PAUL E. RIDER

Department of Chemistry, University of Northern Iowa, Cedar Falls, Iowa 50614

PREFACE

Starting in 1976, annual reports have served as a continuing record of the activities of the Iowa Academy of Science. These augment a 100 year history of the Academy which was written in the centennial year of 1975.

This report covers the period from July 1, 1991 to June 30, 1992. It is based on the official records of the Academy (committee reports, Board minutes, correspondence) as well as the recollections, impressions and thoughts of the author.

THE 104TH ANNUAL MEETING

The University of Northern Iowa campus provided the setting for the 104th Annual Meeting of the Iowa Academy of Science, held on Friday and Saturday, April 24 and 25, 1992, in Cedar Falls, Iowa. The expansion section of the J.W. Maucker Student Union was used for the general sessions, symposia, and registration. The Awards Luncheon and the President's banquet were also held in the expansion.

The weather was cool and brisk, making the walk between the Union, Wright Hall, McCollum Science Hall, and Latham Hall somewhat more challenging than usual. There were over 425 registered for the meeting and additional attendees at the general sessions pushed the attendance to well over 500. The general sessions included a presentation on AIDS by June Osborn, the chairperson for the National Commission on Aids, and a description of Yellowstone Park after the 1988 fire season by Donald Despain, District Director of the park. Both received publicity in the Des Moines Register with the AIDS presentation making the front page.

The chair for local arrangements was Dr. James Macmillan, former executive director of the Iowa Academy of Science and a chemistry professor at UNI. He was ably assisted by other members of the College of Natural Sciences (Roger Hanson, Daryl Smith, Lynn Brant), by Duane McDonald who directs conferences at UNI, and by Judith Harrington, a professor of communicative disorders and a member of the College of Humanities and Fine Arts.

The meeting was organized through the efforts of Gary Downs, Director of Meetings and Programs, who called the Annual Meeting Committee together at Loras in September of 1991. The committee consisted of the following individuals:

Annual Meeting Committee
Local Arrangements Committee Chair
Jim Macmillan
Section Chairs:
Agricultural Sciences
Thomas Colvin, Iowa State University
Anthropology
James Collins, University of Iowa
Cellular & Molecular Biology
David Grant, Pioneer Hi-Bred International
Botany
Doug Zehr, William Penn College
Chemical Education
Dave Hampron, Wartburg College
Chemistry, Inorganic, Physical, Analytical
Curtiss Hanson, University of Northern Iowa
Chemistry, Organic and Biological
Dan Quinn, University of Iowa
Conservation
Dennis Schlicht, Iowa Lepidoptera Study
Earth Science Teaching
Barbara Berquam, Waterloo, Iowa
Elementary Science Teaching
Kathy Field, Corning Elementary School
Engineering
David Wilder, Iowa State University
Geology
Kenneth DeNault, University of Northern Iowa
Linguistics
Bruce Willis, Luther College
Nursing
Nancy Stradley Kramer, Allen Hospital Nursing School
Physics
Roger Hanson, University of Northern Iowa
Physiology
Robert Simpson, University of Northern Iowa
Psychology
John Sorflaten, Fairfield, Iowa
Science Teaching
Dean Gorrell, West High School, Iowa City
Zoology
James Christiansen, Drake University

The committee discussed possible topics for symposia and general session speakers. The program was blocked and section chairs were briefed on their responsibilities. Details of implementation leading up to the meeting were handled by the Director of Meetings and Programs, the Executive Director, the Administrative Assistant, and the section chairs.

The meeting was held April 24-25, 1992. The various aspects of the meeting are described in the following sections.

Iowa Junior Academy of Science Program
Russ Wiley, Junior Academy Director, and the Student Programs Committee, under its Chair Larry Schwinger, planned a program of invited poster papers and oral presentations involving students who had been working on science projects during the year. Section chairs and committee members acted as judges for the selection of individuals to participate in the junior academy programs held in conjunction with the AAAS meeting in Boston, MA., in February of 1993. Students and their projects are listed below.

"A Comparison of Nitrate Use Between Different Corn (Zea mays)"
Eric G. Berggren, Marshalltown High School
"Cognitive Mediation Through Nonsimilarity-based Conceptualization"

**Kelley Burgess**, Stuart-Menlo High School

"Zinc Content and Histopathology of Normal and Rat Prostate"

**Roberta Davis**, Davenport Central High School

"Suspended Spans: Phase II"

**Pete Gulbranson**, Stuart-Menlo High School

"How do Electromagnetic Fields Affect the Growth of Fish?"

**Nathan Holmes**, Walcott School

"Subcloning of the 5' End of Oat Phytochrome"

**Brenda Kirchhoff**, Waverly-Shell Rock High School

"Effects of Far-Red Light and Nitrogen on the Vegetative Growth of Barley"

**Anne Pitts**, Valley High School, West Des Moines

"Compress It to the Max: Phase II"

**Cristi Taylor**, Stuart-Menlo High School

"The Determination of Stress Factors and the Influence on Testing in the Elementary and Middle School Classroom"

**Becky Thielen**, Glidden-Ralston High School

"Validity and Reliability of Thermogravimetric Analysis for Determining Carbonate Impurities"

**Marcy Lynne Thomas**, Marshalltown High School

"Carbon Filtration: A Solution for Removing Trihalomethanes from Drinking Water?"

**Karin Wilhelm**, Stuart-Menlo High School

"Phi and Pentagons"

**Winston Yang**, Davenport Central High School

Program Summary

The program consisted of three general sessions, three symposia, and 18 section meetings involving 174 presentations (poster papers included). There were two formal meals including the Awards Luncheon and the President’s Banquet. No box luncheon was held this year. The following gives the details of the events on the program.

**PROGRAM SUMMARY**

**THURSDAY, APRIL 23**

6:00 Board of Directors Meeting/Dinner

**FRIDAY, APRIL 24**

8:00 EXHIBITS

IJAS POSTERS

IJAS PRESENTATIONS

10:30 GENERAL SESSION I

President Luther Erickson, presiding

"The Second Decade of AIDS"

**Dr. June Osborn**, Chair, National Commission on AIDS, University of Michigan, Ann Arbor

12:00 AWARDS LUNCHEON

1:30 BUSINESS MEETING

2:00 STANDING COMMITTEE MEETINGS

2:30 CONCURRENT SYMPOSIA

*The Lighthouse School Project: Iowa’s State Systemic Initiative for the Improvement of Mathematics and Science Education*

Iowa Space Grant Consortium Project: Land Grant to Space Grant

Supercomputing in Science

4:00 SENIOR POSTERS

5:00 SOCIAL HOUR

6:15 PRESIDENT’S BANQUET

President Luther Erickson, presiding

Presentation of Iowa Academy of Science Awards

Installation of new president and remarks by outgoing president Erickson

Response by President William Deskin

8:00 GENERAL SESSION II

President William Deskin, presiding

"Observing High Speed Motions with Electronic Flash"

**Dr. Loren M. Winters**, North Carolina School of Science and Mathematics, Durham, NC

**SATURDAY, APRIL 25**

8:00 EXHIBITS

8:00 SECTION MEETINGS

11:00 GENERAL SESSION III

"Yellowstone After the Fire"

**Dr. Donald Despain**, Yellowstone District Park Director, Yellowstone Park, WY

1:00 SECTION MEETINGS

Iowa Natural History Association and Geological Society of Iowa Field Trip

1:50 Joint AAPT and Physics Section Meeting

The Awards Luncheon

This took place in Room C of the Union Expansion. There were 130 individuals present. Student Programs Committee Chair Larry Schwingert, recognized students who had participated in science fairs and other science-related activities in Iowa during the past year.

Newly appointed Junior Academy Director Peggy Tilgner presented the two high school scholarship winners and the two representatives who will be a part of the AJAS activities at the AAAS meeting in Boston in February of 1993. The scholarship winners were:

**Anne Pitts**, Valley High School, West Des Moines

**Becky Thielen**, Glidden-Ralston High School, Glidden

The AJAS representatives were:

**Cristi Taylor**, Stuart-Menlo High School, Stuart

**Karin Wilhelm**, Stuart-Menlo High School, Stuart

The winners of the Excellence in Science Teaching Awards were also recognized by Roy Unruh, chair of the ESTA Committee and newly elected member of the IAS Board of Directors. This is always a highlight of the meeting because it showcases some of Iowa’s finest science teachers. The winners were:

**Biology - Sharon Fisher**, North High School, Des Moines

**Chemistry - Vernon Slaymaker**, Ottumwa High School

**Earth Science - Mark A. Brockmeyer**, City High School, Iowa City

**Elementary - Mark E. Schneider**, Washington Township, Kalona

**Environmental Education - Horace S. Hendricks**, Lincoln High School, Des Moines

**General/Multiple - James A. Grife**, Colfax-Mingo High School

**Junior High - Chris S. Soldat**, Mid-Prairie Junior High School, Wellman

**Physics - Douglas E. Nauman**, Washington High School, Cedar Rapids

The President’s Banquet

The President’s banquet was held in Room C following the social hour which was held in the foyer of the Union Expansion. Attending were 125 members and guests. President Luther Erickson introduced
Paul Rider, IAS executive director who filled in for Robert Carmichael, chair of the Recognition and Awards Committee, who was traveling in China. Only two awards were made this year. Nominators were introduced who presented the award winners. The winners were:

- Distinguished Fellow Award
  - Earl J. Hammond, Iowa State University

- Distinguished Iowa Scientist Award
  (no award was made in this category)

- Distinguished Service Award
  - James L. Christiansen, Drake University

President Erickson presented the year in review for the Academy before presenting the gavel to incoming President William Deskin. President Deskin spoke to the gathering of his goals for the coming year. The banquet adjourned so that those attending could attend the evening general session featuring Loren M. Winters, a physics teacher who made a presentation on high speed photography.

Attendance

Tables 1 and 2 present attendance figures for the 1992 meeting and for the past five meetings, respectively.

1. Iowa State University
2. Buena Vista College
3. Drake University
4. Loras College
5. University of Northern Iowa

There was an expected decline in the total attendance, perhaps due to the economic recession or some other factor. But the attendance was still substantial and was a credit to the planning committee and the local arrangements people who put a good meeting together to attract members and others.

The ratio of attendees to papers presented (2.4) was similar to the 2.5 ratios seen in several previous years. This suggests that the meeting was attended by more individuals interested in presenting papers than last year.

The number of papers presented and number attending section meetings as well as the other sessions are given in Table 3. The section meetings were well-attended in relation to other years and this continues to be an important part of the function of the IAS in providing an opportunity for the presentation of research results by Iowa scientists and their students.

   - Annual Business Meeting
   - Awards Luncheon
   - President’s Banquet

**MINUTES OF THE ANNUAL BUSINESS MEETING**

Room A Maucker Expansion, 1:30 p.m., April 24, 1992

President Luther Erickson called the meeting to order at 1:30 p.m.

1. President Erickson made remarks on the status of Academy. He indicated that Paul Rider had been reappointed as Executive Director of IAS for another three year term (until June 30, 1995). He also reported on the grants received during the year that included a $100,000 Carver Charitable Trust grant to the Iowa Science Teaching Section (due to the good work of Jim Kubichek and some effort by Wayne Anderson and Paul Rider), a $15,000 grant from the Iowa Utility Association (for which a symposium on health effects of EMFs was held on February 12th in Des Moines, with Anderson, Rider, and Sam Tuthill working on this grant, and Rider arranging the symposium), and a $12,000 grant from the Iowa Space Grant Consortium for the Elementary Science Teaching Section (due to the work of Gary Downs and Dave Eagle). He reported on a Dec. 10, 1991 symposium on technology transfer co-sponsored by the IAS, the Iowa Business Council, and the Wallace Technology Foundation. He indicated summary reports on that event (which he wrote) were available at the registration desk. He
announced that Dr. Peggy Tilgner, of the Wartburg College Biology Department, had been appointed as Director of the Junior Academy of Science to replace Russ Wiley (who was commended for an excellent job during his term as director).

2. Ruth Swenson reported the results of the election. Jean Prior was elected as the new President-Elect and new Board members were Roy Unruh and Dean Hartman. They were introduced to those in attendance.

3. Membership Committee Chair Dave Roslien gave the report of the membership including deceased members (a moment of silence was observed for Myrle Burk, Clifford Johnson, Robert Lamberti, Estar Poneck, and Clifton Von Yeast). New emeritus members were named (Verner Jensen, Paul Waire, David Wilder). No new fellows were named and Chair Roslien expressed concerns that nominations for fellows be prepared in a rigorous and appropriate fashion.

4. Executive Director Paul Rider gave the financial report of the Academy (this information and other items are given later in this annual report). He presented data suggesting that a dues increase might be justified for the 1994 calendar year (the membership would vote on this in 1993). Members who pay the annual dues and attend the annual meeting pay $50.00 a year to the IAS. The membership pays $22.73 per member per year to IAS in dues and registration fees (includes those not attending annual meeting). Expenses per year per member (excluding the Iowa Science Foundation) is $54.75. The difference between what members pay and what costs are, is made up through farm income, grants, state aid, donations, and other miscellaneous income. IAS expenses, not including any administrative salary/wages (i.e., just operational costs and journal costs, excluding ISF costs), amount to almost $32.00 per member per year. Rider also called attention to the newly printed Index of the Proceedings of the Iowa Academy of Science (a project of former editors Marilyn and Roger Bachmann, and University of Iowa librarian Jeff Dodd), which was available to members at cost ($14.00 per copy).

5. There was no old or new business brought before the gathering.

6. The meeting adjourned at 1:30 p.m. so that standing committees could hold short meetings starting at 2:00 p.m.

**REVIEW OF ACADEMY ACTIVITIES 1991-92**

The year was another successful one for the Academy, its leadership and its committees. Goals were established and most committees were able to perform their tasks in an effective way. The following information describes committee activities.

**Annual Meeting**

Chair: Gary Downs

The Annual Meeting Committee met on September 29, 1991 in the Royal Oak Dining Room in Maucker Union on the UNI Campus to plan the program for the 104th Annual Meeting. Director of Meetings and Programs, Gary Downs, called the group together after an initial meeting with the local arrangements committee. 14 of the 19 section chairs attended. Executive Director Paul Rider also attended.

Blocking of the program sections was discussed and several suggestions were made as to possible topics and speakers. The committee did not meet again and all planning went smoothly up and through the meeting.

**Committee on Committees**

Chair: Sam Tuthill

This committee met on October 21, 1991 in Iowa City, Iowa, to consider the pool of potential committee members developed through solicitation of one-third of the membership, requests to standing committee chairs, and requests of Board members. Individuals were considered relative to IAS service and JIAS publications. Balancing committee membership was sought in relation to geographic location, gender, affiliation, IAS involvement (long and short term, both).

Through efficient and careful consultation, most committee assign-ments were made before the end of the calendar year. Some were made near the time of the annual meeting. President-Elect Tuthill resigned his position following this meeting, since he had left the state and taken up residence in Minnesota. Executive Director Rider assumed the responsibilities of contacting individuals identified for possible service as well as committee chairs.

**Conservation and Preserves**

Chair: E. Arthur Bettis III

The committee did not hold any formal meetings but there was communication between the State Preserves Advisory Board and the committee chair, who shared information with other members. This was done through correspondence and the committee felt that it was in a better position to understand concerns of the Board and to accept appointees to the Board in the future.

**Controversial Issues**

Chair: Lenore Durkee

The committee met three times during the year. Its goal was to continue to investigate a number of issues that could lead to position papers on behalf of the IAS. In particular, the committee decided to submit articles to the Iowa Science Teachers Journal with reference lists to assist teachers who needed information on controversial issues.

The committee held a lengthy session at the Annual Meeting to discuss some issues relative to the pseudo-science position paper and decided to recommend to the Board that the paper remain in its current form.

**Education**

Chair: Richard Kruse

This committee usually assists in the selection of the Presidential Awards for Excellence in Science and Mathematics Teaching. Tony Heiting of the State Department of Education provided information on nominees who were eventually selected. Those selected were the following individuals:

- Elementary
  - C. David Christiansen, Malcolm Price Laboratory School, Cedar Falls
  - Margaret Sadeghpour, Lincoln Community Elementary School, Mechanicville

- Secondary
  - Robert G. Wilson, North Winneshiek Community School, Decorah
  - Verlin Fleagle, Central Clinton Community High School, DeWitt
  - Daniel McGrail, Carlisle Community High School, Carlisle
  - Lowell Wiele, Garfield Junior High School, Chariton

**Election**

Chair: Ruth Swenson

The committee met twice and selected two candidates for President-elect and four for the Board of Directors from among nine nominations for president-elect and 30 for the board positions. Ballots were mailed from the IAS office in March and returned by mid April, 1992. They were tallied and the results were reported on April 23, 1992 at the business meeting in Dubuque. The President-elect was Jean Prior of Iowa City, and new board members were Roy Unruh of the University of Iowa, and Dean Hartman of Grant Wood AEA.

The new election procedures (no required signatures) resulted in the receipt of 643 valid and only 7 invalid ballots.

**Finance**

Chair: Burton Loupee

This committee did not have a formal agenda during the year and fund raising activities were carried on by Past-President Anderson and Executive Director Rider. This committee does not usually advise the executive director on budget matters which are regarded as a Board responsibility.
Iowa Science Foundation
Chair: Warren Dolphin

The committee solicited and evaluated proposals for the 1991-92 fiscal year. It met on February 26, 1992, at the University of Northern Iowa to distribute proposals to committee members for review. A second meeting on May 13, 1992 at University of Iowa was held to select awardees.

Committee Chair Dolphin held a workshop on proposal writing at the ISTS Meeting in October of 1992 in Des Moines. Several individuals attended.

Award categories were emphasized by awarding of 3 grants in public understanding of science, 4 in science education, and 6 in research. The committee recommended that (1) funding preference be given to proposals with impact on Iowa which do not have other funding sources, (2) matching fund arrangements be encouraged by these submitting proposals, and (3) that cover sheets have a space to indicate in which category a given proposal is supposed to be judged.

There were 39 proposals for grants of which the following were awarded a total of $40,000.00. This amount consisted of $40,000 in state funds. Those receiving grants were:

- "The Biochemistry and Genetics of Medium-Chain Triglyceride Biosynthesis" - B.J. Nikolau, W.W. Roath, Iowa State University - $3,500
- "Social Comparison and Risk Perception: Factors Promoting Smoking Cessation and Abstinence" - Frederick X. Gibbons, Iowa State University - $5,000
- "Radon Exposure Levels in Northeast Iowa" - James D. Langhus, MFL Community School District - $4,350
- "Expansion of the Loras College Diatom Culture Collection" - David B. Czarnecki, Loras College - $4,500
- "Survey of Iowa Stream Mayflies" - Larry Pedigo; Tom Klubertanz, Iowa State University - $2,209
- "Paleo-ocean Chemistry of Devonian Seas in Iowa" - Greg A. Ludwigson, University of Iowa - $5,000
- "Recycling and Solid Waste Management Programs Within Iowa Park and Recreation Areas: Park Manager Study" - Robert A. Robertson, Iowa State University - $4,803
- "Stereocytokinetic Micro-mapping of Enzyme Active Sites with Inert Metal Complexes" - David Speckhard, Loras College - $5,000
- "Ecology of Native Grassland Communities in the Loess Hills" - David Glenn-Lewin; Thomas Jurik, Iowa State University - $3,500

The committee met three times during the year and was very active in a number of ways. It invited Rich Pirog, Education Coordinator of the Leopold Center, to visit the farm. He made several suggestions that seemed worthy: have the Extension Service host field days, work with local 4H clubs, build picnic tables, and encourage public use, have self-guided tours, have continuous review of conservation practices, approach farm magazines about featuring the farm, work with the Leopold Center and Hawkeye Tech on research projects at the farm). Some efforts to implement these suggestions were pursued in subsequent actions by the committee. The effort to prepare a video on the farm is continuing. The sign was refurbished and repainted. The water testing program is ongoing with Roger Bachmann of Iowa State University providing analysis.

Public Information
Chair: Tom Fenton

The committee met at the University of Northern Iowa on April 24, 1992, at the annual meeting in Cedar Falls.

There has been great deal of activity this year for the committee. Its recommendation that sponsorship of Nature on IPTV has been implemented by support of $2500 to cover the program once each month for a year.

Recognition and Awards
Chair: Robert Carmichael

The committee was not able to persuade the Governor's office to provide support this year for the Governor's Science Medals. These awards have recognized and honored achievement in Iowa science and technology community. Hopefully, they will be continued when support is found for the program.

The committee reviewed and selected awardees for the Academy's own awards. These are described in the annual meeting section.

Student Programs
Chair: Larry Schwinger

The committee worked with Russ Wiley, Director of the Iowa Junior Academy of Science, in soliciting and evaluating student research grants. Grants were made to the following students:

- "The Effects of Common Agricultural Fertilizers and Chemicals on Earthworm Populations" - Joseph M. Kosinski, Marshalltown High School - $200.00
- "Testing Susceptibility of Rats to Trichinosis" - Eric G. Berggren, Marshalltown High School - $200.00
- "The Stress and Strain of Cement Structures" - Marie Peleck, Marshalltown High School - $200.00
- "Environmental and Economic Feasibility of Alcohol Blended Fuels" - Sara K. Winnike, Marquette Catholic High School, West Point - $85.20
- "A Comparison of Nitrate Use by Different Zea mays Hybrids" - Eric G. Berggren, Marshalltown High School - $157.36
- "The Effects of Lawn-care Treatments on Lumbricus terrestris" - Marie Peleck, Marshalltown High School - $130.00
- "The Effects of Metal Ions on Cerio Daphnia" - Sarah E. Renze, Marshalltown High School - $200.00
- "Validity and Reliability of Thermogravimetric Analysis for Determining Carbonate Impurities" - Marci Lynne Thomas, Marshalltown High School - $200.00
- "Laughing Gas (N2O) Isn't Just Funny Anymore" - Allison Lynn Erion, Marshalltown High School - $200.00
- "Water Along the Platte River" - Mindy Sue Carson, Diagonal High School - $200.00
- "Particulate Matter in Our Air" - Larelle L. Kunkle, Stuart-Menlo High School - $184.00
The committee was involved in science fair activity throughout the state and several individuals were invited to give papers at the annual meeting. Scholarship awards in the amount of $500 each were made after these papers were judged which were given to:

**Anne Pitts,** Valley High School, West Des Moines
**Becky Thielen,** Glidden-Ralston High School, Glidden
**Representatives chosen for the AJAS trip to Boston, in February, 1993 were:**

**Cristi Taylor,** Stuart-Menlo High School, Stuart
**Karim Wilhelm,** Stuart-Menlo High School, Stuart
**Students selected for the Governor's National Youth Science Camp were:**

**Dawn M. Simon,** Cascade High School, Cascade
**Paul A. Wolf,** Hempstead High School, Dubuque
**Alternates: Megan Neilsen,** Dike High School
**Jayson Gesme,** South O'Brien High School

Those selected for National Energy Institutes were:

**Argonne National Laboratory**
**Terry Koch,** Beckman High School, Dyersville
**Brookhaven National Laboratory**
**Nicole Brunkan,** Bishop Heelan Catholic High School, Sioux City
**Fermi National Accelerator Laboratory**
**Scott Thompson,** MFL Community Schools, Monona
**Lawrence-Berkeley Laboratory**
**Laurel Andersen,** Treynor High School
**Lawrence-Livermore National Laboratory**
**Kara M. Kohler,** Ankeny High School
**Oak Ridge National Laboratory**
**Megan Nielsen,** Dike High School
**Pacific Northwest Laboratory**
**Jeffrey K. Lake,** Fort Madison High School

**General Alternates:**
**Jayson Gesme,** South O'Brien High School, Paullina
**Coquelicot Fossland,** Abraham Lincoln High School,
**Council Bluffs**
**Deann E. Hodge,** Clarinda High School

A total of 125 students were selected from Iowa high schools to receive the Outstanding Science Student Award and medallion.

The IJAS assisted in the Iowa Science Teachers Fall Conference.

The awards for the 1990-91 year were made in October of the ISTS, since the process had not been completed in time for the Annual Meeting.

The committee also awarded three high school teachers and three students cash awards to recognize participation in science related activities.

**Excellence in Science Teaching Award**

This program was directed by Dr. Roy Unruh of the University of Northern Iowa. Eight subcommittees reviewed several applicants and selected winners. The awards were not made at the Awards Luncheon at the Annual Meeting at UNI. The names are given in the section on the program for the Annual Meeting.

The awards for the 1990-91 year were made in October at the annual meeting of the ISTS, since the process had not been completed in time for the Loras College meeting in April of 1991.

**SECTION ACTIVITIES**

The sections held sessions as part of the annual meeting. The response to calls for papers was good.

**Iowa Science Teachers Fall Conference**

The fall conference of the ISTS was held on October 24, 1991 at the Convention Center in Des Moines, Iowa. The attendance was improved over the previous year (804 compared to 586), probably because no NSTA regional meeting was held near the date of this meeting. The details of the attendance appear in Table 4.

Convention speakers included Roger Johnson of the University of Minnesota Cooperative Education Center, Roger Kinston, head of the Luther College Biology Department, who was the featured luncheon speaker, and Tom and Monta Manney from Kansas State University who provided a workshop on genetics.

### ADMINISTRATION

**Personnel**

Administrative Assistant Doris Mitchell completed her 19th year of service to the Academy and continues providing excellent leadership. Student helpers Sara Paar and Kathy Rider did a first-rate job in assisting the functions of the IAS Office and will be with the Academy through the next year.

Executive Director Paul Rider completed his fourth year in his position and the third year on his present appointment. The Board reviewed his performance in April and reappointed him to a second three-year term (until 1995).

The Board also appointed Dr. Peggy Tilgner of the Biology Department of Wartburg College to be the new Director of Junior Academy. She is active in the American Junior Academy of Science and has been active in junior academy efforts in Nebraska before coming to Iowa. She replaces Russell Wiley of UNI who provided two excellent years of leadership to the Junior Academy.

**Facilities**

One of the more exciting developments this past year was the joint decision reached by UNI and the IAS to move the office of the Academy from the Chemistry Department in McCollum Science Hall to a new and larger space in Baker Hall. The suite of rooms includes adequate storage space and a conference room. The rooms were redecorated and provide beautiful views of the campus.

This decision by the UNI administration represents a commitment to the Academy to assist it in being more visible and effective on campus and throughout the state.

**Grants**

The Academy received a $1000 grant from the AAAS for IJAS activities. Pioneer Hi-Bred also supplied $3000 for these activities.

The Iowa Science Foundation grant from the state continues to be administered through the University of Northern Iowa. The amount of funds continues to be $40,000 per year.

The Elementary Science Teaching Section received a $12,000 grant from the Iowa Space Grant Consortium through the efforts of Dave Fagle and Gary Downs. These funds will continue paying dues for members as well as for publications of interest to that section.

The Iowa Science Teaching Section through the efforts of Jim Kubichek, Wayne Anderson, and Paul Rider secured a $100,000 grant for the WEHOS Project from the Roy J. Carver Trust of Muscatine, Iowa.

Rider and Anderson, with assistance from Sam Tuthill, also secured a $15,000 grant from the Iowa Utility Association. This money was used to assist the IAS in sponsoring a symposium on the possible health effects of electromagnetic radiation on February 12, 1992 at the Embassy Suites Hotel in Des Moines, Iowa.

**Publications**

The Journal of the Iowa Academy of Science was edited by Ken Windom, of Iowa State University. The calendar year 1991 Volume 98 was published in 4 issues. There were 31 articles and 200 pages by 61 authors.
The Iowa Science Teachers Journal was edited by Carl Bollwinkel with Volume 28, issues 1, 2, and 3 being published.

The publication of the IAS Bulletin did not occur during the year in order to save money, but will be reinstituted to provide the membership with needed information. The IJAS Newsletter was not published but the SPARKS newsletter was edited by Suzanne Kelly of Meeker Elementary School in Ames, Iowa.

The IAS also published a limited number of copies of the total Index of the Proceedings of the Iowa Academy of Science. This index, prepared by Jeff Dodd at the University of Iowa Library at the urging of former editors Marilyn and Roger Bachmann, includes author and subject classifications for the entire publication sequence from the beginning of the Proceedings up to the point in 1987 when the name was changed to the Journal of the Iowa Academy of Science. It was dedicated to former executive director Robert W. Hanson and paid for by his memorial publication fund. Copies are available at cost from the IAS Office ($14.00 each).

National Activities
President-elect William Deskin and Executive Director Paul Rider represented the Iowa Academy of Science at the AAAS Meeting in February in Chicago, Illinois. They attended meetings of the National Activities of the Iowa Academy of Science as a comprehensive organization (combined) as well as an operational unit (IAS) within that comprehensive organization is given in Table 7.

The net income loss for the IAS, discounting the built-in $30,000 deficit due to the artifact in the accounting system that treats the transfer of farm funds as a debit in the IAS account, was $6900, approximately. This is approximately half the amount of funds that were requested from the Space Consortium grant for the Elementary Science Teaching Section for the last half of the fiscal year (first half of the calendar year) but which were not released to the IAS by UNI as of June 30, 1992. With that in mind, the budget condition would have been slightly on the positive side of the ledger, which is appropriate for a non-profit organization.

MEMBERSHIP
The membership data for the past five years are presented in Table 5. A slight decrease in membership has occurred during the current year, amounting to a loss of 7 members.

The section membership figures are given in Table 6 for the current year. There were nine sections that gained membership and nine that lost membership or remained about the same.

FINANCIAL REPORT
Balance Sheet
The balance sheet for the Iowa Academy of Science as a comprehensive organization (combined) as well as an operational unit (IAS) within that comprehensive organization is given in Table 7.

</tbody>
</table>

Total IAS assets ($43,618.03) were below last year ($51,668.20) while combined assets increased ($261,738.01 from $157,788.73), largely due to the fact that the Carver Trust provided the $100,000 in grant money to the IAS accounts, although the grant period will start in summer, 1993.

INCOME STATEMENT

Tables 8 and 9 show the income and expenses for the IAS portion of the combined organization. Dues and state aid provide the largest amounts of income for the organization. The state aid is primarily used to fund grants for the Iowa Science Foundation. Some of those funds (less than $10,000) are used for publication costs and other programs. The state aid remained at $50,000 of which $40,000 went to the Iowa Science Foundation grants with the rest covering printing and administrative costs.

The annual meeting, again, cost more than the income taken in from registration fees, banquet ticket purchases, and contributions from the host institution. The difference amounted to approximately the same as last year. The Board left the registration fees at their previous level. Registration fees will remain the same for the meeting at Luther College and additional attempts will be made to economize even further in order to bring meeting costs in line with registration and other meeting income.

The University of Northern Iowa continues to contribute a subsidy to Academy operations through released time for the executive director, although it has discontinued providing any printing costs for the Iowa Science Teachers Journal, and student assistant costs used by the ISTJ editor. This amount is $14,770.80. Provision of physical facilities and utility costs are not included in this amount.

Tables 10 and 11 show the combined income and expenses for the organization. The accounting procedures recognize "companies" in the combined organization. These include the IAS operations, the Parish Farm, the Iowa Science Teaching Section (ISTS), and the Carver Trust grant. The Elementary Science Teaching Section grant was not treated as a separate company because it is being administered through the

</tbody>
</table>

The net incomes of the Parish Farm and ISTS were positive while those for IAS was negative. As mentioned previously, some of the farm funds are transferred to the IAS budget, which reduces its deficit. These combined companies experienced a total income of $358,030.89 and a total expense of $251,478.98, for a net gain of $106,551.91. This gain was largely due to the Carver grant and the ISTS meeting income.

The goal of the annual meeting paying for itself was almost achieved and should be realized through careful planning and the cooperation of the host institution. It is hoped that the registration fees for the meeting can remain at their present level for the time being, although these may require an increase in the near future.

reduced the amount by $3,000. The Savings listed are in reserve funds to be used in emergencies associated with possible drops in farm income or other unanticipated situations. There is also a Merrill-Lynch cash management fund that allows the office to respond to cash flow needs (in addition to a local checking account at Norwest Bank in Cedar Falls). The CMA fund usually has $5,000 to $10,000 in it.

The amounts listed are based on the market value of the Merrill-Lynch funds in which the money is invested, as of June, 1992. These amounts may shift as the market experiences change.

ACADEMY LEADERSHIP 1991-92

Officers

President - Luther Erickson, Grinnell College
President-elect - Samuel J. Tuthill, (resigned)
William A. Deskin, Cornell College (1994)
Past President - Wayne Anderson, University of Northern Iowa (1992)
Executive Director - Paul E. Rider, Sr., University of Northern Iowa

Directors

Ross Iverson, Marshalltown
Daryl Smith, University of Northern Iowa
Marilyn D. Bachmann, Iowa State University
Paul L. Garvin, Cornell College
Bill Gilbert, Simpson College
Connie Murel, University of Iowa

Associate Director of Meetings and Programs
Gary E. Downs, Iowa State University
Director, Iowa Junior Academy of Science
Russell A. Wiley, University of Northern Iowa

Director, Excellence in Science Teaching Award Program
Roy Unruh, University of Northern Iowa

Editor, JOURNAL OF THE IOWA ACADEMY OF SCIENCE
Kenneth E. Windom, Iowa State University

Editor, IOWA SCIENCE TEACHERS JOURNAL
Carl Bollwinkel, Price Laboratory School, University of Northern Iowa

Editor, S.PA.R.K.S. Newsletter
Suzanne Kelly, Meeker Elementary, Ames

Committee on Committees
Samuel J. Tuthill (chair), Amana
Jack Gerloch, Des Moines
Arthur Bosch, Central College
A.H. Epstein, Iowa State University
Charles C. Wunder, University of Iowa
Carl Bollwinkel, University of Northern Iowa
Laverne H. Durkee, Grinnell College
Board Liaison: Samuel Tuthill

Conservation and Preserves Committee
E. Arthur Bebris III, (chair), Geological Survey Bureau, Iowa DNR
Dorothy Baringer, Woodburn
Lois Tiffany, Iowa State University
John Pearson, Iowa Department of Natural Resources

G. Edgar Folk, University of Iowa
Dennis Keener, Iowa State University
Neil P. Bernstein (ex-officio), Mt. Mercy College

Controversial Issues Committee
Lenore T. Durkee (chair), Grinnell College
Franklin D. Trumpy, Des Moines Area Community College
Edwin C. Powell, Iowa State University
Gerald R. Walsh, Dubuque
Dave Erkenbrack, Central College
Steven Phillips, Des Moines
Donald M. Huffman (ex-officio), Central College
Board Liaison: Marilyn Bachmann

Education Committee
Richard Kruse (chair), Ankeny
Steven Benson, Des Moines
Sherman Lundy, Burlington
Vince Mahoney, Iowa Wesleyan College
Peg Steffen, Ottumwa
Louise Zaffiro, Central College
W. Tony Heiring (ex-officio), Iowa Department of Education
Larry Schwinger (ex-officio), Stuart
Russell A. Wiley (ex-officio), University of Northern Iowa
Board Liaison: Ross Iverson

Finance Committee
Burton Loupee (chair), Cedar Rapids
John Pesek, Iowa State University
J. Bruce Holmquist, Loess Hills AEA, Council Bluffs
Samuel J. Tuthill, Amana
Donald N. Duvick, Johnston
Roger Yager, University of Iowa
Board Liaison: Wayne Anderson

Iowa Science Foundation Committee
Warren D. Dolphin (chair), Iowa State University
David Lyon, Cornell College
Jeffry Schabillon, University of Iowa
Dave Hampton, Wartburg College
Donald J. Persch, Waukee
Board Liaison: Connie Murel

Membership Committee
David J. Roslien (chair), Luther College
Don L. Koch, Geological Survey Bureau, Iowa DNR
Don C. Norton, Iowa State University
Joseph C. Alm, Morningside College
James Walters, University of Northern Iowa
Robert Wilson, Belmond High School
Board Liaison: Bill Gilbert

Parish Farm Committee
Richard B. Hall (chair), Iowa State University
David Dozark, Iowa City
J. Ronald George, Iowa State University
Carol Thompson, Geological Survey Bureau, Iowa DNR
Benjamin F. Graham, Grinnell College
Gerald Toomire, Des Moines
Board Liaison: Paul Garvin
Public Information Committee
Thomas Fenton (chair), Iowa State University
James L. Pease, Iowa State University
George Magrane, Ottumwa
Jim Christiansen, Drake University
Bill Klein, Sioux City
Board Liaison: Connie Mute!

Recognition and Awards Committee
Robert Carmichael (chair), University of Iowa
Joe Moody, Simpson College
Martha Craft, University of Iowa
Edward A. Peterson, Des Moines School District
Richard Wacha, Drake University
Judith F. Harrington, University of Northern Iowa
John W. Patterson, Iowa State University
Roy D. Unruh (ex-officio), University of Northern Iowa
Board Liaison: Sam Turhill

Student Programs Committee
Larry Schwinger (chair), Stuart
Ronald D'Orazio, Ellsworth Community College
Kenneth L. Larson, Iowa State University
Cherin Lee, University of Northern Iowa
Karen Murphy, Des Moines
Cathy Wilson, University of Iowa
W. Tony Heiting (ex-officio), Iowa Department of Education
Russell A. Wiley (ex-officio), University of Northern Iowa
Board Liaison: Ross Iverson

Editorial Board (JOURNAL OF THE IOWA ACADEMY OF SCIENCE)
Kenneth E. Windom, Editor, Iowa State University
Paul E. Rider, Managing Editor, University of Northern Iowa

Associate Editors
Louis B. Best, Iowa State University
Donald R. Farrar, Iowa State University
Bruce Friedrich, University of Iowa
Paul Garvin, Cornell College
William D. Klipec, Drake University
Richard Shibles, Iowa State University
Robert D. Seager, University of Northern Iowa

Editorial Staff (IOWA SCIENCE TEACHERS JOURNAL)
Carl W. Bollwinkel, Editor, University of Northern Iowa
Paul E. Rider, Managing Editor, University of Northern Iowa
Marjorie F. Vargas, Copy Editor, University of Northern Iowa
Stephanie A. Althof, Assistant, University of Northern Iowa

Assistant Editors
Paul Joslin, Drake University
Gary E. Downs, Iowa State University
Norris M. Durham, University of Northern Iowa
Laurence A. Hutzell, East High School, Des Moines
Darrel Hoff, Cambridge, MA
Francis C. Peterson, Iowa State University
