## COMMITTEE ON ADMISSION, READMISSION AND RETENTION

### Explanation of Tables

#### TABLE I

Academic suspension is for no specific period, but readmission is not usually granted before the student has been out of college for at least one academic year. Students under academic suspension must apply for readmission. Some students may be permitted immediate readmission provided the cause of deficient performance has been removed and successful performance can be assumed. All percents refer to the total undergraduate student body.

Read the first line like this: In the fall semester 1990, 2.4% of the student body began the semester on a warning, at the end of which 1.1% had the warning canceled, 0.7% had it continued, and enough more received warnings to bring the total at the end of the semester to 4.7%. Read the probations the same way.

#### TABLE II

Grade indices are expressed in quartiles for each undergraduate classification and for all undergraduates.

#### TABLE III

This table shows the actual number of students placed into the warning, probation, and suspension categories for 2003. It also shows the action taken on applications for readmission for 2003.

#### TABLE IV

This table shows the achievement of previously suspended students for their first semester after readmission.
