This Front Matter is brought to you for free and open access by the IAS Journals & Newsletters at UNI ScholarWorks. It has been accepted for inclusion in Iowa Science Teachers Journal by an authorized editor of UNI ScholarWorks. For more information, please contact scholarworks@uni.edu.

Offensive Materials Statement: Materials located in UNI ScholarWorks come from a broad range of sources and time periods. Some of these materials may contain offensive stereotypes, ideas, visuals, or language.

THE ENDANGERED AND UNCOMMON
REPTILES AND AMPHIBIANS OF IOWA

IOWA SCIENCE TEACHERS JOURNAL

Special Issue

By James L. Christiansen and Russell R. Burken

Editorial Note

This publication is co-sponsored by the Iowa State Conservation Commission, the Iowa Academy of Science and the University of Northern Iowa with the expressed purpose of creating broader interest, awareness and understanding of Iowa's endangered and uncommon reptilian and amphibian species. Through such a publication it is hoped that the habitats of these species can be more accurately identified and assessed so that proper measures can be taken for their preservation for future study and enjoyment.

A.C. Haman
Editor of *Iowa Science Teachers Journal*
