Recommended Citation

(1935) "Index," *Proceedings of the Iowa Academy of Science*, 42(1), 213-221.

Available at: <https://scholarworks.uni.edu/pias/vol42/iss1/103>

This Back Matter is brought to you for free and open access by the IAS Journals & Newsletters at UNI ScholarWorks. It has been accepted for inclusion in Proceedings of the Iowa Academy of Science by an authorized editor of UNI ScholarWorks. For more information, please contact scholarworks@uni.edu.

Offensive Materials Statement: Materials located in UNI ScholarWorks come from a broad range of sources and time periods. Some of these materials may contain offensive stereotypes, ideas, visuals, or language.

INDEX

A

- Acer saccharinum* L., Deposit of silica in, 90
- Acetylmethylcarbinol and diacetyl in dairy products, fate of, G. L. Stahly, B. W. Hammer, M. B. Michaelian, and C. H. Werkman, 73
- Achlya racemosa* Hildb., self-parasitism in, 90
- Action of hydrogen peroxide on glycolic acid, Harry Shipley Fry, and Kenneth L. Milstead, 124
- Addition of chloroamines to ketenes, George H. Coleman and Rolf L. Peterson, 122
- Additions to the lichen flora of Emmet County, B. O. Wolden, 71
- Aerobacillus polymyxa*, 73
- Aitken, W. W., Iowa's artificial lakes, 189
- Alegria—a popping seed used in Mexico as a substitute for pop corn, 92
- Alfalfa, germination of seed of, 82; structure of libriform fibers in roots and crowns of, 82
- Alkaline mercerization of wool, Mildred Barr and Rachel Edgar, 121
- Allgaier, Earl, Visual factors in space perception, 171
- Ameba-like parasite of grasshoppers, R. L. King and A. B. Taylor, 210
- Amplifier, direct current, 151
- Apple trees, effect of sodium, nitrate and water applications on, 77
- Art appreciation, developmental processes in, 173
- Artificial lakes in Iowa, 189
- Azotobacter*, occurrence and distribution of, in soils of Iowa, 55

B

- Barr, Mildred, and Rachel Edgar, The alkaline mercerization of wool, 121
- Bartow, Edward, This changing world (address of the President), 27
- Bauguess, L. C., See Loehwing and Bauguess
- Bell, Willis J., Prognostication of college marks by tests of intelligence and of high school content, 174
- Benedict, A. A., A further study of color discrimination of color-blind subjects, 151
- Benzenesulfonic acid and some of its derivatives, Stewart E. Hazlet and L. Chas. Raiford, 120
- Betts's physiological approach to the analysis of reading disabilities as applied to the college level, Donald E. Swanson, 174
- Bibliography on the use of photoelectric cells in plant investigations, F. M. Turrell and Louis Waldbauer, 67
- Biological methods, diagnosing phosphorus needs of soils by, 85
- Blagg, Amy Elizabeth, An inquiry concerning the success of marine aquaria in Iowa schools, 207
- Bodine, J. H., and E. J. Boell, Enzymes on ontogenesis (Orthoptera) I. Tyrosinase, 210
- Boell, E. J., see Bodine and Boell
- Boyd, George A., The limitations of present computational methods of studying liquid structure, 154
- Brown, P. E., see Dean, Smith, and Brown
- Brown P., E., see Millar, Smith and Brown
- Brown, P. E., see Smith, Brown and Millar
- Brown, P. E., and R. H. Walker, The nitrogen, phosphorus, and organic carbon content of Iowa soils, 105
- Burk, Myrle M., Deposit of silica in *Acer saccharinum* L., 90
- Burk, Myrle, Self-parasitism of *Achlya racemosa* Hildb., 90

C

- Catlin W. E., see Keil, Ralston, Kelley, Catlin, Jennings, Straley and Gilman
- Chemicals and physical factors in circulation time in blood of dogs, 150

- Colorimeter, photoelectric, 63
 Chloroamines, addition of, to ketenes, 122
 Chromosome behavior in the species cross *Lycopersicon esculentum* x *L. pimpinellifolium*, L. M. Humphrey, 93
 Circulation time of the blood in dogs before and during digestion of food, E. C. McCracken, 149
 Coleman, George H., and Rolf L. Peterson, Addition of chloroamines to ketenes, 122
 Coleman, George H., and William H. Host, The reaction of potassium amide in liquid ammonia with diarylbromoethenes, 119
 Colloids, inorganic, extracted from three Iowa soils, 103
 Color discrimination of color-blind subjects, 151
 Combustion of dried biological specimens, heavy water from, 122
 Comparison of glass and quinhydrone electrodes for determining the pH of some Iowa soils, Harold L. Dean and R. H. Walker, 105
 Composition of inorganic colloids extracted from three Iowa soils, H. C. Dean, F. B. Smith and P. E. Brown, 103
 Condensation of P-dimethylaminobenzaldehyde with vanillalacetone substitution products, Margaret M. Cooper and L. Chas. Raiford, 124
 Cooper, Margaret M., and L. Chas. Raiford, Condensation of P-dimethylaminobenzaldehyde with vanillalacetone substitution products, 124
 Cornog, Jacob and Lothrop Smith, qualitative analysis without hydrogen sulfide, 106
Cuscuta glomerata, Host plants of, 45
 Cyanogen bands, unusual appearance of, 154

D

- Dean, Harold L., and R. H. Walker, A comparison of glass and quinhydrone electrodes for determining the pH of some Iowa soils, 105
 Dean, H. C., F. B. Smith and P. E. Brown, Composition of inorganic colloids extracted from three Iowa soils, 103
 Dean, H. L., Host plants of *Cuscuta glomerata*, 45
 Dairy products, fate of acetylmethylcarbinol and diacetyl in, 73
 Deposit of silica in *Acer saccharinum* L., Burk, Myrle, 90
 Diacetyl, Fate of acetylmethylcarbinol and, in dairy products, 73
 Diagnosing the phosphorus needs of soils by biological methods, F. B. Smith, P. E. Brown and H. C. Millar, 85
 Dibenzalacetones, oxidation of pyrazolines from, 121
 Dioecious plants, nutritional physiology of, 90
 Diophantine equation, 147
 Distribution and life history of the *Trillium nivale* Riddell, John N. Martin, 49

E

- Edgar, Rachel, see Barr and Edgar
 Edgar, Rachel, see Walde and Edgar
 Effect of fluorides on some organic constituents of blood and physical measurements of bone, D. A. Greenwood, C. A. Kempf, and V. E. Nelson, 113
 Effect of induced manual handicaps on motor performance of a complex nature, La Verne Johnson and A. R. Lauer, 168
 Effect of sodium nitrate and water applications to apple trees suffering from drought on some chemical constituents of the fruit, H. H. Plagge, 77
 Effects of some physical and chemical factors in the circulation time of the blood of dogs, E. C. McCracken, 150
 Ehinger, Clyde E., Memorial of, Frank C. Pellett, 20
 Eldridge, John A., Mean free paths of gas molecules in mercury vapor, 155
 Eldridge, John A., Simple lecture experiments in a course in modern physics, 156
 Electrical resistance in skin of newborn infants, 167
 Electro dermal response, measurement of, 169
 Electrodes, comparison of glass and quinhydrone, for determining the pH of some Iowa soils, 105
 Embryology and anatomy of Iowa hawks with special reference to the reproductive system, Allan J. Stanley, 208
 Emotional conflict in delinquent and non-delinquent boys, 170
 Enzymes in ontogenesis (*Orthoptera*) I. Tyrosinase, J. H. Bodine and E. J. Boell, 210

- Erwin, A. T., Alegria—a popping seed used in Mexico as a substitute for popcorn, 92
- Evans, Titus C., Some embryonic abnormalities caused by x-rays, 207
- Experimental study of the developmental processes in art appreciation, Mildred Dow Voss, 173
- F**
- Feaster, J. F., and Victor E. Nelson, Further studies on the lactation and rearing of young, 107
- Feder, Daniel D., A study of individualized instruction at the college level, 159
- Flora of Winneshiek and Allamakee Counties, W. L. Tolstead, 91
- Fluorides, Effect of, on organic constituents of blood and physical measurements of bone, 113
- Fry, Harry Shipley, and Kenneth L. Milstead, The action of hydrogen peroxide on glycolic acid, 124
- Fungi associated with tree cankers in Iowa, II, Gilman, J. C. and G. L. McNew, 92
- Further studies on lactation and rearing of young, J. F. Feaster and Victor E. Nelson, 107
- Further study of color discrimination of color-blind subjects, A. A. Benedict, 151
- G**
- Gas molecules, mean free paths of, in mercury vapor, 155
- Germination of sweet clover and alfalfa seed in relation to various conditions of temperature and moisture, John N. Martin, 82
- Gillaspy, Carrie C., Structural features of the brain of *Lepidosteus*, 199
- Gillaspy, Carrie C., the Myelencephalic gland of the *Lepidosteus* (*Osseus* and *Platostomus*) and its relationship to the semi-circular canals, 203
