# THE IOWA ACADEMY OF SCIENCE

## ACTIVITIES AND PUBLICATIONS

The *IAS Bulletin* is distributed five times each year as a means of keeping the membership informed about Academy activities and the activities of individual members.

The *Iowa Science Teachers Journal* is distributed four times a year to the entire membership. Contributions dealing with science education are solicited from all Academy members.

The proceedings of the early meetings were published in 1890, and since then the *Proceedings of the Iowa Academy of Science* has been a yearly publication. At present this is a cloth-bound volume of over 600 pages. The Academy has the enthusiastic support of the State Legislature and the publication of the proceedings is done by the State. Copies are distributed free to all members in good standing, and about 300 copies go to libraries, government agencies and institutions throughout the world.

The Academy, through its Conservation Committee, attempts to maintain a systematic record of conservation happenings in Iowa from year to year to serve as a thread to bind together the trend of thought in the evolution of conservation action in the areas of soils, waters, artificial lakes, state forests, botanical, fishery and game resources, mineral resources, wildlife research, and outdoor recreation.

In order to promote interest in science among younger prospective scholars, the Academy sponsors the Iowa Junior Academy of Science. The Junior Academy is conducted by and for students on the high school level and holds its annual meeting in conjunction with the Senior Academy.

The Iowa Academy conducts the Iowa Science Talent Search in the high schools and names students to the Iowa Honor Roll on the basis of competitive examinations.

The Academy holds its annual meeting on or about the third Friday and Saturday of April at various collegiate institutions within the state on an invitation basis. In addition to concurrent section meetings, a banquet, and the annual business meeting, general sessions are included. Some sessions are devoted to specialized research reports from individual members; others are of a wider, interdisciplinary character of more general interest.

## GRANTS AND AWARDS

The affiliation of the Academy with AAAS entitles the Academy to receive funds from the Association amounting to one dollar for each Academy member who is also a AAAS member. These funds are awarded by a special committee preferentially to high school or college students or to Senior Academy members to assist with research efforts.

Each year a special committee of the Academy solicits nominations of high school teachers of biology, chemistry, mathematics, and physics for Teacher Recognition Awards, which are made at the annual meeting.

Scholarship awards are made each year to high school students in connection with the Science Talent Search. Honorary memberships in AAAS and trips to the AAAS convention are awarded annually to two outstanding high school participants in the Junior Academy program.

## MEMBERSHIP IN THE ACADEMY

Anyone interested in science may apply for membership as an associate, and anyone engaged in scientific work may be nominated as a fellow. Associates and fellows pay dues of \$5.00 per calendar year; student associates pay \$2.00.

The Academy is presently organized into twelve sections. Each member may enroll in the section of his choice and name a second one if he wishes. The affairs of each section are conducted by a section chairman, and, in some cases, by an elected executive committee. Section chairmen, elected by the section members at the annual spring meeting, arrange section programs for presentation at the following spring meeting of the entire Academy.

Applications for Membership should be sent to:

DR. ROBERT W. HANSON  
Executive Secretary  
Iowa Academy of Science  
University of Northern Iowa  
Cedar Falls, Iowa 50613

## IOWA ACADEMY OF SCIENCE/Application for Associate Membership\*

(Please print or typewrite)

Date \_\_\_\_\_

Full name (Dr., Miss, etc.) \_\_\_\_\_  
(Place in parentheses parts of name omitted in correspondence)

Address for mailings \_\_\_\_\_

(Post Office) \_\_\_\_\_ (State) \_\_\_\_\_ (Zip Code) \_\_\_\_\_ Birth year \_\_\_\_\_

Title of position \_\_\_\_\_ Student\* \_\_\_\_\_

Institution or Company \_\_\_\_\_

Professional address \_\_\_\_\_

Profession or specialty \_\_\_\_\_

Highest degree; year; institution \_\_\_\_\_

Your signature \_\_\_\_\_ Section interests \_\_\_\_\_  
(Please use key letters; see over)

Check if dues enclosed:  \$2.00  \$5.00

\* This statement must be signed on applications of student associates:

I certify that \_\_\_\_\_ is a student in my department.

Signed \_\_\_\_\_ (Prof.) \_\_\_\_\_ (Date)

## SECTION INTEREST

(Check one or two)

A—Mathematics

B—Physics

CI—Inorganic and Physical Chemistry

Co—Organic and Biological Chemistry

E—Geology

F—Zoology

G—Botany

I—Psychology

J—Conservation

O—Physiology

Qe—Science teaching, elementary

Qs—Science teaching, secondary

Qc—Science teacher training or supervision

(Section Q, the Science Teaching Section, is organized as the Iowa Science Teachers Section and is an affiliate of the Iowa State Education Association. Membership in ISEA is required only of officers of ISTS. ISTS is also affiliated with NSTA, NABT, CASMT, and AAPT.)
