Charge of the Committee on Committees

6.5 Selection of committee members. The Committee on Committees shall coordinate college elections for committees and shall hold elections for all at-large positions on committees. The Committee on Committees shall have the power to fill committee vacancies via appointment until such time as it is able to conduct an election to fill the position for the remainder of the term.

6.5.1 The Committee on Committees shall report the results of all elections to the Chair of the Senate no later than **May 15**.

6.5.2 The Committee on Committees shall issue an annual report to the Senate that describes the charge of each committee and updates the membership of the Senate and all committees. This report shall be presented to the Senate at its final regularly scheduled meeting of the spring semester. The Committee on Committees shall at this time recommend to the Senate the discharge of any standing or ad hoc committees (except for standing committees established by the Faculty Constitution) which in its judgment have become superfluous. Recommendations of the Committee

The Committee on Committees submits this report in fulfillment of its mandate as prescribed by its charge, as provided in the Faculty Senate bylaws. Over the course of the year, the committee contacted Senate Chairs of the Colleges and Rod Library, requesting each to fill committee positions that expire in 2020.

Description of election procedures. The Committee used its redesigned database of faculty committee assignments to identify seats that require re-election this year. The Committee and college senate chairs conducted elections using the university's electronic ballot system (the Library uses an email system), completed just before spring break. ***This report reflects the results of those elections and can be used as a guide to faculty governance assignments for the academic year that ends May 15, 2021.***

Report on election results. Faculty elected to seats that expired in 2020 are included in committee assignments in the following pages. The number of voting faculty was substantially larger this year, due to the extension of voting rights to certain term and temporary faculty who meet the criteria for eligibility as established at the Fall 2019 faculty meeting (see Appendix for the relevant updates to the Faculty Constitution). **Thirty-Eight of the 135** total faculty seats on university committees were included in this year's elections. Participation rates in faculty elections were:

- **CBA 27 of 68 voting faculty (40%)**
- **COE 36 of 136 voting faculty (26%)**
- **CHAS 93 of 283 voting faculty (33%)**
- **CSBS 33 of 107 voting faculty (31%)**
- **LIB**
- **Graduate College 151 of 429 graduate faculty (35%)**
- **At-large 196 of 599 voting faculty (33%)**
- **Contingent Faculty 24 of 230 (10%)**

Report on appointments required to fill vacant offices: **Appointed, instead of elected, faculty are: Kenneth Elgersma to the Faculty Senate (to replace Mark Sherrard) and Dan Power to the University Curriculum Committee (to replace David Hakes).**

Recommendations:

Regarding committee changes:

- The charge of every committee must be reviewed for potential revision or discharge.
- A committee reporting template and schedule must be established to facilitate annual review.
- Term limits should be considered for all committees.

Regarding discharge of committees:

- **The Faculty Senate discharged the Interdisciplinary Task Group, given successful completion of its charge and that the venue for completing its recommendations will be as a Focused Working Group in Academic Positioning.**

Regarding procedural changes:

- **Faculty at-large elections—and most college elections—were held over a two-week period following spring vacation this year. The deadline for the Committee on Committees’ Annual Report was therefore extended from April to May 15.**
- The Committee recommends no further procedural changes at this time.

APPENDIX

Definitions of Voting and Non-Voting Faculty (Article I: Definition of the Faculty)

1. The University Faculty. The University faculty shall consist of two groups: the voting faculty and the non-voting faculty.
 - 1.1 **The Voting Faculty.** The voting faculty shall consist of all those who hold tenured, probationary, term or renewable term faculty appointments. It shall also include any other faculty with full-time contracts, plus any current temporary (adjunct) faculty members with a cumulative total of six or more semesters of service to the University at half-time or greater, out of the last eight semesters.
 - 1.2 **The Non-Voting Faculty.** The non-voting faculty shall consist of those who hold all other faculty appointments, including emeritus faculty.
- 1.3. Jurisdiction of the Voting Faculty: Limitation of Voting. Privilege of motion, second, and debate shall be afforded to all members of the faculty during faculty meetings. Voting shall be restricted to members of the voting faculty.
- 1.4. The Faculty Senate may, as it deems appropriate, admit individuals to the voting faculty or to the nonvoting faculty on a permanent or *ad hoc* basis. Individuals who believe that their university responsibilities justify their being members of the voting or of the non-voting faculty may apply, in writing, to the Faculty Senate for consideration. Voting faculty or non-voting faculty status granted by the Faculty Senate shall be for such term as the Faculty Senate specifies, but in all cases will be retained by the individual only as long as he/she remains in his/her position.
2. The Word "Faculty" in this Constitution. When the word "faculty" is used in this Constitution without a modifying adjective preceding it, reference to the University faculty shall be assumed.
3. The definitions of the University in this Constitution apply to the conduct of the official business of the University faculty and do not prohibit the granting of privileges normally associated with faculty status, such as social privileges, to other members of the University administration and staff.
4. Official Roster of the Faculty. As soon as practical in the fall semester but no later than October 1 and in the spring semester no later than February 1, the chairperson of the faculty shall arrange for the availability of an official roster of the faculty. The chairperson of the faculty shall have the authority to decide boundary cases of faculty status according to the spirit of the foregoing sections, subject to challenge and review as provided below. The fall roster shall include a listing of those persons who are qualified for membership in voting faculty and those qualified for membership in the non-voting faculty. The spring roster shall consist of a list of additions to the fall roster. Qualification for faculty status for the entire academic year shall be established by a person's assignment during either the fall or the spring semester of that year. Faculty status established during an academic year shall be construed to apply also to the following summer session, unless the person does not continue his/her appointment with the University.
 - 4.1 Distribution. A sufficient number of copies of the roster for the fall and spring shall be prepared to supply each of the following committees, persons, and offices: the Committee on Committees; the chairperson of the faculty; the vice-chairperson of the faculty ; the secretary of the faculty; the Office of Academic Affairs; all college offices; all departmental offices. Each college office and each departmental office shall, for a period of one week after the roster's issuance, prominently display the roster in a place readily accessible to the faculty. In addition, a copy of the current semester's roster shall be made available to any faculty member upon written request to the secretary of the faculty.
 - 4.2 Challenges of the Roster. Challenges of the accuracy or the propriety of the listings in any semester's roster shall be directed to the University Faculty Senate within 15 class days after distribution for adjudication by majority vote.
 - 4.3 Appeal and Final Disposition of Challenge. The Senate's decision (see section 4.2. above) may be appealed to a majority vote of the University faculty whose decision shall be final.
