The Iowa Science Teachers' Journal

The IST Journal is published each October, December, February, and April by the Iowa Academy of Science for its members and special subscribers. Its central theme is science teaching at all academic levels.

Subscription Rates: Single copies $0.50; subscription, $2.00. For subscription, circulation data, additional copies, and changes of address, contact Dr. Robert Hanson, Iowa Academy of Science, University of Northern Iowa, Cedar Falls, Iowa.

Advertising Rates: Full page, single issue $50; $160 per annum. For advertising information contact: Sister Mary Martina, Lennihan High, Marshalltown, or Walter DeKock, UNI, Cedar Falls.

Publication: Open to all persons interested in science education; preferential consideration for Academy members. For information as to policy as well as submission of new items of general articles, contact: Robert E. Yager, Science Education, U of I, Iowa City. All manuscripts should be typewritten, double-spaced on one side of the paper, and submitted in duplicate. They must reach the editor three months prior to publication date if they are to be considered for a given issue.

If Cyclamate Is Banned, Should Hundreds of Other Products Be
Removed From Market? .................................................... 30

This cover photo by Richard F. Trump of Ames High School shows that the queen bee is sometimes easily located by the formation of worker bees that surround her. The workers feed and groom the queen. By determining the amount of high-protein royal jelly that she received, the workers also control to some extent her egg production. (See article by Trump beginning on page 3.)
