just past. The Freshmen were victors in contests with Grinnel College and Cornell College first-year teams. The Teachers College Freshmen won the Cornell match 31 to 29, and defeated the Grinnell yearlings by the score of 26 to 22.

Seventeen Compete

Members of Coach Melvin Fritzel's squad were Max Boller, Nevada, forward; Kenneth Kimberlin, Marshalltown, forward or guard; Clair Kraft, Oelwein, center; Ray Johansen, La Porte City, guard or center; Earl Quackenbush, Waterloo, forward; Scott Townsend, Sac City, guard; Marvin Kuhn, Charles City, forward; Elmer Neff, Marion, guard; Harold Condit, Des Moines, center or forward; Wilbur Wiegand, Spirit Lake, guard; Don Cafferty, Farnhamville, forward; David Irvine, Traer, guard; Loren Brown, Springfield, guard; Richard Christensen, Cedar Falls, forward or guard; Walter Clauson, Strawberry Point, center; William Collins, Waterloo, and Marshall Torgerson, Bode, forwards.

Gridders Receive Sweaters

Twenty-one Iowa Teachers gridders were honored with monogram sweaters for their performances during the 1930 football season between halves of the Teachers'-Simpson basketball game February 12.

Stewart Cooper, Sac City, Teachers' great end who gained positions on both all-state and all-conference elevens, headed the list. Besides winning this year's letter, he received a blanket emblematic of four varsity letters won in the grid sport.

The letter winners are Russell Hacket, Lincoln, Nebr.; Claire Holck, Reinbeck; Donald Gooden, Bedford; Maynard Harman, Sac City; Burl Berry, Wellman; Stewart Cooper, Sac City; Arthur Gerber, Kamrar; Albert Miller, La Porte City; Captain Charles Tompkins, Spirit Lake; Ivan Williams, Coin; Ward Chambers, Anderson; Don Cole, Ames; Merlins Westwick, Williams; Arthur Olsen, Cedar Falls; Michael Klinoff, Waterloo; Glenn Cowlisaw, Dunkerton; Wayne Johnson, Norfolk, Nebr.; James Dardis, Milford; Owen Ralston, Sheldon; Robert Burley, Harris, and Francis Schammel, Waterloo.

FRESHMAN BASKETBALL SQUAD

The freshmen basketteers, pictured above demonstrated promising power in their wins over Cornell and Grinnell colleges this year.

Top row: Marshall Torgerson, Bode; Marvin Kuhn, Charles City; Loren Brown, Springfield; Earl Quackenbush, Waterloo; Walter Clauson, Strawberry Point; Richard Christensen, Cedar Falls; Elmer Neff, Marion; Donald Cafferty, Farnhamville; Coach Melvin Fritzel.

Bottom row: Scott Townsend, Sac City; Kenneth Kimberlin, Marshalltown; Ray Johansen, La Porte City; Claire Kraft, Oelwein; David Irvine, Traer; Harold Condit, Des Moines; Max Boller, Nevada, and Wilbur Wiegand, Spirit Lake.
Three Wrestlers Go to National Meet

Teachers College wrestlers concluded a successful mat season by sending three representatives to the invitation wrestling meet of the National Collegiate Athletic Association at Brown University, Providence, Rhode Island, following the annexing of four midwest A.A.U. championships and five second place ratings in the annual canvas event at Cherokee. In team matches with other schools the Tutors were victorious in three out of five contests.

The three men who took part in the national meet are Captain Finn Ericksen, Kimballton, 135-pound class; Jesse Arends, Alexander, 118-pound class, and Orville Orr, Cedar Falls, 155-pound class. Arends reached the finals before John A. Engle of Lehigh eliminated him. Captain Erksen lost a decision to Richard Cole of Iowa State who went on to win the title in the 135-pound class. Orr was defeated by John Richardson of Kansas State Aggies, who won second in the 155-pound class.

Arends’ wrestling is the more remarkable since this is his first year of varsity competition. Erksen and Orr both close four years of mat service this year.

The champions are Captain Finn Eriksen, Kimballton, 135-pounds; Maynard Harman, Sac City, 147-pounds; Jesse Arends, Alexander, 126-pounds, and James Luker, Cedar Falls, 175-pounds. Eriksen graduates, Luker is a junior, and Arends and Harman are both sophomores.

The runnerups in their divisions are John Brindley, Cedar Falls, 135-pounds; Clarence Johnson, Cherokee, 147-pounds; Orville Orr, Cedar Falls, 160-pounds; Ward Chambers, Anderson, 175-pounds, and Owen Ralston, Sheldon, heavyweight.

The scores in dual meets were Teachers 25, University of Minnesota 5; Teachers 27, University of Chicago 5; Teachers 29, Cornell 3; Teachers 4½, University of Illinois 23½, and Teachers 8, Iowa State 20.

Two men besides Captain Erksen will be lost to next year’s octet. They are Orville Orr, 155-pounds, and Ward Chambers, 175-pounds or heavyweight. All three of these grapplers won the majority of their matches during the season.

Coach Munn Whitford’s Frosh grapplers also turned in a good record for the season by nosing out the Cornell first team, 17½ to 16½ in their only inter-collegiate contest. The Freshmen were overpowered in their only other match of the year, going down before the varsity, 25 to 0.

VARSITY WRESTLING SQUAD

This is the 1930-31 mat squad which includes four A.A.U. midwest champions. The men, who defeated two out of three Big Ten teams during the season, are Harris, Arends, Sherman, Orr, Chambers, Ralston, Luker, Harman, Captain Eriksen, Coach Dave McCuskey, Black, Duea, Sheffield, Shuman, Brindley, Brownlie, Graham, Graser, and Coach Munn Whitford.
FRESHMAN MAT TEAM

Here are the members of this year's Frosh mat squad who, under the tutelage of Coach Munn Whitford, defeated the Cornell yearlings. They are Nativig, McClellan, Flannagan, Grooms, Berryhill, Stoddard, Coach McCuskey, Eness, Novak, Crosby, Abrams, Johnson, McKeever, and Coach Whitford.

“You just got in? You're captain,” says Maurice Manly, of Traer, manager of the Nighthawks, intramural cage team at the College, to Marvin Kuhn, of Charles City, sleepless forward on the quintet.

This unique team was led through each encounter by the member staying out the latest the night preceding the game. These training rules, although not endorsed by the college coaching staff, apparently work well with these players. They went through the preliminaries of this year's tournament undefeated. The pajamas served as sweat suits for the team.

The men are from left to right, first row: Howard Imus, Charles City; Bob Bruce, Carllisle, and Dwight Erikson, Marathon.

Second Row: Maurice Manly, Traer, manager; Ivan Loper, Charles City; Gilbert DeBoer, Hull; Clermont Loper, Charles City; Wilbert Brown, Oelwein.

Third row: Wilbur Owen, Cedar Falls; Claire Kraft, Oelwein, and Marvin Kuhn, Charles City.

Top row: Stanley Spears, Cedar Falls, and Dwight Winter, Independence.

HIGH SCHOOL OFFICIALS MEET

Coaches, superintendents, principals, and officials of the Northeastern High School Conference gathered at the College January 10 for their annual meeting. Approximately 100 attended the meeting, which was held in the Men's Gymnasium.

The conference opened with a speaking program, starting at 1:00 P.M., and closed with the Teachers-University of Illinois wrestling match in the evening.
This Issue: Athletics

The editors of the Alumnus have established a policy of including in each issue a feature section devoted to some department of activity at the College. This policy was begun with the first issue of the publication which appeared in the new dress of magazine style and with the new name, THE ALUMNUS.

The first article presented the plans of the dramatic section of the English Department for a Bertha Martin Memorial Theatre. The second article explained the work of the Orchestral Music Department and the new four-year course in band and orchestra direction. Other issues featured the development of the Memorial Theatre plans, and the work of the Placement Bureau.

This issue presents information concerning the Men's Physical Education Department at the College. It will be noted that the regular section of athletic news has been run in with the feature article explaining the work of the Department. This has been done in an attempt to more fully demonstrate the wide range of competitive sports in which men students at the College may engage, and to show the opportunity for actual competition which is open to those students who take up the coaching course.

Evening and Saturday Classes

A new departure in educational services offered by the College is being planned by the Extension Division. Evening and Saturday classes are to be maintained. The work will be administered by the Extension Department and will throw open to the public all the possibilities of the regular class-room and library facilities. Regular members of the college faculty will do the teaching work and full college credit will be given upon the satisfactory completion of the courses offered.

The courses will be of special interest to teachers who have not yet completed their college work and to those teachers in the elementary grades who wish to do advanced work.

All persons interested are asked to write for information, addressing their letters to the Extension Division, Iowa State Teachers College, Cedar Falls, Iowa.

Annual Dates are Released

Dates of the annual "Days" at the College include Boy Scout Day, October 24, Dad's Day, October 31, and the Homecoming celebration November 7.

The Boy Scouts of Black Hawk County and the surrounding territory will be guests of the College when the Luther football team engages the Teachers on their home field, while the dads will be honored with a banquet and entertainment when the Tutor gridders meet Simpson College.

Alumni returning for Homecoming November 7 will have an opportunity to see the football squad of their Alma Mater engage in a battle with Western State Teachers College of Kalamazoo, Michigan.

Wanted! Good Students

"More and more students," seems to be the cry of many an educational institution. Americans have too often judged the progress of an educational institution by the yearly increase in enrollment.

Alumni of the Iowa State Teachers College may be assured that the interest of their Alma Mater is not alone in numbers, but in more and better students.

In this connection may we urge alumni to be on the look-out for students highly qualified by personality and nature, as well as scholarship, to become teachers. By urging such students to attend the College, alumni may take a significant part in raising the prestige and insuring the excellence of the teaching profession.

Charles F. Johnson, M.Di. '98, superintendent of Luzerne County Industrial School for Boys at Kis-Lyn, Pennsylvania, is recognized as a highly capable educator and executive in the community which he serves.

An editorial appearing in a Pennsylvania paper says of Mr. Johnson, "He is one of the most outstanding men in the country in this line of work. It should be pleasing to the citizens and taxpayers to know that the Luzerne County School for Boys at Kis-Lyn is not only one of the best managed institutions of the kind in the country, but one of the most economically managed as well."

"The delinquent and dependent boys are under excellent supervision, trained in academic studies, in vocational departments, and in farm work. They are well fed and their physical needs are given careful attention. The fact that more than eighty per cent of the boys released on parole make good in various occupations and apparently have been turned away from bad habits and crime, many of them reared in vicious home environment, speaks well for the training they receive at Kis-Lyn."

The editorial describes Mr. Johnson as exceptionally capable, conscientious, and hard-working. He has been in his present position since the inauguration of the home and school.

Mrs. Johnson (Myrtle Boardman), B.Di. '97, takes great interest in the development and growth of the school. She has seen the institution grow gradually from one house with fourteen boys to a place with twenty-three buildings, thirty-seven employees and teachers, and a population of three hundred boys.
