TITLES OF PAPERS

Astronomy

Schiaparelli's shooting stars, translated by C. C. Wylie and James R. Naiden	47
--	----

Botany

Two notable plant hybrids from Alaska, J. P. Anderson	155
Illustrations of the fleshy fungi of Iowa. V. The pink-spored agarics, Joseph C. Gilman	159
Notes on Iowa fungi. X., G. W. Martin	165
Preliminary studies of the physiology and morphology of the germinating foliar embryos of <i>Bryophyllum calycinum</i> , James H. Craft	171
Thirty-five Iowa mosses, Henry S. Conard	181
The effect of the great drought of 1934 on the leaf structures of certain Iowa plants, F. M. Turrell and Margaret E. Turrell....	185
Additions and notes to the bryophyte flora of Linn County, Iowa, R. V. Drexler	195
The leaf organization of <i>Hedera helix</i> , R. B. Wylie.....	199
Labiatae of Iowa, Louis Nelson Bass.....	209
Germination studies of the seeds of some common weeds, John N. Martin	221
Some of the available hepatics and their location in the vicinity of Iowa State College, John N. Martin	229
Comparison of dominant prairie grasses as interplanting ground covers on eroded soil, J. M. Aikman and Robert E. McDermott....	235
A basin method of nut tree culture, J. M. Aikman and C. C. Lounsberry	241

Chemistry

The use of 2-chlorophenoxyacetyl chloride in the preparation of mixed diacyl derivatives of ortho aminophenols, Paul H. Bacher and L. Chas. Raiford	249
Some binary systems with acetamide, Ben H. Peterson	255

Geology

Microfossil studies of four southwestern Ontario peat bogs, L. R. Wilson and R. M. Webster	263
--	-----

Mathematics

A problem in air navigation, H. P. Thielman	275
The operational solution of a linear homogeneous differential system, Fred Robertson	281

Physics

Simple proof of Wüllner's vapor pressure law, Le Roy D. Weld... 291
 Solving the Schroedinger equation for a coulcomb potential with
 cut-off, Gregory Wannier 293

Psychology

The attention value of color evaluated by means of ocular pho-
 tography, Herman F. Brandt 297
 A statistical study of four mechanical ability tests, Justin Bates,
 Marjorie Wallace, and Mack T. Henderson 301
 A study in the use of a graphic rating scale, Dorothy Akerman,
 Mary Ellen Worster, and Mack T. Henderson 305

Science Teaching

Application of the group conference method of teaching to be-
 ginning classes in plant pathology, I. E. Melhus and G. C.
 Kent 311

Zoology

Myxosporidian parasites from the gills of some fishes of the
 Okoboji region, Verne J. Rice and Theodore L. Jahn 315
 Internal myxosporidian infections of some fishes of the Okoboji
 region, George R. Otto and Theodore L. Jahn 325
 An annotated list of the crambid moths known to occur in Iowa
 (Pyralidae, Lepidoptera), George C. Decker 339
 A preliminary list of the Elateridae of Iowa, Billy Owen and
 H. E. Jaques 343
 A rare variant of *Pollenia rudis*, the Iowa winter housefly, David
 T. Jones 347
 Four species new to the Iowa herpetofauna, with notes on their
 natural histories, Reeve Bailey 349
