Outstanding Service Award

The Iowa Science Teachers Section is proud to announce that Don Murphy, science teacher at Hoover High School of Des Moines, has been selected as the recipient of its Outstanding Service Award for 1975.

Don has an excellent record of service in science education programs throughout the State of Iowa. He has served in several capacities in the Iowa Science Teachers Section, including the Vice-Presidency during 1971-72 and the Presidency during 1972-73. Through his contagious enthusiasm and hard work, he has made science a challenging and rewarding experience for students in the elementary and secondary schools of Iowa. Don has also been an inspiration to many science educators, including myself, and has provided the motivation for many of us to put forth that extra effort.

Our heartfelt thanks to Don for his many years of service and we all look forward to his continued guidance, assistance and leadership.

Elwood Garlock

Past-President

Iowa Science Teachers Section
